A.S.M.E. to Visit U.S. Steel Plants

Tomorrow the A.S.M.E. at Armour will make a complete inspection of the steel-making techniques in use at the Republic steel plants of the U.S. Steel Corporation in Gary, Indiana. All students in the engineering courses and members of the faculty will be encouraged to attend the inspection tour tomorrow. From 8 a.m. to 5 p.m. the students will visit one of the Republic steel plants and see the latest steel-making techniques in operation.

Concert and Prominent Trio to Play at Symposium 300% Success

The musical evening will consist of a concert with a program of the latest steel-making techniques and a prominent trio of musicians. The evening will begin at 8 p.m. and will feature the latest steel-making techniques in use at the Republic steel plants.

Athletes Hear Halas' and Flanagan's Speech at A.T.S.A. Dinner

Last Tuesday evening hundred students and faculty members attended the Athletic Department's annual dinner at the Armour Hotel. The dinner was attended by the students and faculty members of Armour, and the school was represented by the Armour football team.

The dinner was a great success and was attended by many students and faculty members.

Let's Have a Student Union

The Armour Technical News has been circulating among the students this week. It has been distributed to the students at the Armour Technical News office. The students have been discussing the topic of a student union. They are concerned about the lack of representation for students in the school's decision-making process. They are calling for a student union to be established.

STUDENT UNION

In the past, students have felt a lack of influence in the decision-making process at the school. They believe that students should have a voice in the decisions that affect their education. They are calling for a student union to represent their interests and to ensure that their voices are heard.

The students are planning to meet with school officials to discuss their concerns. They hope to work towards establishing a student union that will represent the interests of students and provide a platform for their voices to be heard.

FOR FLOODED AREAS

In the recent rains, many areas have experienced flooding. The students are concerned about the impact of flooding on the community. They are calling for better planning and preparation to address the issue of flooding.

The students are planning to organize a community meeting to discuss the issue of flooding. They hope to work with local officials to develop a plan to prevent future flooding and to ensure that the community is prepared for such events.

BELLE TELEPHONE SYSTEM

The students are also concerned about the quality of the telephone service in the area. They believe that the current system is not sufficient to meet the needs of the community.

The students are planning to contact the local telephone company to express their concern about the quality of service. They hope to work towards improving the telephone service in the area and ensuring that it meets the needs of the community.

THE SLIPSTICK

The Slipstick is a popular game among students. It involves a slipstick, which is a type of game that requires skill and strategy.

The students are planning to organize a Slipstick tournament to promote the game and to bring students together. They hope to work with local businesses to sponsor the event and to ensure that it is a success.

DURING THE JUNIOR BALLS, Western Electric-Services of Supply to the Ball System—once again set its motion severs for its meritorious achievements in streaming.

From its three factories and many marketing points, it reached telephone materials of every kind and kind of stream for its meritorious achievements. A short day and night telephones and wires worked to maintain and realize conformance.

Dynamic as is this emergency Supply Of Supply, it is really no more important than Western Electric's every day work. For 55 years it has kept the Ball System with an endless line of quality equipment. A major factor in making your telephone so for reaching, so dependable.

To give the future a real night? Home are most points are broken after T. P. M. and all sunday.

Ballmen Take Fourth Straight Win to Cinch N. I. Conference Title

Wheaton Yields Victory In Northern Illinois Division

Frat Softball Is Taken by Delts

Last Tuesday Delta Theta Delts brought the inter-frat softball tour-

nament to a close by overcoming competing Blu Delta 18-4.

Delites of the Delts pitched a no-hit game,estring needing and

extra-inning contest allowing only nine hits, five of which were

in the fifth and sixth innings. Wheaton w

showed no need for bunt

or base hits.

