Man Of The Week

Schwemberger Serves Students
As Leader of Two Honorary Clubs

John Schwemberger, senior chemical engineer, is the new president of the IIT chapter of Tau Beta Pi, national honorary engineering fraternity. Schwemberger was elected to Tau Beta Pi in his junior year and held the position of corresponding secretary before becoming president.

Schwemberger is also a member of two other organizations, the Interfraternity Council, which is part of his responsibility to Tau Beta Pi president, and a Phi Lambda Upsilon national honor society, as well as a member of Alpha Chi Sigma, national professional chemical fraternity.

Schwemberger was born in Skokie, Ill. He came to Miami with his parents when he was only about two years old. He enrolled in Lake View high school in Chicago and graduated in 1941. While in high school, he was a member of the B.O.T.C. Officers Club and was a member of the various clubs.

... Techwoman Talking

By MEL GRACE PROBERT (Cowan), Tuesday to the President of the IIT chapter of Sigma Delta Tau, a women's engineering honorary society.

Certainly, I am proud to be a part of this institution. I am proud of the school's support of women engineers and I am proud of being a member of the technical society of the women's engineering 

Illinois Tech is doing things... and is a stimulating atmosphere in which to work.

Most schools are stressed to tradition... Illinois Tech, on the other hand, is a young school and one that all feel certain will have a future. It is not a university in terms of large endowment, but it is valued in terms of progressiveness, forward thinking. With its distinguished president and outstanding faculty, and with the Board of Trustees it is sure to develop into one of the outstanding educational institutions of the country.

INQUIRING REPORTER

What are your views?

On the recent activities of your fellow roommates? Do you use any of the many hundreds of things that don't have everyday use and that you may take delight in for the sake of someone else or other people may find amusing in you.

A/V JIM NOLAND, Sophomore

Executive of the V-2-12 program. My room is a small place but not so small that I don't feel like I have my own private world. I like to spend my time reading and studying.

A/V DON GIPPS, Sophomore

Music lover. My room is well-equipped for music. I have a good collection of records and I enjoy playing them.

A/V RICHARD HUEY, Sophomore

I enjoy sports, particularly football. I am a member of the varsity football team.

A/V CHARLES DOWD, Sophomore

Chemical engineering. I love working with chemicals and the experiments we do in the lab are really fascinating.

A/V ARNOLD ROSENBERG, Junior

Chemistry. I enjoy the theoretical aspects of the subject and the experiments involved.

Dale Harrisson of the Chicago Sun recently printed several letters from the V-2-12 program.

The letters dealt with the recent activities of the members of the V-2-12 program and the various programs they are involved in.

The Chicago Sun is a newspaper published in Chicago, Illinois. It is known for its investigative journalism and its coverage of local news.

The letter from Dale Harrisson is particularly interesting as it provides insight into the activities of the V-2-12 program and the experiences of its members.

The V-2-12 program is a student-run organization that focuses on the development of software and hardware for the V-2-12 rocket. The program is known for its innovative and creative projects.

Overall, the letter from Dale Harrisson provides a unique perspective on the V-2-12 program and its members, offering insight into the work being done and the challenges faced by the students involved.
