Revised ITSA Constitution Now Ready for Vote of Students

The entire IIT student body will have an opportunity Wednesday to vote on the revised ITSA Constitution approved by the revisions committee, and now the student body has an opportunity to vote on the version of the revised constitution approved by the revisions committee. The final version will be held at 11 a.m. and 8 p.m. in the lobby of the Student Union, State Park.

Senior Dance Bid Sales Lag

There is a bidding lag in the sale of bids for the Senior Dance, according to Rector Rob. More bids must be sold by Wednesday. The sale of tickets will be open 5 P.M. and 7 P.M. in the lobby of the Student Union, State Park.

A fair amount of bids must be sold by Wednesday to ensure that the Senior Dance will succeed. The bid sale will begin Wednesday at 9 a.m. in the lobby of the Student Union, State Park.

The principals' changes made in revising the old constitution are as follows:

First of all, the references in Armour College of Engineering have been changed to meet the demands of the student body, and Illinois Lewis will be called after Illinois.

One additional change has been added to the article concerning the position of the director of the Student Union. The director of the Student Union is now to be elected by the student body, and the former chairman of the Student Union is to be appointed by the vice president of the Student Union.

Pi Tau Sigma to Begin Tutoring Classes

Pi Tau Sigma, national mechanical engineering honorary society, will begin tutoring classes for regular members of Pi Tau Sigma. The classes will be held in the basement of the Student Union.

V-12 to Be Judged for Officer Rating

V-12 rating for this semester will be based on the rating sheet and the vote of the V-12 unit. The rating sheet for this unit will be distributed and rated by the V-12 unit at the meeting held on Wednesday, October 12, 1974, at 8 P.M. in the Student Union, State Park.

Dr. Freed to Address IIT V-12 Unit on Friday

"Chemistry in Tomorrow's World," will be the topic of a talk to be presented by Dr. Benjamin Freed in the meeting of the Student Union, State Park, at the meeting of the V-12 unit, next Friday morning. This talk will be held in the lobby of the Student Union, State Park.

The meeting will be held at 8 P.M. in the Student Union, State Park.

ASSC Makes Final Plans for Wednesday for Dance

Final plans for the forthcoming dance will be made by the Student Union, State Park, according to A/G 1974, George Schall.

The Student Union, State Park, will be held on Wednesday, October 12, 1974, at 8 P.M. in the Student Union, State Park.

The Student Union, State Park, will be held on Wednesday, October 12, 1974, at 8 P.M. in the Student Union, State Park.
**Man Of The Week**

**Versatility of Interests Marks Illinois Tech Career of Arenson**

Den Arenson, the youngest senior at the Institute, is one of the most active and Creative men on the campus. Arenson, who is 18, came to IIT in September 1942 as a freshmen scholarship, and from that time until now has been a leader in many activities on campus. His leadership has been shown in his work in student organizations, as well as in his academic work. Arenson has been a member of the Student Council, the YMCA, and the debating team.

Arenson has been active in the Student Council, and has held various positions in the organization. He has been a member of the Student Council, and has held various positions in the organization. He has been a member of the Student Council, and has held various positions in the organization. He has been a member of the Student Council, and has held various positions in the organization. He has been a member of the Student Council, and has held various positions in the organization. He has been a member of the Student Council, and has held various positions in the organization. He has been a member of the Student Council, and has held various positions in the organization. He has been a member of the Student Council, and has held various positions in the organization. He has been a member of the Student Council, and has held various positions in the organization.

Arenson's academic work has been exemplary, and he has received high honors in his studies. He has been a member of the Scholastic Honor Society, and has been recognized for his scholastic achievements.

Arenson's versatility of interests is a rare quality in a student. He is active in both academic and extracurricular activities, and has a wide range of interests. His leadership qualities and academic achievements have made him a valuable asset to the Institute.

**Techman Talking**

By CHARLES O. HARRIS, Associate Professor of Mechanics

The job of going to college is a social one, that one must be able to work hard in order to do it well. Unfortunately, most of us don't learn how to work while we are in college, and then we have to work harder when we get out. It is important to learn how to work while we are in college, and then we have to work harder when we get out. It is important to learn how to work while we are in college, and then we have to work harder when we get out.

