Campus life is improving

The monthly campus life meeting was held last Wednesday over lunch in the faculty club. Various faculty members and student representatives were present to discuss upcoming events and the current situation of the IIT community.

Dean Vicn brought up the fact that Channel 11 will be showing a special series on alcohol and drugs this coming Wednesday, November 9th. This is expected to be an interesting and informative presentation.

Study day results

As you may recall, in the spring of 1983 the Registrar conducted a survey of the students’ preference for study days. The response was impressive: 1638 students (79%) returned the cards with 72% requesting two study days, and 14% each for one and no study days, respectively.

The Calendar Committee unanimously approved and sent to President Martin a proposal for two study days and he authorized us to proceed with the announcement. The 1983-84 Graduate Bulletin (Catalogue) does indicate in the calendar: "Study period ... December 8-9...". In addition, the fall semester will be divided between IIT and the university of Illinois.

The first weekend in December is the time of the High Tech Basketball Tournament which will include 8 schools this year. As last year, there will be free drinks, micheladas, and entertainment—all funded by outside donors.

The next item on the agenda was the college’s recent activities and stressed the importance of having as many students as possible attend their next meeting on Tuesday, November 8, 12:20, Room 205 in the HUB meeting room. They will discuss campus security, the proposed change regarding the course repeat policy, and homecoming.

John Zageh, president of Tech Matters, then gave an update on an attempt to start an intersociety council which will entice all professional and honors societies. Hopefully, this will improve communication among these groups.

Elia Kappa N was brought up their plans to sponsor a tour of the robotics department at Triton continued on page 7.

Pick-up packets

Packet pick-up for Spring '84 admission registration will be November 9th, 9:00 to 4:00 and November 11th, 9:00 to 10:00 in Room 604, Mabel Hall. To advance register, payments must be received by 3:30 Wednesday, November 11th. Faculty advisor's signature is required for full-time undergraduates, freshmen need advisor's signature as well. If more than 10 credits taken are taken, the signature of the dean of your college is required. If all financial obligations to JU have not been met, the packet will not be issued.

What is a Marathon?

We hope by now that most of you have seen this slogan around campus and know what it means. If you don't, we thought we should let you know that the MARATHON is not a race or contest of any sort. It's a dance. It's not an ordinary dance but an EXTRAORDINANCE. We have loaded seven hours of music and entertainment that we hope will tide your fancy. So, come join us at the MARATHON and try not to be left behind.

The date is November 8, 1983 in the HUB Ballroom 33rd and Federal. From 7:00 p.m. to 2:00 a.m.

Five dollars, in advance, on the door. Present your dance ticket at the BOG from 7:00 until closing on November 9th and get a free drink with any meal purchased.

For further information contact L.I.F.E. at 567-5990 (Oriostro Mateo)

All proceeds go to the L.I.F.E. Scholarship Fund.

Get in shape!

Faculty and Staff Exercise Class

The second session of class will begin November 21st and continue through February 10th. The fee is a modest $20.00. This and all sessions will be 12 weeks long. You are asked to purchase 5-pound hand weights (optional). Loose fitting clothes a must.

As you know the winter is creeping upon us, which means more eating and less exercise. I strongly suggest only serious minded individuals that are concerned about their health and body participate.

Class will meet every Monday, Wednesday and Friday at 12:00 NOON SHARP! For more information or to sign-up write or call the Athletic Office. For women use X-3296. I expect everyone that signs up to participate each and every day that class meets.

IEEE-ASME talk

On November 18th, the IEEE and ASME will present Dave Buehr as a talk on "Programmable Controllers." This free lecture on the capabilities and trends of these microprocessor based gadgets should be of great interest to students in the electronic, mechanical and computer science fields. All are invited to come Thursday, November 18, at 12:30 in 104 Stuart.

