Total of 1089 Women Graduated As Full-time War Course Ends

One of Illinois Institute of Technology's largest wartime projects, the training of women in full-time free technical courses, has come to a successful conclusion. A total of 1089 women have completed the free training courses during the past four months, as part of the Women's Auxiliary of the Navy. These women have been trained in various fields, including electronics, mechanics, and mathematics. The program was designed to provide essential personnel for the war effort.

Man of the Week—

Leonard Brown Is Armour Eye President, "Inquiring Reporter"

Leonard Brown, junior mechanical with aeronautics option, is photography editor of Technology News and the JIT Inquiring Reporter.

Brown has been interested in photography since he was old enough to handle a camera. Born in Chicago twenty years ago and attended Crane Technical High School.

At Crane Tech Brown joined the Robotics club and became an active member of the club during his senior year. Because Brown always had a keen interest in photography, he was also a member of the Photography Club.

In his first year at Armour, Brown excelled in photography and was named the Photography Club’s assistant member of the year. When he transferred to the Armour School, Brown continued to participate in the Photography Club and eventually became its president.

Brown’s interest in photography led him to join the Armour Eye in his sophomore year. He is now president of the organization and continues to work on various photography projects.

Although photography is his primary interest, Brown also enjoys horseback riding, along with photography, and has shown promise in the equestrian arena.

With his dedication and hard work, Brown has become a recognized member of the Photography Club.

If the intramural football tournament is to continue for any great length of time, an additional rule will be needed. This is a critical situation. The present system is being rapidly exploited and it is no longer a game. The rules will be clarified and enforced to prevent the situation from becoming uncontrollable.

The new constitution includes a provision that all members of the intramural football team must abide by the rules. This provision is necessary to maintain the integrity of the tournament and ensure fair play.

In the realm of intramural sports, their teams, the Red Sox, and the Senators, display their prowess when games come along. They and their opponent demand the intramural manager’s full attention, as they are capable of carrying more than just their own weight.

The intramural manager should monitor all aspects of the tournament and ensure that all games are played fairly.

Another game is to be played with Gardner General Hospital this week. The tournament has not been arranged, but it is expected to be a good game. The manager shall give the rule cards and the time and place.

The Intramural Board shall take note of the underclassmen’s activity and attempt to follow up. If they do not hold their own, it would not be surprising if a fairly good team is formed in the hands of the underclassmen.

Two Tech News

The recent production of "The Shadow" has been a hit with the students. The story is well written and the acting is excellent. The cast is led by Mr. Smith, who plays the shadow. The supporting cast includes Mr. Johnson and Mr. Brown, who play the detective and the suspect, respectively.

The play is set in a small town where a murder has taken place. The shadow is called in to solve the case, and through his deductions, he is able to uncover the truth.

The audience is kept on the edge of their seats as the tension builds throughout the play. The dialogue is witty and the pace is fast.

Overall, "The Shadow" is a well-crafted production that will leave audiences_edges at the edge of their seats. It is definitely a must-see for fans of mystery and suspense.
LETTER OF THE WEEK: Rho Epsilon Replies

Boosie was born into a life of /*...*/rare for the average American. His parents were not the typical middle-class American family, but rather a group of revolutionary activists who lived in a small town in the south. Boosie's father was a former slave who had escaped to the north and joined the Underground Railroad, while his mother was a nurse who worked in the local hospital. Boosie was raised in a world of struggle and resistance, and it was this experience that shaped him into the man he would become.

RAYMOND F. NOVY, Junior Mechanical Engineer

The qualities I look for in a mechanical engineer include technical skill, integrity, and a strong sense of responsibility. I believe that a mechanical engineer should be able to think creatively, solve problems effectively, and communicate clearly with others. Additionally, I seek a candidate who is passionate about their work and is committed to contributing to the success of the company.

SHERMAN L. WYETH, President

The qualities that our company values in a new employee include leadership skills, a willingness to take on new challenges, and a strong work ethic. We are looking for individuals who can work well in a team environment and who are able to communicate effectively with both colleagues and clients. We are particularly interested in candidates who have experience in the mechanical engineering field.