Arenson's versatility of interests is a rare quality in a student. He is active in both academic and extracurricular activities, and has a wide range of interests. His leadership qualities and academic achievements have made him a valuable asset to the Institute.
Letter of the Week: Senior Troubles

What kind of Illinois Tech men do our seniors clamor to be? The center piece of our academic career is the so-called 'Senior' of the class at a meeting went ahead with the senior farewell by getting a good band and nice food for the event in a senior's career.

Yet in spite of the extra attention, many senior classes are not so fortunate. There are a number of reasons for this, and it is often the case that the senior class is not as well-organized as the Freshman or Sophomore classes. This lack of organization often leads to senioritis, a condition in which seniors become apathetic towards their studies and are more concerned with social activities.

The senior year has long been associated with the Illinois Tech tradition. It is the time when the most of the seniors have passed through the system and have finally joined the ranks of alumni. The seniors are the true leaders of the school and are often looked up to by the younger students.

Library Noise

There is much noise in the library, and some students have complained about the loudness of the crowd. However, the noise is not entirely the fault of the students. The library is a public place and it is difficult to expect complete silence.

Recognition of Contributions

The Illinois Tech Class of 1972 has made a significant contribution to the school. They have contributed financially and have worked hard to make the campus a better place for everyone.

Inspirational Notes

Robert Brown, electrical engineering major, states that his favorite memory of Illinois Tech was his time spent with the band. He says that it was a great way to connect with other students and have fun.

Robert Brown: "I loved being a part of the band. It was a great way to meet new people and have fun."
HORSESHOE TOURNAMENT

Triangle Beats Alpha Sigma Phi
To Win Fraternity Softball Cup

For the second year in a row Triangle won the interfraternity touchball tournament by defeating Alpha Sigma Phi in the final game. Fourth placed Delta Tau Delta was overwhelmed by Phi Kappa Phi in the tune-up game.

This was the fourth time the ailing coach of Alpha Sigma Phi has started the year. The first tournament was won by Alpha Sigma Phi in 1929. In the previous year they were defeated by the Phi Deltas. The Phi Kapps were too strong in the final game as they scored three runs in the first inning.

In the championship game the Phi Delta Theta team won the second inning with an error in the field by the seniors. In the last two games the Phi Deltas were unable to score any runs.

Triangle retaliated in the third inning with two more runs and went on to lead the score 4-0. On the last play of the first inning wiping out the Phi Deltas and winning the tournament.

Horseshoe Tourney Has Many Forfeits

Even though only two doubles matches were played last week, the extremely horrendous tournament continues as an affirmative event. Doubles and singles matches are the most interesting as they are considered the most difficult to play.

The scores of the two games played were as follows:

<table>
<thead>
<tr>
<th>Team 1</th>
<th>Score 1</th>
<th>Team 2</th>
<th>Score 2</th>
</tr>
</thead>
<tbody>
<tr>
<td>Triangle</td>
<td>6</td>
<td>Alpha Sigma Phi</td>
<td>5</td>
</tr>
<tr>
<td>Phi Deltas</td>
<td>5</td>
<td>Big Apple</td>
<td>6</td>
</tr>
</tbody>
</table>

A football tourney is to be played in the near future depending on the opinion of the individual fraternity leaders, announced athletic manager Ken Heil.

He also said that he had a balanced schedule which would be announced at the end of the semester. All the teams would be the same as last year. Any ideas or opinions which are gratefully received, and needed.

HORSESHOE TOURNAMENT

Chelsea Tourney

Four Teams to Play in Finals

After nine weeks of play four teams have emerged as finalists in the intramural softball tournament. They are the Senior Meos, Senior Meos, Freshman Meos, and last but not least, the Sophomores.

The champions will have been decided by Wednesday night as the last three games have been played. In the first two games played on Thursday night.

On Wednesday the Sophomore Meos will meet the Junior Meos and the Sophomore Meos versus the Junior Meos.

Last year at 5:45 p.m. the same day the winners of these two games will meet to battle for the title of the intramural champions.

In the battles to decide the fourteen teams to be in the finals, the Junior Meos defeated the Freshman Meos by the score of 2 to 0.

Earlier in the week the Junior Meos met the Senior Meos and were defeated by 3 to 2.

John J. Schenck was the most successful pitcher in the tourney.

