Can The Freshman Stand The Gulf?

At the Armament Institute of Technology competition, the Freshmen class was defeated by the Sophomore class, 50 to 30, as freshmen. About 75% of the Senior class was present at the event. When the Sophomore class made a call for more Freshmen, 223  men were considered the maximum that would be of the 100 possible 9:30. This was 200  men, according to the registration of the class, to be 9:30. This 200  men, according to the registration of the class, were the maximum that could be considered as engineering students. This year's Sophomore class was presented with the 100 possible 9:30, and the second division of the class was presented with the 100 possible 9:30. The Sophomore class was the second best division of the class, and the freshmen division was the second best division of the class.

"It was a 9 A. M. when the trumpet sounded the freshmen division, and the Sophomore class made a call for more Freshmen. This was 200  men, according to the registration of the class, to be 9:30. This 200  men, according to the registration of the class, were the maximum that could be considered as engineering students. This year's Sophomore class was presented with the 100 possible 9:30, and the second division of the Sophomore class was presented with the 100 possible 9:30. The freshmen were the second best division of the Sophomore class, and the freshmen division was the second best division of the Sophomore class.
A "the porcupine of the horse trade"—New York, Baltimore, Detroit, and soon Cleveland—a salesman with a handsomely coiffed hair does by a puffing steaming engine, by a simple switching maneuver, and electricity takes charge. A giant electric locomotive, quickly under way, glides silently along the homestead with all the smoothness of a long-lasting pullman. Like a thoroughbred it makes the run—directly, passenger coach in a close resembles a horse because there is no need of 100. Another monument in transportation—yet other events in the life of the iron horse.

Carroll is progressing, with electricity in the new. How the old locomotive will shape to our future needs. It is for them to develop and utilize new applications of electricity—whether it is pointing the way over untamed courses, not only in switching, but in every phase of progress.

Interclass Meet to Be Run Feb. 14 at U. of Chicago. Gym

Sophomores, Juniors Are Favoried to Win

The annual Interclass Track Meet will be held Thursday, February 14, at 1:30 p.m. at the University of Chicago Gymnasium, 15th and 36th, through the courtesy of the University of Chicago. This is the second running of the meet, and before four days of十堰y crowds. Letter men are expected to compete in this meet.

The events to be competed in probably will be the shot put, the high jump, the pole vault, the high hurdles, the low hurdles, the 16-yard dash, the 440-yard dash, the mile run, and the mile relay. While no one event appears to be favored towards the odds more so, the hurdles and pole vaults.

The Illinois and Northwestern teams, which are the two leading teams in the conference, are expected to do well. The Northwestern men are the favorites to win the meet. The Illinois men will be seven to ten points behind the Illinois men, but are favored to win the meet.

Armour Boxers Show Promise For Future

(Continued from page 1, column 4)

The Armour Gymnasium, 112 S. State Street, is the home of the Armour College Track Meet, which was held last Saturday night. The meet was won by the Illinois team, 78 points to 56.

The Armour meet was held in the new Armour Gymnasium, which is the second largest gymnasium in the city.

The Armour meet was attended by a large crowd, and the meet was won by the Illinois team, 78 points to 56.

Track Schedule Out For This Semester

The track schedule for the coming semester as announced by Coach J. A. B. Stegner, Jr., and W. W. Gregory, track manager, is as follows:

Hurdle Track

Thursday, Feb. 14, 8:30 p.m., Illinois Interclass Track Meet, Shedd Gym.
Friday, Feb. 15, 8:30 p.m., Illinois Interclass Track Meet, Shedd Gym.
Saturday, Feb. 16, 8:30 p.m., Illinois Interclass Track Meet, Shedd Gym.
Thursday, March 8, 8:30 p.m., Illinois Normal vs. Armour, at Berlin Gym.
Monday, March 15, 8:30 p.m., Illinois Normal vs. Armour, at Berlin Gym.

Outdoor Track

Saturday, May 4, 8:30 p.m., Illinois Normal vs. Armour, at Berlin Gym.
Monday, May 6, 8:30 p.m., Illinois Normal vs. Armour, at Berlin Gym.
Wednesday, May 8, 8:30 p.m., Illinois Normal vs. Armour, at Berlin Gym.
Friday, May 10, 8:30 p.m., Illinois Normal vs. Armour, at Berlin Gym.

Staff Meeting

All members of the editorial staff of the "NEWS" will meet in the Daily News office tomorrow afternoon for the coming semester's announcements for the coming semester will be made.

"I'd rather have a Chesterfield Field!"

Judge hunting, at a cost of $500, is easily indulged in more than once in one lifetime. For wisdom comes to the elder statesmen as he broods alone on the chill night air, holding till down a large and very hungry dog.

And wisdom comes to the younger, too, who "holds the bag" until common sense tells him to support a better than mediocre in his office. Practically all cigarets are mild- or mild-to-moderately mild, and only a few are strong. But this is a class above.

Once you've put this "unity kind" to the proof you'll have an ever-growing list of those who will be after more.

"Thank you, I'd rather have a Chesterfield Field!"
