The engineers' cooperative, recently started on the south campus, has stepped forward to become a permanent fixture in school activities. Started for the benefit of the students, the co-op now begins its work with a membership of about 200 members.

Now in the process of incorporating under the District of Colum- bia Cooperative Act of 1940, the club will meet, pay, and be solely responsible for its financial and social problems. The Act is designed to protect all participants to the maximum extent. After incorporation, the business should be run along the same lines as an actual corporation.

The club's organization is set up along the following lines. There are four officers: president, vice-president, secretary, and treasurer, who will guide the organization in its policy. The board of directors includes nine men who determine the policy. A manager will handle the business end of the purchase and selling activities on campus. He will also keep a purchasing agent who will direct the purchasing of goods from supply companies and publishers. To fully protect all participants, the revenue from sales will be covered by a thousand dollar bond as prescribed by law.

The social science department graciously rendered their services in setting the accounting books. All of these books as well as all of the activities, are open for inspection to any member of the school. The entire group is committed to making the club work.

Members of the board of directors include: the president, Morgan French, '41; his secretary, John Sheehan, '42; his treasurer, 41; his vice-president, 41; and 41.

CO-OP BOOK STORE ROSTER ASCENDS TO TWO HUNDRED

Officially Recognized By Federal Charter

The engineers' cooperative, recently started on the south campus, has stepped forward to become a permanent fixture in school activities. Started for the benefit of the students, the co-op now begins its work with a membership of about 200 members.

Now in the process of incorporating under the District of Colum- bia Cooperative Act of 1940, the club will meet, pay, and be solely responsible for its financial and social problems. The Act is designed to protect all participants to the maximum extent. After incorporation, the business should be run along the same lines as an actual corporation.

The club's organization is set up along the following lines. There are four officers: president, vice-president, secretary, and treasurer, who will guide the organization in its policy. The board of directors includes nine men who determine the policy. A manager will handle the business end of the purchase and selling activities on campus. He will also keep a purchasing agent who will direct the purchasing of goods from supply companies and publishers. To fully protect all participants, the revenue from sales will be covered by a thousand dollar bond as prescribed by law.

The social science department graciously rendered their services in setting the accounting books. All of these books as well as all of the activities, are open for inspection to any member of the school. The entire group is committed to making the club work.

Members of the board of directors include: the president, Morgan French, '41; his secretary, John Sheehan, '42; his treasurer, 41; his vice-president, 41; and 41.

FIELDHOUSE FUND TO RECEIVE PROCEEDS

TAKING THE FIRST step in the building of the fieldhouse, the students will literally swing into action at the Winter Interim to be held Friday, December 13, in the College Gymnasium and the Fieldhouse Hotel. Lending the swingers will be the best musical combinations in the country—Alvino Rey and the King Sisters. It will be a huge day to enter into the spirit of the dance, for the captivating, instylish style of Alvino Rey is not to be found in the list of the bands or radio shows the big names. With the rhythm from feet of as an even the gigat be a joy for all.

“B Nate” Hart and Dick Morgan, two versatile members of the orchestra, will add their contributions to the evening's entertainment.

Twelve Chemists Pledged to Phi Lambda Upsilon

Twelve men were pledged to Phi Lambda Upsilon, national honorary chemical fraternity, last Friday during the A.C.I.E. meet- ing. Among those selected were juniors, seniors, and graduates.

George Heff, president of American Chemical Society, opened the meeting and turned it over to Hugo Gerster, president of the chapter of Phi Lamb- da Upsilon. President Gorse covered some of the history of the fraternity beginning with its founding in 1894 and the University of Illinois. It came to Appomattox as the chemical fraternity that had been in C. A. Tabb as one of the men instrumental in the organization.

The following were pledged to membership: H. H. trousers, Raymond J. MacNab, George G. Selig and Bernard S. Swanson, seniors; Robert B. Kirk, Aaron Kru, Robert Mathus and Thomas M. Moore, juniors; Dwight Lindsay, graduate.