Use your computer

Students taking electronics, control systems or computer classes are asked to wonder what you can do with that knowledge in the "real" world? Mr. Lee Kelleher of the CAF is in the process of forming a group to present talks on computer applications in power production. The ASME has decided to sponsor this group. The first talk will be conducted by Don Johnson of the CAF. A talk on computer applications in power production will be given at the November 9th meeting of the ASME Power Engineering Society.

Health and Science majors

One year paid graduate level training available in the Navy's Nuclear Program. Must be a citizen of the U.S. or accepted alien. Must be a U.S. citizen and have a background in calculus and physics. Benefits: Free medical and dental care, travel, planned vacations in the U.S. and aboard. Vacation paid. Also available to Juniors and Seniors who are interested in the Nuclear Propulsion Program is a monthly stipend of $1,000 gratuation. A Naval Management Programs Office will be on campus November 15, 1983 at the placement office for interviews. If you require further information call collect (312) 724-8778.

Campus life

continued from page 2

College, the last time a student was present for a previous event. The college will take place on some Sunday, 2:45 p.m. For more information attend an Eta Kappa No Meeting.

Jared Dawson delivers information to student presidents of an upcoming event which will be held November 10th, 3:45 p.m. for the benefit of student leaders and their advisors.

The meeting was adjourned by Dean Vice shortly after 1 p.m.

Study day

continued from page 1

Labs will be open on

- The classes normally held on Thursday will meet on Tuesday, December 7, 1983 (to replace Thanksgiving Friday).
- The classes normally held on Friday will meet on Wednesday, December 7, 1983 (to replace Thanksgiving Friday).
- No classes will be held, either day or evening, on December 8, 9, 1983 (Study days).
- Finals will be held from December 12 through 17 as scheduled by the registrar for undergraduate day classes, or the normal class meeting time for all graduate, evening or Saturday classes.

This arrangement establishes as equal number of meetings for each class and provides the two study days requested by the students. The calendar is under continual review, any comments or suggestions for future revisions should be transmitted to the chairman of the committee, Dr. Harold Brotz, 202 Main Building, or 567-6887.

Study your bible

"The Bible and You Today" study-prayer group meets Tuesday, November 8th, 8:35 p.m in the Field conference room of the Hub Mezzanine. Reflections on the letter to the Ephesians continues.

Love that Sir

TO SIR WITH LOVE will be the Master Film presented on November 8th at 8:00. Friday. Don't miss this touching story about a new teacher in a London slum trying to win the respect of his students. The movie stars Sidney Poitier.

Bad news early

HKN presents "A Preview of EE 400-Level Courses". A 15 minute presentation will be given by professors who will be teaching a 400-Level EE 400-Level course which can be held in Room 301 or 306 on Tuesday, November 8th at 8:20. Everyone welcome.

HKN initiation

HKN Prospective Member Don't forget, initiation is on Friday, November 8th in the HUB Auditorium at 6:00 p.m. No meeting this Tuesday.

Future shock prize

The Placement Office announces the 1983 Honeywell Futurist Awards competition. There will be ten winners who will receive $2,000 and a Honeywell summer internship with a grant salary. All full-time undergraduate or graduate students are eligible for the competition.

Contestants will be asked to predict the most significant developments of the next ten years following categories: computers, energy, aerospace, marine systems, biomedical technology and electronic communications; as well as the societal impact of these changes. Entries will be judged according to their originality and feasibility.

To receive your entry competition Blue Book, call 1-800-222-IDEA, or write to the Honeywell Futurist Awards Competition, P.O. Box 2006, 400 South State Street, Minneapolis, Minnesota 55426. The deadline for entry request is December 1, 1983. Complete Blue Books must be postmarked no later than December 31, 1983.

Calculator winner

The society of Women Engineers drew a winner for the HP-41C calculator on Monday, October 31st. Hugh Flack, a Civil Engineer, was the winner.

The calculator was donated by Hewlett-Packard.

S.W.E. meeting

Come find out what Baxter-Traveler is all about. Wednesday, November 9th, from 12:00-1:00 in Room 118 EL. Everyone welcome! Refreshments served!

