Triathlon Qualifying

The qualifying deadline for the PST contest has been extended to April 8. Every full-time IIT undergraduate may participate in the Triathlon Contest by picking up an entry blank in Academic Affairs. If you are not sure whether your entry is done on time, you can call 267-5000 or look it up in the Academic Affairs office. The closing date for PST entries is April 8, 1987.

Tennis - Beat Joe Bandemer at the HUB or one of the ACC staff in room 505, Stuart. Swimming - Beat one of the Athletic Department Staff in a 50 yard swim. Weightlifting - Beat Jim Viccey's time of 1/2 hour to do a 5 minute spread sheet.

What is an electronic spreadsheet? If you set up a solution for the following problem on a columnar pad, you can probably qualify for PST during the hour you use it. First Choice's spreadsheet will do the calculator work and your manual calculation will be checked for correctness. Try the problem and then call to schedule your hour class.

Sheets that can be learned in an hour. Anyone can learn to use the First Choice spreadsheet enough to qualify for PST in an hour. To schedule a one hour class call 267-5000 or sign up in the Academic Affairs office. In the classroom on the first floor in Stuart.

Dean Viccey calmly sat in front of a PC and completed one of the spreadsheet problems in the amazing time of 5 hours. Dean Viccey then said, "Let the students, try and beat this." (End Note: Oh brother, this was a 5 minute spreadsheet.)

Problem 1: Five students go on strike for higher wages. Management百花 under pressure and gives each student an increase of 1.119% at the beginning of the next 12 months. Their current salaries per month are $55, $62, $46, $119, and $126 respectively. Create a spreadsheet showing each student's salary per month and the average salary paid each month.

There are several reasons why you should enter the triathlon:
1) EXPERIENCE: Learn the spreadsheet and qualify for a part-time job as a Project HAWK undergraduate teaching assistant next fall. Even if you don't win this contest, you could save your life or someone else.
2) PRIZES: Personal computers, tickets, beer, software and gift certificates are accumulating.

The qualifying deadline for the PST contest has been extended to April 8. Every full-time IIT undergraduate may participate in the Triathlon Contest by picking up an entry blank in Academic Affairs. Writing contest only for undergrads

by Marsha Lopez

The good news is that the Humanities Department is sponsoring a writing contest. The bad news is that most of the IIT community is ineligible. That's right. If you're an administrative employee, a security guard, a graduate student or anything but an undergraduate, don't bother applying. There's no category for you.

Geist Talks on Lewis College

by George Jawny

Dean Glen G. Geist, who recently took over as dean of the Lewis College, plans to work toward improving the college. He supports the notion of the Lewis College being a viable entity in the IIT community. Geist provides a large component of the overall university program, he says, because it is the only residence campus that plans to build in that direction and initiate appropriate research activities.

Geist plans to reduce the activities of the Board of Overseers, which consists of 15 trustees, alumni, and friends of the college. He will maintain the high quality of faculty and seek additional high quality faculty.

Geist intends to generate more funding for Lewis College and reallocate resources within the college and the units that are contributing to the overall productivity. He feels Lewis College is more than adequately represented at IIT West and will expand further out there as the demand grows.

In response to questions about the freshman attrition rate, Geist pointed out the new Task Force for the Freshman Year which is addressing the problem. Another approach to the problem of attrition is taken by Project HAWK, a change in the freshman computer course. There will be two hours into the computer course and a one hour lab given to PC software. The lab will be run by faculty from the students' respective departments with examples relevant to that department.

There will be new orientation and training for everyone involved. Both projects have been unanimously passed by the Curriculum Committee.

MATH PUZZLE
The math puzzle appears in Technology News on a weekly basis. All students of IT ARE eligible to participate. The first three students who submit the correct solution each week will receive a prize. The student who submits the largest number of correct solutions, during the semester, not necessarily the first every week, will receive a grand prize and a diploma.
This weekly math puzzle is sponsored by the IIT Mathematics Society under the supervision of the Mathematics Department.
Solutions should be submitted to the secretary of the Mathematics Department no later than Friday.
** This week's prizes are three gift certificates donated by the IIT Bookstore.
$25 for the first winner
$15 for the second winner
$10 for the third winner

The solution to last week's puzzle is: 2,499 zeros
The winners of last week's puzzle were:
1st prize: Wanli Qiu
2nd prize: Umasw. K. Jayasingha
3rd prize: Mark Pundurs
This week's puzzle is the following:
Find all x such that
\[ (p + 1q)^3 \times (1 - \frac{1}{x-1}) ] \text{ where } i = \sqrt{-1}
\]
Find also the values of p and q.

