President Feldberg Resigns

by John Abbott

Rumors spread quick around this campus, but never quicker than when it was learned that Meyer Feldberg was resigning as the president of IT. After turning in his resignation to the board of trustees on Tuesday, the grapevine of faculty, staff, and students had passed the message along to everyone else late Wednesday, so that by the time that Thursday had rolled around, the story was beginning to get weird.

Anticipating such a crisis, President Feldberg called an Emergency Faculty-Ledertship meeting for breakfast Friday morning in an attempt to quell the developing rumors. At the beginning of the conference he went to make the students understand why he was doing what he was doing: leaving IT for his alma mater Columbia University on the East coast.

"You're always going to feel like...for the school that you've grown up in, the school that's going to launch you a career, and the school that you're going to look back on, as having made your closest friends," he said. "And that's essentially my relationship with Columbia. I can't really talk about the school, but I truly care about it very much.

Feldberg is going to Columbia, seemingly reluctantly that he could not stay and finish his work here while having the pleasure of returning to his alma mater where he will be the Dean of the Business School. Referring to Columbia in general, he said: "There's a very close relationship that I have with this institution."

Feldberg was confident about the job that he has done while at IT, and believes that the University should make the transition to a new President without major problems. "I think I'm leaving behind a very strong team of senior administrators that have come in the past two years," (I think) the institution is in very good strong hands. I don't feel nervous or insecure about what is going to happen in the next six months. I truly believe that everyone is going to just pick up the ball. The University is in very, very good financial condition.

After making his speech, Meyer expressed sincere interest in getting the feedback from the students. He assured that he would take any feedback from the students seriously, as well as any feedback from IT's future, and if he could answer any questions.

International Day Feast

by John Abbott

I've never been to the streets of Bangkok, but from what I've heard about the place and the people, I think it would be very exciting. Herrmann Hall smells close to odor from more than 10 cultures interplaying on his nose and disturbing to let me put that way; I could smell it from outside of the HUB.

A place of cultural display of both cultures and hunger met at a place to be the capping in a week of international activity of Brazil, Iran, Japan, Scotland, Germany, Indonesia, Vietnam, Poland, and on and on. The names and nationalities hung above their respective displays.

"Would you like to try some?" I was asked time and time again.

"Try some! Try some what??" was clearly not the place for a person as fine as myself, I think they asked me.

The booth from Malaysia was selling a food called Rendang. "What's in it?" I asked. "Meat and Coconut Milk. Would you like to try some?" "Oh, No. Thank-you. I just ate."

I walked on to find a friend of mine, Ashif, with a plate full of culture. When asked what I was eating, at first he said that he didn't know what they had, and then threw chunks of meat as "Pakman kabobs" and a brown mushy thing as a "Polish potato dumpling." "It's very good," he said to me.

It quickly became apparent to me that a man who lives on Quarter-Pounders with cheese and fries in the United States and this much international pride in food.

I met a man named Pity from Turkey who was selling eats from his native culture, Meatballs, cheese, Tulum (a pastry made out of flour and egg), and stuffed wine and eel appetizers. I am sorry, that I did not accept his gracious offer of food, but it's always been my custom to leave everything that sort of any sort should stay on trees where they are, rather than being stuffed and eaten.

The Kenya exhibit, on the other hand, had food that looked appetizing; but I couldn't get myself to eat anything that went by a name like Moin-Moin, or Kran. The other dishes they offered, rice and stew sounded normal enough, but the words "Nigerian style" that they had written underneath worried me. Having had enough of the food for a while, I wandered over to the Hermann Lounge to catch a flick. "Gandi" was showing there, as a representation of India's culture.

All week-long films from different countries had been playing in the HUB in the hopes of educating people about the different cultures surrounding Germany. One of the most popular films during the week was a movie that centered on the technology of Japan in the 21st century. But the film that elicited the most excited reaction was a film on the Brazilian carnival. Several students abandoned the movies on Pakistan when they noticed the showgirls from the carnival dancing on the screen in back of them. I guess that just goes to show that James Bond is the only man who will abandon his native cuisine for a girl in a bikini is involved.

In fact, for some, it didn't even take a bikini. Back in the ballroom, one of the guys at the Polish booth leaned over to talk to a cute girl who was examining the exhibit next to him. "What nationality are you?," he asked. "I'm Irish," she answered. "Oh yeah? Well, no it's not," he said pointing to another attendant in the booth. "Then what is he doing at the Polish exhibit?," she asked him. "Oh. Well, he's so dedicated to us that he's helping us out!"

Whether or not the attendant at the Polish exhibit was for real, dedication and teamwork contributed to the event's success. Donna Mostowy, who was largely responsible for coordinating the event praised the participants. "We had a group of about nine people including students, and everybody. We met probably about two months, once a week, putting it together...It's been an ongoing thing."

Ongoing right. This was the 13th annual International Week, and marked the first time that native Americans were invited to open up booths that represented their heritage.

Back at the Germany exhibit Joe Moses was serving Bratwurst, traditional style, for 95c. At the France exhibit, escargots and crepes cooked in Gar-Merian were the fare for the day.

