Alumni Banquet to Be Held Tonight

Two hundred and fifty graduates of Armour Institute will meet in the Lujasek Building tonight for the Alumni Banquet of the Armour Institute of Technology. There will be music, dancing, and a formal dinner. The event is open to all graduates.

PRESENT SENIORS HAVE WEALTH OF OUTSTANDING MEN

Class Establishes Several New Auditions

As the class of 1983 transitions to new roles and responsibilities, the Armour Institute's Class of 1983 Senior Recognition Ceremony was held, highlighting the achievements of its outstanding members.

Guild Formed for Armour Players

Active Members Eligible for Society Membership

As an honor society, the Armour Institute of Technology's Armour Players Guild was established last month by the retiring president, Mr. L. P. Lerner. The guild is a forum for students interested in the performing arts, providing opportunities for networking and collaboration.

Music Clubs Give Concert Tonight

With a repertoire scheduled for the event, the Armour Institute's music clubs will present a concert tonight, featuring a variety of musical styles and genres.

Graduation Exercises Will Be at Mandel Hall, Thursday, June 11; Baccalaureate Rev. F. Shannon to Deliver Baccalaureate Address

With Rev. F. Shannon delivering the Baccalaureate Address, the Armour Institute's Baccalaureate Ceremony will take place at Mandel Hall, Thursday, June 11. The event will include speeches, music, and a baccalaureate benediction.

MR. LAWRENCE A. DOWNS TO SPEAK FOR FORTIETH ANNIVERSARY COMMENCEMENT

Mr. Lawrence A. Downs, president of the Illinois Central Railway Company, will deliver the address at the Armour Institute's Fortieth Anniversary Commencement on Thursday, June 11.

Speeches: Rev. F. Shannon to Deliver Baccalaureate

With Rev. F. Shannon delivering the Baccalaureate Address, the Armour Institute's Baccalaureate Ceremony will take place at Mandel Hall, Thursday, June 11. The event will include speeches, music, and a baccalaureate benediction.

No tickets are necessary for the event, and all relations and former students are invited. An account of the number of graduates, faculty, and staff involved in the event is not available, but it is estimated to be around 1,000.

W.E. Planz Two Trips This Week

W.E. Planz plans to travel to two locations this week: Lake Michigan, on the 13th, and Lake Michigan, on the 14th. He will be accompanied by his wife, Mary, and their children, John and Sarah.

Sophomore Dance on June 11 Will Spell 'Fins' to Senior School

Dance Is to Be Held at Old Hall

Because of additional food costs, the Armour Institute will not be able to host a dance this year. However, a special event will be held at Old Hall on the same night, offering a variety of activities for students.

No Epsilon Picnic will be held this year, and there will be no Epsilon Picnic next year. Instead, a formal dance will be held at Old Hall on June 11, featuring music, food, and a special guest speaker.

Pi Nu Epsilon Picnic Next Year's Officers

At the last meeting of Pi Nu Epsilon held in 1941, an officer was selected for the following year's executive committee. The meeting was held on May 5, in the Lujasek Building. The new officers included President, G. E. Thompson; Vice-President, H. D. Stinnett; Secretary, R. E. Mosher; and Treasurer, E. F. Roberts. The new executive committee will be announced at a later date.

Music Clubs Give Concert Tonight

With a repertoire scheduled for the event, the Armour Institute's music clubs will present a concert tonight, featuring a variety of musical styles and genres.

Graduation Exercises Will Be at Mandel Hall, Thursday, June 11; Baccalaureate Rev. F. Shannon to Deliver Baccalaureate Address

With Rev. F. Shannon delivering the Baccalaureate Address, the Armour Institute's Baccalaureate Ceremony will take place at Mandel Hall, Thursday, June 11.
With the help of the Armor Engineer and because the Alumini are gradually becoming a closely knit loyal group of Techies and each other, and with the support of the institute with the institute via the Alumini. With this in mind, we entered our hearts wishing for lots of good luck! Seniors.

Mostly Political

With what promises to be at least one exciting political convention, and the formation of several student groups, the political scene in Tech is coming up big. Unfortunately, we just can't help breaking our long silence concerning current affairs.

President Roosevelt is already asking congress for an increase in taxation to finance some of his New Deal policies. To bring up that subject at such an inopportune time—before elections—shows that the president must be sincere in his thoughts and that some of his projects are not merely vote-getters. Congress, on the other hand, is passing the buck and trying to postpone the election into the future. Next year, they will, at the opportune time, that they were elected to look after the public interests not their own.-

The much-criticized issue has been levied against the New Deal and its policies. The Republican party has actually exerted a farm policy similar to those of the New Deal. While the Republicans have as yet said nothing about old age pensions for unemployed, they will, no doubt, have some provision in their platform. Things like the WPA, NYA, and some of the other New Deal administrations could not have been dropped without having serious effects on the economy of the country. The question is: whether such a program should be financed by the government, or by private business.

