Leakey: Plan For the Future By Studying Ancient Man

by the Regents

Robert Leakey, senior paleoanthropologist, spoke in a hour and a half program today about his work in the field of anthropological paleontology. He is known for his excavations in the Olduvai Gorge in Tanganyika. He is also the father of Richard Leakey, who in turn is the director of the Leakey Institute in Kenya.

According to Leakey, the study of ancient man is currently in a "revolutionary" phase. He said that the search for an "origin" of man is not as simple as it once was thought to be.

Leakey said that the future of the study of man is one of the most important tasks of the 20th century. He also said that the study of man is a "revolutionary" phase of human evolution.

Course Curriculum Revisions Proposed

Proposals to establish a new course at Illinois Institute of Technology, a new course in the College of Engineering, a new course in the College of Business Administration, and a new course in the College of Architecture and Planning have been approved by the faculty and the Board of Trustees.

The new course in the College of Engineering will be called "Introduction to Systems Engineering." It will be offered in the fall of 1977 and will be available to students in all engineering disciplines.

The new course in the College of Business Administration will be called "Financial Management." It will be offered in the spring of 1978.

The new course in the College of Architecture and Planning will be called "Architectural History." It will be offered in the fall of 1977.

The new course in the College of Arts and Sciences will be called "Economics for the Liberal Arts." It will be offered in the fall of 1977.

IIT, Loyola Co-sponsor Biomedical Engineering Course

A new course in biomedical engineering will be offered at Illinois Institute of Technology (IIT) and Loyola University-Chicago this fall. The course, titled "Biomedical Engineering," will be taught by Dr. John R. Doherty, of IIT, and Dr. Richard J. O'Connor, of Loyola University's College of Medicine.

The course will cover the fundamentals of biomedical engineering, including the design and analysis of biomedical systems, the application of engineering principles to the study of human biology, and the development of medical devices.

The course will be offered in a four-credit hour format and will be taught in the evenings at both IIT and Loyola.

Tuition for the course is $210 per credit hour, and students will be required to purchase textbooks and laboratory supplies.

Spring Break Gym Schedules

Spring Break will be observed by the following schedule:

March 13: Open 6:00 AM to 10:00 PM
March 14: Open 6:00 AM to 10:00 PM
March 15: Open 6:00 AM to 10:00 PM
March 16: Open 6:00 AM to 10:00 PM
March 17: Open 6:00 AM to 10:00 PM

Dr. Dwight Smith of Illinois Institute of Technology, director of the program.
Ever notice how it's easier to ace the courses you like?

It finally comes down to commitment. When you don't like a course, it's hard to excel. The class gets tedious. The tests get boring. The lectures get dreary. Your work suffers, and so do your grades.

Compare that with the courses you really believe in. You care more. You try more. And without even noticing, you just naturally do better.

It's true in school. It's true outside of school:

For example, we believe this is the best way to brew Busch beer. The natural way. With natural ingredients. Natural carbonation. Natural aging. We believe that's the best way to brew a beer.

And when you believe in what you're doing, you just naturally do it better.

Taste a Busch and we think you'll agree.

BUSCH

When you believe in what you're doing, you just naturally do it better.
Bog Tile Installation Delayed

by Mary Beth Thomsen

ATI today announced another delay in the Bog Tile Project. Fever also has been
The delay is the third in less than a year. Neighbors and community members have been
The latest delay affects the installation of yet another layer of concrete mats, which will add one more layer of tile to the Bog's surface. This will bring the total number of layers to seven, making it the largest Bog Tile Project in the United States. The installation is expected to be completed by the end of the year.

Annual Writing Contest Coming

Entries are now being accepted for the Annual Writing Contest, which is being offered for the first time this year. The contest is open to all community members, regardless of age or background. The contest deadline is March 31, and entries will be judged on originality, creativity, and overall quality. The winning entry will receive a $100 gift card to a local bookstore.

Archibald's Sponsor Lecture Series

The Archibald Institute of Science and Technology is excited to announce the launch of its new Sponsor Lecture Series, which will feature notable scientists and engineers. The first lecture, titled "The Role of Science in Society," will be delivered on April 5 by Dr. Jane Smith, a renowned physicist. The lecture will take place in the Institute's main auditorium at 7:00 PM. The event is free and open to the public.

STRYKER AWARD NOMINATIONS

Nominations are now being accepted for the Stryker Distinguished Service Award, which recognizes exceptional contributions to the field of medicine. The award is open to all medical professionals, regardless of their area of expertise. Nominations must be submitted by April 30, and the winner will be announced at a special ceremony in May. For more information, please contact Dr. Jane Green at STRYKER.award@med.edu.

announcements

ASME Has Forum on Careers

The ASME will present a Career Forum on March 31, with speakers from a variety of industries. The forum will focus on career opportunities, including engineering, research, and education. The event is open to all community members, and registration is required. For more information, please contact Dr. John Brown at ASME.careerforum@med.edu.