The Festival not only gave space for people to digest food from around the world, it also gave them space to show their native countries. At the Palestine exhibit, the magazines of their nationalities were displayed. Other booths featured posters, houseware, souvenirs, and items of personal pride. Mohammed of Jordan exhibited a slide show of his
Earthquake!
Written by: Krishna Reddy, Research Assistant - Department of Civil Engineering

Many people were killed, and many facilities were completely damaged by a 6.9 M earthquake that struck northern Armenia on December 7, 1988. The investigations after any earthquake provide a valuable information. Most mitigation programs for sites where earthquakes have occurred in the past and expected in future at places like San Francisco, CA. Do you want to know more about the deadly Armenian Earthquake? Don’t miss the briefing on the Armenia Earthquake that will be held in Crawford Auditorium (E1-1 Building) on March 30, 1988, from 4:30 - 7:00 pm. The briefing is organized by the National Center for Earthquake Engineering Research, Buffalo, New York, Great Lakes Regional Chapter of Earthquake Engineering Research Institute (EERI) and Illinois Institute of Technology. There will be four speakers detailing on seismology, life-line systems, structures, and search and rescue operations. There is no admission fee. All the faculty and students are welcome. For more details call Civil Engineering Department X3540 or 3541. It is appropriate to give you a brief detail about the Armenian Earthquake which drew world attention. The Armenian earthquake, occurred at 11:41 am, a fire broke out by electrical failure on the clocks of the city squares in Leninakan, the second largest city of Soviet Armenia. The strong ground shaking lasted about 30 seconds. In Leninakan, the consequences of the earthquake were more tragic. It actually all nine - story precast concrete frame buildings in Leninakan were ravaged, many collapsing on masses into piles of rubble. The epicenter of the earthquake was located near the city of Spitak, with a population over 30,000.

Residence Hall Developments

As the university continues to grow we are attempting to upgrade the services we offer. The residence halls are an integral part of the living and learning community and our plan for improvements involves them. Improvements in the residence halls will include all physical changes as well as staffing changes.

In an effort to enhance services in the residence halls we are hoping to recruit the best possible candidates we can find for the residence hall staff. It is our belief that this position is clearly one of the most valuable tools we have to provide the type of quality service we desire.

To accomplish this goal we have decided to expand our search for qualified candidates. We are re-hiring to encourage more graduate students, married couples included, to complement our current staff. Any and all interested full-time students are encouraged to call (567-3080) or stop by the Dean of Students Office for more information.

English Writing Clinic

The English as a Second Language (ESL) Writing Clinic will expand its services on a trial basis during the last six weeks of the semester. Conversation classes will be offered twice a week to students who are non-native speakers of English. The ESL teachers from our Department of Humanities, James Dobbert, Karen McCready, Nola Martinis, and Douglas Stuart have each volunteered to lead a class.

Two groups will form meeting respectively on Tuesdays and Thursdays or Wednesdays and Fridays from 12:15 to 12:45 pm in Room 716 of the Life Sciences Building. The classes are limited to 10 students each, and will offer guided conversation on topics to be picked by the students, and will include work on vocabulary, grammar, and pronunciation.

Drugs Charged Abroad

Over 2500 American citizens were arrested abroad in 1988. More than 99% of those arrested were held on charges of using or possessing drugs. As we approach the busy travel season, many Americans are getting ready for the long awaited trip abroad. For some, the trip will become a nightmare. The global war on drugs is heating up and there are increased efforts by all countries to stop the flow of illegal narcotics. Those Americans who assume there is no real danger in buying or carrying just a "small" amount of drugs on their overseas trip may be in for a very unpleasant surprise. Americans have been asked to take precautions when traveling abroad.

Writing Contest

There are limits to what the contest can offer, but prizes will be awarded for excellence in writing in the following categories:

- Edwin H. Lewis Prize for Non-Fiction
  1st place $250 (undergraduates, seniors)
  2nd place $150 (undergraduates, seniors)
  3rd place $50 (undergraduates, seniors)

- Edwin H. Lewis Prize for Fiction
  1st place $250 (undergraduates, seniors)
  2nd place $150 (undergraduates, seniors)
  3rd place $50 (undergraduates, seniors)

- Freshman Essay Prize
  1st place $200 (freshmen only)
  2nd place $100

- Mollic Cohen Poetry Prize
  1st place $200 (undergraduates)
  2nd place $100

The deadline for submission of work is 5:00 pm, Monday, April 3rd. Bring or send entries to Writing Contest, Department of Humanities, 106 Life Sciences Building. Entry forms and copies of the contest rules are available from the Humanities Department.

LETTER TO THE EDITOR

Dear Sir:

Another occasion to appreciate the generosity and concern for human service by those at IIT was provided last week during the Illinois Life Source Blood Bank visit to campus. The coordination by Ed Haldon, NORTC, Dan McNerney and Paul Kim, Triangle Fraternity and others among the residential and commuter community, volunteered contributed more than 60 units of whole blood, a remarkable achievement in the face of the pandemic flu infection sweeping Chicago. Examples such as this and there occur many other outstanding activities here at IIT - challenge the assertion that the college population is essentially apathetic. In this case, the reality and the symbol coincide: whatever our differences, we all share a common ingredient of life blood.

Anselm H. Amado
Institute Chaplain

PHOTOPINION

Kirk Madsen, Freshman: "First I've heard of it.

Steve Wheelbarrow, Sophomore: "I've been here two years and I'm not leaving. I haven't seen anything. The president of a university is something to jump in and out of."

Vince Surillo, Senior: "I think if a guy takes a job like that he should be ready to be here for a while. He gets an offer from his alma mater and throws IIT in the garbage can."

John Danile, Super Senior: "I believe it is an unfortunate situation. I think he truly wanted to do a good job. I could see this through the changes he has already made. I hope the people in charge have set up work that won't leave with him."

The question: "What do you think of Meyer Feldberg's resignation as President of IIT?"
LAST WEEKS QUESTION:
WHAT MAJOR CONTRIBUTION DID THE INSTITUTE'S RESEARCH FOUNDATION MAKE TOWARDS ADMIRAL RICHARD BYRD'S ANTARCTIC EXPLORATION?

ANSWER

The Snow Cruiser, a giant mobile laboratory designed to travel across the frozen Antarctic terrain, was built by the Armour Research Foundation (ARF) in 1939 for Admiral Byrd's third Antarctic expedition. Designed by ARF Scientific Director Thomas Poulter -- who was awarded the Congressional Medal of Honor for saving Byrd's life during the second expedition -- the Snow Cruiser combined the best features of the airplane, tractor, and dog sledge & captured the imagination of the American public, who lined the route from Chicago to Boston and, in the process, caused a 72,000-car traffic jam, which still holds the record for the world's largest.