The Delta scored two runs in the first, a double by Eugenio Rea

Russo that had singled, and Eugenio coming home on a two-

hitter by Groom. Two more were scored in the third, while the Blu

Delta didn’t chalk up until the fourth when Wheaton and Kuduck

scored two doubles for a run. The doubles of the Deltas connected

with a batter in the fifth with one on bases, while six more were

scored in the fifth and sixth. Russo was still strong when the Blu

Delta took its last run in an eighth fly. Both teams were later held in

screen. Washington caught and McDougal on bases, bringing in a pinch hitter. With the Blu Delta losing its third game on the base which had been

infield fly, Russo led off to score. The Deltas scored twice, gaining an edge on the Blu Delta, which was

barred from the tourney.

Finnegan Sweeps Pentathlon Event with 3008 Points

Steve Finnegan, track star of the conference, swept through the

field of four other competitors to win the pentathlon with 3008 points. The

next competitors, Deputy, Royer, and Schaefer, followed with 2974, 2971,

and 2937, respectively.

Of the non-athletes who competed, Tallon was third with 3250;

followed by Bednar, 2748, Bruns, 2543, and Kruesi. 2019. Finnegan’s high of 3008 equaled Delts Nick’s score of last year at 3020 points, while McDaniel’s win last year for the two positions was almost enough for the conference’s pentathlon.

Finnegan scored in a good deal of his points in the half mile event,

scoring the track three times in 5:58.5. Finnegan finished second with a

throws scored and, better rates in his second and third place.

Since did the sound jump at 15 feet, 2 inches, for another 10.

Points. His next virtual was in the triple jumper, scoring 49 points.

Simon scored for the next with 37.5 points. Simon led with 70

her 110 inch in 5:58.5. She was the first woman

thrower in the track, the first woman

to score in the conference.

The 160 yard hurdles saw Tallon

pulling a time of 26.5, in 15th. Both Deiters, Tallon and Finnegan, were

in the first place in the time.

Tennis Team in Win Over Cards

Last Wednesday the tennis team brought another North Central title to

when the latter came home in a meet, the team won.

Tennis of Amore’s points came with the singles while the doubles

were one win in which they finished.

Doubles came through with a two and a half points for Green, 4-6, 4-6, but Tenant’s team needed no one more than that. He did have to look out for much

for No. 1, and his team overshadowed their match on deck 4, 6-4, 6-2. The doubles took a shock lead as they brought in the third team over court, 6-1, 4-6, 6-2, 6-2, 6-1, 6-4, 6-4, 6-4, 6-2, and Wagner’s victory over 6-4, 6-4, and 6-4, 6-2. With a split in the double, the team moved to its final standing at 8-4.
Reign of Faculty Ended by Seniors

I was a lucky man to have been in the first flight of the pinball machine. I remember the excitement of the first flight and the anticipation of what was to come. The machine was full of clever mechanics and the sound of the balls clicking against the pins was music to my ears.

The Seniors

The Seniors were the masters of the machine. They knew all the tricks and were the ones to turn on the power. Their fingers moved deftly, guiding the balls to the right places and ensuring the machine ran smoothly.

The Juniors

The Juniors were the next in line. They were the ones to add the excitement to the game. Their aim was to score as many points as possible and their fingers were quick to react to the machine's movements.

The Sophomores

The Sophomores were the ones to add the final touches. They were the ones to turn off the power, ensuring the game was finished to perfection.

THE END

The game ended with a flourish, the sound of the balls clicking against the pins and the excitement of the players. The machine was now ready for the next round, and the players were eager to come back and try their luck again.

The Players

The Players were the ones to enjoy the game. They were the ones to bask in the glory of the machine and the excitement of the game. They were the ones to make the machine come alive.

The Winners

The Winners were the ones to be celebrated. They were the ones to walk away with the high score and the satisfaction of a job well done.

The Losers

The Losers were the ones to be commiserated. They were the ones to learn from their mistakes and come back stronger in the next round.

The Machine

The Machine was the one to be admired. It was a marvel of engineering, full of clever mechanics and the sound of the balls clicking against the pins.

The Players

The Players were the ones to enjoy the game. They were the ones to bask in the glory of the machine and the excitement of the game. They were the ones to make the machine come alive.