ATSSpring Elections

It's getting closer to April...do you know what that means?? It means that it is time for you to receive your voting card! So you will be the student government leaders for the 1987-88 school term. Nomination periods for the positions of president, vice-president, secretary, and assistant secretary will take place at the regular student government meeting on April 7 at 10:00 a.m. in the HUB. Campaigns will run for two weeks and elections will be held on Wednesday, April 22 and Thursday, April 23.

There are already quite a few students who have expressed interest in running for an office. Are you one of them? Student government offers many opportunities for leadership experience! If you are interested in finding out more about the election, stop by the office of Herman Hall, or call x3074 and speak to one of our current officers. As long as you are a junior or senior student, you are eligible for office.

It is important for you to take part in the election process even if you do not vote on April 22 or 23. Regardless of how you participate—as a voter, as a member of the election commission or committee, or as a candidate for office—you will have a direct and lasting effect on the next year at IIT.

If you have any questions about the election or the campaign, call Rich Dornblies at x3074 and remember—nomination are April 7.

Theatre Company

Chicago—March 13, 1987—Shakespeare is coming to Chicago in a new National Shakespeare Company Off Broadway production of Romeo and Juliet, beginning April 3, 8:00 p.m., at Illinois Institute of Technology's (IIT) Herman Hall Auditorium, 40 West 33rd Street.

Christopher Todd will star as Romeo, and Carol Dearman as Juliet. Tod's previous credits include "Rites of North American Homosexuals in Captivity," and Josh and Rosenthal's "The Simpsons," on which he originated. Dearman has been part three years with the American Repertory Theatre in New York City with whom she played Juliet twice.

This year's cast includes a few actors who have toured with the company and a few non-traditional roles. We are very pleased to announce that the company, making its 24th tour of the U.S., last performed at IIT in 1983.

"We want to take Shakespeare to people who might not otherwise see classical theater," explained Bill Weir, tour producer and company manager.

The company travels 35,000 miles, visits 110 cities, and performs for more than 100,000 people each year.

PERSONALS

To MZA: Study hard. Remember this is also an academic organization. Love, a co-founder.

Lady, why did you want to save the whales? Moby.

Necie, Toulia, Char, Nancy, Tammy, Crystal: Just 10 more weeks for the party of our lifetime. Nassau, look out here we come. Siggly/Wino.

Another little known fact: If you are short on extra money, try the second floor of Stuart behind the Coke machines.

Admiral, Go back to Texas! I've had it with your fake southern accent. Guess who?

Madman, "You've got to fight for your right to party!" So forget about the Bahamas.

Da Slick, how many beers can you chug in a day? (before you pass out), P.R.

"Hot Women" Roger plus extra body equals studhub.

Hacker, Hackay, Hacky... The Knight Rider.

CHICKEN GUMBO and TEDDY BEAR: I long for your company. E-1244 3rd 8:30 or leave message here... Charlie Brown.

Who was that old lady who put all her stuff on the table in the lounge? Don't touch the cards, they have stuff on them. Dragon.

To my profs, and SyS Patty, I do not write dirty things on my account, so leave me alone. Dragon.

I would like to give a special congratulations to the young ladies who participated in the dance for the King Celebration sponsored by NSBE. Girls, you were fantastic.

Scooky, you are one of a kind. You did the right thing and you always will. I may demand too much of you, but you always produce! P.S. NEVER feel like you're not loved (smile).

Let's go, Ron, Lana.

How about a date, Carol? Jose.

I am proud to call "the Chapper" a buddy of mine, not an amigo though, they're too tough for us. Jerry L.

When I look in the mirror, I see you, Perry, Dave W., (next name). I need more weapons, Mike S.

A woman should be seen and not heard. Speak only when spoken to. Fred & Malcolm.

When you were a wee wee tot and momma put you on the wee wee pot, did you wee wee or not? Solution next week. Seymour.

To Scope and Dip: It's in the heart. The other co-founder.

Air Joseph, Better luck next year, Z.

To Sean Washak: If you've ever listened to WOUI, you would know that WOUI always plays requests if the DJ has the record.

To Tech News: You must learn how to spell "finally" (only 1 'N'). I can't believe someone actually got upset enough over a typo to write in. Contrary to the editors' opinions, we are human. The Typeposter.

New constitution

Due to technical difficulties (the typesetter Prague error) we are unable to reproduce the new constitution of IIT's student government in this week's issue. We will run the new constitution in its entirety in the next (April 2) issue of the paper. We realize the importance of the document and the fact that its omission from this issue places a large burden on the student government, but that is the best that we can do. It behooves the student body to examine the new constitution carefully since it contains many important changes that will restructure the current form of the student government.

