WRESTLING MIXES WITH POETRY FROM handmake

Ambyr and Walston Are Headlines

With present of the freshman class, the headlines for the coming year. The cheerleaders in the stands, and Lindner, president, with Sidney Bogardus, business manager, to sit the stands.

The cheerleading team plans to present one new song before Christmas. The first day for the meet, it will be handled by the officers at the season. The team will be prepared to meet and the cheerleaders to practice the new song.

Ambyr and Walston, headliners, are the only candidates for the new song. It is said that with the selection of the song, both Ambyr and Walston are expected to make the team.

Electrion Committee Is Appointed for ’39

The committee for the election of the student body is now organized. President J. A. Walston, president of the student body for the coming year, has appointed an election committee to select the candidates for the various offices. The committee is composed of five members and is supervised by the faculty advisor, Dr. J. A. Walston.

The committee will meet on the 1st of December, at which time the candidates for the various offices will be presented. The candidates will be selected from the students who have applied for the various offices.

Rifle Club Turnout Augurs Good Season

Hardy McDonald, captain of the rifle club, has announced that the rifle club will meet on Tuesday, September 9th, at 7:30 p.m., in the Armory. The club will begin its season on the 1st of September, and will meet on the 1st of the month.

The rifle club has been active in the past season, and is expected to have a successful season this year. The club has a large number of members, and is well organized.

Math Club Will Meet Fourth Friday Each Month

The Math Club will meet on the 4th Friday of each month, at 7:30 p.m. The club will meet in the Armory, and will be open to all students.

The Math Club is a student organization, which is open to all students who are interested in mathematics. The club meets on the last Friday of each month, and is open to all students.

Engagement in Chem Lab Shows Leadership

Just as senior and senior-in-chief, are the students who are elected to the position of leader in the student body for the coming year. The students are elected by the faculty, and are expected to lead the students in the coming year.

The students are elected on the basis of their leadership qualities, and are expected to work for the welfare of the students.

W.E.S. Makes Plans for "Coming Season"

Just Friday’s meeting of the Athletic Board of the W.E.S. was attended by the students who are members of the Athletic Board. The meeting was called to order by the President, and the students were introduced to the new members of the Athletic Board.

The meeting was conducted in a business-like manner, and the students were introduced to the new members of the Athletic Board.

The meeting was adjourned, and the students were introduced to the new members of the Athletic Board.

The students were introduced to the new members of the Athletic Board.

A picture tells its tale.

Fraternity Notes

PI KAPPA PHI

The home is now at the height of Freshman Week.

The dance Saturday night was a homecoming for many Tower Fraternity members. The music furnished by the Tower Band was enjoyed by all who attended.

The dance was followed by a Faculty Dance, the members of which included the entire Tower staff.

The three classes present were: Freshmen, Sophomores, and Juniors.

The dance was concluded by a speech by President H. E. Kincaid, who presented a trophy to the winning class.

Cancers (back stage) — You know that since in those two knockdown and knockdown jocks and those generally knockdown, those Burtogig Telephone — You. What do you want to look at?

Cancers — We want to take the two hundred out.

Dame Bovary - "Let's play college what day?"

"All right, let's go. I've got a pipe and you get dodgy cheap back.

A young girl wasVariation in the country and became friendly with a farmer boy. One evening when they were strolling along a country path they saw a cow and calf running toward them. The calf was hurt, and the farmer boy helped it back to the barn.

"All right," said the farmer boy, "you didn't make me look at the cow, so you can control that now.

"Yes, yes," said the girl, "but you sure am going to have a cow now.

Concentration is the art of keeping oneself awake and well when you have nothing to do and are trying to accomplish nothing.

"Your face must be girls who go to give a talk.

It was the first street fight of the season, and the interior of the room was crowded with people eager to witness the fight.

"Thirty-nine!" exclaimed the judge, "and you did not fall over!"

Where can I get a nice shot eleventh? I want to take pictures.

"You told me, you said, and you did it."

The judge ruled that the boy was guilty of the charge.

"Well, you know it, Mr. Starke, you've accused me, and I've been all over this ground."

"Yes, he did have troubles, but he didn't do much about it."

"But that's more like the Freshman. Who's his partner there?"

M. T. R. Recognizes Value of Social Science Courses

Manhattan Institute of Technology has altered a further section in the program of social science courses. This alteration is the result of the recent development of a new course in social science, which has been added to the regular curriculum.

Students who have completed the course in social science are required to take a written examination in the subject matter of the course. The examination is given by the instructor of the course and is graded according to the standards of the department.

The course in social science is designed to provide students with an understanding of the social forces that shape our modern world. It is intended to equip students with the knowledge and skills necessary to understand the complex interrelationships of society and to be able to make informed decisions in their personal and professional lives.

The demand for the course has been so great that the department has had to increase the number of sections offered. This increase in demand is due to the growing interest in social science among students and the recognition of the importance of social science in contemporary society.

The new course in social science is part of the Institute's efforts to broaden and enrich the curriculum. The Institute is committed to providing its students with a well-rounded education that prepares them for successful careers in a variety of fields.

The Institute is currently seeking to expand its offerings in social science and to develop new courses that will further enhance the educational opportunities available to its students.
ARMOUR TECH NEWS

Tuesday, October 8, 1935

At Drake University (Des Moines is in radio broadcasting he has recently been conducting a through investigation into the sound of times (The first one is worth a trip over the nasty bit by bit)]. Which out radio is a field for the coaxual listeners..."

In a group of 140 school enrolled as leading, athletically speaking, the 60 had been included for that.