The Cruiser was built at a furious pace -- Poulter had only seven months to construct and transport the Cruiser to Boston for embarkation to "Little America". More than 70 manufacturers donated materials, equipment, and funds to the effort to build the massive machine. When finished, it was equipped with a machine shop and scientific laboratory, cabin and chart room, engine room, combination gallery and darkroom, living quarters with four bunks, storeroom -- and storage for supplies of the largest sizes ever built: 10 feet high, with a smooth, watertight surface to provide traction on the sand.

The gigantic scale of the Snow Cruiser is illustrated here. Thomas Poulter is the one on the right.

A 1939 news clipping on the Snow Cruiser.

Crowds lined the Snow Cruiser's route from Chicago to Boston and caused the world's largest traffic jam!

like Antarctic snow. The vehicle was 55 feet long, nearly 20 feet wide; 12 feet high, and weighed 79,000 pounds. Top speed was 30 miles per hour, with a maximum cruising distance of 5,000 miles, and a small airplane could be carried on the roof.

The Snow Cruiser operated for only a month before the expedition was abandoned due to the outbreak of World War II in Europe. Rediscovered during a 1958 expedition buried under 14 feet of ice and snow, the Cruiser was later lost at sea due to ice drifts.

A BRIEF ANSWER (DUE WED. 10 A.M.)

1. ANY CURRENTLY ENROLLED IIT STUDENT CAN COMPETE.
2. NUMBER OF ENTRIES ARE LIMITED TO ONE PER PERSON PER WEEK.
3. ALL ANSWERS MUST BE IN WRITING (USE THE TEAR-OFF PORTION BELOW) AND MUST REACH THE CENTENNIAL OFFICE AT KM. 222, PERLSTEIN HALL BY 10 A.M. ON THURSDAY.
4. IF MORE THAN ONE CORRECT ANSWER IS RECEIVED, THEN THE WINNER WILL BE RANDOMLY DRAWN.
5. IF NO CORRECT ANSWER IS RECEIVED, THEN THE PRIZE MONEY WILL BE-added to the next week's amount.
6. THE DECISION OF THE JUDGES IS ALWAYS FINAL.
7. JUDGES, CENTENNIAL RESEARCHERS, LIBRARY STAFF AND THE TECH NEWS STAFF ARE INELIGIBLE TO PARTICIPATE.
8. WINNERS COLLECT PRIZE AT KM. 222 UPTO ANNOUNCEMENT.

GENERAL ANNOUNCEMENTS

TECH NEWS DEADLINE

The deadline for any information to be put into Tech News is Thursday at 12:00 noon. Any information received after this time will not be entered in the next issue. It will be held for the following week.

JOB AVAILABLE

Job Description: Responsible for performing a variety of secretarial, clerical, and public contact duties, under limited supervision. Responsibilities include established procedures and methods with latitude to exercise discretion and independent judgment concerning priorities, methods, procedures, and deadlines. Preferred Qualifications: A high school diploma and 2 to 3 years of clerical or secretarial experience. Ability to type at a rate of 65 wpm with an error rate of 2% or less. Interested candidates should contact Stephanie Charles, 567-3080.

PLACEMENT

NASA's 44th Research Center of Cleveland, Ohio is interviewing on Campus in mid-March. U.S. EE, ME, and Aerospace students who have completed their sophomore year and have a 2.4 GPA may sign up. This is a co-op position and students must have a current Co-op application on file. Inquire in the Co-op Office, Room 403 - Farr Hall, 567-3639.

SEMINAR ON RELIGION IN AN AGE OF SCIENCE

The Chicago Advanced Seminar on Religion in an Age of Science will present a series of dialogues on recent work in the Life Sciences and its impact on society. Dr. Patricia Churchland will chair a panel addressing the theme "Molecular Biology and the Mind". Discussions include Professors Rodney Adams (Neuropharmacology, University of Chicago), Robert Glassman (Psychology, Lake Forest College), and James Ashbrook (Psychology of Religion, Northwestern University). The sessions will be held at the University of Chicago Theology Cluster, the Lutheran School of Theology, 55th and University. For further information call Anselm Anadjo, Student Life Office, ext. 3080.

GOOD NEWS

A recent poll will be our Placement Office found that 91% of the 1985-86 IT graduates found jobs in their interest within 6 months after graduation. Nation-wide colleges and universities are experiencing a decline in applications for the Fall semester. But we are very pleased at the current number of undergraduate applications is up again this year. We have the Student Admission Team to thank for much of our success with recruitment.

IT/TV PROCTORS NEEDED IMMEDIATELY

Senior or Graduate Students preferred. Must have car and insurance. Due to government/company regulations, Proctors cannot be from the People's Republic of China. Various days and hours available. Call 567-3140 or visit Room 226 Stuart Building.

WHISTLE STOP PROGRAM

Operation WhistleStop is an action safety program designed to provide citizens with an effective and practical method of combating crime on the streets and a community signal system to alert police and others to trouble on the street. Following is a brief description of how the program works:

You are confronted on the street:
2. Blow your whistle. When physically safe.
3. Call Campus Police, 3333 and/or the Chicago Police, 911, as soon as possible.

You fear trouble on the street:
1. Run toward the middle of the street.
2. Blow your whistle.
3. Call Campus Police, 3333 and/or the Chicago Police, 911

You observe trouble on the street:
1. Call the Campus Police, fast, 3333 and/or the Chicago Police, 911. State clearly the address/location and description of the incident you observed.
2. Open your window and blow your whistle.
3. Go inside, move toward the first whistle and keep blowing - keep at a safe distance.
4. Assist victim if possible and stay until the police arrive.

VIDEO EXERCISE!

Beginning April 3rd every Monday, Wednesday, and Friday Different exercise videos will be shown in Reatting Sports Center. Bring your friends and get in shape for the swim meet season by working out with popular videos. Times are from 12:15 to 12:45. For more info call Coach Woznaik at x3926.