Physics colloquium

Subject: Bias Decay and Right-Left Symmetry

Speaker: Dr. David Atkinson, Groningen University—Netherlands

Time and place: Wednesday, November 9, 1983 at 4:00 pm. In Sigel Hall, room 202

Pre-colloquium social: Conference room in Siegel Hall room 202 at 3:30 pm.

Give Kappas cans

Kappa Phi Delta Sorority is sponsoring a canned Food Drive on Friday, November 11th. All food collected will be distributed by a local charity to needy families in time for the Thanksgiving holiday. There will be a box by the Dean of Student Life Office in Herrmann Hall (NE corner) to collect leaves. Also, if you bring a can of food to Kappa Phi Delta Sorority's TGIF at the Alpha Sigma Phi house, admission will be reduced. Please help Kappa Delta Phi help others by bringing a can of food from home.

Kappa Phi Delta Sorority is sponsoring its semi-annual TGIF this Friday, November 11th at the Alpha Sigma Phi Fraternity House. Admission is $1.50 or $5.00. If you bring a can of food for the Kappa Phi Delta Food Drive, the festivities begin at 5:30 and last until whenever. Be there!
Sorrow expressed
Letter to the Editor:
"The profound sorrow felt by all who were acquainted with Helene (Mrs. Thomas) Martin loses none of its shock at her death by their awareness that her illness was terminal. "Tootsie" was such a source of buoyant enthusiasm for any group or occasion that she constantly held on to a solid hope for her recovery. Her departure now leaves a void which will grieve all who were ever cheered by her. At the same time, however, we have been gifted with a beautiful example of dedicated commitment to a family cause and support for a living purpose. By her unfailing joy, courage, and loving comfort, Helene contributed an essential dimension to the advancement of IIT which will not be forgotten."

-Antelam Amadici, Chaplain/ITT

Case of the missing car
An open letter to:
Mr. Dohn H. Mehlchenbacher
Mr. Frank Higgins
Dear Sirs,
Although this letter is being written primarily because of a personal emotional uprising, I feel that its contents should be read and that the feelings of myself and many of the students of the IT community.

This past Saturday (October 9), the fraternity parking lot was the sight of a serious crime. My parents drove in from the suburbs to participate in the activity. They parked their car in the fraternity lot, often occupied, after parking it. Fortunately, all of the usual precautions were taken. A chain was broken and the car was moved, providing a clear view of the area.

However, it is not the only reason for this letter. The past month or so, crime on the campus has been at an all-time high. This is a serious concern for the safety of all students. Any action that can be taken to prevent such incidents should be considered.

Sincerely,
Michael Vitik
A Victim of IIT

Correction on the Fireside Chat article
On September 22, 1983, I gave a "Fireside Chat" on "Leadership Challenges to IIT Students." My casual remarks reduced to cold print in the Technology News of October 3, 1983, which represented them as being made "last week." The garbled statement attributed to me deserves correction, lest my colleagues think that I have taken leave of my senses.

One reference I made was to the recent lead article in the current Harvard Business Review. Professor Garvin of Harvard reported there on comparison of the seven Japanese manufacturers of room air conditioners with nine of the ten U.S. manufacturers. The worst Japanese firm had an assembly line defect and first-year warranty liability rate less than half that of the best U.S. firm. The challenge of quality manufacturing in "medium tech" products is apparent to all.

A second reference was to Petri and Waterman's popular book, In Search of Excellence: Lessons from America's Best Run Corporations. The authors both graduates of the Stanford Business School, explicitly challenge the emphasis in most American business schools on formal analytical management "skills and techniques" to the neglect of "relational" and "employee and labor force management, marketing, and non-quantifiable aspects like "beauty contests and corporate beliefs, values, and objectives. This challenge to management education deserves, but is now receiving, greater attention in both the academic and business communities."

What a horrible dream I can't remember what it was about but I think it was something to do with tuition.

Federal aid budget increased for next year

continued from page 1

billion for fiscal year 1983 to $2.8 billion this year. Under the new budget, students' maximum Pell Grant award will increase $100, from $1000 to $1100.