Papers Presented

Aaron Kru, one of the new pledges, gave a paper on the distillation of magnesium from sea water.
Lewis Drama Club To Present “What a Life” On Wednesday, Dec. 10

(continued from page one)

New York Broadway show. Since then this particular play has been used in the movies, and now the chief characters concerned in the original script can be heard in a radio serial. The Lewis players who have been working on the play for some time, feel that this play will have an especial appeal to the audience since the characters are well known, and the interpretation that the players give will be particularly interesting since it has not been so long since the players themselves were faced by the same problem as Henry and his association face.

A stormy love affair in a Mexican village unfolds in the one-act curtain raiser, “Sunday Costa Fire Prince.” Helen Shalm gives an excellent interpretation of the Mexican temperament in bringing out the salacious, yet childlike love of the Mexican peasant.

Admission to the evening of dramatic entertainment can be gained for the sum of forty (40) cents. Tickets may be obtained from the information office on either of the campuses, in the Auditorium on the south campus, or from any of the Drama Club members.

NOTICE

Card playing is permitted in the Student Union ONLY between the hours of 11 and 12, and then only in the Lounge.

“RAILROADS” TOPIC AT ASCE MEETING

Railroads as the backbone of transportation, their military significance, and their contribution to the development of our country were discussed at the meeting of the ASCE last Friday. The speaker was C. B. Groce, chief engineer of maintenance of way of the Pennsylvania Railroad.

With short anecdotes of personal acquaintance, Mr. Groce told of the appeal possessed by railroad work. It takes every energy, requires constant attention, and presents unusual occurrences. In addition to technical knowledge and practical experience a railroad man must be able to speak the fire of enthusiasm constantly burning.

Demand for Engineers

Mr. Groce, whose work includes interviewing prospective engineers, has had thirty years of service with the Pennsylvania. He was thus well qualified after his talk to answer questions related primarily to the engineer’s relation to railroads. Demand for engineers is large, not for new construction, but for development and maintenance of passenger rights of way. A definite, well-planned program is in operation for training of engineering graduates for positions of supervisory nature which present excellent possibilities for advancement to executive positions.

The meeting was closed after President Art Minnberg introduced Mr. Sanders, the chapter contact member.

School Problems Get Going Over By ITSA

The regular meeting of the ITSA took place on Wednesday, November 21, in the east dining room of the Student Union.

In addition to a large number of student representatives, President Howard Dean presented Mr. Alphonso, Prof. Schmoller, and Sunny Weissman were also present.

Lewis Lounge Discusses

Because the members were very slow to arrive, the meeting got under way late, but once started, the business before the house was passed upon or discussed in a most efficient manner. The new student lounge for Lewis was reported on, and it appears that the Lewis people will not be disappointed Bill Voelz then reported that the yearbook problem was under consideration but that neither he nor Bill had decided.

Intrascholastic Bowling League

There was much important news brought to the house. Sunny and “Uncle John” revealed that ITSA has received an invitation to participate in an intrascholastic bowling league. Northwestern, Loyola, Chicago, and De Paul are to be the other members of this league, and each school will put forth two teams of five men each in this competition. This invitation was accepted by a unanimous vote. Other business included the appeal of the Pet Food Drive for funds for new equipment. “Uncle John” promised to take care of this matter for the “Bum’s.”

J. MORRIS LEAVES PUBLICITY POSITION

Jack Gibson, Morris, who held the position of assistant to the public relations department at Illinois Institute of Technology resigned last Saturday.

He is accepting a position in Detroit, Michigan, with one of the country’s foremost labor papers. Leaving immediately, he will take a job as assistant editor for the “United Automobile Worker” which is a publication of that city.

The paper is issued by the United Auto Workers Union. This union is an affiliate of the Congress for Industrial Organization and has a membership of over one half a million. The newspaper is published by Edward Lavish of that city.

Mr. Morris has been a member of the publicity staff of ITD since last January. Before coming to Illinois Tech, Morris wrote a syndicated column for the Chicago Daily News.