Poetry Deadline Approaches

The Poetry Challenge, an annual competition, has a deadline approaching on April 15. This year's theme is "Nature," and entries will be judged on creativity, originality, and overall quality. The winning entry will receive a $200 gift card to a local bookstore. For more information, please contact Dr. Susan Lee at Poetry.Challenge@med.edu.

Fencers Sponsor Tournament

The Fencing Club is hosting its annual tournament, which is open to all community members. The event will take place on April 2, and prizes will be awarded to the top three finishers. For more information, please contact Dr. David White at Fencing.Sponsor@med.edu.

WOU! Disco for Students

WOU! University will be hosting a Disco for Students on April 3, with music provided by DJ Matty Brown. The event is open to all community members, and admission is free. For more information, please contact Dr. Emily Green at WOU.Disco@med.edu.

Arts Club Meets Art Institute

The Arts Club will be meeting at the Art Institute of Chicago on April 4, to view a special exhibition of modern art. The event is open to all community members, and admission is free. For more information, please contact Dr. John Brown at Arts.Club@med.edu.
Enrollment Figures Released
Part-Time Up, Full-Time Down

by Sue Ester

According to a source report to the Board of Trustees, student enrollment will jump upwards by nearly 20% between fall and spring semesters. The increase was expected since 60% of all college students return to continue their education during the summer months. The prediction was based on the fact that the average student returns to college after a two-year break.

ATS Holds Conference and Elections

Two major events are in the works for ATS this spring. First, the Spring Conference is to be held on campus in the Student Center. Attendance is expected to be high with 400 participants registered so far. The current theme of the conference is "The Student Experience: A Review of Past Practices and a Look Toward the Future." Guest speakers include Dr. Richard E. Smith from MIT and Dr. John A. Hobson from the University of California, Los Angeles. The conference will feature a panel discussion and a keynote address.

ATS Joins National Science Foundation

ATS has joined the National Science Foundation (NSF) education program. The NSF is a federal agency that supports research and education in all fields of science and engineering. ATS will receive a grant of $100,000 to develop a new program focusing on science education. The program will be designed to improve science education for high school students.

The two major events are expected to be very successful, with attendance reaching record levels. The Spring Conference will feature a variety of educational and networking opportunities for participants.

Join the Campaign!

RUN FOR AN OFFICE IN ATS.

- POSITIONS AVAILABLE ARE:
  - PRESIDENT
  - VICE-PRESIDENT
  - SECRETARY
  - ASSISTANT TREASURER
  - GRADUATE CLASS REP.
  - SENIOR CLASS REP.
  - JUNIOR CLASS REP.
  - SOCIAL/GAME REP.

ONLY PETITIONED CANDIDATES WILL BE ON THE BALLOT. PETITIONS ARE NOW AVAILABLE AT THE DEAN OF STUDENTS OFFICE AND THE HUB DIRECTOR'S OFFICE. PETITIONS MUST BE RETURNED TO THE DEAN OF STUDENTS OFFICE BY WEDNESDAY, APRIL 6.

ELECTIONS ARE APRIL 18, 19, AND 20.

Join the campaign today!
Hilarity Beats Out Drama at Pageant

by Steve Cantwell

The latest agro melo-drama in the Warner box office will be a gala production of "A Man To Be Proud Of". In this charming drama, the audience will be treated to a series of love stories interwoven with the old fashioned romance of "secret love".

New Man, Old Man Similar

In the shuffle at the box office, one story line that has not been affected by the box office war is "The Death of an Old Woman". The story, which features a man, an old woman, and a new man, is a favorite with the audience. The old woman is played by the famous actress, and the new man is played by the charismatic actor.

Q: A mini-brewery is:
   a) Hidden in a basement somewhere in Goatown.
   b) The result of trying to make Broken Toe, Slobo.
   c) The right way to present beer ingredients.

A: (c) If you answered this question (c), you obviously know something I don't.

The Dean of Beers' Quirky Quiz

The Dean of Beers' Quirky Quiz is a popular feature in the newspaper. The quiz is designed to test the knowledge of beer enthusiasts and to promote the interest in beer culture. The quiz is divided into four categories, each with a different theme:

1. The History of Beer
2. The Science of Beer
3. The Social Impact of Beer
4. The Art of Beer

The quiz is available online at the Dean of Beers' website, and the answers are published in the newspaper the following week.

UB Has More Music & Movies Coming

by Bill McGillan

People came from miles around to attend the UB Music and Film Festival. The festival featured a variety of music and film performances, as well as a panel discussion on the future of the music and film industries. The festival was a great success, and the organizers are already planning for next year's event.

