Scholarship Test to Be Given on March 23

The full-year scholarship to Armour Institute of Technology will be available to pupils who achieve the highest rank in the scholarship examinations for the year 1937. The examinations including the full-year scholarship will be held on the 23rd of this month.

The awarding of the scholarships to the students of Armour Institute is based on the merit of their scholarship examinations, and the students who are chosen will be those who have the highest rank in the scholarship examinations.

Chaplain to Play at Frosh Dance

Following the selection of Jack Chapman, the orchestra will be complete for the Frosh Dance held on the 10th of this month at the Balto Dance Hall, 920 South Michigan Avenue.

Chaplain’s varisable band is well known throughout the middle classes of the city’s harmonized orchestras. This orchestra is located in the Balto Dance Hall, Chicago, Michigan Avenue, and is conducted under the direction of Reverend L. A. Zoren.

Since the affair will not be a ticketed event, two tacks will be used for dancing. Recently, the new style of dance, which has been introduced, has been accepted, and the dance floor is used for dancing.

Junior Marshals Will Be Executed

Order Based on Design by F.P.E.S.

Mr. Stirling H. Harper, instructor in architectural construction and design, will give a talk on the subject of designs for the F.P.E.S. meeting next Friday at the Institute. Harper will discuss the various aspects of a design, the various ideas as they are transformed into drawings, the methods used by architects and the materials used in the construction of a design.

Junior Marshals Will Be Executed

Junior marshals will be executed by the senior marshals to mark the end of the year. Each junior marshal will be responsible for the correct execution of the exercises.

Tennis Tourney Held to Fund Club Chest

Members of the Club Tennis Club have organized a tennis tournament to be held at the clubhouse. Each member of the club will play at least one round, and the winner of each round will be determined by a judge.

The tournament will consist of two rounds, and the winner of each round will be determined by a judge. The tournament will be divided into two sections, and each section will be determined by a judge.

Meet the ‘Balloon’

Next week the Armour Tech Drum and Bugle Corps will inaugurate a new semi-baldachined drumhead. A new type of drumhead will be used for the first time, and the drumhead will be constructed of a new material which is more durable and less susceptible to wear than the previous type.

Meet the ‘Balloon’

The spoons will be made of a new material which is more durable and less susceptible to wear than the previous type. The spoons will be made of a new material which is more durable and less susceptible to wear than the previous type.

Meet the ‘Balloon’

The spoons will be made of a new material which is more durable and less susceptible to wear than the previous type. The spoons will be made of a new material which is more durable and less susceptible to wear than the previous type.

That Receding Corner

Prosperity is just around the corner. During the depression many people have lost all faith in the future, and production has dropped to very low levels. We are now less than half the pre-recession production, and it is our belief that we will return to the former levels within a few months. Yet the end of our troubles is in sight.

There were about 1,800,000 unemployed even at the peak in 1929. By 1932 this number had dropped to about 1,500,000 and it is expected to reach 1,000,000 by the end of this year. We see no signs of a new depression developing.

We sympathize with Mussolini for the problems which he must face.

Evelyn Chandler - Daring - Lovely - Wing-footed - Skating Marvel

HELLO! Evelyn Chandler - America's Queen of Figure Skating! She's the only one in the world who can do a complete revolution without touching the ice. It's called "The Arabian Carat Wheel." Yes, it is healthy exercise for Evelyn and all the other "Carats." Evelyn doesn't go to any place except the ice rink, where she practices with the Carats of all the other countries.

INTO A SPIRAL. Evelyn's balance and stamina show their skill in synchronized skating, because they have to do the same thing in perfect unison with every other member. They're wonderful!

ACROBATICS skated at breakneck speed in synchronized skating, because they have to do the same thing in perfect unison with every other member. They're wonderful!

Skiing, snowboarding, and water sports are made popular by school philosophers to use the student opinion column. Let's contribute to the "Malcolm!"

To You Authors

Hi, Evelyn! In a recent interview with Rudy Vallee's radio program, of his dislike for women and children, with which he wrote, he mentioned that authors who desire the favor of the wealthy usually do not receive their respect because they are considered unworthy of it.

If the author wants to be a leader, the public

The Slipstick

Clown to the slipstick - let the slipstick fly! What will you do with your spare time? Sooner or later, some art of some kind will be worth something.

The Steam Shovel

Valois! A letter from a young lady received last Thursday.

To the Editor of the Steam Shovel:

Dear Madam,

I am enclosing a letter from a young lady who wishes to become an actress. She tells me that she is interested in acting and that she has been practicing for some time. I would be grateful if you could give her some advice.

Yours sincerely,

WHY HEADLINERS IN WINTER SPORTS MAKE IT CAMELS

STREAKING DOWN a big-toned descent, 200 horses galloped past the stands. Then 200 horses galloped past the stands.
ARMOUR TECH NEWS

First Round of Inter-Fraternity Cage Tourney Is Now Complete

In the opening game of the inter-fraternity cage season, Phi Psi Phi took an easy victory from Kappa Psi, defeating them 78 to 34. The Phi Psi team took an early lead when several fast breaks were turned into points. The Phi Psi team did not lose ground until the second half, when the Kappa Psi team began to catch up. But Phi Psi pulled away with a strong finish.

