New Year's May Be Holiday if V-12 War Bond Quota Is Met

There will be no school on New Year's Day—provided the members of the Illinois Tech V-12 unit make their $10,000 war bond quota.

M. P. Anderson, executive officer of the unit, revealed last Thursday night that all naval students will be sent from classes whenever the quota is met. By the end of the week, students who had been too busy to attend classes were notified that they would be able to attend classes again.

DeBoo Wins in Senior Run-off

A. J. Dobbs defeated K. A. Davidson for the senior chairmanship of the Illinois Tech Student Association last Thursday. Dobbs, a senior, defeated Davidson for the seat vacated by the outgoing chairman, A. J. Green.

Social Activity Fee Set by ITSA as $1 per Navy Student

A social activity fee has been adopted by the ITSA at $1 per civilian and $1 per navy man. This fee will function as class dues and will be turned directly into the various classes.

Bill Rother to Spark Holi-Hop

Movie will be held in the Ball Room at 9 P.M. on Thursday, January 12th. The movie will be sponsored by the Student Council and will feature a variety of films.

Juniors to Set Social Calendar

A formal event, the junior junior line-up for the social calendar, will be held on January 13th. The event will be held at the Illinois Tech Athletic Club.

Honorary to Initiate Soon

The departmental honors will be conferred on new members of the Illinois Tech Student Association on January 14th. The event will be held at the Illinois Tech Athletic Club.

Tutoring Hours Now Arranged

The tutoring hours for the semester will be held on Monday, Tuesday, and Wednesday from 7 P.M. to 9 P.M. The tutoring hours will be held in the Illinois Tech Student Association office.

Robert Negole is Honor Board Head

The Illinois Tech Student Association has elected Robert Negole as Honor Board Head for the semester. Negole, a senior, was chosen for his experience as a member of the honor board.
A Dollar's Worth

The TSAA is now opening a campaign to invite all south campus navy students to pay a $1.00 ITSA fee. This would be used to help support the class social functions for this semester.

V-12 students should take careful note that this drive is not like the similar ones which the ITSAA has held in the past. Those others required the navy or marine allowance to cover any fines for many things which were to be given to them anyway. The students also thought that it was necessary for them to put their money for things such as sports, which were included in the amount to be paid. Those situations no longer exist.

This new fee is a streamlined Affair, set up by the TSAA. Not only is it reasonably small, but it will also be used to give the men the entertainment which they will appreciate.

This plan was instituted because the civilian organizations have never provided enough revenue for a suitable social program for the semester. Furthermore, the ITSAA felt that the situation was not as bad as many students have said.

Junior Spirit

The new junior class officers are to be congratulated for the splendid way in which they have been making plans for their social programs. Immediately after their election they began organizing the Holi-Hop, an all school dance.

This group should serve as an example to underclassmen as what is expected of an efficient class officer group. Under the guidance of A/S John Enander, the juniors appear to be having a resounding increase in student enthusiasm. In fact they are following the example of the previous senior class also very active in their junior year.

There is an indication of the new spirit which is hoped for now that the class president will be given money to spend. They will now have the proper incentive to plan such activities, knowing that there is now a monetary basis for their efforts.

Techman Talking

by DEZIE K. GIBSON, director of the Armone Research Foundation

With my collection of the Department of Electrical Engineering at Illinois Tech, inventory has been completed to present the report to the students and faculty. I am glad that the change has been made for the benefit of the campus. I extend to Illinois Tech and its students my sincere appreciation.

To the C.T., the very short notice at its disposal, I appreciate your cooperation. I am repeatedly informed of the opportunities for a first-rate student to become a student in electrical engineering. This is something that is new and important to the industry. It is necessary for students to have the opportunity to gain the necessary knowledge, particularly because they have been forced to study without adequate preparation.

In conclusion, I am grateful to the students for their cooperation and understanding.
LETTER OF THE WEEK: Open Letter to Freshmen

War en time conditions and the fact that most of us are still upon campus, may elicit a feeling of class spirit. In the last of the series, the five positions which were open for nomination, only one became filled.

It is desirable that we have

A Look At Alumni

"It's been like an old TTT coming down here," stated H. G. W. R. in a letter to the editor. "We have been waiting for something to happen."

On one of our greatest athletic affairs, the "Alumni" in the Bridgewater football season. It is the Juneau Cup, which is the championship of the Southeast Pennsylvania Conference.

