Inaugural Of Hoover Heat By Students On Mon. A.M. Free Time

Radio Leased By Bata Pa Furbishes Furnishes

The daily broadcast of the Wash-ington Institute operated according to the schedule on Monday, March 4, was made available through the courtesy of Bata Furnishes and with the permission of Dr. Hempel, for all members of the Association. It was carried over the air, making it possible for all students and faculty members to enjoy the performance. Appreciation was expressed at the close of the broadcast.

Dr. Hempel supported the plan and arranged that all students with five hours off the broadcast. During the earlier hours the audience was small, but towards noon and until two o'clock, the existing interest was quite well filled, both faculty and students taking advantage of the opportunity.

Excellent Audience

The broadcast from Washington was carried on a wave which was a credit to the station. At several points during the day, members of the faculty and students, equipped with receivers for receiving the various broadcasting, were engaged in the listening. At the conclusion of the broadcast, a number of students expressed appreciation for the interesting and informative nature of the program.

Seniors Inspect Hawksworth Plant

(Continued from page 13)

The factory visited by the students was the Hawksworth Plant, located in Chicago. The factory produces a variety of industrial products, including machinery, tools, and equipment. The students were given a tour of the plant, and had the opportunity to learn about the manufacturing process.

Sea Drones Planned For Atlantic Travel

A new proposal has recently been made to build large demonstration ships, possibly in the form of a large container ship, with a large number of passengers. These ships would be powered by an electric motor, and would be capable of traveling at speeds of 20 to 30 knots. The proposal is still under consideration, and it is uncertain whether or not it will be approved.

Generating Brain Power

Brain power, not horsepower, is the key to the future of the electrical industry. With the advent of new technologies, the demand for skilled workers will increase, and it is important to ensure that there are enough qualified professionals to meet this demand.

From old kettle to new world

Somebody has to believe in the big possibilities of little things. James Watt was the first to believe in the steam engine, and today our civilization is built largely on steam. In the field of communication, Bell was the first to believe in the telephone, and today the Bell System serves millions of people.

BELLSYSTEM
CAGEMEN DEFEAT NORTH CENTRAL BY SCORE 34-29
Close Successful Season With Four Games

The record of Armour’s last season on the hardwood floor this season is a testimonial to the ability of the students of North Central College of Napier, Ill., to play basketball.

The men all wanted it badly, and their season was a unanimous success.

Since the figure 34-29 points favorably to Armour’s season, recognition as having been a good team, one that was victorious by a formidable amount of points in victory.

Armour College is a small institution, and the smallness of its size is in no way reflected in the enthusiasm of the team. Armour’s basketball team has come to be known as one of the finest in the country, and this season has given it a place among the elite.

Bozoth Gets Tough Break At St. Louis
Seven Tech teams invaded St. Louis last Saturday and dropped all matches except one to superior opponents. The matches were played in the classic manner of the game. The boxers hit the trip to the St. Louis area, and the meet was well attended.

N. S. Whitfield, heavyweight, 172 lb., lost to a St. Louis opponent, weighing 190 lb., by a technical knockdown in the first round. A St. Louis boxer, weighing 165 lb., defeated E. H. Benker, lightweight, 172 lb., in the second round.

G. L. Smith, lightweight, 150 lb., lost to a St. Louis opponent, weighing 160 lb., by a decision in the second round.

C. J. Conner, middleweight, 165 lb., lost to a St. Louis opponent, weighing 170 lb., by a decision in the second round.

J. F. Beamer, welterweight, 165 lb., lost to a St. Louis opponent, weighing 170 lb., by a decision in the second round.

Bradley, lightweight, 145 lb., lost to a St. Louis opponent, weighing 150 lb., by a decision in the second round.

Armour College was badly injured in its recent matches, but the team is hopeful for the future.

TRACKMEETS IN DUAL MEET VS. CHICAGO NORMAL

Last Monday the Armour Track Team competed against Chicago Normal in a track meet. The Armour boys were led by Bill Johnson, of Armour College, and the Chicago Normal team was led by George Johnson, of Chicago Normal.

Membership of the Armour Track Team and the Chicago Normal team was composed of the following:

Armour College:
1. Bill Johnson, 200 yards
2. John Brown, 400 yards
3. Bob Smith, 800 yards
4. Tom White, 1500 yards
5. Jimmy Lee, 3000 yards

Chicago Normal:
1. George Johnson, 200 yards
2. Jack Brown, 400 yards
3. John Smith, 800 yards
4. Tom White, 1500 yards
5. Jimmy Lee, 3000 yards

The meet was a close one, with Armour College winning the 200-yard dash and Chicago Normal winning the 400-yard dash.

Bozoth Gets Tough Break At St. Louis

The Armour boxing team competed against the St. Louis University boxing team last Saturday. The Armour team was led by N. S. Whitfield, heavyweight, and the St. Louis University team was led by a boxer weighing 173 lb.

Whitfield was knocked down in the first round and lost the match with a technical knockdown in the second round. The match was a close one, with Whitfield losing by a score of 15-10.

A St. Louis boxer, weighing 163 lb., defeated E. H. Benker, lightweight, 172 lb., in the second round. The match was close, with the St. Louis boxer winning by a score of 10-9.

G. L. Smith, lightweight, 150 lb., lost to a St. Louis opponent, weighing 160 lb., by a decision in the second round. The match was a close one, with the St. Louis boxer winning by a score of 9-7.

C. J. Conner, middleweight, 165 lb., lost to a St. Louis opponent, weighing 170 lb., by a decision in the second round. The match was a close one, with the St. Louis boxer winning by a score of 10-8.

J. F. Beamer, welterweight, 165 lb., lost to a St. Louis opponent, weighing 170 lb., by a decision in the second round. The match was a close one, with the St. Louis boxer winning by a score of 10-8.

Bradley, lightweight, 145 lb., lost to a St. Louis opponent, weighing 150 lb., by a decision in the second round. The match was a close one, with the St. Louis boxer winning by a score of 10-8.

Armour College was badly injured in its recent matches, but the team is hopeful for the future.

TRIANGLE

Henry Christensen, O. M. Z., president of the fraternity, is back at school after his recent absence due to illness.

The boys are at Eustace Farms, and are looking forward to the Annual Inauguration Banquet which is to be held at the house on March 9. This year the house is given by the new fraternity for the season. The house has been the best veranda since the turn of the century. It is the turn for Eustace House, and the plans for the future.

SIGMA KAPPA DELTA

The Sigma Kappa will announce the initiation of the following men: Barrett Reinhart, '31; Edward Stabin, '33; Charles Linn, '33; Henry Peck, '32.

The Sigma Kappa banquet held at the warmest spot was the most successful, having been attended by over 50 students. Henry Christensen, '30; Earl Shanos, '31; and George Rupp, '32, were a few of the old stalwarts who were present.

The Phi Eta is completing arrangements for a house dance to be held on March 25. This will be the first house dance since Christmas, and it promises to be a festive occasion, as a large proportion of the members are returning to school.
