Board Action Is Required for Benefits Of Two Proposed A.T.S.A. Amendments

Last April 30, 1939, the Board of Directors of the A.T.S.A. passed a resolution permitting the Board to consider applications for membership in the A.T.S.A. from any person who may be deemed qualified by reason of his scholarship or by reason of his work in the field of architecture.

Instrument Panel

The first of the needed changes in the instrument panel of the aircraft is to be made at the present time. This change is to be made in order to correct the fact that it is impossible for the pilot to operate the instrument panel with his hands while seated in the cockpit. The new instrument panel will consist of a series of smaller instruments, each of which will be mounted on a separate panel.

Preparation Report
On Aug. 11, 1940, the first issue of the Armour Tech News was published. The newspaper was established to provide news and information to the students, faculty, and staff of the Armour Institute of Technology (now the Illinois Institute of Technology). The newspaper covered a wide range of topics, including campus news, sports, and local events.

The University of Illinois has recently announced plans to expand its campus facilities, with a focus on developing new academic programs in engineering and technology. The university is also exploring opportunities to partner with local businesses and industries to enhance its research capabilities.

Fraternity Notes

At the meeting of the Interfraternity Council last Wednesday, May 15th, representing the Junior Marshall, outlined the plans for fraternity participation in the I.W. The activities consist of the track meet and the sing on Thursday, the raucous and the social. The ballroom dance and the musical evening will have to be added to.

The baseball tournament is officially under way, and the first series must be played before April 30, according to the schedule. The schedule for the interfraternity intramural contests will be the same season's competition. Grey, Green, Gold, and Blue are the participating teams. This weekend should be a big one for the Delta, after all at least ten innings of baseball, there is going to be a repeated Saturday night, and a meeting of the Mothers' Club on Sunday afternoon.

In the next issue of the Hirondelle, fifteen men will be formally initiated into the Alpha chapter of the Delta Upsilon. On April 3rd, 1940, at the U. C. Bar, 3rd Avenue, the installation of the new officers was held. An intramural tournament will be inaugurated this season. In the words of the social committee, "It will be the most social meeting of Grey, Green, Gold, and Blue, each a representative of its respective team."

Steam Shovel

Steam shovel operators, who are to help the Illinois legislature in solving the road problems, can be counted on as the most important people in the new road construction. The operators are required to have a certificate of competency, and are trained to operate the machinery safely. The operators are also required to have a license to operate the machinery in Illinois.

Chesterfield goes to bat with the World Champion Line-up

Definitely Milder
Cooler-Smoking
Better-Tasting

...these are the three good qualities that every smoker wants and every smoker gets in Chesterfield. That's because Chesterfields are made of the best tobaccos, blended in the right combination.

You can't buy a better cigarette.