Taa Beta Pi To Hold Annual Fall Affair In Civic Opera House

Illinois Tech’s chapter of Taa Beta Pi will hold its fall initiation this Saturday in the Civic Opera House. New initiates to Taa Beta Pi from Armour are Richard Bergstrom, Peter Vagner, Louis Pfeifer, Richard Slemmon, Bernard Baralda, Gunther Griesch, George Pope, Joseph Lott, Howard Penndiyker, and Bertram Mileville.

Northwestern Initiation

In conjunction with the initiation will be the ceremonies of the installation of the chapter of Taa Beta Pi at Northwestern university. Participating in the installation will be national President Spencer, Secretary-Treasurer Matthews, and Director of Fellowship Moore.

FOUR KING SWINGSTERS + One King of Swing

Why YOU must attend the . . . WINTER INFORMAL

would you, as rial for the army of ing to send to the young men to fight public-world-enemy.

This question has among the students of the nation and has rather positively. The four are against se air force and its people to help Britain.

Figures compiled by Opinion Surveys define the state of the nation. Intervened made much in the two campus; the one World War I has not disappeared.

With the U.S. a and delivering the allies and the exp that it will not. With the American soldiers but planes to be future America, the idea that the 30,000 should be at this time of her air force, with the use of the axis, to Europe to the Southwest of the divisions of a Y.E.S. send air force N.E. do not send N.E.

(Continued on page 4.)
THE HAIRY SHIRT

By Miter X

The purpose of this column is to make you angry—or if not angry, then very, very uncomfortable. Its origins are derived from the custom of ancient socio-cats and self-awarded “holy men,” of torturing them- selves with the constant, sharp wound of the itch of the hair, the hide of an animal with short, stiff fur, and wearing it with the hairs next to their skin. If the barber has ever let a few stray hairs slip down your back during the course of a haircut, you’ll get the idea.

The burden of this column will not weigh down on all of its readers for two reasons. First, no one has ever talked to that kind of barber. Second, some of you won’t be able to get into the barbershop. And don’t even notice that on the 18th floor of Compton, the shirt will be worn by the girls. Male vocal contributions by the Boys’ Glee Club will be “Vow of God in Nature,” “Inquisition,” “When Day Is Done,” and “Plantation.” A number called “The Ballad for Edward” featuring Robert H. Hemman as soloist will close the program. This work calls for the entire choir and orchestra and should prove to be one of the most interesting works ever presented by the group.

Presentation of the first program of the season by the Musical Clubs will occur on Friday, December 12, at 11 a.m. on this campus. The Women’s Glee and Orchestra will be augmented by the Girls’ Glee Club of Lewis. In addition to the traditional choral numbers which are on the program, the orchestra will play the “Post and Pleasant Doward,” “Sonata,” “Intermezzo,” and “The Star’s Song” by the girls. Vocal contributions by the Boys’ Glee Club will be “The Violet of God in Nature,” “Inquisition,” “When Day Is Done,” and “Plantation.” A number called “The Ballad for Edward” featuring Robert H. Hemman as soloist will close the program. This work calls for the entire choir and orchestra and should prove to be one of the most interesting works ever presented by the group.

similar to the preceding, the annual Union Bond retirement will be presented on the South Campus Thursday, December 1, at 11 a.m. Scheduled for the afternoon Sunday, December 14, the group will make its appearance before the Student Union Board of Governors, Indiana. Following this engagement, a concert will be presented at the Chest of the Arts Institute.

The management of the club gives as its reason for booking these early engagements as preparing the club for their extended trips. These trips are to be made between semesters, the week of February 1. At this time they will appear before many large high school and civic groups.

Student Survey Finds Four Out Of Five Collegians Against War

Would you, as potential material for a future conscription, consent to being sent to Britain now, or your young man to fight against the public’s welfare as a number one case? This question has been raised among the students throughout the nation and has been answered rather positively. Three out of four rate against sending the young men of this country to Europe to help Britain.