Supplemental Educational Opportunity Grants (SEO) and State Student Incentive Grants (SSIG) by $16 million.

Not all aid programs got more money, or even escaped cuts. College Work Study funding will decrease from $590 million to $550 million this year under the new congressional funding package.

National Direct Student Loans funds, moreover, will fall nearly $10 million, from last year's $179.5 million to $169 million.

"We're very pleased we came out with higher figures in the areas we did," explains Dallas Martin, executive director of the National Association of Student Financial Aid Administrators (NASFAA).

"The increase in the Pell Grant award to $1900 was very much needed," Martin says. "And the SEO and SSIG programs are at least restored from previous cuts they suffered." So is Saunders. "On whole it's a very good budget compared to past years.

Congress has repeatedly cut college funding during the last three years, though often not as much as President Reagan asked for in his annual federal budget proposals.

The president recommended shallower education cuts in his most recent budget proposal last February.

The new budget will cover the fiscal year that started October 1, 1983 and will end September 30, 1984.

But "it doesn't put us where we should be," Martin says. "We're just back to our 1980 levels. As costs have gone up, we still don't have any money to help. But at least we're level." Aid officials stress that they are ready to start lobbying for more.

"The nation is concerned with the present education system, especially with all the national reports pointing out some of the problems we have," Saunders observes.

"The administration itself seems to be changing philosophy from making sure everyone gets a chance to get funding to at least having the line on student aid," Saunders says.

"With an election year ahead, Reagan is trying to keep the blame for student aid cuts, and is "running for cover" by boosting some of the programs he's tried to cut out over the last few years," Saunders asserts.

"I think we've finally passed the cut-and-run philosophy," says Martin. "There's a lot of talk being done here (in financial aid programs) that many people suspected." Martin doesn't foresee "any major infusion of money into financial aid like we saw in the seventies," but rather "a slow, gradual rebuilding" of aid programs.

For now, though, the new 1984 budget, which Reagan is expected to sign soon, means "there will be significantly more aid money available next year, and that awards will be made more promptly, and notification will be made earlier," Saunders says.

"For a change, instead of having less money we have more," adds Martin. "For students it means it's worth streamlining through the aid process because there's some money in the end now."

LES IMAGES D'AFRIQUE
photographs by
EMERSON WILLIAMS

Mr. Williams will be exhibiting his works here in the Hermann Hall Gallery, 40 West 33rd Street on the campus of the Illinois Institute of Technology, from October 24 - November 17, 1983.

There will be a reception for Mr. Williams on Monday, November 7 from 5:00 to 7:00 p.m. in the Gallery Lounge. For further information call 567-6879.

Nightlife Action

The Next Blue Monday is Nov. 14th.
9:00 P. M. 61 Cover Charge.
The Band will be THE BLUES INVASERS.

In this world of nightclub cover charges and drink minimums, it is nice to find a place to go for quality entertainment, good food, and good libations.

The night club: The Bog on Hermann Hall's lower level. This nightclub/restaurant is open Sunday through Thursday 4 p.m. to midnight, Friday 5 p.m. to midnight, and Saturday noon to midnight. The stage manager is Eric Sampson and he, along with his crew will make all of your visual pleasures.

The entertainment: Two of every night, the Bog hosts the best in Chicago-area blues artists. John Nica and the Blue Nuff Band is just one example.

For the first time in the history, The Bog is going to host the QIIT Zeta Band with Neil Dunlap start this Tuesday and continuing the rest of the semester on an experimental basis. This is a special event because there is no cover charge on Tuesday so stop in and relax to the sounds of Basie, Trane, Duke, and others.

Therefore, is sponsored by the Union Board. On this night a variety of acts perform, ranging from comical hipsters, to ragga bands, to rock performers. Recently, Tim Cavanaugh, Gypsy Fair, and Just Nurt played The Bog.

So, stop in on the Bog on any night this week. I know they've got something you will like. For more information call 567-5799.