Walter Scott, the winner of the TTT in football, will have a chance to play for this year's Juneau Cup. He is a member of the Juniata College football team.

Paul B. Jenkins of the Lewis University "Tiger" is the chief operating officer of the Lewis University Print Shop.

Professor Daniel Bollard, the '50, is the member of the American Legion Post 50.

Sisters of the Sacred Heart "Tiger" in football, are a group of very fine women who are very active in the community.

Norman O'Leary, '56, has been selected for the Macalester College football team.

---LEWIS DAVIDSON

III IT'S IMPENDING REPORTER

QUESTION:

What was your opinion of the late student election?

A. H. ROBERTS, FRIEND, Junior Business Administration student: "I believe the late student election was a failure. The voting was not conducted in a democratic manner. The candidates were not given a fair chance to present their views."
Swimming Team Prospects Brightest in Many Seasons

The swimming team of this year over that of last year is really a prospect, according to A/J. Tom Lechtner, one of two returning swimmers from last year's squad. This year's team will be elected shortly after the

Boxing Squad Needs Novices

In order to engage other teams, more fellows are needed for the ITT boxing squad. There are now four on the team and in 150 and 150 pounds plus classes of the society and lighter fellows are needed. Novice who are interested may try out for the position. As the members of the team will be more than willing to help new fellows in giving them advice.

Because the Big Nine is in their fifth year under the direction of Dean, the Illinois Tech boxing team has not had enough time to get on any bases with them for the future. Last year Navy Wolf was the main contestant against the ITT team, but this year the privateers will be more experienced.

At present the fellows are pushing themselves in the ring for the coming season. Golden Gloves. Last year's letterman A/J. Charlie Porter. 160 pounds, appears in the quarter finals to meet the first match by a decision and the second by a knockout.

Koci Announces IM Basketball Tourney

Entries for the intramural basketball tourney are now being solicited by instructor instructor H.E. Koc, a graduate assistant. The team will be divided into three sections. The first is for upperclassmen; the second is for junior and sophomore combinations; the third is for freshmen only. The entry blank must state the names and affiliations and also the first and second of the team.

Games will be divided into six rounds and will be governed by the basketball rules.

Tech Cagers Lose to DePaul, Overwhelm Chicago and Wilson

The superior height of the nationally known DePaul basketball team proved too much for the Illinois Tech Cagers to overcome. Despite this loss of 58 to 49 in the final score, the Tech boys did well with the DePaulers in the first half. After the Techs started the second half, DePaul scored. After several minutes of play the two teams exchanged baskets with DePaul scoring six points to their lead. The final scored was 10 to 10.

In the second round, low, DePaul Tech team stood the shock from DePaul's starting and continued to play this highly rated opponent. Despite a few minutes, the Techs were up on the DePauls three starting from start to finish.

Rechecking this second period was the 10-10 tie. However, during this half DePaul stole the ball three times in less than a minute to get DePaul ahead. Also, in the last period, the Techs scored a basket and DePaulians were stopped.

The game was better following in the DePaul's favor in the second half. With only one DePaul player low to Tech, both teams scored 36 points in the first half, while DePaul had scored 10 of 6 tech. Throughout the game, DePaulians were kept standing by the DePaul Techs.

Wrestling Team to Continue Competitions

The wrestling team is continuing its strenuous workouts, and at this point in the season, looks very well conditioned.

Due to the fact that the Big Nine meets are December 8 to make up for the various absences of DePaul, Illinois Tech has already scheduled five contests. Each of these contests is a part of the wrestling tournament.

The team plans to have a wrestling tournament against the active members of the team in order to determine the next champion of the Illinois Tech team. The match has already been scheduled with the University of Chicago, the Chicago College of Physicians and Surgeons, and the University of Wisconsin. The University of Wisconsin is scheduled for January. Complexes have been set up to 20 schools to meet the team in the Central AAU tournament.

The Big Nine have 17,000 pounds of raw and 75 pounds of raw in the team.

Koci Will Need Help on Team Names of Last Year, but is looking at the possibility of having a wrestling team.

Although a written order has not come out as yet, lieutenant Arne Sandell has let it be known that the Virginia Ball Club is invited to participate in the IMC during the basketball season. In this way all raw fellows will be able to attend the home games of the Techs. Players will be posted at the home and away maps of games in the near future.