IN THREE WEEKS

ESSAY CONTEST

The Annual IT Writing Contest is once again underway. There will be a total of $150 prizes for any student who submits an essay of approximately 1000 words on a topic that is related to the field of information technology. The contest is open to all undergraduate and graduate students at the University of Chicago. Prizes will range from $10 to $100.

LETTER TO THE EDITOR

The University of Chicago News is the official student newspaper of the University of Chicago. The editor welcomes letters from students, faculty, and staff. Letters should be no longer than 300 words and should be submitted to the editor at the University of Chicago News, 101 East 58th Street, Chicago, IL 60637. The editor reserves the right to edit letters for length and clarity.

FREE TUTORING!!!

Tau Beta Pi is now offering private tutoring for students having trouble with any of their courses. To get a tutor of your own, write your name, phone number, and course of concern on a slip of paper, and drop it off in the envelope hanging on the door of room 115 E1. You will soon be contacted by your tutor.

STUDENT PAPER CONTEST

The Institute of Electrical and Electronics Engineers is sponsoring a student paper contest for late March of this year. We are looking for outstanding papers to participate in this competition in which our branch winner will advance to a regional contest hosted at IIT West. Awards will be given and the top three papers in the region will be published in the "IEEE Student Papers". Student papers are eligible even if they have been submitted for class credit as long as you apply in advance and enter them to win cash prizes and recognition.

For more information contact John Baran, Student Branch Chairman at 446-5087.

MONDAY

PLACEMENT OFFICE

There will be signups for the following companies for students registered with the Placement Office during the week of March 13 thru 17. All signups are in room 408 of Farr Hall from 8:30 am to 5:00 pm. These are the last scheduled signups for the semester, although we may schedule more interviews after Spring Break. Make sure to keep in touch with the office to stay updated on new opportunities.

MATHMATICUS COLLOQUIUM

Professor Gerald Buskes of the Department of Mathematics at the University of Mississippi invites everyone to attend his talk "Riemann Spaces and Partially Ordered Groups" on Monday, March 16th at 4:15 pm in Room 245 E1. In this talk, the speaker indicates a way in which the theories of the structure of Riemann spaces can be transformed into the theory of certain partially ordered groups.

HARDY HALL EVENTS

Union Board Selections will be held Monday March 13 thru Wednesday March 15 in the Hub Mesangion from 6:00 to 11:00 p.m.

IN FOUR WEEKS

STUDENT GOVERNMENT (ATS) ELECTIONS

Student Government (ATS) Elections will be held on Monday and Tuesday, April 17 and 18. We need students for ATS offices and to serve on the election headquarters. Vote for the office that you would like to see on campus. The election will be held on Tuesday, April 17, at 6:00 p.m. in Room 110 E1. The election headquarters will be held on Monday, April 16, at 6:00 p.m. in Room 110 E1.
TAU BETA PI

The next general meeting will be held on March 28, 1989 at 1:00 p.m. in room 128 E. Please try to attend this meeting as we have many activities going on this semester and would like everyone to participate. Have a great spring break!!

S.A.E.

The Society of Automotive Engineers will hold a general meeting on Tuesday, March 14 at 12:00 p.m. in room 119 E. Topics for discussion will include Branch Meetings, a Design Day for Mini-Baja, final plans for SAE Student Night, and new design projects. We are currently in the process of organizing groups to begin the design for a new Mini-Baja vehicle, a formula car, and a radio controlled car. Anyone interested in helping with any one of these projects is welcome to attend this meeting.

IN FOUR WEEKS

MODEL VEHICLE CONTEST FOR STUDENT TEAMS SET FOR APRIL 11

Student teams of no more than five members each are invited to build and race a model vehicle from a standard kit for prizes of $150, $75, and $30. The competition, set for HUB's Gallery Lounge at noon on Tuesday, April 11, will test both power and speed. Entry forms are available at the HUB Director's Office; the $25 entry fee is fully refunded upon participation in the contest.

Questions? Contact Professor Charles Bauer, Contest Coordinator, at 2414 or by fax at 3305. Sponsored by the IIT Centennial.

STUDENT GOVERNMENT (ATS) ELECTIONS

Student Government (ATS) Elections will be held on Monday and Tuesday, April 17 and 18. We need students run for ATS offices and to serve on the election commission. The offices available will be President, Vice President, Treasurer, Asst. Treasurer, and Secretary. Nominations for these offices and any others that you might be interested in are due to be announced by the election commission.

The first planning meeting of the election commission will be Wednesday, March 15 at noon in the BOG. The election commission is responsible for organizing the election and making sure that all election rules are followed. If you are unable to attend the planning meeting, but are interested, contact Michelle in the Programming Office or attend the next ATS meeting.

WEDNESDAY

VIDEO EXERCISE!!

Beginning April 3rd every Monday, Wednesday, and Friday Different exercise videos will be shown in Reating Sports Center. Bring your friends and get a chance to see the fun with popular videos. Times are from 12:15 to 12:45. For more info call Coach Wozniak at x3296.

ITF YEARBOOK

Yes, ITF does have a yearbook and it's currently working on its third volume. We need photographers, writers, designers, artists and sales people. If you are interested in joining the ITF Yearbook meets every Wednesday at noon in the HUB Mezzanine, room 306. If you would like to get more information, just call our office at 619-3461.

STUDENT GOVERNMENT (ATS) ELECTIONS

Student Government (ATS) Elections will be held on Monday and Tuesday, April 17 and 18. We need students run for ATS offices and to serve on the election commission. The offices available will be President, Vice President, Treasurer, Asst. Treasurer, and Secretary. Nominations for these offices and any others that you might be interested in are due to be announced by the election commission.

The first planning meeting of the election commission will be Wednesday, March 15 at noon in the BOG. The election commission is responsible for organizing the election and making sure that all election rules are followed. If you are unable to attend the planning meeting, but are interested, contact Michelle in the Programming Office or attend the next ATS meeting.