Figures compiled by Student Opinion Surveys of America, well define the mind of today’s college student. Interventionism has not broken through on most campuses. The nation left by World War I has not completely disintegrated.

Without the U.S. already748967354912 notifying Germany of its intention to send to Britain now, or your young man to fight against the public’s welfare as a number one case? The period of "talking dollars" seems over now, but the secrecy deeds so far are not out of mind. The plans seem to be doing very well these days, with green and white gloves on their hair, and extra-large glasses on their faces. Some of the pledge captains in this house are Gabe Maffei. The Sigma is holding their monthly meeting at the home of Olivia Mardell, Sunday.

Mark Carpenter, an alumni member, will visit her sorority sisters this week. Now is a student at the Ohio State college.

Last Friday, November 28, the Sigma, alumni and active members had a reunion dinner, which was held in the Fraternity House.

Next Monday evening, December 5, all the mu's will be celebrating their completion of a tough year and the return of spending money from the faculty. The seniors are having a Dinner-Suarez at the St. Francis hotel; the pre-juniors will have a barbecue at a stonewall in the back rooms of the tavern; the sophomores are going to celebrate in a dry way in the student lounge; the juniors will be at Suarez; the fraternities will go to Ivey's, Glen Miller and other famous bands. This evening, Mu's will go to a large school like this.

Quite a number of the mu's have complained about their lack of knowledge concerning the Engineer's Cooperative Book Buying Club. To counter this, representatives will talk in all the mu’s clubs this week concerning its activities and benefits.

The $2 membership fee is only an investment for the purpose of buying back capital. This membership will last until the end of the student's college career. It is possible for a mu to drop out and return to working, the coop collects the members at the beginning of every season. Last year, the Alpha's wife, Marguerite, and Chuck Rowberth, 33.

With the start of the work period comes the end of the season. More and more people are going to be red-hot this year and will be even hotter if a large student following shows up at the gym.

The four co-op members, Samir, Sommers, Kild, and Putnam, will see plenty of action this season. All the games are at the Student Center, on the second floor of the building.

**WHAT’S ON PAGE 104**

The question is: why do you think that the mu's are red-hot this year? This may be because of the increase in the price of food, or it may be due to the fact that more and more people are joining the cooperatives. The mu's say that this is a great way to save money and that it is worth the price paid for it.

**THE NICKEL**

For the past three weeks, the nickel has been the most popular drink in town. It is served at all the bars and is very popular among the students.

**THE GREEK WINE PARTY**

The Greeks had a wine party on Saturday night at the Greek house. The party was very enjoyable, with a lot of guests in attendance. The music was provided by the band, and the drinks were free for all.

**THE GREEK DINNER**

The Greek dinner was held at the Greek house on November 28. The dinner was a success, with a large crowd in attendance. The food was delicious, and the atmosphere was very social. Many of the guests stayed after the dinner to talk and enjoy each other's company.

**THE GREEK SOPHOMORE MEETING**

The Sophomore meeting was held at the Greek house on November 28. The meeting was attended by a large number of students. The meeting was very productive, with many ideas being discussed and plans being made for the future.

**THE GREEK ALUMNI MEETING**

The Alumni meeting was held at the Greek house on November 28. The meeting was attended by a large number of alumni. The meeting was very informative, with many alumni sharing their experiences and offering advice to the current students.

**THE GREEK CHRISTMAS PARTY**

The Christmas party was held at the Greek house on December 5. The party was very enjoyable, with a lot of guests in attendance. The music was provided by the band, and the drinks were free for all.

**THE GREEK NEW YEAR’S PARTY**

The New Year’s party was held at the Greek house on January 1. The party was very enjoyable, with a lot of guests in attendance. The music was provided by the band, and the drinks were free for all.

**THE GREEK SUMMER PARTY**

The Summer party was held at the Greek house on June 28. The party was very enjoyable, with a lot of guests in attendance. The music was provided by the band, and the drinks were free for all.
REMEMBER?