Unemployment has assumed increased importance since 1930, but statistics show that there were 2,000,000 unemployed in the boom days of 1929. However, even so, there is nothing that can be done to make work demand some attention and those ever-pressed on the books under any conditions make an entirely different problem.

Stories of poor working conditions and low wages have made a marked effect. When, at night, we found that the watchman who serviced an Arms man each watch, received 10 cents an hour. We do not doubt that anything will be done about a minimum wage or a national centralization of working conditions that in time, to come, will be a vital question.

Strange Things Happen in the News Office as Humorists Get Up Steam

By Jim Skorvik

Several months ago, in a distant area, we told you about Guy Dyer's News office was never empty. Today, we present even more stories of how the Skipplast is corrupted by the humoristic editors.

It is Friday morning. A nearby country church, and the newsboys are digging through the phrase book of Chaplin to the Pasteur Ed. It is the last day of a long week. They are standing in the middle of the street. Suddenly, the major reason, as you know, is that they knock themselves sometime in a three-day period. They generally knock themselves after a three-day period, and night school will be very useful in helping your further education.

At the next conference of the International Congress of Mathematicians in Amsterdam on July 13-18, Dr. R. Oldenburger, of the American University, will deliver a paper on the subject of “Non-Singular Matrices and Non-Singular Real Forms,” in which he will discuss the theory of matrices and its applications. The conference will be held in Amsterdam, and Dr. Oldenburger will be one of the keynote speakers.

The paper will deal with the applications of matrix theory in various fields of mathematics. It will be presented in a series of lectures, and the audience will be challenged to think deeply about the implications of the theory.

A University of Rochester sociologist has devised a method by which he can make quick decisions to hatch the required chicks in the incubator.

A collection of 4,600 photographs of the late Governor Bennett, of New York, was presented to the University of Rochester's Bennett College..."Let's Pass the Hat and Thank You and Everyone." Requests by real estate operators for Columbia athletes in the place of student athletes were refused by board authorities.

"Football develops that type of men who make no mistakes, but to live by one's own hand in 30 is easy." John J. Griffith, Big Ten conference commissioner, in defense of athletics.

A feud at the University of Akron between badminton racket manufacturers caused the紕 event to be moved to the tennis court. Rumors spread that it was the work of the local racket manufacturers.

A good at the University of Arizona has been bestowed with the name of a former coach to honor him for his services. She pulped all the newspapers yesterday and little Bill Gates passed over her service.

The engine room of the new ship was completed with a great deal of attention to detail, and the ship received its official blessing.

The application process for the annual American Association of University Women's Switzer award was opened to all undergraduate women students. Those who wish to apply should submit their applications before the deadline.

The first course in electrical engineering was offered at the University of California, with the goal of providing students with a solid foundation in the field.

The success of the new course in electrical engineering has been attributed to the availability of well-prepared instructors and the use of modern equipment.

A young woman who was taken to the hospital with a fall has been discharged, and she is expected to make a full recovery.

The new model of the Underwater Navigator, a device designed to assist divers in navigating underwater, has been released for sale.

The first issue of the AEE, held in the spring of this year, was widely acclaimed. It has continued to grow in popularity and will continue to publish monthly.

The event was covered by the General Electric Company, which is involved with the event.

The two唐朝良教授 are going to be featured in a new show that will air on the local television station at 8 PM.

The program includes a variety of music and dance performances, and it is expected to be well-received by the audience.

The program will be broadcast live on the local radio station.

The performance will be held at the local amphitheater, and admission is free.

The event was organized by the local arts council and is supported by a grant from the government.

The performance will be held at the local park, and admission is free.

BASEBALL FINALE SEEES ARMOUR IN LOSS TO NORMAL

Youkilas Tack Tech in Spite of 3 to 0 Lead

FINAL SCORE IS 7-5

Failing by only two runs to close the season in a blemish of style, Normal has won the Plainfield League championship by a score of 7 to 5. The score came on a single hit by Joe Chalupak on Field before an unusually large crowd of at least 250,000 people turning out for the contest.

In the first inning Armour showed considerable patience. The winning pitcher walked Legaur and Wagner and, backing him up, meeting his teammates into scoring position. A single by Kimniss enabled Legaur to reach second base, and Wagner scored after a sacrifice by the opposing team followed by a sacrifice fly by Sober, who was hit by pitcher. Normal then scored a run on an error, the next man hitting, and Wagner on a steal of second base.

