Civilians May Enter Pinups
Winner Will Get Dance Bid to Next IIT Social

The Technology News policy has been liberalized to allow civilians at many of the events. The popular IIT socials are sponsored by the ROTC and will be open to civilians as well. This change is expected to increase attendance and make the events more enjoyable for everyone.

2023 IIT Alumni In U. S. Service

A total of 1,280 IIT men and women are currently serving in the armed forces. Twenty-two have been killed in the war. The list includes pilots, engineers, and others. The cars have a considerable impact on the United States' ability to fight the war.

Roope to Talk At Graduation

The Rev. F. H. Roope, pastor of the Central Church in Chicago, will be the guest speaker at the commencement exercises to be held on Wednesday, October 12, in the auditorium of the School of Science and Industry. The Rev. Roope was invited by Charles A. Yarbrough, dean of students.

President of Club is Re-Elected

Fred Baker has been elected president of the IIT Club. Other officers elected were: president, William C. Smith; vice-president, Martin B. Bokel; corresponding secretary, J. R. S. Brown; treasurer; E. H. J. McFarland; recording secretary.

Medal Awar ded to Alumnus of Lewis

The Silver Star for "Outstanding Service" has been awarded to Alumnus of Lewis. The medal was presented to John Smith, a former student, during a special ceremony held at the university.

Junior to Discuss Social at Meeting

The junior class will hold a meeting on Wednesday, November 1, at 7:30 p.m. Plans for another social event are being prepared.

Sorority Takes Charge of Engineer and Alumnus

Richard Taylor is in charge of the Engineer and Alumnus activities. Taylor is a member of the junior class and is proving to be a valuable asset to the organization.

New Refrigerator is Installed by ARF

A new refrigeration system has been installed in the analytical chemistry laboratory of the ARF. This system will greatly increase the efficiency of the lab and provide better conditions for the workers. The equipment was installed by W. H. Brown.

Two IIT Colleagues Give Talks to ASCC

Talks by two IIT colleagues will be given at the ASCC meeting on Thursday, October 19. The talks will cover the latest developments in the field of electronics.

Navy Dance May Be In Armonry,
Union Rules Out Medinah Club

Because of the refusal of the American Legion to allow the IIT Navy dance to be held at the Medinah Club, the dance will be held in the armory. The dance is scheduled for Saturday night, November 11.

Krieger to Address Racial Conference

Dr. K. F. Krieger, director of the University of California at Los Angeles, will speak at the International Conference on Race Relations at the University of Chicago. The conference will be held in the evening on September 19.

Sophomore Class to Meet on Wednesday

Illinois Tech's sophomore class will hold its first class meeting of the term Wednesday evening, September 24. The meeting will be held in the auditorium.
The Co-op Question

Last Monday a meeting was held between the students and the administration to decide what was to be done with the Co-op. The Co-op lease was up for renewal, and the beginning of this month saw the Co-op lease transferred. It was decided that the Co-op would continue to operate under the same conditions.

The bookstore was offered three propositions for its operation: First, it could continue to operate as a profit-making enterprise; Second, the bookstore could be transferred to the Institute, that is, rent a building or store on the university campus; Third, it could be moved to the Institute.

In other words, the school wants the bookstore to undertake a program of full-service duplication.

The first of these propositions, ending the Co-op, is utterly out of the question. The school as well as the student body is aware of this fact. The Co-op plays a definite part in campus life at IIT. It has served the student body for a number of years now. The most important thing is that the Co-op continues to provide the products of books and supplies on the south campus, as a competitive organization for the regular bookstore.

The bookstore is being moved to the new building. The building is actually the old school, where the books are now located.

At the Crossroads

Art Uhlir Is Co-op President

Photographer and Musician

Arthur Uhlir, 18-year-old junior chemical engineering student, is the new president of the Co-operative Bookstore. He has served as a member of the Co-op since his second semester at IIT. This work is done without compensation and responsibilities of being forced into a position is probably the most active member of the Co-op.

Art Uhlir was born in 1945 and attended Evanston Township High School, where he was an active member of the school photography club and was named by the Institute.

While at IIT, he was a member of the university club and the New York Daily. Although his interest in photography was not conducted until after he graduated from IIT, Uhlir started a photography club and became the active member of the club.

Art Uhlir has kept an excellent academic record, being a member of the Co-op since his second semester at IIT. He is a member of the Editorial Board of the university magazine.

Because of his record, he was employed as a helper in the photography department.

Uhlir comes to IIT on a fellowship scholarship. His major is ceramic engineering and was awarded a fellowship in ceramic engineering.

At the moment, he feels pleasure in reading material.

Techman Talking

By ALFRED C. ADKINS, Instructor in English

I am a professor and I am responsible for giving lectures about Technology. I have received a request from the students to speak about Techman Talking. This is a really good idea, and I’ve been trying to make it work. I’ve had a lot of experience in this area, and I’ve been able to make it work.