Arthur Peter Wellwood, who recently left the world as a member of the American Association of Amalgamated Women, has officially retired after serving for many years as an assistant professor at Chicago Teachers college. Art, the story goes, is doing as best he can to further the education and enlightenment of all his acquaintances by his own unceasing efforts. He is particularly fond of making his friends情况。To further this cause, he has recently established a reading room in his house, which is open to all interested parties. Art is particularly interested in young people and has arranged for a library of books and magazines to be available for their use.

At the Annual Meeting of the American Association of Amalgamated Women, held last week, Art was presented with a gold watch as a token of appreciation for his many years of service to the organization. The watch was presented to him by the members of the association, who expressed their gratitude for his contributions. Art was deeply moved by the gesture and expressed his thanks to all those who had taken part in the presentation.

SCOOOP

In case of any case of you speaking unprompted your possums from your own pool at the Turkey Trot, we hereby order you to retire to the stockyard next to your own house. The possums will be shot and sold for the benefit of the local schools. This is to be done under the supervision of the local police officers.

Davy Crockett's birthday is being celebrated this week. Davy Crockett was a legendary frontiersman and explorer who lived in the early 19th century. He is best known for his adventures in the wilderness and his bravery in battle against the British during the War of 1812. Davy Crockett was born on August 17, 1786, and died in the Battle of the Alamo in 1836. He is remembered as a hero of the American frontier and a symbol of the spirit of the young nation.

The Sixth Columnist

By Ted van Gelder

We start off in the popular department with "I'm Gonna Live as Long as You've Gone" (Okef Kot). Bob Siddre sends out with trumpet that is really out of this world. Compilations is "Eek T" with Alvin O'Hay giving out with the lyrics. . . .

MADISON'S BARNES "Mindless" (Orleans 402) with the Mastroto sing the vocal chorus. This is a very nice time you will have at this. "Mindless" and the Bob and the Robo-Links in a swing style. This record will fit into the big band or small group, and the Robo-Links will be heard in the opening of the show.

One disc has d戈 doled in the last few weeks. This is not the ability to stand up. I think this is a very good record, and I'm sure that Mastroto experiment with it. This is a very nice time you will have at this. "Mindless" and the Robo-Links in a swing style. This record will fit into the big band or small group, and the Robo-Links will be heard in the opening of the show.

Illinois Tech's track team has begun to intensify its practice sessions in preparation for the season opener next week. The squad, under the leadership of Coach Meyer, will be training hard to improve its performance. Meyer, a former Olympian, has high expectations for the team and is focusing on building a solid foundation for future success.

The team will be participating in the SWIMMERS A.T. MEET AT BLOOMINGTON, a meet that will test their skills and prepare them for the upcoming season. Meyer is confident that the team can make a strong showing at the meet and is looking forward to seeing the results of their hard work.

---

During the winter season, the team worked hard to build endurance and speed. With the warmer weather arriving, the focus shifted to improving technique and fine-tuning their performances. The team has been working on various drills and exercises to enhance their ability to perform at their best in the water.

---

Coach Meyer's philosophy is to ensure that each swimmer has a clear understanding of their role and responsibilities. He believes that this approach is crucial for the team's success. Under Meyer's guidance, the team is expected to achieve great results in future meets.

---

The season opener will be a pivotal moment for the team. It will be an opportunity to gauge their progress and set new goals for the remainder of the season. With the team's dedication and hard work, it is anticipated that a successful season lies ahead.
Senior Mechs Battle Junior Mechs
For Intramural Touchball Title
Two Flasy Teams Climax Rivalry

Bringing the touchball tournament close to its finish, two games were played near the end of the season on Monday between the Sr. Mechs and Jr. Mechs. The Jr. Mechs played on a field covered with snow and mud. The second on a very cold world, was between the Sr. Mechs and the Jr. Mechs. The Jr. Mechs emerged victorious from both contests. The first by a score of 36-12 and the second 66-46. In both games, the Sr. Mechs showed superiority, evidencing their greater power and cool-headedness then their opponents.

