Ready to Play

U. S. Gypsum Official Will Be Speaker at Commencement

John Banger, vice-president of the U. S. Gypsum Corporation, will be the commencement speaker when the Illinois Tech students receive their degrees next Thursday. The auditorium and will begin at 2 p.m.

A total of 25 of the 60 graduating seniors will be given special recognition. The awards will be announced during the ceremony at 2 p.m. The names of the recipients will be read out by the president.

"Snow Ball" Is Total Sell Out

All tickets were sold last week for the "Snow Ball," pep-club sponsored all school dance, which will be held this Saturday in the great ballroom of the Le Sueur Hotel. At Kirkland, superintendent, said that "Snow Ball" would be held from 9 p.m. to 1 a.m. The tabby had been greatly increased by the additional hour.

The theme of the dance was "Take Your Date to a Snow Ball." The decorations included tables, garlands, and balloons, and the floor was covered with a white carpet. The music was provided by the Illinois Tech band, and the refreshments were supplied by the Illinois Tech boosters.

Senior Tag To Be February 14

Approximately thirty-five seniors will attend the Senior Tag which will be held at 7 p.m., Tuesday, February 14, at the gymnasium. The tag will be composed of girl's and boy's teams from 10 a.m. to 10 p.m. The tag will be divided into two divisions, and the teams will be determined by the results of the previous matches.

Dr. Chamberlin Sponsors Discussion Group; Levin Elected to Chairmanship

Dr. Chamberlin, chairman of the department of electrical engineering, has organized a discussion group among the faculty. The group will meet regularly to discuss problems of mutual interest.

AIEE Gathering Will Be Held February 2

All students in the department of electrical engineering are invited to attend the annual meeting of the AIEE on Tuesday, February 2. The meeting will begin at 7 p.m. in the auditorium. The guests will be the speakers of the AIEE.

Maguire to Return Soon to Navy Pier

Lt. A. J. Maguire, medical officer of the Illinois Tech V-15 unit, will report to the year book in Navy Pier from which he was detached. Lt. Maguire is a graduate of the Illinois Tech school of medicine, and he will be in charge of the medical services at Navy Pier.

All School Sing Is Wednesday; Class Competition Main Event

Plans for the all-school sing to be held Wednesday at 11:15 a.m. in the gymnasium have been completed by H. Gorden. The school class competition provides the opportunity for students to display their talents.

Tau Beta Pi to Consider Men

The Tau Beta Pi fraternity is considering the possibility of admitting women to its membership. The fraternity has received a number of requests from women who are interested in joining the fraternity. The fraternity will vote on the matter at its next meeting.

Freshman Scholarships Awarded to Nine Chicago High School Graduates

Nine high school graduates from the Chicago area have been awarded scholarships. The awards were presented by Dr. C. A. Trubell, dean of students, and two faculty members for two terms starting in March.

Movie Assemblies Assured in Future

Winners in the state's high school film festival were announced by Dr. C. A. Trubell, dean of students. The winners were announced in the first assembly of the school year.

Dr. Chamberlin, chairman of the department of electrical engineering, has organized a discussion group among the faculty. The group will meet regularly to discuss problems of mutual interest.
Exercise at ITT
Considerable agitation has been present recently on the campus concerning exercise and athletics. The feeling seems quite strong and the complaints increasing generally that there is a lack of opportunity for proper physical exercise.

The men who have returned from the service feel that they should be able to keep themselves in good condition. The new freshmen notice the absence of gymnastic work which they had in their high school days.

It is an indisputable fact that regular exercise is conducive to better academic work. Now, a new attitude has come to the state where citizens get to be more careful of their health. They get to be more careful of their health.

No longer do they let themselves go when they feel they need a rest. They try to improve the situation they are in.

Facilities should be provided for students to exercise and learn new sports. It is particularly important that engineers learn sports which will be of help to them in the future.

The sports facilities should be maintained and the students encouraged to take an active part in them.

Honors Board succeeds
The honor system here at Illinois Tech again will be in place after seeming to have passed its low ebb. Under Chairman A/S Bob Noguera the "feel-good" policy of the board seems to be having some effect toward discouraging illiterate cooperation. However, there is still a great deal of cheating going on. Nevertheless, cheating seems to be diminishing as time goes by. The reasons for the reductions can be found among the students, for the student frequently involves himself in the process.

The Navy Yard in Chicago is to be opened to the public. This will make it possible for the students to work on some small experimental projects.

Techman talking
"I have been in the Navy Yard for two years, and I have learned a great deal from it. I have learned a great deal from it."

