Minor wins nat’l award

Ms. Deborah A. Minor, who was recently named associate director for the Office of Minority Programs, is the recipient of the 1988 E. Edgar Eames Award for outstanding work increasing the participation of minority students in engineering education and research studies. The award was presented by the National Association of Engineering Education Program Administrators, an organization whose goal is to encourage members of minority groups to enroll in a university engineering program. Minor was cited for her history of commitment to the association’s goals and for her leadership role in its training program.

Ms. Minor became the Associate Director for the Office of Minority Programs in January of this year. Ms. Minor will recruit and select participants for the university’s pre-collegiate outreach program (Early ID), provide career counseling for minority students enrolled at IIT, and serve as the principal University liaison for the National Association of Engineering Education Program Administrators. She is a founding member and National Secretary. Ms. Minor was also active with the New York University Graduate School of Architecture.

Other professional affiliations include American Society for Engineering Education (ASEE), the Association for Supervision and Curriculum Development (ASCD), the Coalition to Keep the Schools Open, the Chicago Forum, and the National Association of Professional Educators.

The University of Chicago, the Illinois Institute of Technology (IIT) announces the revival of the Laszlo Moholy-Nagy auction as a part of its 50th anniversary celebration. Proceeds from the auction, which will be spread over four days and will have items of classic and contemporary design in all its forms, including work from world-famous designers, will go establish a scholarship fund for design students.

A silent auction will be held at three galleries at 356 West Huron—the Klein Gallery, the Perimeter Gallery, and the Zolla-Lieberman Gallery—during three days, Thursday—Saturday, May 18-21, admission to the galleries is free, but bids on items at $10 donation is requested. The donation also covers the costs of the catalogue and party at the auction’s close on Saturday. For students, a $5 donation is requested.

On Wednesday, June 1, a benefit dinner and live auction will be held in S.R. Crown Hall on IIT's campus at 3360 S. State, with Christopher Burg, president of Christie's Auction House in New York, serving as auctioneer. Per person admission is $125.

The Arts Club of Chicago, 110 East Ontario, will host a press party Wednesday, April 20, to kick-off these fundraising events.

IIT’s Institute of Design (ID) traces its origins in Chicago to the Bauhaus in pre-war Germany. He instituted the practice of using auction proceeds to fund scholarships for deserving design students. 33rd Street is design in all its forms—furniture, classic and contemporary products, appliances and electronics, books and drawings, and photographs—will be represented at the auction. Works by world-famous designers and ID alumni Massimo Vignelli, Ivan Chernyahoff, Mort Goodstein, and Art Paul will be up for auction.

For additional information, please contact LaDonna Whiteman at the Institute of Design, 312/567-5988.

**Fire causes evacuation**

At approximately 10:30 last Tuesday morning, students attending lectures in E1 were distracted by the smell of smoke. Soon afterwards, the sound of a fire alarm pulled them from their classrooms into the open air. At 10:45, students exiting Stuart Building were alarmed at the sight of a Chicago fire truck and scores of firemen with axes and fire extinguishers in hand, rushing to the wrong scene. Apparently, the Chicago Fire Department was given the incorrect address when the fire was reported. The campus police, hearing the report on the scanner, called in to give the correct address, but the firemen were already destined for Stuart.

The fire was simply a burning machine room engine. The fact that it was connected to the E-1 ventilation system made the situation seem much worse than it was. By 11:00 the students, faculty and staff who had been evacuated from E1 were permitted to resume their classes in the building.

**Step on a Crack at DePaul University**

The Theatre School Playworks, DePaul University, presented "A Crack in the System" by Susan L. Zeder, April 12, 23, 29, and May 25, 1988. Performances are held at First Chicago Center in the First National Bank of Chicago at Dearborn and Madison Streets, conveniently located next to public transportation and parking.

**Step on a Crack** is directed by Davis L. Allocelli.

Scenic design is by Keven L. Morrissey, costume design is by Nan Zabell, and lighting design is by Carl K. Kunkel.

Elinor is a funny, crazy, wildly imaginative child who arms herself with a full-blown fantasy life to fight her way through real life problems. Elinor is adjusting to life with her twin and new stepmother.

Susan L. Zeder is considered one of the most influential playwrights for today's young audiences. She was awarded the Distinguished Play Award three times by the American Alliance of Theater Education and is a recipient of the Chicago Public Library. Zeder is known for creating children protagonists with depth and dimension. Her work confronts contemporary issues and issues.

**Student thieves caught**

A campus policeman spotted the thieves sneaking out of Stuart Building and watched them carry the machine to their car. The students were apprehended at 33rd Street and the computer was returned.
"No matter how bad they are, Grandma loves to hear the latest jokes."

You miss her sparkling sense of humor. She misses you and your jokes. Even the bad ones. That's one good reason to call long distance. AT&T Long Distance Service earns their good reason. Because it costs less than you think. So the next time your grandmother starts to giggle before the punch line, you can tell her you're calling her with AT&T. Touch out and touch someone®.

The event is being sponsored by IIT Alumni Parents Association, Union Board and WOUI-FM
Announcements

AICHE

There will be an AICHE meeting April 8th at noon in 132 E. The speaker will be Francis Lonergan from Proctor and Gamble. All chemical engineering students are encouraged to attend. Refreshments will be served.

TechMate

This week's event is the Techmate Sports Competition. The event will take place in Morton Park on Thursday, April 7, 1988, from 12-2pm. We would like to know who will be participating, so please sign up in the Student Life Office or see one of the coordinators. You may sign up in teams of 4 or individually. We may play a game of soccer if George P. feels up to it.