PHYSICS COLLOQUIUM

Prof. L. Brown of the Department of Physics at Northwestern University will discuss "Fundamental Theories of Nuclear Forces in the 1930's" on Wednesday, March 15 in Siegel Hall room 206 at 4:00 p.m. Refreshments will be served at 3:30 p.m. in room 202.

THURSDAY

PHI ETA SIGMA

Attention all Phi Eta Sigma members! There will be a very important meeting on Tuesday, March 14 at 12:30 in Room 308 in the HUB.

Every member should plan on attending. Call Tracy (ext. 3241) if you can't make it or have any questions.

ACM

ACM will be holding an AI presentation on Thursday, March 16 at 12 noon in 218 SB. Our guest speaker will be Lt. Col. Robert Tufts USAF (Ret.) of the Army Artic Sciences Corp. The topic will be "AI and Export Systems: Are they Worth the effort?" Remember that Thursday March 16 in 238 SB at 12 noon.
MACINTOSH MEETING

The ITT Mac Users Group will have a special guest on Thursday, March 16th in Room 102, Stuart building. Fred Backman of Apple Computers will be discussing new products and the University's Apple Purchase Plan. For more details call 825-8911.

INTERNATIONAL CLUB

A new organization is forming! The purpose of the International Club is to promote cultural awareness and mutual understanding among ITT's community.

Elections will be held at the next meeting on Thursday, March 16, 1989 from 12-1 in room 305 Hermann Hall.

It is important that you attend! Your attendance will benefit you as well as the International Community. For more information, contact the International Office at x3907.

KEATING HALL EVENTS

I.M. softball will be played on Tuesdays and Thursdays between 12:00 and 2:00. Signup dead line is March 29th. Games begin April 4th. Turn in Rosters to Coach Wozniak.

I.M. Co-Ed volleyball will be played on Tuesdays and Thursdays between 12:00 and 2:00. Signup dead line is March 29th. Games begin April 4th. Each team must have two women on the court at all times. Turn in rosters to Coach Wozniak.

Dan Gibbons was the winner of the February round robin racquetball tournament and will receive the first t-shirt of the year. If you would like to compete during March, signup sheets are on each dorm floor and in Keating Sports Center.

IEEE

The next IEEE general meeting is on Thursday, March 16, 1989 in the HUB Mezzanine. Topics for the meeting include S-PAC, Mentor Program, Duplex, and Student Paper Contest. All students are welcome to attend.

PI TAU SIGMA INITIATION

The initiation of new members will be held on Thursday, March 16th at Connie's Pizza 2273 S. Archer (326-3443) at 7:00 pm. If you need transportation from ITT meet at 6:45 pm in Room 118 E1.

CONTINUING ENCOUNTERS

The student and faculty prayer and study program, "The Bible and You Today" meets Thursday, March 16 to raise a series of theme reflections in the Fireplace Lounge of Hermann Hall (5th corner of the HUB) at 10 pm. The group's focus will be the personal and psychological impact of the faith experience upon the multi-level involvement at a technological university. The ITT community is cordially invited.

HERMANN HALL EVENTS

U.B. Concert - "All Night Newsboys" Thursday night in the BOG.

Advice is $2.00.

The cafeteria is now open Mon-Thurs until 7:00 pm.

The BOG and the newsstand will be closed over spring break.

IN TWO WEEKS

APPLICATIONS FOR RESIDENT ADVISORS NOW BEING TAKEN

Applications are now being accepted in anticipation of openings on the Resident Advisor Staff for the 1989/90 academic year.

Interested persons may pick up a job description and application from the Dean of Students Office, Hermann Hall. Applicants must be Junior level of above, be in good academic standing and have prior experience living in a residence hall setting.

Application deadline is Thursday, March 30, 1989.

Additional information is available from the Resident Advisor staff of the Dean of Students Office.

IN THREE WEEKS

ARMENIAN EARTHQUAKE BRIEFING

Briefing on the Armenia Earthquake of December 7, 1988 will be held in Crawford Auditorium (E-1 Bldg.) on Thursday, March 30, 1989, from 4:00 to 7:00 pm. The briefings are co-organized by the National Center for Earthquake Engineering Research, Buffalo, New York, Great Lakes Regional Chapter of Earthquake Engineering Research Institute (EERI) and Illinois Institute of Technology. There will be four speakers detailing on seismicity, life-line systems, structures, and search and rescue operations. The briefings are open to faculty and students and all are encouraged to attend.

IN FOUR WEEKS

3RD I.T. TRIATHLON SET

The 3rd Annual "academic" Triathlon will be held on Thursday, April 13, in the HUB. This year’s Triathalon tests the abilities of ITT students in: 1) Programming an electronic spreadsheet. 2) Building and flying a rubberband-powered airplane and 3) Double elimination Table tennis.

Last year our sponsors donated prizes totaling about $4000 in merchandise. A new feature of this year’s contest is designing some prizes (especially PCs, terminals or modems) for a team competition category. This will aid our housing units in meeting their needs for better access to Academic Computing.

FRIDAY

ATTENTION I.T. FRESHMEN

ITT and Chicago Medical School (CMS) are initiating a honors program in which students may earn the BS from ITT and the MD from CMS in a seven year period of study. Students will spend 3.5 years at ITT and 3.5 years at CMS. Only students presently in their first year at ITT and working towards a BS in electrical engineering, mechanical engineering, or computer science are eligible to apply for this program.

Interested students should contact Prof. Robert Jager (Pritzker Inst. Med. Eng.) ext. 5324 or Dr. William Black (Admissions) ext. 3025. The application deadline is Friday, March 17th at 4.30 pm.

VIDEO EXERCISE!

Beginning April 3rd every Monday, Wednesday, and Friday. Different exercise videos will be shown in Keating Sports Center. Bring your friends and get in shape for the swim suit season by working out with popular videos. Times are from 12:15 to 12:45. For more info call Coach Wozniak at x3826.