A three-wheel cart, containing 300 pounds of a potable mycoplasma, but weighing 90 pounds, is used at the University of Minot to transport the hospital's people. This cart is fixed with a plate of lead more than an inch thick and is covered with a copper plate covered with chromium.

"Every scientific test yet made on the effect of size of class on academic" reports Prof. Arthur A. G TREE DES Moines, "has not been able to show any difference of small classes but there shows a considerable difference in larger.

As a letter calls a conclusion, the surveys show that in the first place, the larger classes during the same subject have been found.

A Freshmen at the University of Kansas during enrollment meeting that he had a middle stage and found, but no other sources.

Every time a G offspring player played a louse in a major league, coach Andrew became him a new hat. Which prevents him with a good reason for the present cataloging find for going garrisoned.

A University of Southern California senior once gave four medals for running in the race in the second year of college. He won the best runner in the four-year solid, but when he came to his end of the task, found no incentive to grab the curb, as he he just had the running and came in third. He was awarded all four medals. (What a profound expression, I suppose, went upon four unlucky of the contemporary news because,)....

A Trinity college professor recently joined by the first class is in his 30s years because he thought Wallingford, commonly March 26 and took a holding. (To be glad in full scale at the average for your format.)

The largest users ever rolled up by General Telephone directors was made during the Cumberland game in the year 1940. Meanwhile, February 14, and the is.

Dr. R. L. Fountain of Peabody College, recently found out that if the chain better system worked perfectly in one way country, everybody would eventually wind up with a B.A.

Extra Policeman to Patrol Armour Beat

Additional police protection has been provided for Armour students since Friday, Oct. 4. An extra policeman has been assigned to a two-thirty afternoon between Westown avenue and Northside Road. This officer is on duty between 4 P.M. and 11 P.M. every night. A citizen can contact him with the police, and therefore requests can be made.

The new forces is to Mr. J. B. All.

at St. Luke's Hospital and the police are under no legal authority. The police will therefore be under the direction of the new arm.

To get a new source of revenue, the police, according to Mr. W. C. Smith, Department head of the police, will have to protect the police station at 117th and Foxtrot, where the new police will have to do their work.

There will be a new source of revenue ranging from 25 cents to 50 cents.

102 Try Out for Armour Gee Club

One eighth of the school turned turn out for the Gee Club rehearsal last Thursday, to be used. The entire group was registered. This is the largest turnout in the history of the club. Out of this large quantity of new material Mr. Beach, the director, expects to pass a few candidates into use any avery he has for many years. Unfortunately, however, in the process of using the club, about half of the present registrants will have to be eliminated. This will be done by individual try-outs. It is hoped that with so much material available new side lines will be found to interest the players of Dublin, Rail, and Kent.

Orchestra Needs Recruits

At next Thursday's meeting a combined meeting of the Orchestra and Gee Club, the election of office holders will be held.

The orchestra now consists of 72 men. This season does not mean that it is as complete as it could be. Members who can play the guitar, banjo, clarinet, banjo, banjo, or any other musical instrument with any degree of skill will be needed.

Many Concerts Planned

The Club will hold several concerts at the American Symphony Association, and outside parties. The first of these will start at 2 P.M. every Sunday. This year it is expected that there will be more than six times more than last year. Plans for these practices will be posted on the bulletin board in the garage of the main building.

The club is employed in the orchestra, and it is expected that those who are afraid of getting their own equipment will be offered. It is expected that a few of them will be offered to the number of the club to re-

Swimmers! Come One, Come Two! Here’s First Call

The annual swimming team meet was held at Forest Hills High School last week. The meet was very successful, and the following swimmers were chosen from the school:

1. Smith, John
2. Brown, Robert
3. Davis, James

The meet was very exciting and the crowd was thrilled with the performances of the swimmers.

A.T.A. Board Meets to Discuss Changes

The A.T.A. Board of Directors met last week to discuss several changes to the organization. The changes include:

1. A new membership system
2. A new bylaw for the organization
3. A new policy for the annual meeting

The changes were approved by all members and the A.T.A. will begin implementing them soon.

Golf and Tennis Tourneys Open

The golf and tennis tourneys are now open for registration. The tourneys will be held at the Forest Hills Country Club and the Forest Hills Country Club, respectively.

From 1900 to 1934 the leaf tobacco used for cigarettes increased from 13,084,037 lbs. to 326,993,357 lbs., an increase of 2,932%.

It takes mild ripe tobacco to make a good cigarette.

During the year ending June 30, 1900, the Government collected from cigarette taxes $3,969,193.

For the year ending June 30, 1934, the taxes were $350,299,442, an increase of 8725%.

Cigarettes give a great deal of pleasure to a lot of people.

More cigarettes are smoked today than ever before. Their popularity continues to grow.

The demand for cigarettes is increasing, and manufacturers are responding to this demand with new and innovative products.

We believe you will enjoy them.

Miss Steele Lists Chicago Libraries

Students are not generally familiar with the wealth of reference material to be found in the libraries of Chicago. The following institutions have been selected by Miss Steele to be included in a complete list, but includes Libraries open to the public—where reference service is given.

The list includes:

1. Chicago Public Library
2. University of Chicago Library
3. Northwestern University Library
4. Illinois Institute of Technology Library

The list is not exhaustive and more libraries can be added to the list. The following are the libraries included:

Chicago Public Library

University of Chicago Library

Northwestern University Library

Illinois Institute of Technology Library

The libraries are open to the public and provide a wealth of reference material.

Boyle and Son's Chicago Libraries

Boyle and Son's Chicago Libraries provides a wealth of reference material for students and researchers.

The libraries are open to the public and provide a wealth of reference material.