The Techmate program will be conducting interviews for coordinators and fireworks in the next 3 weeks. If you are interested, please leave your name and number in Box 1 Student Life Office.

Wanted

Photographers, writers, reporters, salespersons and all-around helpers are needed for the 1988 yearbook, now in production. No experience necessary. Members of the class of 1988 will be given priority. Sign up in Morton Park today noon or leave a message with the office answering machine at 567-3561.

Party

Announcing the longest funniest, wackiest party on campus. Coming to the HUB near you, the return of the Party Animal in The Hermann All Night Long on Friday, April 8, 1988, featuring the Blues and Soul Brothers, Assassins Guitars, Gitar Hero Mystery Contest, Video Dance Marathon and lots, lots more. Be a part of the excitement, have more fun!!

Triathlon

Thursday, April 14th, from noon to 2pm the HUB Ballroom will be jumping with red and grey t-shirts on airplane flyers, spreadsheet writers and ping-pong players.

With April 4th as the last day to register, now is the time to sign up at Academic Computing. Paper Airplane instructions are available (and samples at Professor O'Connor's office in the NE corner of the C.S. department office on the 2nd Floor of the Student Building. John Goreles in the ACC office (907 Stuart) will teach you the First Chicka's electronics spreadsheet and loan you a copy to practice with.

Joe Bandener's ping-pong tables in the SW corner of the HUB open for practice whenever the HUB's open. You can rent paddles from the Rec Center in the HUB basement.

Don't forget to try to win all of the prizes. The prize collection has been enriched by contributions of tuition for a course next fall at Vandercook School of Music.

The tans can't last. The credits will.
The Academics sub-committee had gathered the course evaluations from Armour and Stuart. These departments run their surveys independently and that is why the information is inconsistent. Armour and Stuart are the only two departments to have their evaluations published so far. This does not mean the other departments are not participating. They are but the information has to be rearranged for publication. This may not be possible until next semester.

The program is currently being extended across campus. The goal is to be able to provide the information as an aid to students in future course planning and be able to give feedback to the teachers and departments, as well as the rest of the university.

The score is the instructor's evaluation based on a scale from 1 to 5, (1) poor (2) fair (3) good (4) very good (5) excellent.

The score is based on the question: considering everything, how would you rate this professor?

Baseball team wins two out of three

The baseball team won two of three games this week to run their record to 7-3. But weather forced the cancellation of two games that will be made up later in the season.

Saturday the Hawks took two against Wheaton College at Wheaton. In the first game the Hawks out hit Wheaton 11-4 to win the game 5-1. Jack Ceci, Jim Hahn and Ken Bram each collected two hits, while Paul Hahn drove in two runs.

In the second game the Hawks out hit Wheaton 9-3 as they won the game 4-2. Mike Hahn and Ken Bram each had two hits, and Pastorek drove in two runs with a two run double that gave the Hawks the lead for good. The Hawks infield of Jim Schmitz, Mike Pastorek, Chris Chiero and Chris Malczewski turned in three double plays to back two hit pitching by Domenic Picarella.

On Thursday the Hawks dropped a game to North-eastern University 9-2. The Hawks managed only three hits and fell behind 4-0 in the first inning on three consecutive double plays that had the outs on the foul lines in the left and right field. Ken Bram collected two of the Hawk hits, while Howley collected the other.

Nykaza dropped his first contest of the season. He now stands at 3-1. This week the Hawks play at Aurora Monday, at home against Olivet Nazarene Tuesday, at Northeastern Thursday, and travel downstate to play two with McKendree Saturday.

ECE ADVISING

ECE students are strongly urged to see their academic advisor during the first week of pre-registration for the Fall Semester 1988, that is, from April 18 to April 22, 1988. Advisor-advisee lists and sign-up sheets will be posted outside the ECE Department office (136S) on April 15.

Many ECE advisors will have block advising on Tuesday, April 19, from 12-2 p.m. and on Thursday, April 21, from 12-2 p.m. in their individual offices - No appointments necessary - First come, first served.

Alternately, students may sign up for an appointment with their advisor.

NOTE: You can be advised BEFORE you receive your registration packet. Advising consists of planning your Fall 1988 courses. Your registration form can be stamped at a later date.

The ECE Department advisors will strictly adhere to the prerequisites needed to register for a course and will only approve a course plan accepting the prerequisites listed in the IIT Bulletin.

Seniors and Grad Students: MAKE CREDIT HISTORY

Get a new GM vehicle and $400 and defer your first payment for 90 days*

Congratulations, graduates! At GMAC we believe you deserve credit for all that hard work. That's why we developed the GMAC College Graduate Finance Program. It helps get you into the Chevrolet, Pontiac, Oldsmobile, Buick, Cadillac, and GMC Truck of your choice. It gets you going on a credit history. And it gets you $400 plus a 90-day deferment start of payments. Finance charges accrue from the date of purchase.

GMAC is proud to support America's college graduates, and we're proud to be an Equal Credit Opportunity Company. See your participating General Motors Dealer for more information. And start picking out the car, van or light truck of your choice. Or well be happy to send you a brochure that gives you all the details of the GMAC College Graduate Finance Program. Just give us a call at 1-800-2-DREAM-4.

*This deferral of payment option is not available in connection with other GAC credit programs. See GMAC Dealer or call toll-free. Subject to credit approval. See your participating General Motors Dealer for details.