Thanksgiving Holiday Hours:

The Director's Office in Hermann Hall announces their building hours for the Thanksgiving holiday week end. The building will be closed on Thanksgiving Day and Friday, November 25, 1983. For both Saturday and Sunday the building will be open from 8:00 a.m. until midnight when the building closes. The Building and Recreation Center will be open from 8:00 a.m. until midnight when the building closes. The Bowling and Recreational Center is offering half-price bowling in celebration of the holiday. ITT students, staff and their friends are invited to call the Recreational Center and make lane reservations. Their number is 567-3079.

Piano Practice Room:

Some time ago the HUB piano practice room was closed because there was a need of space for an office during the building renovation. The HUB Director's Office announces that the practice room is now again available for use. The room is located in the lower level of the HUB opposite the student lockers. The room key may be obtained from the Director's Office by presenting a valid ID card.

Chess Tournament

This week the Rec Center is holding a chess tournament on Tuesday and Thursday from 12:15 - 2:00 p.m. Each contestant will play 4 rounds against some of the best players at IIT. The entry fee is $1.00 and prizes will be awarded for the top three finishers.

Pot of Gold Bowling

On Friday, Nov. 18th at 7:00 p.m., the Rec Center is holding its 1st Pot of Gold bowling party. The red, blue, and yellow pins will be in each lane and cash prizes will be awarded for striking these pins. The top prize will be $100.00. All lanes will be reserved for the top two players who finish in the top two places.

A Clockwork Orange

'Clockwork Orange' is one of the best movies I have ever seen in my lifetime. —Rob Reed, N.Y., Sunday News

It will be appearing in the McCormick Auditorium located in Hermann Hall and will be shown on Thursday Nov. 10 at 5:15 p.m. and Saturday Nov. 12 at 7 p.m. and 9:00 p.m.

The cost to you is a mere $2.00

There will be no movie shown NEXT WEEK

Heart disease and stroke will cause half of all deaths this year.

The shape of soccer

continued from page 8

The kicker leading scorer and offensive MVP was Sig Hunniswi with 5 goals. Gallagher was given the defensive MVP award. Bob Kups won most improved player and Manuela Gist got Rookie of the Year.

The outlook for next year is great if some vital or 2 or 3 recruits enroll here next year.

This year’s team was in the best shape in a long time and if they won’t for a few injuries at key parts of the season, the Hawks may have been better off.

The team this year was comprised of seniors Bill Gallagher (Captain, goalie), Sig Hunniswi (Sticker), James Mcnear, John Valgese, Juan Zuniga, Greg Ganata, Frank Kuske, Ismael Jabahi, Sophomores Jan McNulty (Captain), Manuela Gist, Mickey Scherer, Johnny Arpaio, Johnny Buono, Arthur Pizzi, Isaac Orewoplo, Arshad Siddiqui, Freshmen Mike Grabinski, Steve Aracena, Timidase.

Upcoming basketball

continued from page 6

Zeldensfurth with 3 each, Mary Keough and Majeau Dammann with 4 each were the leader in scoring and made no receiving errors.

Jennifer Gisk has emerged as the top setter for the Hawks, and her excellent setting gave the ITP spikes on many good shots all day. Bennis and Gist were named to the all-tournament team, and Gisk was named Most Valuable Player of the tournament.

Tuesday, November 1 the Hawks defeated National College of Education in their final regular season match. The score was 15-3, 16-4, 15-0, with ITP in control all the way. The match was well attended with over 75 fans, including many parents and relatives of the players.