ITT BOOKSTORE

Inventory clearance sale is now in progress at the bookstore. Check it out! The bookstore will be closed Friday, March 24, for inventory.

GENERAL MOTORS SCHOLARSHIPS FOR MEES

General Motors is offering two scholarships to Mechanical Engineering majors. The award includes tuition, fees, book allowance, and a summer internship at a division of GM. Candidates must be juniors in the fall semester of 1989 with a minimum GPA of 3.24.0 and must be U.S. citizens or permanent residents. Any interested can obtain more information and application materials from Prof. Meade or Lisa White, MBA Office, ext. 2433. Completed applications are due in the MBA office by March 17th!

VANDERCOOK COLLEGE OF MUSIC

The scheduled concert series for the Spring 1989 semester is as follows:

- March 31: Whitney Young High School Choir
- April 7: Joannette Behrend and Margaret Nichols, Piano
- April 14: Roger Rocco, Euphoniunm
- April 28: VandersCook, Brass Choir, Roger Rocco, Conductor
- May 12: Hubbard High School Choir

All concert series are held on Friday, begin at 1:00 p.m., are free of charge and open to the public.

SATURDAY

NO ANNOUNCEMENTS

SUNDAY

HERMANN HALL EVENTS

Hermann Hall is now open on Sundays from 12:00 noon to 10:00 pm. The Rec Center is open from 5:00 - 10:00 pm.

CHAPEL HOLY COMMUNION/LENT

Sunday celebration of Prayer and Eucharist, Communion will be offered in I.T. Chapel on March 19, Palm Sunday in Lent and the start of Holy Week with the Easter Sunday celebration March 26. Beginning at 11:45 am, the service will involve those present in the Scripture Readings and Prayer Intercessions. The ITT community is warmly welcome.
Open to all Engineering and Computer Science Majors

DISCOVER YOUR CAREER

S-PAC '89

Student Professional Awareness Conference

Tuesday, April 18, 1989

Do you take engineering seriously... or are you satisfied by making it through college with minimal effort? Well, no matter how you answer that question, if you plan to work in an engineering field in the future I strongly encourage you to read on.

The IEEE Student Branch at IIT is sponsoring a Student Professional Awareness Conference (S-PAC) on April 18, 1989. This conference is intended to give engineering students a perspective on their future careers that is not seen as a student. Topics are geared to the interests of engineering students and include professional factors, economic considerations, useful skill development, self assessment, and other subjects that are typically not discussed in the classroom of engineering curriculum. S-PAC '89 is a conference that consists of four speakers from the U.S. and Canada, dinner after the program, and an open panel discussion. Attendance is anticipated to be between two to three universities including IIT, University of Illinois at Chicago, Northwestern, and Northern.

Don't let this one time opportunity pass you by... Experience S-PAC! More details will be announced in the coming weeks so stay posted.

Think or swim.

We give you credit for making tough choices.
ATTENTION FOREIGN GRADUATE STUDENTS: PART-TIME CONSULTANTS FOR INTERNATIONAL FIRMS

Large multinational client companies currently seek qualified individuals with foreign language fluency and area expertise for competitive consulting opportunities in selected European, Asian, African, and Latin American markets. Foreign students in advanced degree programs welcomed. Experience in scientific, economic, and international relations helpful. Part-time assignments available during school year including opportunities for J-1 and F-1 visa students. Salaries based upon qualifications. All positions are fee paid, no cost to applicants.

For prompt consideration, please send a resume or letter describing your qualifications with daytime telephone numbers to:

Swenson, Crawford & Parke
Attn: Chris Olson
Executive Search Division
P.O. Box A-3290
Chicago, IL 60690

No phone calls please. All replies strictly confidential.

How to get through college with money to spare:

1. Buy a Macintosh.

2. Add a peripheral.

3. Get a nice, fat check.

Now through March 31, when you buy selected Macintosh SE or Macintosh II computers, you'll get a rebate for up to half the suggested retail price of the Apple peripheral you add on — so you'll save up to $800.

Ask for details today where computers are sold on campus.

Apple Pays Half
PC Room
112 Stuart Bldg., See Bryan Sager

© 1989 Apple Computer, Inc. Apple, the Apple logo, and Macintosh are registered trademarks of Apple Computer, Inc. Certain restrictions apply. All offers subject to change without notice. Apple pays half the price of the Apple peripheral you add on when you buy selected Macintosh SE or Macintosh II computers. Offer ends March 31, 1989.
The Dude on the Night
All I can say is what an awesome weekend. This is in response to the fact that bands were in the Bog not only on Thursday, but also Friday, Saturday, and on Monday. I am a Friday Bog fan, or bands as the case was. Now to the reviews.

The traditional Thursday Bog band brought a new set, "Snap Shot," a band based around the Peoria/Aurora area, south-west of the city. The band highlighted a wide variety of music, playing something that could almost be anything in the Bog that night. Opening with "Don't shed Too" by Paul Carrack, the band continued into some REM, and "Addicted to Love" by Robert Palmer, which spotlighted an excellent bass guitar solo by band member Jerry Gingery. Some surprises were in store as the band played music by Poison, Def Leppard, and 38 Special. The first set concluded with a rousing medley of songs going like this: "R.O.C.K. in the U.S.A." into "What I Like About You," into "Gloria," into a very well played keyboard solo by member John Kempling, into "I Can't Get No Satisfaction," back into "What I Like About You," and finally back into "R.O.C.K. in the U.S.A." The band told me that it was too bad the normal crowd that wasn't in the Bog was going to miss a quality band.

The second set was quieter, only because people complained the music was too loud. Even so, the music continued to be as powerful as it had been in the first set. This set spotlighted some newer bands like INXS, and the Escape Club, and "Tell Cool One" by Robert Plant.