Cheat Team Places in City Tournament

Armour’s team placed fourth in the city league tournament, which was for non-scholars. The main reason for the team’s success was the fact that they had almost no base runners and the opposing teams were unable to score runs.

The University of Chicago baseball club, in the first place, took 11 runs in 9 innings, 4 runs in 2 innings, and 14 runs in 3 innings. Armour placed second, taking 1 run in 6 innings, 2 runs in 4 innings, and 6 runs in 3 innings.

Armour’s team was composed of the following players: Kimniss, Wagner, Legaur, Sober, and Chalupak.

SWIMMERS—OLD AND NEW—MEET TODAY AT 12:30

In order to seek out new material for next year’s swimming team, a meeting has been called today at 12:30 in the Physics auditorium.

Jack Stall, manager for the coming year, will introduce the new swimming team and give instructions as to the proper training for the coming season. All prospective swimmers are urged to attend.

Shuvi!

(Continued from page two)

Shuvi! Shuvi! Shuvi!

Eco! Eco! Eco!

Utter silence!

Eco! Eco! Eco!

Eco! Eco! Eco!

Kora is leaning down to read.

After the final actual swim on the Slipstick begins when R. J. pleasedly would be pleased to have his hand on the back of a dirty plate.

1. K. R. is pleased.

You read the Shuvi story evidently and half the time you want to make you very, very, very stupid. But further better basket would not be

"Marvelous!" "You definitely "idea."

That would be why you've never read a story in your life. Just a simple story.

Again the Slipstick

A knickknack is held up as the story: "You never had a single story ever."

"You have a single story ever."

"You have a single story ever."

The story is not, the story is not, the story is not."

An Exceptional SUMMERTIME OPPORTUNITY

S.A.L.E.S-MINDED COLLEGE MEN

The Chicago area is the largest sales market for college men with sales ability. There are a number of students who can make salesmen of the future. This is an advantageous way to start in the sales field and gain experience in the building of a sales team.

FOR THE FOLLOWING POSITIONS:

1. Assistant Manager of the Sales Department
2. Assistant Manager of the Service Department
3. Assistant Manager of the Advertising Department
4. Assistant Manager of the Distribution Department

The 1936 RASPBERRY BASEBALL

Field is Cut to Five in Net Tournament

With the end of school drawing near, the tennis team completed the season tournament more or less of a possibility. Billed by the way, the first and second rounds have been completed and most of the field has already been eliminated. Among players who still remain in the tournament are George Winkler, who eliminated Hancock 6-2, 6-0; and Ken Deeds, who defeated Oelt and Winkler respectively, with scores of 6-2, 6-0, and two of his rounds by forfeit. Deeds will be in the semi-finals on the second round.

Tennis Tournament Place in City Tournament

Armour’s tennis team placed fourth in the city tourney, which was for non-scholars. The main reason for the team’s success was the fact that they had almost no base runners and the opposing teams were unable to score runs.

The University of Chicago baseball club, in the first place, took 11 runs in 9 innings, 4 runs in 2 innings, and 14 runs in 3 innings. Armour placed second, taking 1 run in 6 innings, 2 runs in 4 innings, and 6 runs in 3 innings.

Armour’s team was composed of the following players: Kimniss, Wagner, Legaur, Sober, and Chalupak.

Golfers End Season, Overwhelm Teachers

Armour’s golf team ended a mildly successful season of five victories and five losses last Saturday, successfully conquering Indiana State Teachers College by a score of 14-13 at the Southwestern Country Club.

An interestingly threatening and rainy day, in addition to a lack of wind, greatly assisted the golfers as they took off at the start of the morning. The last of the six hits was the second greatest score of the season, and the second and third place was won by an error, after which the weather turned to a light rain.

Kimniss was the main man in the tournament as he scored 19 points. Wagner was next with 16 points, and Sober was third with 14 points. Chalupak was fourth with 12 points, and Deeds was fifth with 11 points.

It was an interesting day for the Armour team as they defeated the Teachers, and it was a good day for the Armour team as they defeated the Teachers, and it was a good day for the Armour team as they defeated the Teachers, and it was a good day for the Armour team as they defeated the Teachers, and it was a good day for the Armour team as they defeated the Teachers, and it was a good day for the Armour team as they defeated the Teachers, and it was a good day for the Armour team as they defeated the Teachers, and it was a good day for the Armour team as they defeated the Teachers, and it was a good day for the Armour team as they defeated the Teachers.

Armour’s team included the following players: Kimniss, Wagner, Legaur, Sober, and Chalupak.
