Class Elections Will Be Friday

All Offices Open for Election; Petitions Are Due Wednesday

Class Meetings With Present Officers to Be Held Wednesday; Candidates Will Speak

The primary election for all student offices will be held Friday, Nov. 21, in the Union. By 4 p.m. on Monday, Nov. 17; and by 11:30 p.m. on Friday, Nov. 21; Candidates’ petitions must be turned in by 9 a.m. Wednesday to "Sunny" Weismann’s office, second floor, Student Union.

Board Makes Nominations

Candidates for Honor Board positions will be voted on by each student body in the general election Friday. The all-board make two nominations for each position at a meeting Thursday.

From the previous class are Frank Olen, Illus. A.F. B. and A.J. Robert Friend, Henry Hype and Joe Teschner. These three will be chosen.

From the junior class are Bob Vokes, A.F. B.; Robert E. Hoffman, A.A.; Robert Rose, A.F. Hype and Joe Teschner. These will be chosen.

The duties of the Honor Board are to investigate the honor system. According to A.F. B., Robert Friend, the Honor Board, an average of two students are brought before the board last semester on charges of cheating on exams. The number one is expelled from school.

Four New Men Join IIT Staff

Three new faculty members have arrived at IIT in the last month. They have been working following their recent academic appointments. A. F. B. has also joined the staff as an assistant professor.

Research Group Goes to Mexico

A small group of students has been led by Godwin in 1948. This group will be led by a small group of students, who have been working in the Mexican Institute of Technology. They will be led by a group of students, who have been working in the Mexican Institute of Technology.
Start Right In

A new class of freshmen has started to get their first taste of ITech life. A friendly welcome is given to these new students, and we hope they will find ITech living up to their expectations.

Because of the war and the fact that many freshmen are veterans, an admittance to work with students is not to be overlooked. It is hoped particularly that the freshmen will take an active part in school life from the very start. Many students say that they felt that they belonged to the school's activities last year. They will probably say the same thing to themselves before graduation.

The first two years of school will be a comfortable time for many students to be lost. It is possible to attend school without being part of it, and the new students who keep their own group will find that there are many more students in the student body to be met, and they will be lost.

There is no lack of opportunity for interested students. Technology News and the bulletin board will suggest activities.

The ITIS elections will be held soon and class offices will be open. The new students' associations will likely mean a new beginning and new ideas.

See and Select

The ITIS elections will be held soon and class offices will be open. The new students' associations will likely mean a new beginning and new ideas.

For the love of the work

The Freshmen are welcome, and they are made to feel at home. They are shown around and are given a chance to see what ITech has to offer. They are told about the different clubs and organizations, and they are encouraged to join one or more.

The Freshmen are also shown around the dormitories and the dining hall, and they are given a chance to see what ITech has to offer. They are told about the different clubs and organizations, and they are encouraged to join one or more.

Man of the Week

Misch is Journalism Honorary Head and Long-time Newspaper

Three years as a member of the Technology News staff and now as an active student at Illinois Tech, he has worked hard to establish a strong and successful newspaper. Misch has been an important part of the newspaper for three years and has helped it grow and develop.

In recognition of his work with Technology News, Bob was selected for the award of the Illinois Tech's National Officers' Advisor of the Year. He is now president of the organization.

Professional journalists have drawn Misch into Alpha Chi Sigma, national professional association of journalists. In fact, he has been elected reporter of the ITech newspaper. His duties consist of reporting.

... Techman Talking

Since our graduation from ITech in 1980, I have seen enough of mankind and society to make one wonder if mankind is really so wise after all. I have seen enough of mankind and society to make one wonder if mankind is really so wise after all. I have seen enough of mankind and society to make one wonder if mankind is really so wise after all.
A Look At Alumni

From all parts of the country and globe, the Alumnus is the meeting ground of our fellow students and alumni. We join together to keep in touch and share news of each other's lives.

Letter of the Week:

Failure of Plans

Let's not have another failure of plans. I'm sure that everyone feels the same way and is ready to plan something new. Let's not let this happen again.

A Look At Alumni

From all parts of the country and globe, the Alumnus is the meeting ground of our fellow students and alumni. We join together to keep in touch and share news of each other's lives.

Lock of Books

The last book you read was so good that you're still thinking about it. You've been looking for a new book to read, but you can't seem to find anything that compares. You decide to go to the library and see what they have.

THIS COLLEGIATE WORLD

Two members of the Southern Illinois University at Carbondale football team are prescribed by Dr. J. A. L. S. and Dr. J. A. L. S. for vertigo.

With most young people now in the seventh grade, Dr. A. R. D. and Dr. J. A. L. S. would like to see more time spent on some of the college courses.

A Freshman's View of Life

At Vincennes University, a freshman named an upholsterer, "You know, they all have the same look. They all look like they're trying to sell you something."

Thekombs are the local chapter of the WCUU that was formed with joy when they heard about one of their political uninterested members who explained "I don't care. I'm voting for you to be on Yola's Style and celebrate with two colors."

Possibility of a trend is in the spending of breakfast clubs at Duke University.

The sports editor at the University at Indianapolis newspaper is very concerned about the lack of interest in sports among young people.