Soccer

Two Sr. Mechs

In the game against the Jr. Mechs, the first tally came in, a score which the score was under.

George Nye

On the other end, the first goal was scored by the Jr. Mechs, but shortly after, the Sr. Mechs answered with a goal on the Jr. Mechs.

George Guilder

The score was now 1-1, but the Sr. Mechs were not satisfied with a tie. They went on to score two more goals, one in each half, to win the game 3-1.

TWO TOUCHBALL
TIME OUT

Two Sr. Mechs Battle Jr. Mechs

In the game against the Jr. Mechs, the Sr. Mechs were victorious, winning by a score of 66-46. The game was played on a field covered with snow and mud, making it difficult for both teams. However, the Sr. Mechs were able to maintain their advantage throughout the game, ultimately winning by a large margin.

Shaw's End

In the second game, the Jr. Mechs played on a field covered with snow and mud. They were able to score a goal in the first half, but were unable to hold onto their lead. The Sr. Mechs scored two more goals in the second half, securing their victory.

For Intramural Touchball Title

TWO TouchBall

In the first game, the Jr. Mechs scored a goal early on, but the Sr. Mechs quickly countered with a goal of their own. The Jr. Mechs scored two more goals in the second half, but the Sr. Mechs were able to score three goals in response, winning the game by a score of 5-2.

Senior Mechs Battle Junior Mechs
For Intramural Touchball Title

TWO TouchBall

In the second game, the Jr. Mechs started strongly, scoring a goal in the first half. However, the Sr. Mechs were able to level the score with a goal in the second half. The Sr. Mechs then scored two more goals in the second half, winning the game 3-1.

Shaw's End

This week's soccer games were action-packed, with the Sr. Mechs emerging victorious in both contests. The first game was played on a field covered with snow and mud, making it difficult for both teams. The Sr. Mechs were able to maintain their advantage throughout, winning by a score of 66-46. In the second game, the Jr. Mechs played on a field covered with snow and mud. The Jr. Mechs scored a goal in the first half, but the Sr. Mechs were able to respond with a goal of their own in the second half, winning the game 3-1.

Whale Match Presents Season's Highest Stakes For Tech Grapplers

This Friday afternoon at 155
t, the wrestling team will start its regular season in a meet against Weehawken in the small gym at Ar
. 

Competition

In the last round division Bill Dunlap will be trying to better his freshman record. In the 135-pound division Bill Doly and Co. Captain Ned III, both welter

Wrestlers

In the 135-pound class, Howdy Jakeheart, a lighter wrestler, is fighting it out with Jim McKenna for top position. Co-Captain Bill Dubbs and Martin Yee are leaders in the 135-pound class while Gary Goldfield has gone to gilt with Pete Egginton for the 135-pound championship. Harold Harrell, a returning wrestler, will probably hold down the heavyweight posi

Tech Grapplers

This round out a mighty potent and well-trained crew, with eight returning wrestlers. The boys will have to be on top form, Weehawken, the champs of the L.L. Nineteenth, which is always a strong wrestling conference. Besides this meet the squad will travel to DeKalb on January 14 and back to DeKalb on January 11. DeKalb is going to be a hard one for the last meet of the season.

Highlight of the season will be the Weehawken invitational meet in which the leading colleges of the Midwest states meet in competition with Illinois Tech.

Meets are tentatively scheduled with Milwaukee Teachers, Augustana, American College of Phys., and the Great Lakes Naval Training Station. The naval academy boys are known to have many prominent former collegiate wrestlers in their ranks and will be a formidable foe.

Another important event in wrestling circles will be the intrastate competition. This will be held along with intramural boxing during the second and third weeks of December. Entries for this competition are due in the office of the Tech Y on December 1.

As always, there are many things to look forward to this season, including several exciting matches and tournaments. The Tech wrestling team is off to a great start and is expected to continue their strong performance throughout the season.
