SWIM AND SKATE AT COMBINED TANK, RINK

A large percentage of the students are participating in the combined skating and swimming pool during the first year of the new year. While many of these students either do not know how to skate or swim, they have been practicing with full and open minds, and have been very successful in gaining popularity.

The temperature varied in the water has recently been made to suit the temperature in the water, and it has been found that the water maintained at a temperature of 70 degrees is the best choice.

CHESTERFIELD

MILD ENOUGH FOR ANYBODY...AND YET...THEY SATISFY

You can't photograph cigar-store figure, of course. Can't knit it, either. It isn't there. Indian soda can be outlined, you know - only the point where there's no outline at all. But never in Chesterfields. They've got flavor and body, and it doesn't take a typewriter to prove it.

Not that there's a hint of harshness in Chesterfield. There's none to be found. But all the rich, mellow, finely blended tobacco flavors are here in such soft, pleasent flavors — so satisfy. Isn't that what cigar-store figures do?