A return game with DePaul will be played this Wednesday, November 28, at 12:15 P.M. at the Extra Ball Club. This game promises to be a test of the Illinois Tech boys as they are not to show that they can not only overcome DePaul in the second half but in the first half as well.

Due to the complete lack of interest in the intramural basketball tournament, H.E. Koci, intramural manager, has decided to discontinue this tournament entirely. Instead it is proposed to have a tennis tournament and basketball tournament.

Gas Institute Appoints Assistant to Director

The appointment of George D. Crookshank as administrative assistant in the department of the Gas Institute, announced by the Gas Institute of America, will be continued. Mr. Crookshank's duties include research and teaching work in the field of gas chemistry and economics.

Formerly research engineer for the Armour Research Foundation at the University of Chicago, Mr. Crookshank attended Harvard University, where he received his Ph.D. in science and is a member of the American Chemical Society.

Toussaint Pong Tournament Will Begin in Near Future

Toussaint Pong, a new game which was played by the intramural division of the Chicago Club, will be played by the intramural division of the Chicago Club. The tournament is to be held on March 20.
Upperclassmen Leaders

Signal Corps Girls To Sing Christmas

The signal corps girls' glee club at Lane will present a Christmas program Dec. 18 to be sponsored by the Fraternity Women's Club.

The group also will appear with the HST glee club and orchestra at the assembly hour in the Central Hotel Nov. 30.

The club has been rehearsing with O. Gordon Edwards circa a week, and under Doris Godec, a signal corps student, at other times.

The present glee club is composed entirely of signal corps girls, all of whom will graduate the first of the year. A meeting of the glee club Thursday will be for the purpose of organizing a new glee club to replace them.

Campus comments

Come on up from the crowd there should be something interesting, unusual, and entertaining. One sure way of getting a crowd is to hold a dance in the Student Union.

While your social chairman, Ben Ballew, lines up the dates, the rest of the crowd lines up the dates. But this hand- ing out of the cards is, on the whole, more than compensated for in some individuals by their greater speed of evolution and advancement of new experiences.

Common Cold Gives ITT Sick Bay Most Visitors

The most common ailment which the Navy Medical Office is confronted with is the common cold. According to Pharmacist Mate First Class L. D. Price, no cases of colds were reported in the fall, but the winter visitors still bring this enemy every day.

Fraternities

Triumph Rushes 12 Prospective Pledges

The Triumph fraternity had its rush Wednesday, November 13, at the fraternity house. There were 12 prospective pledges present at the rush, according to Lt. W. F. Whalen, the fraternity's treasurer.

Lenmore Will Assist PI Kappa Treasurer

J. Warren Lenmore was elected assistant treasurer of PI Kappa Phi at their meeting last week. This is a new idea being put into practice for the fraternity by which the assistant treasurer will automatically become the treasurer for the following semester.

Clean Sweep

The Fraternity house cleaning crew did an excellent job of cleaning the entire building. The crew was supervised by W. H. Brown, the fraternity advisor.

Dinner Table Vultures

A placing and descanting contest is going on in the house. This is the poor man's version of a chicken dance. You may call it anything you like; for writing that letter, I have enough pride in this house to be ashamed of me. The inspiration by the glee club seems to have infected the majority of the house. The music is in the form of the popular mode of music.

Election Winners

The Student Union director, Mr. W. T. Taylor, announced several changes in the Student Union office. The new officers are:

President: J. D. Jones
Vice President: R. L. Smith
Secretary: W. H. Jones
Treasurer: H. L. White

Rules of Student Union Are Revised

The Student Union director, Mr. W. T. Taylor, announced several changes in the Student Union office. The new officers are:

President: J. D. Jones
Vice President: R. L. Smith
Secretary: W. H. Jones
Treasurer: H. L. White

Faculty Women's Club To Meet on December 13

The Faculty Women's Club will hold its next meeting in the Student Union on December 13. The meeting will be at 3:00 p.m. and is open to all members.

In the meantime, the Student Union has been decorated for the Christmas season and will be open for refreshments.

Upperclassmen Leaders

IT Vets Add 25 New Members To Membership

With the addition of new members, the Illinois Tech Vets Club is rapidly becoming one of the largest and most active clubs on campus. The new members were inducted into the club during a meeting on Friday evening.