The Hawks finished the season at 15-0, 11-0, 7-0, and 44-0, with 41 points. They won 3 of 4 invitations in which they competed. The individual all-tournament awards were awarded to Kelly Cada, Joan Bens, Lorine Badlowski and Tommy Gist, and Ruth Zeldensfurth made the all- conference team. Lorna O’Connell, although completing much of the time with an injured shoulder, was successful on 100% of her serves and led the conference in this statistic. Joan Bens and Kim Murphy were the leaders in the conference in spiking kill percentage. Kathy Gallagher, Marie Dammann, and Ruth Zeldensfurth had the greatest number of successful blocks of the season. Anne Arakawa had the best serve receiving percentages in conference matches. The Most Valuable Player for 1983 is Marie Dammann, the Most Improved Player is Susan Topolski, and the Rookie of the Year is Jennifer Gisk.

The IIT Women’s Volleyball Team: Team Representatives: St. Catherine’s, Ontario, Canada on the weekend of November 11, 12, 13, 14, 15. IIT Athletic Director Dennis Hall.

On Saturday, November 11, the Hawks will play a volleyball match against Brock, followed by a reception hosted by the president of Brock University, a liberal arts college with an enrollment of 3500. Brock is 3 hours from Chicago. For information contact the IIT Athletic Director Dennis Hall.

On Sunday, the Hawks will play volleyball against other Canadian teams before returning home.
Basketball season preview looks good

The 1983-84 edition of the Scarlet Hawks Basketball Team will put much of their future in the hands of their tri-captains: John Piasinski (Senior), E. Leyden H.S. Computer Science), Brian Bonnett (Senior), St. Rita H.S., Finance) and Frank Ricciardi (Senior, 6'5’’ Weber H.S., Management).

Statistically, Ricciardi leads everyone. He needs only 54 points to join the elite “800 Point Club” and only 46 rebounds to be the first sager to be induced into the “100 Rebound Club.” Ricciardi was ranked 9th in the nation in rebouding his Sophomore year and 7th during his Senior year according to NCAA Division II statistics. Frank was on the All-Tourney Team in all three Tournaments that the Hawks participated in last year.

John Piasinski spot started his Sophomore year and was Ricciardi’s forward partner all of last year. No one works harder than “Jas,” according to Coach Bob Tupper. Piasinski is not only a gifted athlete, he plays smart.

Soccer season ends a winner

The IIT Soccer team finished their season on October 26th against Trinity College with a 2-2 overtime tie.

The game was opened up with Trinity scoring first, but a goal by Sig Huntas tied the game at half. Trinity scored again to open a 2-1 lead in the second half, but IIT fought back again to tie it 2-2 by world class goal by Rowell Rusin.

The overtime provided some exciting play with the kickers hitting everything but net.

The season ended with a record of 4-4-2 and Coach Rich Fay pointed out, a break here or there and it could have been 4-3.

This game marked the end of college careers for Seniors Bill Gallagher, Sig Huntas and Jamshed Asrar.

V-ball wins 3rd straight

The IIT Women’s Volleyball team won third place in the Blockowski tournament last weekend, taking first place in the Lady Regent Invitational in Rockford, Illinois.

The day began with a shaky note for the Hawks, as they played quite weakly throughout the preliminary rounds. IIT sprang to life in the finals, defeating Knox College in the semi-finals 15-13, 15-10, and Judson College 18-16, 15-13.

Jean Benes was the leader in spiking kills in the Knox match with 13, followed by Ruth Zeldens with 8 and Kelly Cada with 4. Cada also played both games without making any receiving errors.

In the finals, Benes was once again the spiking leader with 10 kills, followed by Cada and

continued on page 7

Sooner Or Later You’ll Get Responsibility Like This. In The Navy It’s Sooner.

You’re maneuvering 445 feet of guided missile frigate through the navigational hazards and non-stop traffic of one of the world’s busiest ports.

But you’ll dock safely, because you know your equipment. You know your men. And even when the responsibility weighs in at 3,600 tons... you’re ready.

After four years of college, you’re ready for more responsibility than most civilian jobs offer. Navy officers get the kind of job and responsibility they want, and they get it sooner.

Navy officers are part of the management team after 16 weeks. Instead of boot camp, officer candidates receive four months of leadership training. It’s professional schooling designed to sharpen their technical and management skills.

Then, in their first assignment, Navy officers get manage-
