NOVEMBER ISSUE
A. T. ENGINEER
SOON TO PRESS

By L. F. Bernhard

The first issue of the Armor Engi-
neer will be out for distribution
about the middle of November.

A. T. CHICAGO, OCTOBER 4, 1928

PE. H. EATHE CHAOS
Ass't Cyclo Editor

Prosten E. Heath, 39, circulation
manager for the Armorur Newb Teck News, was
appointed to the position of Associate Editor in
the new, weekly educational publication.

The position was made
vacant when David T. Smith, 38, who was orignal
designated to fill the position, resigned in favor of his position as News Editor for the Armor News Teck News.

Smith had already begun active
work on the project in May. In order to maintain the standards
of the publication, E. H. B. Philippines dismissed his assignment to
the position of Associate Editor in May.

The change in personnel has
already been made public and the change in personnel has
been publicized in the recent issues.

The new cycle editor, V. J. Pullin, was
appointed to the position of Assistant Editor.

Armour's Fall Vaudeville

An Armour Tech's annual vaudeville show is rapidly becoming the completion of another very successful fall term. The Four major spectacles presented this year are proving so popular that comic tryouts were demanded; four hilarious acts which were not in the original offering have been added. The main theme of the show is "An Armour Tech, Viewed through the Eyes of His Students." The central theme of each entertainment was our com-

ARMOUR STUDENT BRANCH A.I.E.E. OPEN ACTIVITIES

The meeting of the Armour Student Branch of the A.I.E.E. held last Monday, started promptly to business and was attended by many students. About seventy student and former members were present.

Student Chairman C. J. McDonald, made the opening speech and a discussion of the organization and past activities of the branch was held. The meeting was closed by Mr. J. A. Sargeant, acting chairman of the Branch, who presented the annual report, as printed from membership.

Supplementing McDonald's talk were short speeches by President, Provost and Morrisson. Among the points of the three standing committees was made by the chief. The membership of these committees is as follows:

Program Committee—R. J. Castor,
chairman; P. W. McHaskel, John Totter, L. F. Kerns and Dr. W. H. Benny.

Membership Committee—W. W. Brandt,

Membership this year is to be open to all students, without regard to the junior or senior, as upper, under or upper. The junior and senior class are under the committee for the year only.

Chairman of the Senate, Mr. E. G. Ball, announced that his office is open to any student who wishes to discuss any matter of interest to the Branch.

The meeting closed with a roll call, the vote being: Yes—60; No—0; Abstain—0. A motion was made to adjourn at 8:30 P.M., which was seconded and carried.

Pro f. Hess Spends Summer in Research

Professor Daniel Hess of the Geo Engine Laboratory, his first summer in the Tacoma summer, is spending his vacation at the engineering laboratory in this city. He is working on a project of his own invention, a new type of automobile. He has been working on this project for several years, and he plans to complete it during his vacation. The automobile is designed to be more efficient and easier to operate than existing models.

The professor is a well-known engineer, and his work has been highly praised by his colleagues. He is considered one of the leading minds in the field of automobile design, and his contributions to the industry continue to be valued.

**Junior's Elected Officers**

(Continued from page 1)

The new officers are:

President: E. R. Seaton

Vice-President: D. M. Reilly

Secretary: R. A. Boyle

Treasurer: E. J. Thompson

The election for the coming year is scheduled for mid-October.

**Student News**

The new officers of the Student Branch are:

President: E. R. Seaton

Vice-President: D. M. Reilly

Secretary: R. A. Boyle

Treasurer: E. J. Thompson

The election for the coming year is scheduled for mid-October.

**An Old-Timeer**

Custodian of A. I. E. E. Branches Since World's Fair Is Record of Frank Oster

One bright December morning, in the winter of '92, just as preparations for the Chicago World's Fair were at their height, Frank Oster was called to the office of Dr. Frank W. Ganssberg, then president of the Illinois Institute of Technology, a rather tall, stately man, with white hair and gray beard, which was as white as snow.

Oster, a native of the city, was called to the office of Dr. Ganssberg, then president of the Illinois Institute of Technology, a rather tall, stately man, with white hair and gray beard, which was as white as snow.

"Dr. Ganssberg," said the president, "I have a proposition to make to you. I would like to have you as my assistant in the World's Fair preparations. I have been thinking about this for some time, and I believe that you are the right man for the job."

SENORS LOSE TO JUNIORS BY SCORE OF 2-0

Simpson Pitches for the Juniors and Gives No Hits

Three years ago today, when Robert Simpson, senior pitcher for the Juniors, and Woodin senior Max Shuster were to don the green and gold uniforms of the University of Chicago, the game was forgotten in the tumultuous excitement of the season. This year, however, the Juniors have experienced a remarkable change in fortune, and in the last three games of the season, the team has won all three, with Simpson pitching all three games.

On Saturday afternoon, the Juniors met the Senators in a thrilling game. The Senators were led by their star pitcher, Woodin, who had pitched a no-hitter against the Juniors in a previous game. However, Simpson had other ideas, and he pitched a gem, allowing only a single hit, a home run, in the second inning. The Juniors scored four runs in the first inning, and Simpson pitched a perfect game until the ninth inning, when the Senators scored two runs. The Juniors held on for the 4-2 victory.

The Juniors are now in second place in the standings, just a game behind the Senators. With two games left in the season, the Juniors have a good chance to win the championship. Simpson, who has pitched three no-hitters this season, will be the key to the team's success.