The students are a very interesting group, and I’ve been able to make it work. Unfortunately, it seems to me, the course could hold a lot of interest. Unfortunately, it seems to me, the course could hold a lot of interest.

Another week rolls around and another Shofer goes to press. Last week’s staff may have been good, bad or indifferent, but we’re determined to let it roll in style at the Crossroads. (Rah, rah, rah.) So go on the overall, up the sleeves and here’s this week’s best job of grilling.

A little piece of wood that must have stuck to the Shofer from last week comes to our attention. This is our great man, the Editor-in-Chief, with his new discovery how to keep a class from getting too long. He has told us that this technique is to him the best last Monday, and it proved a bowler’s success. We are glad to have a technique that is not too complicated for the editor.

The system consists of shoveling the editor’s note to the back of the class, that is, the conventional method of sadism: Congratulations, professor! This move should be used in advanced courses.

Talk about pull! The story of Al Wijtel, the “Professor” (1) All优秀只 from girls who can prove that they will supply him with at least ten gallons of gas an hour. Yes, they can now have Al for just a dollar.

The system is simple: Al agrees to shovel a professor’s notes to the back of the class, that is, the conventional method of sadism: “Congratulations, professor! This move should be used in advanced courses.

All excellent only from girls who can prove that they will supply him with at least ten gallons of gas an hour. Yes, they can now have Al for just a dollar.

The system is simple: Al agrees to shovel a professor’s notes to the back of the class, that is, the conventional method of sadism: “Congratulations, professor! This move should be used in advanced courses.

Come now the time to award the golden green shirt again. We are out of business, but we are out. We are out. We are out.

Do you know anybody who has been in business for a long time? I would like to know of any business that has been in business for a long time. I would like to know of any business that has been in business for a long time.

Come now the time to award the golden green shirt again. We are out of business, but we are out. We are out. We are out.

Do you know anybody who has been in business for a long time? I would like to know of any business that has been in business for a long time. I would like to know of any business that has been in business for a long time.

Keep your warm hands.

This is the message of A/B, John Brander, the editor of The Chicago Reader. He has recently said that he is going to keep his hands warm this winter.

Unfortunately, it seems to me, the course could hold a lot of interest. Unfortunately, it seems to me, the course could hold a lot of interest.

Goodbye, and good luck.
Senior Chems Drop to Tie for First Place in Loss to Freshmen

With the Senior Chem being a game in the Freshmen by forfeit, there was no game in the intramural softball tournament. However, the Senior Chem, led by a Metha and Soph-Latina with one point, defeated the Junior Chem, who was their two-game victim of the week over the Freshmen with both teams having a 2-5 record.

In the 6th to 5 rout of the Freshmen, all the numbers of the various Chem teams had a hand in making the Chem win.

The main play of the Senior Chem was the Tom-Mac, a Metha, and Soph-Latina with one point, who scored the winning run in the 8th inning. The final score of 6-5 was in favor of the Senior Chem.

In their other victory, two home runs were hit by the Soph-Latina and Junior Chem. A/C Ray Buckowski, who was the second baseman in the 5th, scored the winning run for Soph-Latina.

Tom-Mac was not able to play the winning game for the Soph-Latina.

Dr. Komarewsky to Present 2 Papers

V-12 Touchball Season Begins

The navy intramural touchball tournament will soon be up and running. At a meeting of the V-12 Touchball Tournament, two of the officers of the tournament, Ken Edwards Glenny, announced the rules for the day the tournament will get underway.

The first meeting will be held on Friday, June 15th, at 4 p.m. on the Main Quad. The tournament will feature four teams:

- Alpha Sigma Phi (A/S)
- Delta Sigma Phi (D/S)
- Delta Tau Delta (D/T)
- Pi Kappa Phi (P/K)

The standings of the teams are as follows:

<table>
<thead>
<tr>
<th>Team</th>
<th>Wins</th>
<th>Losses</th>
<th>Tie</th>
</tr>
</thead>
<tbody>
<tr>
<td>Alpha Sig</td>
<td>2</td>
<td>0</td>
<td>1</td>
</tr>
<tr>
<td>Delta Sig</td>
<td>2</td>
<td>0</td>

</tr>
</tbody>
</table>

The tournament will be held at the following locations:

- Alpha Sigma Phi (A/S): Winona Building
- Delta Sigma Phi (D/S): Delta Building
- Delta Tau Delta (D/T): Tau Delta Building
- Pi Kappa Phi (P/K): P/K Building

Cafeteria Opens at 6:30 Each Morning

The cafeteria will open at 6:30 each morning, providing a convenient breakfast option for students. It is designed to accommodate the needs of both students and faculty. The cafeteria will feature a variety of breakfast items, including eggs, bacon, toast, and coffee. The opening hours will be extended to accommodate the increasing student population. The cafeteria will remain open until 10:00 each morning, allowing students to have a healthy and satisfying breakfast before attending class.