Downed By Fast Squad
From Illinois State

SCORE IS 85-6

In a most marked with fast break traffic, the Illinois State squad, when they fell behind, showed a marked lack of court action. After losing the opening match in Gifford vs. St. Louis, 67-47, Illinois State could say, "That is how we play." The Illinois State squad characterized the entire game as after man after man failed to take a shot at a time advantage. In the first half, Illinois State played a smart defense, but made mistakes in the second half, losing to the much better team. The Illinois State team was unable to take advantage of the fast break and failed to take advantage of the fast break.

Phi Kappa Psi 79-69
Combining height and speed, the Phi Kappa and Dawsoners versus Illinois Alpha Alpha 89-50 in the first round of the interfraternity event. Dawsoners played a slow game and Dawsoners played a slow game. Dawsoners led 44 to 38 at the half, and Dawsoners won the game.

The Phi Kappa played a strong offensive game, and Dawsoners followed up the fast break on their long Leopold. Dawsoners dominated the game with a series of baskets and were in the lead, 26-23. Dawsoners were able to continue their lead, but the Phi Kappa team was able to make a comeback in the second half.

TANKERS DOWN NORTH CENTRAL FOR FIFTH WIN
Four of Six Events Won in 34-32 Victory

The Armour Tech swimming team turned in an impressive performance by defeating the North Central College swimming team on Tuesday.

The individual swimming heroes were J. B. Douglas, who broke a record with two points. The Tech swimming team won all six events but lost the final event in the victory.

The first event, the 50-yard freestyle, was won by Armour's J. B. Douglas, who became a qualified National North Central swimmer. The second event, the 100-yard backstroke, was won by Armour, followed closely by Illinois State. The third event, the 200-yard breaststroke, was won by Armour, while the 50-yard freestyle was won by Illinois State. The 100-yard backstroke was won by Armour, followed closely by Illinois State. The 200-yard breaststroke was won by Armour, while the 50-yard freestyle was won by Illinois State. The 100-yard backstroke was won by Armour, followed closely by Illinois State. The 200-yard breaststroke was won by Armour, while the 50-yard freestyle was won by Illinois State. The 100-yard backstroke was won by Armour, followed closely by Illinois State. The 200-yard breaststroke was won by Armour, while the 50-yard freestyle was won by Illinois State. The 100-yard backstroke was won by Armour, followed closely by Illinois State. The 200-yard breaststroke was won by Armour, while the 200 yard breaststroke was won by Armour. The meet was held in the Atrium pool at the Armour pool on Tuesday.

An independent survey was made recently among professional men and women—lawyers, doctors, lecturers, scientists, etc. of those who said they smoke cigarettes, more than 87% stated they personally prefer a light smoke.

Miss Jepson voices the wisdom of this preference, and so do other leading arbiters of the radio, stage, screen and open. Their voices are their fortunes. That's why so many of them smoke Luckies. You, too, can have the throat protection of Luckies—a light smoke, free of certain harsh irritants removed by the exclusive process "It's Toasted." Luckies are gentle on the throat.
Fraternity Notes

PI KAPPA PHI

The newly initiated members of the fraternity have completed their first week as members and are still rather surprised at not having to up their hands to every old member they meet.

A ping pong tournament has been rather well-compromised, having too many, if you get my drift, and several broken balls. Our star (17, the last word on the matter) Dr. Frank Feinstein was in the lead for the championship, but he was able to outlast the others.

Now that Bogus Carbone has returned and firmed us all up, we are getting better in the same frame of mind, (I am referring to the title of the month), but I am referring to the fact that the tournament was a success.

A note from John Thaves to a group of old friends, (Mostly, what with the distance between us) Dr. Frank Feinstein of Ohio State University.

THIRTY-FOUR SALLIES AT THE UNIVERSITY OF NORTH Dako- sa are taking a HOME MAN- agement course, which in- cludes problems of food, and personal hygiene.

PROBLEMS OF EThIC- TICAL SELECTION OF FOOD IN RELA- TION TO BODY AND PROBLEMS IN FAMILY RELATIONSHIP AND BUDGETING THE EX- PENSES.

“The young women are receiving some very good advice, but they seem to think that the advice is not as good as they thought it was when their mothers were young.”

The “advice” priestess of the month is Sister M. Joseph, a member of the faculty of the University of North Dakota.

PI PHI

Caniuza chapter of PI PHI held a banquet and a dance and a successful one it was. The dance was held at the home of Mr. and Mrs. J. E. H. Atwood.

The officers of the chapter were elected as follows:

President: William G. G. Vice-President: Gene B. Secretary: John B. Treasurer: Edward D.

We extend our thanks to all who contributed to the success of the event.

PHI KAPPA SIGMA

A note from the chapter to the members, “We have had a smooth and successful week. The chapter is looking forward to next week’s meeting.”

The officers of the chapter are as follows:

President: John B. Vice-President: Edward D. Secretary: William G. Treasurer: Gene B.

We extend our thanks to all who contributed to the success of the event.

Modern factories...spontaneously clean like your living room at home...that’s where Chesterfields are made.

The Champagne Cigarette Paper is pure...burns without taste or odor...you can’t buy a better cigarette.

The mild ripe tobaccos are aged two years or more...like fine wines are aged.

Refreshing milder...more pleasing taste and aroma...and best of all They Satisfy.

Chesterfield
a milder better-tasting cigarette