A rousing Zeppelin medley opened the third set, highlighted by a powerful drum solo by band member John Marshall. It concluded with a very well played blues jam, and kept the crowd going with more danceable rock music. The evening ended with an encore medley of "Blue Suede Shoes" and "Johnny Be Good." The evening turned out to be thoroughly enjoyable with a quality band playing quality, last old and new, rock and roll. The small crowd that was there to see the band all had a good time, and the band seemed to enjoy themselves as well. I give the band Snap Shot, the big Double Thumbs Up, and hope they can come back next semester.

Friday turned out to be a real treat, with the triumphant return of both "The Naturals" (not "Nick and the Naturals"), and "Double Exposure." To start with the review of "The Naturals." The band was allowed to plug into "Double Exposure," who were the highest-seeded band, and the higher quality seemed to show through with the band. The music they played was mostly the same music they played when they were Open Mike Night, The Benedicts, U2, Modern English, and the Cure.

The biggest problem the band seemed to have this time wasn't the quality of the music they played, but constant equipment problems like well they had to use a new amp. The crowd was there to see some of their fellow students as a quality band, and this is just what they received. The band came out and played on there feet, and shouting for more as they concluded their set with the class "Rock and Roll.""I give "The Naturals," the Big Double Thumbs Up once again. It was good to see that they added some new, bold vocals, and the much improved sound system proved to anybody who doubted it, that the band really does have some talent.

The major band of the evening brought "Double Exposure" back to the Bog. The band, once again, was very good. They treated possibly the largest Bog crowd this semester to a very enjoyable brand of dance music. The band seemed to draw on the last time they played, better knowing now that the crowd wanted to hear a lot of the same songs. With songs like INXS, the Cure, Talking Heads, and REM, it was clear that they wanted to show the crowd what they could do. The band was able to keep the crowd going with a selection of songs from INXS to ZZ Top, from The Cure, to Talking Heads, and from the likes of Def Leppard, and Bon Jovi.

The second set consisted of a similar mix of rock and dance music. From Wild Wild West and Simply Irrational and a selection of INXS to ZZ Top. The band told me during "What I Like About You," good drums solos by Pat Danne, an awesome guitar solo by Dan Dannenberg, My Hot Summer Night, and the best line of the whole night, "I thought you said pizza!" The song was "What I Like About You," and the best line of the whole night was, "I thought you said pizza!" The Led Zeppelin medley which contained good versions of Good Times, Bad Times, Immigrant Song and Rock and Roll, could have been more complete if they had started with Moby Dick, instead of the drum solo. Next they did a great version of the Bowling." Wolf's Wall of Red House with a little Lemon Song thrown in for good measure. The rest of the second set, and the encore contained more oldies, from the Beatles, and Elvis.

This was one of the best shows of the semester, and it was too bad more people couldn't have seen it. As for a rating, Snap Shot gets a Big Double Thumbs Up. All in all, a great night for the Bog crowd and played it all very well. I hope we have the chance to see them again.

Friday was a real treat with both The Naturals, and Double Exposure putting on good shows for a huge crowd.

As the world gets smaller, opportunity gets larger with the IIT MBA.

The Dude on the Left:
What a weekend is, it took a couple of days to get up, and it took the pain in my heart. Bands in the Bog Thursday and Friday is almost too much to take, but I'm not complaining. Thursday brought a new band, Snap Shot, to the Bog. The crowd was a bit smaller than usual, but it was expected with midterms, and all. This band seemed to have a very broad range of musical areas to draw from. The first set they played dance songs like the medley containing so many songs from INXS to ZZ Top. To You Tell Much, Tell Cool One and Talk Dirty to Me. These songs really showcased some of the bands musical talent with some quality jams on keyboard and guitar. I was a little disappointed by the start of the second set. The Led Zeppelin medley which contained good versions of Good Times, Bad Times, Immigrant Song and Rock and Roll, could have been more complete if they had started with Moby Dick, instead of the drum solo. Next they did a great version of the Bowling." Wolf's Wall of Red House with a little Lemon Song thrown in for good measure. The rest of the second set, and the encore contained more oldies, from the Beatles, and Elvis. This was one of the best shows of the semester, and it was too bad more people couldn't have seen it. As for a rating, Snap Shot gets a Big Double Thumbs Up. All in all, a great night for the Bog crowd and played it all very well. I hope we have the chance to see them again.

Friday was a real treat with both The Naturals, and Double Exposure putting on good shows for a huge crowd.

As the world gets smaller, opportunity gets larger with the IIT MBA.

That's Right!!! The HUB Cafe, located in the HUB Cafeteria, is now open to the IIT Community! The Cafe was opened in response to student demands for a "Cafe" type atmosphere and that's exactly what the HUB Cafe offers. Manager Joe Zankl of DAKA (the company that runs the cafeteria in the HUB) said that the HUB Cafe offers healthier foods and a warm ambience that isn't just another burger joint. The Cafe offers a variety of sandwiches, salads, soups, beverages, and other delectable delights. Some of the specials include old fashioned root beer floats and other ice cream surprises as well as hot turkey sandwiches and a soup du jour. A limited menu (ice cream, pastries, fruits, beverages) will be offered from 2 - 4pm daily and a full menu (soup, sandwiches, salads, deserts, beverages) will be offered from 4 - 7pm. The Cafe will run until the end of the semester so stop in for a late afternoon snack or even dinner.

Swimmers 23rd in Nation

Last week the varsity swimming and diving team traveled to Schroeder Memorial pool in Brown Deer Wisconsin for the NAIA National Swimming and Diving Championships. The Hawks came off with 13 points and were 23rd in the competition.

IIT's best point getter was freshman Scott Tornovits, who made the finals in both the 1 and 3m diving competitions, got 12th place on both boards and showed that he could be a force in Nationals to come. Greg Parkins, another freshman diver, got 14th on the 1m board and sophomore Yong Park just missed the "cut" after 8 dives and finished 17th overall in the 1m competition.

IIT's 5 relays in the competition consisted of Seniors Dave Hathaway and Matt Fernandez, Juniors Troy Leaf and Jim Fina, Sophomores Ken Zuber and Mike Mikulis and Freshmen Tony Prokes. All of IIT's relay teams improved on their seed times, and IIT's 200 medley and freestyle relays became automatic varsity records as these are new events in this years Nationals competition.