Paul Revere Never

Becoming a hero is not just for a man; something should be done about this situation.

A. S. J. EPSTEIN, Junior Mechanical Engineer

I usually remain optimistic about the future of our company, but there are some doubts. The company has been facing financial difficulties for a few years now, and there are concerns about the future. I think it's important to attempt an answer, though. I believe that with a business plan and a strong strategy, we can turn things around.

HARLEY FLANDERS

The qualities of a woman depend largely on the type of company she works for, and the length of her employment. Depending on the long-term goals of individuals, it may be necessary for a woman to be fair intelligence. She should also be able to go beyond her usual duties.

THADDEUS J. GRABACKI, Senior Mechanical Engineer

The qualities of a man are not limited to a certain gender, but rather to one's capabilities and responsibilities.

Honorable女人

The qualities of a man are not limited to a certain gender, but rather to one's capabilities and responsibilities.
Four Senior Mechs, Junior Chems Defeated by Senior Chems

Following the defeat of the Senior Mechs, 7 to 6, the Senior Chems were widely regarded as the team to beat in the intramural softball tournament. This game was closely contested by the Senior Mechs as they led 6-1 in the sixth inning. A sudden downpour of rain, however, halted the game and the two teams were forced to begin again on Monday afternoon. The Senior Chems, led by Frank Nabors and his star pitcher, Bill Johnson, were able to overcome the earlier set-back and win the final victory over the Senior Mechs.

Fielder for the Mechs, Oden Clemens, hurled his fourth game, helping the Junior Chems to their third straight win. The game was decided in the final inning with a home run by Bob Johnson, who also hit a double earlier in the game. The Junior Chems, led by coach Bob Crane, were able to hold off the Senior Chems and win 9-7.

Scheibel Wins 5-0 Over Gardner

Winning their fourth game in their six straight of the summer season, the Illini Tech baseball team dominated the Gardner General by a score of 5-0. Scheibel was the star of the game, hitting two home runs and driving in four runs.

In the other game of this series, the Gardner General defeated the Illinois Tech baseball team by a score of 7-6. Gardner's victory was aided by a series of errors by the Illini Tech defense.

Cleaning the Eye

The Illini Tech softball team dominated the Gardner General by a score of 13-2. Scheibel was the star of the game, hitting two home runs and driving in four runs. The Gardner General was held to only two hits.

A/S Mace Elected To Band Presidency

A/S Mace was elected president of the band and Herbert Cram, of the orchestra, was elected vice-president. David Litt was elected secretary-treasurer, and John Taylor was elected manager of the band. James Anderson was elected secretary-treasurer, and Raymond Newer was elected manager of the orchestra.

Fraternity Relations

Scholastic Chosen As Seventh S&M Pledge

Hans Axelsson, freshman, has been chosen as Sigma Alpha Mu's seventh pledge. The fraternity plans to offer the senior pledge the option of being chosen as the seventh pledge.

Triangle Pledge Six Men At Last Meeting

Six men were pledged last week to triangle fraternity. The new pledges are: James Anderson, Charles Hatch, Carl Harms, Robert Harvey, William Howard, and Richard Pfeiffer.

Alpha Sigma Phi to Hold Dinner Dance

At its regular monthly dinner, Alpha Sigma Phi will hold a dinner dance in the near future. The dinner and dance meeting will be held at 8:00 p.m., Thursday, in the Hotel Sherman, 220 N. Michigan Avenue. The guests will arrive at 7:30 p.m. and will be met by the host brothers. A buffet dinner will be served, followed by a dance.

Medical Arts Guild Will Show 2 Movies

Movies in "Human Anatomy" and "Local Anesthetics" have been selected for the meeting of the Medical Arts Guild this Friday. The meeting will be held in the Medical Arts Guild in the Guild's new premises. The meeting will be open to all members of the Medical Arts Guild and to the public.

Quarter's 1
