FIGNAL DANCE IS FINALE OF JUNIOR WEEK, MAY 1-15

Choirs, pageants, and band concerts were all part of the program for the finale of a week of activities. Junior Week, which began May 1, was a week of activities for the junior class, including dances, musical performances, and other social events.

PROBABLY THE LIONHEARTED

Notwithstanding the fact that a dateline has been inserted in the news, the question of whether or not it will be necessary to have the junior class present at the assembly on Saturday morning is still open. The junior class was present at the assembly on Friday, and the question of whether it will be necessary to have them present on Saturday morning is still open.

W.E.S. TO Hold Splish, Paris Ball

The W.E.S. is planning to hold a Splish, Paris Ball on Saturday night, May 9. The ball will be held in the auditorium of the school, and will feature a variety of entertainment, including music, dancing, and a variety of other activities.

Senior Dance Straw

Senior dances have been announced for the following dates: May 6, May 11, and May 18. The dances will be held in the school auditorium, and will feature music, dancing, and a variety of other activities.

A.S.M.E. Adopts New Constitution

A new constitution and by-laws have been adopted by the A.S.M.E. (American Society of Mechanical Engineers) chapter at the University of Illinois. The new constitution includes a variety of changes, including the addition of new sections and the revision of existing sections.

Armour Tech News-ans Ketchup with Kallos Ketchup Krimmer

A new condiment and sauce has been introduced by the Armour Tech News-ans Ketchup Krimmer, which is available in a variety of flavors. The new condiment includes a variety of spices and seasonings, and is designed to enhance the flavor of a variety of foods.

Civils on Inland Steel Trip

Ten students from the Civil Engineering program at the University of Illinois are planning to take a trip to Inland Steel Company. The trip will be an opportunity for the students to learn about the operation of a large steel mill, and to gain a better understanding of the steel industry.

Armour College of Engineering

The Armour College of Engineering is planning to hold a series of lectures and seminars on a variety of topics, including engineering education, engineering research, and the future of engineering. The lectures and seminars will be open to the public, and will feature a variety of speakers, including faculty members, industry leaders, and government officials.

Fraternity Notes

THETA XI

We are pleased to announce the election of the following new members:

William Good C. E. 73

A banquet was held afterwards in a private home to celebrate the occasion. We also wish to congratulate Brother Chapman upon his recent marriage. Brother Chapman is a member of Theta Xi in the University of Chicago. He has been a member of the fraternity for three years, and has served as secretary-treasurer during that time.

PHI KAPPA PHI

The chapter extends its hearty congratulations to Brother George Davis, who was elected to Phi Kappa Phi. He is the first member of the chapter to be elected to this prestigious fraternity.

DETAI, TAU DELTA

Most sincerely hope the fraternity will continue to meet the expectations of its members. Many activities, alumni, and pledges will be present.

We hold the pleasure last week of receiving a visit from Brother Foster, from U. C. L. A., and Brother Nelson, also from the fraternity. Both boys said that the house is still living at the house and that all activities are of a good. Two new members of the fraternity have been initiated, and are planning to attend a few meetings.

PHI KAPPA SIGMA

Under the sponsorship of the Officers' Club the chapter held a banquet on Saturday night. The evening was enlivened by a number of speakers and a variety of entertainment. The chapter is planning to hold another banquet in the near future.

RHO DELTA PHI

At an election of officers held last Friday night, the following men were elected for the coming year:

President: Samuel M. Townsand
Vice President: Sidney Enders
Secretary: Robert H. Martin
Treasurer: Louis E. West

TRIANGLE

Late last Friday night a radio dance was held in the house. All who attended it seemed to enjoy themselves.

Brother Tatum was at the University last week, and is still living at the house. He has been in touch with the fraternity and has decided to remain a few more weeks.

Fraternity Notes

Students and Gentlemen:

The students and gentlemen of the university are hereby notified that a meeting of the fraternity will be held at the house on Wednesday evening at 8 o'clock. All members are requested to attend.

Sincerely yours,

[Signature]

FOR DIGESTION'S SAKE—SMOKE CAMELS

Smoking Cigars Assists Digestion to Proceed Normally and Promotes Well-Being and Good Feeling

We live in high gear, buy much and eat out as little as we do in the city. All too often our club activities play havoc with nerves and the digestive system. How can one afford the effects of such living—dull or bad living—then be fatal? It is an elemental fact. The camel has been found a definite cure-

The Terrific Shrimp Dinner Boobs of the Edgewater Beach Hotel, Chicago, those who dine in leisure also appreciate Camel's for their aid in digestion. Camel's Cigar, a magic secret of the Medici Dinner Rooms, "so many of our guests smoke Camel's. They are immensely popular."

SILENTINES

(Continued from page one)

Our third campus is a school recently opened in Toronto to teach women to keep offices. There are classes for walking through the country for people to study, and there's a special one for men who want to learn about their own sex. The classes are held in the afternoon and include topics such as etiquette, personal hygiene, and communication skills. The instructors are all well-known experts in their fields, and the curriculum is designed to meet the needs of a wide range of students. For more information, please contact the admissions office at 123 Main Street, Toronto, Ontario, or visit our website at www.americanuniversity.ca.

In the opinion of the students and faculty at Toronto University, however, the school is not receiving the attention it deserves. Despite its high standards and rigorous curriculum, the school remains largely unknown to the general public. The students are frustrated by the lack of recognition and support, and they are calling for more resources and funding. In an open letter to the administration, they write, "We are not asking for handouts, but we are asking for the opportunity to prove ourselves. We have the talent and the drive, we just need the chance to shine."
I wouldn't give that for a cigarette that doesn't satisfy that doesn't give me what I want in a smoke.

I want my cigarette mild, of course—I hardly think anybody enjoys a strong cigarette. But deliver me from the flat, insipid kind.

I find a great deal of pleasure in Chesterfields. They're mild and yet they seem to have more taste and aroma. I enjoy them.

They Satisfy... just about all you could ask for.