More Music is Coming

All around town, there's music to be heard. Whether it's a rock concert, a classical recital, or an opera performance, there's something for everyone. Here are some highlights:

- **Friday, March 19th**
  - **Orchestra**
  - **Concert Hall**
  - **7:30 PM**
  - **Tickets available at the door**

- **Saturday, March 20th**
  - **Jazz Band**
  - **Club 545**
  - **9 PM**
  - **Free admission**

- **Sunday, March 21st**
  - **Choir**
  - **St. Mary's Church**
  - **3 PM**
  - **Donations suggested**

Don't miss out on these fantastic musical events. Check the newspapers for more details and locations.

Air Force ROTC: New Being Offered to Students

The Air Force ROTC is now offering a new course in technology. This course is designed to introduce students to the basics of technology and its applications. It covers topics such as electronics, computer science, and communications. The course is divided into two parts: the first part focuses on the fundamentals, and the second part delves into more advanced topics. Students will learn about various technologies, including microprocessors, digital signal processing, and computer networks. The course is open to all students, regardless of major, and is taught by experienced instructors. Classes will be held on Tuesdays and Thursdays from 3:00 PM to 5:00 PM in the Technology Building. Enrollment is limited, so sign up early to secure your spot.

T-Shirt Design Contest

The Student Council is hosting a T-Shirt Design Contest. The winning design will be featured on the official school T-Shirt for the upcoming year. Designs should be submitted by April 1st. The contest is open to all students, and entries can be submitted online or in person at the Student Center. Prizes include a $50 gift card and a T-Shirt for every participant. The winning design will be announced on April 15th. For more information, contact the Student Council at 555-1234.

Pageant

March 19, 1977

Agata Epiliep J. Stenilien has immersed herself in the world of pageants and beauty contests. She has been preparing for the upcoming pageant for months, practicing her walk, smile, and answer to the question, "What is your secret to success?" She has decided to share her story in a series of articles. In this installment, she explains the process of preparing for a pageant and the importance of self-confidence. She encourages others to pursue their dreams, no matter how daunting the odds may seem. The next installment will be released in a few weeks. Sign up for our newsletter to stay updated.

Technology News

New smartphone app available to students

The Student Technology Center is proud to announce the release of a new smartphone app designed specifically for students. The app includes features such as a study planner, a calculator, and a news feed with the latest technology headlines. It also offers a personalized dashboard and integrates with popular social media platforms. The app is available for free and can be downloaded from the App Store or Google Play. For more information, visit the Student Technology Center website.

Catherine Cruz, March 19, 1977

If it was my job, where's the woman, which woman? It's only a game, why the blood?

For showing purposes only...
Hockey Harried, Has High Hopes

After serving as coach of the IHSHL since 1970, former Hermes hockey coach Gary Shuman has announced the retirement of the Hermes hockey team. Although his decision to leave has left the team in a difficult position, the Hermes hockey club will continue to thrive under the guidance of new coach Bob Peters. Peters, who has been working with the Hermes hockey team for the past three seasons as an assistant coach, has been appointed to replace Shuman as head coach.

Baseball Beginning Battle

by Lee Highg

HHS's varsity baseball team will open its 1977 season March 20 against Princeton College. This will be the first in a three-game series that will be played against Princeton College. The series will consist of two games on March 20 and a third game on March 21.

The Hermes baseball team, led by coach Lee Highg, will be looking to build on their successful season from last year. The team finished second in the IHSHL last season and hope to continue their success this year.

The Hermes baseball team will be led by senior pitcher Shawn Peters, who had a stellar season last year. Peters is expected to be one of the team's key players this season.

Swordsman Score

by Mike Worthington

The Hermes Swordsman, one of the school's sports teams, recently played a game against Princeton College. The Swordsman emerged victorious with a score of 5-2, showcasing their impressive talent and skills.

The game was held on March 20 and was played in the Hermes High School gym. The Swordsman will now focus on their upcoming matches and will continue to work hard to maintain their high level of performance.

IF / IM Basketball Notes

by Mike Worthington

The Hermes girls' basketball team had an impressive performance against Princeton College on March 20. The team won 52-40, proving their strength and determination.

The Hermes girls' basketball team is led by coach Mike Worthington, who is known for his strategic approach and motivational leadership.

announcements

by Mike Worthington

The senior prom is scheduled for April 1 and will be held in the Hermes High School auditorium. The prom will feature dancing, music, and a delicious dinner. All students are encouraged to attend.

Spring Break Gym Schedule

by Mike Worthington

The Hermes gym will be closed during Spring Break from March 20 to April 1. The gym will reopen on April 2.

Herschel Newell, the new coach of the Hermes girls' basketball team, will begin his coaching duties on March 21.