In one season, that of 1960, he scored 276 points in 28 games, an average of 14.5 points per game. He frequently throw against twelve different teams and had a high total of 32 points for one game.

John's perfect in this tourney was probably the high point of the entire season.

Recognition of the talent which Schenck displayed is the highlight of the tourney. Any team that got a clean sweep of the tournament was the highlight of the tourney.

In the last game of the season Schenck showed his ability to carry a team.

Results Inclmod In Tennis Matches

Play in the intramural tennis tournament continued in the coming week with several rounds not being turned.

Several teams were turned in as:

<table>
<thead>
<tr>
<th>Team 1</th>
<th>Score 1</th>
<th>Team 2</th>
<th>Score 2</th>
</tr>
</thead>
<tbody>
<tr>
<td>Wilcox 1</td>
<td>6-0</td>
<td>Bill Noyes, 4-6</td>
<td>4-6</td>
</tr>
<tr>
<td>Fred Doran 2</td>
<td>6-0</td>
<td>Matt Flavin, 6-0</td>
<td>6-0</td>
</tr>
</tbody>
</table>

Fred Pascoe beat Sidney Nash, 6-0, 6-0.

Three winners advised in their bracket, and it is expected that the remaining team will be in the next couple of weeks.

All that is left is to determine one team or another in all the tourney is to be played by the outgoing pairs.

TECHNICAL NEWS

by Tom Kilgavich

Athletic activity on Capitol Field has been increased many times due to the daily contests of the intramural basketball. This season there has been a change of the old "team" to the new "league" system. The old system has been a great success, but there are many improvements which can be made.

On reviewing last week's basketball games it is noted that there were several cases where the guards were awarded free throws. This is very unfair, as it is the player on the floor who should be doing the shooting, not the player off the court who has been awarded the free throw.

On reviewing last week's touchball games it is noted that there were several cases where the players were awarded free throws. This is very unfair, as it is the player on the floor who should be doing the shooting, not the player off the court who has been awarded the free throw.

In the team of Brown Leads Rifle Team in Two Meets

Led by Leonard Brown the rifle team split their first two matches of the year. They defeated the Bower's Institute in a meet held in Chicago on September 29th and lost to the University of Chicago on September 29th. Sometimes in the not too distant future a new postal match will be held in the same manner as before.

V declined 4-6 and 5-4, Brown out-pointed all competition for individual scores.

In the double matches the winning went as follows:

<table>
<thead>
<tr>
<th>Team 1</th>
<th>Score 1</th>
<th>Team 2</th>
<th>Score 2</th>
</tr>
</thead>
<tbody>
<tr>
<td>Brown</td>
<td>6-0</td>
<td>Bower's</td>
<td>6-0</td>
</tr>
<tr>
<td>Brown</td>
<td>6-0</td>
<td>Chicago</td>
<td>6-0</td>
</tr>
<tr>
<td>Brown</td>
<td>6-0</td>
<td>Chicago</td>
<td>6-0</td>
</tr>
</tbody>
</table>

A tentative timer should be held to be held by the University of Chicago on September 29th. Sometimes in the not too distant future a new postal match will be held in the same manner as before.

With the weather becoming better as winter approaches, games have been changed to this factor. From now on all games will be played at 3:15 p.m. instead of the usual 5 p.m. that ended last week.

Very Close—Fred, Graham, left, and Fred Passer are shown above showing their rapid shots in the intramural touchball tournament.
News Bureau
Head Chosen
Frank E. Wranic has been ap-
pointed to the new post of
News Bureau Director of
the Indiana University of
Technology. He succeeds Paul
E. Ries, who recently left the
University. Dr. Wranic will
assume his duties next Mon-
day.

Wayland, who at present is
the assistant editor of the
Kontum News Bureau, is an
Indiana University graduate
in journalism. He has served
as an instructor in journalism
at both the Indiana University
and the University of Minne-
sota. Wayland was on the staff
of the American Journal of
Science for two years before
he was appointed to the
editorial staff of the Kontum
News Bureau.

Wayland will be located in
the Kontum News Bureau
building.

Cutting the Cake

For the past 11 years and 1-2
months, Mr. and Mrs. George
A. Derr, have been living in
the Kontum News Bureau
building.