CSEP project papers

Six papers produced by a CSEP project appear in the Winter, 1987 issue of Science, Technology, and Human Values, a journal published by John Wiley & Sons and co-sponsored by Harvard and MIT. The papers are drawn from a National Science Foundation funded research conference on "Ethical Implications of Trade Secrecy, Patents and Related Property Controls for Science and Technology." The papers constitute a special section, "Private Appropriation of Public Research," and they include an introductory essay by Vivian Weil, Acting Director of CSEP. Weil and Jack Snapper, Associate Dean of Lewis College, were Co-Principal Investigators for the project.

WHEN IS THE RIGHT TIME TO CALL YOUR PARENTS?

a) When you’re stuck in your room because someone “pennted” your door.

b) When you spent all your money playing video games and you still have to buy books for Developmental Psych.

c) When you just miss hearing their voices and telling them what you’ve been doing.

One thing about parents: they love to hear what you’ve been up to. But you should call them anyway.

And when they ask where you are last night, tell them that you always call using AT&T Long Distance Service because of AT&T’s high quality service and exceptional value.

When they ask how your studies are going, remind them that AT&T gives you immediate credit if you dial a wrong number.

And when they ask about your plans for the weekend, note that you can count on AT&T for clear long distance connections.

And when, at last, they praise you for using AT&T—then—and only then—you might want to mention those Psych books.

AT&T
The right choice.

Alien/Aliens

A great double feature. Alien is a stunning visual nightmare where terror lurks at every turn. This movie is intelligent, stylish, and almost unbearably scary. Alien is science fiction at its best. Followed closely by Aliens which picks up right where Alien leaves. I can't tell you about this film since it would give away what happens in the first one.

game 10-4. Doubles by Chris Konecki and Malczewski accounted for the other Hawk runs.

Tuesday the Hawks played Earlham of Indiana. A four run second inning, highlighted by Jim Schoell's two run homer, was the only runs scored by the Hawks.

The Intramural softball league will begin on Tuesday, March 31 when at 12:00 on field 1 the Slaughtered Rulers will take on the Psych-Outs and then at 1:00 the Fugitives will play the Legion of Doom. On Thursday, April 2, the Cabbage Patch Kids will be playing against the SFTCs at 12:00 on field 1.

I.M. basketball title

On March 10, the Intramural Basketball crown was claimed by the ROTC Seashawks in a tough battle with the AICHE team. The Seashawks used full court pressure and a fast break to ring up a 70-35 victory.

Intramural superstar Nate Wheeler led all scorers with 16 points even though he spent over half of the game on the bench watching the 2nd team squad. The Hawks are the victors.

The Hawks return home on March 10 to face Lewis as come out and support your 1987 Scarlet Hawks.

Messer Takes National Title, Swimmers Victorious

If you had visited IIT's Ecco pool this last week, and had looked at the "great red tailed hawk" on the South wall, you would have been sure to see it with a great big grin on its beak. In fact swimming coach Dennis Machale stated that it actually winked at him more than once this last week.

The reason for these moves by IIT's mascot is the winning of the first individual title ever for an IIT swimmer in anational championship. Junior Mike Mesler won the swimming and diving championship this last week at Schroeder Memorial pool in Brown Deer, Wisconsin. Mike won his preliminary heat in the morning with a 53.06 clocking to lead a second, but in the championship heat that evening, Mesler performed brilliantly by getting off to an unbelievable 10th to lead by a 10th of a second for the first 75 yards, then with probably the best turn of his career, Mike got a 1/2 second lead over his nearest rival. He then lost most of that 1/2 second in the last 25 yards, but still managed to hold on by a mere 10th of a second over the 2nd place swimmer.

IIT baseball season openers

The IIT baseball team returned from Florida with a deceiving 3-5 record. Three one-run losses put a damper on some excellent baseball played by the Hawks.

On Sunday, March 15, the Hawks battled Flagler College of Florida. In the first game, Chris Lindley took a three hit shutout and a 1-0 lead into the last inning, but an infield single with two outs led to two runs and a 2-1 loss. In the second game, Domenick Ficarella took a hit 2-0 lead into the sixth inning, but a two out error produced two runs and led to a 3-2 loss. In the two games, IIT out hit Flagler 16-12, but fell short on a couple of key scoring opportunities.

On Monday, IIT played Geneva of Pennsylvania and Wooster of Ohio at Wolfson Park, home of the AA-Montreal Expo. In the Geneva game, Greg Pastorek's inside the park homer, two doubles by Chris Malczewski and continued hot hitting by Jim Schoell led to a come from behind 5-4 victory national ranking, this year being 13th, and since four of the six IIT swimmers who qualified, for the nationals will be back next season, it looks like IIT's future in the nationals looks bright, which also means we'll see many more grins on the "great red tailed hawk."