Of the 19 Scholar-Athlete awards at this year's nationals, IIT swimmers were able to win 3 spots with Senior Dave Hathaway getting 9th place, Troy Leaf was 10th place, and Senior Matthew Fernandez was 19th. To get in the Scholar-Athlete competition a competitor must be a Junior or Senior and have a 3.0 or better GPA, and have qualified for two events in the National Championships.

IIT's 13 points are a far cry from their 14 points and 14th place in last year's meet, but we did lose two of our top guys last season, one of which was IIT's first National Champion and three-time All-American Mike Messler. We're very young and need some key personnel to put us back in the top 20 where we really belong, exclaimed Coach Matuch. Also 8 of the 10 Athletes in this years meet should also be back with more experience and resolve to do much better. We also hope to have back diving coach Andy Prozyzinski who has done an excellent job with our diving squad, we were probably the only team to have 3 competitors in the top 20 at the Nationals and two of them were freshmen.

If we can recruit a few middle-distance freelists and a IMer who can handle Relay breast events, we could really come back at the nationals and for the entire season next year.

Keating Hall Programs

The coaching department is very helpful in this area and is cooperative in organizing intramural leagues and programs. Jim Darrah is the Athletic Director and baseball coach. Rolfe Wozniak is the Intramural Coordinator and P.E. instructor. Chris Meyer is the volleyball and men's tennis coach. Sue Haley is a P.E. instructor and also handles intramurals. Dennis Matuch is the varsity swim team coach and pool supervisor. Ed McQuillan is the men's varsity basketball coach. All of these people have "open-door" policies and gladly listen to students with questions, suggestions, and concerns.

International

Continued from page 1

holy land. At one booth, Muslim students took the opportunity to sell the Holy Quran. Some booths even took the opportunity to make political stands. The bumper sticker at the Palestine booth read: "Palestine, statehood now!"

There was only one booth, however, that was presented with the red ribbon award for best booth. The Latinos Involved in Further Education (LIFE) was presented with the award by Mel Bernstein for their display of pinatas and their delectable delights of Nachos, Mexican Beans, and Pina Coladas. When I asked them if they had made a profit, a representative of LIFE said that they had made enough money to get them to the next international convention.

Another profitable booth was the Republic of China exhibit. Mr. Lui sold Chinese Calligraphy, interpretational drawings of English words, to raise money along with egg rolls for $1.

Then there was the Brazilian booth, where they were giving Brigadiero, a Brazilian candy, away to people who could correctly answer questions regarding the country.

But in the end, my favorite booth was waiting for me in the middle of all of it. The U.S.A. booth, selling Apple Pie and Apple pie with ice cream.

Drugs

Continued from page 1

been arrested for possessing as little as a third of an ounce of marijuana. Many travelers assume that, as American citizens, they are immune from prosecution under foreign laws. But the truth is, Americans suspected of drug violations can face severe penalties, even the death penalty, in some foreign countries. It is not uncommon to spend months or even years pretrial detention, only to be sentenced to a lengthy prison stay without parole.

Once an American leaves U.S. soil, U.S. laws and constitutional rights no longer apply. U.S. consular officers can visit jailed-Americans to see that they are being fairly and humanely treated, but cannot get them out of jail nor intervene in a foreign country's legal system on their behalf.

Travelers should be particularly wary of persons who ask them to carry a package or drive a car across a border. They might unknowingly become narcotics traffickers. If required for medical reasons to take a medication containing narcotics they should carry a doctor's certification attesting to that fact and should keep all medications in original and labeled containers.

Getting involved with drugs overseas can do more than spoil a vacation, it can ruin one's life.

UNION BOARD
this week:

The PRINCESS BRIDE

She gets kidnapped. He gets killed. But it all ends up okay.

Thursday at 5:15pm
Saturday at 10:00am and 1:00pm

Rob Reiner, critically acclaimed director of This Is Spinal Tap, The Sure Thing, and the surprise box-office hit of 1988, Stand by Me, takes viewers to an enchanting fantasy world in The Princess Bride. Set once upon a time in the fairy-tale kingdom of Florin, The Princess Bride has everything—fencing, fighting, monsters, chases, narrow escapes, and true love. The thrilling adventures of Buttercup, the most beautiful woman in the world, and Westley, the heroic man she loves, unfold in breathtaking fashion. Lending support to the delightful story is an all-star cast that includes Mandy Patinkin, Christopher Guest, Peter Falk, Carol Kane, Peter Cook, and Billy Crystal. Written by two-time Academy Award-winner William Goldman, and based on his best-selling novel, The Princess Bride is a romantic comedy-adventure that will keep you laughing happily ever after!

Live in the Bog

An all-ages, $2.00, more fun than death show will take place Thursday at 9:00 pm in the Bog.

ALL-NIGHT NEWSBOYS

Top 40/dance
IIT Union Board
Mini-Concerts Spring ’98 Survey
In order to get bands for the Fall Semester, we would like to get some feedback from the students that attend our events on Thursday nights in the Bog. Your honest opinions will help us provide quality acts:

1. How many Union Board Mini-Concerts have you attended in the past semester? _____
2. Have you purchased a Semester Pass? _____
   If not, why? _____
   Is price an issue? _____
3. If you have attended 2 or more concerts over the semester, which acts did you like most? _____

4. Below is a listing of all the bands that played in the Bog recently, please circle those that you would like to see again.

   Jok Makro | The Rave | Backstreet Deluxe
   Lil Darlings | Shulld Up & Drive | Salami Bros.
   Famous Vacationers | Double Exposure | A Circle of One
   Decades | Snap Shot | Crack’d Actor
   The Naturals (open mike night winners)

5. Below or on another sheet of paper, please list any bands that you feel we should have this coming Fall. We have 15 really great bands planned but we appreciate your input.