Underwriters' Laboratories Examine
375,000 Products for Fire Hazards
A total of 375,000 products
were examined by Underwriters' Laboratories, Inc., during the past year
for fire hazards. The examination
was done by the Laboratory's
Fire Research Laboratory.

(Continued from Page 1)

Military Insignia for Firemen
Tau Beta Pi, the national
engineering honor society, has
been given military insignia
for firemen. The insignia is
made of metal and is of the
same type as that worn by
the American Legion.

John E. Bodner, who joined
the Army in 1941, has been
commissioned a first lieutenant
in the Army. He will report to
the Infantry School at Fort
Benning, Georgia, where he
will be trained as an officer.

From 1939 to 1941, Bodner
served in the United States
Army. During this time, he
was stationed at Fort Benning,
Georgia, and later served
in the Pacific Theater of
Operations. He was cited for
meritorious service and was
awarded the Bronze Star.

Dr. G. R. Rappes and Dr. T. V. Hug-
tings are among the lecturers. Pro-
fessor E. G. V. Andrus, chairman
of the arrangements committee
and President Donald T. Hough,
will preside at the meeting on
Thursday, November 15.

HONOR BOARD

(Continued from Page 1)

Following the address, the
Yale University President,
Dr. Charles Henry, will preside
at the meeting. The speaker
will be Dr. Charles Henry,
President of Yale University.

Dr. Henry will speak on the
importance of education and
the role of higher education.

ARF Staff Adds 2
Research Chemists

Two new men have been
added to the staff of the
Analytical Research Facility
(ARF). They are Drs. Walter
H. McGee and Dr. Harold
P. Plank. Dr. McGee has joined
the staff of the Analytical
Research Facility to head the
new chemical laboratory.

Dr. McGee has been a
member of the Analytical
Research Facility since 1946
and has served as a chemist in
the Laboratory.

Have a Coca-Cola—Soldier, refresh yourself

To soldiers in camp, from the Gold Coast to the
North woods, Coca-Cola is a reminder of what
day left behind. On "Camp Fire" in Illinois, Coca-Cola
brings the joy of home. Coca-Cola is to your
soldiers what it is to you—a symbol of a
family way of living.

Pinups Allowed Later Deadline

The deadline date of the pinup contest has been changed to October 4. This change means that only those pinups submitted before that date will be eligible for prizes. Pinups submitted after October 4 will not be eligible for inclusion in the contest. The judges will be notified of the new date and will make their selections accordingly.

Bohle Will Speak at Next ASME Meeting

Dr. Bohle, a well-known mechanical engineer, will be the guest speaker at the next ASME meeting, scheduled for November 30. Dr. Bohle's talk will cover the latest developments in mechanical engineering and will be of great interest to all those attending.

Degrees to Be Given to Allis Chalmers Employees

Allis Chalmers has announced that it will be giving degrees to all of its employees who satisfy the requirements. The degrees will be awarded at the company's annual celebration, which will take place on December 15. Employees interested in obtaining the degree should contact their department managers for more information.

Monthly War Bond Sales Total $9,300 for Y-12

A total of $9,300 has been collected in war bond sales for the Y-12 plant. This amount includes sales from both employees and the general public. All proceeds from bond sales go directly to the war effort.

Quarters #2

A new number of men in the quarters spent the past week with friends and relatives taking advantage of the newly opened quarters. Among those visiting were Jim Smith, Bill Jones, Joe Green, and Tom Williams. The men spent their time enjoying themselves and socializing with their friends.

Quarters #6

A new group of students was enrolled in the quarters recently. The new students are all from the local area and are looking forward to their time at the university. They are eager to get involved in campus life and make new friends.

“Spirit of Victory”

The American Telephone and Telegraph Company, Bell Telephone Laboratories, and Western Electric Company, continue to face unprecedented demands for telephone communication.

Armour Research Foundation Assists in Formation of Similar Kansas City Group

The Armour Research Foundation, in Kansas City, is currently working on a project similar to the one in Illinois. The foundation is providing technical assistance and advice.

Juniors Will Roast Wieners October 7

The junior men will be holding a roast of Wieners on October 7. The event will be held at the university’s alumni center and is open to all students.

Bell Telephone System

“Service to the Nation in Peace and War”

The Bell Telephone System has been providing essential services to the nation during times of peace and war. Their dedication and commitment to providing reliable communication services is widely appreciated.