Illinois Tech Basketball Team
To Play University of DePaul
Toughest Schedule in Techvark History
To Begin Against Wilson Junior College
On Monday, November 29th, the Techvark basketball team will meet its toughest schedule with a practice game against Wilson Junior College.

Hockey Due to Begin Shortly
A meeting of all three teams involved in the hockey tryout is to be held tomorrow evening at 8 p.m. in the west dining room of the Student Union. The purpose of the meeting, one of the organizers of the team, A.B. John Hoffman, said:

There seems to be a lot of interest in hockey and those that turned out for the meeting held a few weeks ago. The only other returning hockey players from last year’s teams are A.B. Richard, who was the other

Alpha Sigs Cop Second Trophy
For the second time in three years, Alpha Sigma Phi won the interfraternity basketball trophy at Illinois Institute of Technology. The Tau Delta Phi and Delta Tau Phi from Illinois State University were the only two teams to participate. The cup was inaugurated in 1937 and the winners are as follows:

1937 - Delta Tau Delta
1938 - Delta Tau Delta
1939 - Pi Kappa Phi
1941 - Delta Lambda Xi
1943 - Alpha Sigma Phi
1944 - Alpha Sigma Phi

In the Alpha Sig, Tripe game the score was 42-23, and for the past two years the two teams have played the game. But the last time we had them at a

TECH SHORTS

A place on this sports page brings to light the fact that intramural intramural teams have 24 hours to go to Techvark. There is a good chance that all the intramural programs will be continued.

The intramural program previously sponsored by the ITA and recently taken over by the physical education department of the administration, was organized to heighten the student body.

In carrying out its program, it is made available to the student organizations with the addition of the equipment necessary for the activities in which the students are interested.

A bowling team of four brothers has asked us to publish its challenge that they will take on any five-man bowling team at Techvark. It is expected to be a friendly meet. The team consists of three brothers, Fred, Carl, and Paul, and a friend, John. They have been bowling for a number of years and are considered to be good bowlers.
SAM Chapter Being Reorganized Under Dutton; Meeting Set for Next Week

Under the supervision of Dean H. E. Dutton, the Illinois Tech chapter of the Student Association of Mechanical Engineers (SAM) is being reorganized. The first meeting of the organization will be held Monday, November 15, at 2:30 p.m. in 124D. All students interested in scientific business management are invited to attend this meeting. It is open to both day and evening students.

Those wishing to join do not necessarily have to be enrolled in mechanical engineering; most products of this division find a market among industrial engineers on the automotive and industrial fields. The Student members of the SAM chapter are invited to attend these meetings.

Securities Publish Monthly Magazine

The project of publishing a monthly magazine is being acted upon. The first issue will be distributed November 15. It is written by the students and is made up mainly of articles on stocks, bonds, and real estate.

Musical Clubs Ask for New Recruits

A plea is being issued by the Officers of the Musical Club for additional members. These are available in the following fields: voice (sopranos, altos, tenors), violins, cello, and piano. Those interested should contact the faculty advisor.

Tour of Industrial Plants

A tour of industrial plants will be in charge of the Students of the Mechanical Engineering Department. The tour will include a visit to the manufacturing plants of the various companies in the area.

Vets Hear Head

President Heald and Illinois Tech Vets Welcome Incoming Veterans at Conference.

President Heald welcomed all the veterans who arrived at the Illinois Tech campus on Thursday, November 12. A formal reception was held for the veterans in the Student Union Lounge on Friday, November 13.

The guest speakers included: Henry T. Heald, president of Illinois Tech; Dean C. A. Thibault, counselor for veterans; and Robert B. Leggett of the Veterans Administration.

Distinguished Inter-Racial Cooperation Service Award is Given to Dr. Richter

Dr. P. R. Richter, professor of German and French, recently received the 11th platoon of the Inter-Racial Cooperation Service Award. The presentation of the award was made as part of the program of the Inter-Racial Symposium held in Yavapai, Calif., early last month.

Among the major projects undertaken by the Foundation under Dr. Richter’s leadership was the technological development of aircraft in Japan, described in his book. The award was presented by the Board of Trustees of the Foundation during the Inter-Racial Symposium in Yavapai. The award marks a milestone in the Foundation's work to promote inter-racial cooperation and unity.

Dr. Richter was present to receive the award, along with representatives of the Foundation and other dignitaries. The ceremony was attended by a large crowd of students and faculty members from the University of Yavapai.

Quorums 2

The diary of another semester is open. Quorums 2.2, Small Change. This year, however, new MAA 2.2 have stumped with Glenn Goodman and Arthur T. Griffith in a much more leisurely way.

Quorums 2.2

The first, second, and third week of the school year have been held in the usual manner. The first week has been spent in preparation for the second week. During this time, the students have been busy with their studies and preparing for the upcoming exams.

NAVAL NOTATIONS

Sally in true sailor style has been on the move since September 1, and November 1st. She has not been idle since East Yard, New York, and San Diego have been visited. Sally is now at the American Victory Line, and is expected to leave for England soon.

In this issue, Quorums 2.2, Small Change, has been published, and should be of interest to all students.

Navy dive bombers—about to strike in each rear cockpit—raked the air, a treat for a pilot and a thrill for the spectators watching from the ground.

Buy all the "War Bonds you can—and keep them!"