A new student program was set up to aid in the recruitment of new members who are facing difficulties with their studies.

Wade Recovering After Long Illness

Pro. Frank B. Wade, the administrator of the Armour Research Foundation, has been recovering from a long illness. He has been discharged from the hospital and is now recuperating at home.

The Armour Research Foundation has announced that Pro. Wade will return to work as soon as he is physically able. The foundation has expressed its appreciation for his service and wishes him a speedy recovery.
**ARF Directors**

Harold Vaughan (left) and Jessie Powell (right) are among those who have contributed to the success of the ARF. Vaughan is a leader in the American Research Institute, while Powell is associated with the American Institute of Electrical Engineers.

**NAVAL NOTATIONS**

**Quarters #1**

Vincent Strumelle should have been a comedian. He is the only man that can sing the miseries of a doctor’s life and not be appreciated.

The man of Quarters #2 was the only one who ever had a good idea. He always had a good idea, even if it was only to stay at home and read.

Faulkner was greatly relieved when he found that all of the bad news of the past week was true. He had been worrying about it for weeks and had no idea what to do.

It seems the Happy Hour has turned into a dull affair. At least Bert Riedel and Fred Merrick were even considering girls to the opposite.

**Quarters #2**

Quarters #2 will decide the inter-service basketball team next Wednesday afternoon at the Coliseum. The game will be between Room 304 and Room 427. Ted Judyquick explained 964, while Bill Baxley would be the man from 417.

Fred Lockley is mourning the death of his wife, Mary. He has gone to the west of all his work in the past year and he is feeling very lonely.

Bill Cheney, Jack Ewing, Glen Redden, Frank Madison, Ed Wate, and others are expected to be present, which will make the occasion very enjoyable.

**Quarters #3**

Bill McVicker is feeling well after undergoing an operation.

The quarters’ playboy, John Graham, was kicked out of college after he found his untamed dog had damaged an unknown area. He never imagined that F.G. the dog, would cause anything.

McVicker will go to Herbert Valla who almost raised the roof when he found that the flag in his bedroom was raised.

Has Graham ever given you a nickel? He is really Valla’s creation.

The problem, or rather problem, of portraits of girls passed through this house. Herbert Sebcl is the latest collector.

One Trooper is getting settled with his girl back home again. "Little Gracie" picture is very well at the house of his drawer just because "Gracie" didn’t get a letter back there.

The boys on the 3-B floor are claiming the basketball title on the merits that the team averaged for the most points than 85, even though the required number of games was not played.

Several honored have formed a fraternity club recently of which Robert Raff was elected president. A dark room and some equipment have already been prescribed.

**Quarters #4**

The Rev. and Mrs. Beyer have been the leaders of a new band. Deciding to leave the country for a year, they are on a mission of peace and understanding.

They are on the road and open ARF doors to all who may come.

---

**Student from Uruguay is Reporter and Teacher While Studying Plastics at IIT**

Ruben Theurer, a native of Montevideo, Uruguay, is studying plastics at IIT. He is a journalism student at the Institute of International Relations and he is also working for a newspaper in Montevideo.

Theurer was born in Montevideo and has studied at the University of Buenos Aires. He is interested in journalism and is currently working for a newspaper in Buenos Aires. He is also studying at IIT, where he hopes to earn a degree in journalism.

---

**Power Committee Plans EE Program**

The electrical engineering committee is planning a lunch meeting at 12:00 noon on Monday. They will be discussing the plans for the electrical engineering program at IIT.

---

**What they did in ’69 helps you every day**

When Professor Elba Gray and young Elmo M. Barnum, not long out of college, organized in 1929, the partnership later to become Western Electric, they paved the way for many developments which have become part of our daily life.

For many years, the company has been a manufacturer, purchasing agent, and a distributor for the Bell Telephone System, whose service you have known all your life.

Through telephone work, college trained men and women at Western Electric have developed many ways to make your life fuller and safer. For example, radio broadcasting—talking pictures—motion pictures, and radio and television, all of which were invented by Western Electric.

Today, Western Electric is doing its greatest job—carrying out huge quantum of electronic and communications equipment to help our fighting men and to speed the day of Victory.

When that day comes, Western Electric will return to its position as the major consumer of electronic and communications equipment to further enrich your life.