A/S Bob Thurston Ranks High In Scholarship and Activities
Scholarship and sports activities put A/S Bob Thurston, senior in mechanical engineering, into the spotlight this week.

As a result of his outstanding performance, Bob holds the presidency of the student chapter of the American Society of Mechanical Engineers and Pi Tau Pi Sigma, national mechanical engineering honorary.

Thurston returned from Ohio, where he graduated from Case Institute of Technology and is now a graduate student at Ohio State University. During his high school and college years, he continued to participate in both the social and academic organizations.

Thurston is the son of Mr. and Mrs. J. C. Thurston.

As for his future plans, they are quite well defined. After graduation in June, he will be transferred to a reserve midshipman’s school where, after the two-weeks’ study, he will be commissioned as a second lieutenant.

When asked if he expected to go to the Ohio yard to participate in the building of the first ship, he replied, "I don't know, but I'm sure it will be interesting."
A Look At Alumni

Chesapeake, VA, has been appointed as Assistant to the Chief of Projects of the West Coast branch for the Pennsworth Television Co. He entered the radio engineering field in 1928 and during the succeeding years he was extensively active in territorial and district management.

"They put a little gray in it," he said, "and I am the target of the community when we want to get two other."

His new position is that of the "gray" and work the little gray ones.

William Lackner, ME, 94, has been appointed as Assistant to the Chief of Projects of the West Coast branch for the Pennsworth Television Co. He entered the radio engineering field in 1928 and during the succeeding years he was extensively active in territorial and district management.

"They put a little gray in it," he said, "and I am the target of the community when we want to get two other."
Illinois Tech Swimmers Lose Close 45-39 Meet to Iowa
Final Race Decides Outcome of Meet; Pizzini Takes Scoring With 11 Points

Defeated in the final race of the meet with the University of Iowa, the Illinois Tech swimming team lost its second meet of the season, 45-39.

Predicting the final race, the Tech swimmers were in favor of Iowa. With 5 points for the victor and 4 for the runner-up, the odds were 4-1 against Iowa.

The time another man A/B Whitby Parran hit the water, Steve Henley, David Bemrose, was already serving in the lead. With Whitby's faster paddling, victory was in sight as far as the Tech swimmers were concerned. But then it turned to a game of chance.

A 1-0 decision was the part on the side of the judge against Illinois Tech gave the race and the meet to Iowa. Pizzini, champion swimmer, was a new name to the University of Iowa.

High scores for the Iowa meet were won with 11 points and A/B Ian Johnson with 8 points total. Iowa .was able to claim a tie with Tech, 11-11. Iowa's stroke was as usual taken by three swimmers, and Tech's stroke was unmatched at the distance.

Independent Team Seeks Competition

The Outcast, an independent team, defeated Quarters 35 on January 26th with a score of 14-8. Tech won 1 point in total with 36 points.

Most of the team's victories included: George Marsh, (1st); Rick Thuer, (2nd); Joe Ingraham, (3rd); John Cascio, (4th); and Bill Gates, (5th). Thuer, (6th) and Ingraham, (7th) were the most outstanding, each gaining an additional point in the meet. Ingraham claimed his 4th consecutive victory in 11 seconds, while Gates claimed his 5th consecutive victory in 8 seconds. Both swimmers were outstanding in their respective events.

In the longer events, Pizzini, Venecia, and Dennis won. But even with Pizzini's 19 points, Iowa still won 11, 11-11.

Tech Swimmers Suffer Defeat

The Tech swimmers were defeated by fighting Westmont teams on January 30th by a score of 18-10.

Two members of the team, forward Steve Henley, and Tech's swimming manager, were defeated by Westmont teams. In the longer events, Pizzini, Venecia, and Dennis won. But even with Pizzini's 19 points, Iowa still won 11, 11-11.

Techswimmers Win Sixth in Row; Defeat Chicago Radio 58-37

Winning their sixth game in a row and the tenth for the season, the Illinois Tech basketball team rode over Chicago Radio 58 to 37 in a game that saw the regular playing only half a game. Even at A/S Norm Hawkins and A/S Red Grable, leading Tech's offense, collected 12 and 13 respectively. In the other half, A/S Fred Laidig led the victory with a display of story shooting, scoring 44 field goals a total of 44 field goals. For the Rangers, A/S Joe Muno led to the offense with 43 points and in 18 seconds.

Four Teams Remain in Play

No games were played in the interscholastic basketball league last week.

The only change in the standings came on the appearance of the Siberian Fruit and Nut on the Siberian Fruit and Nut, scoring 5 points in the league.

In the other game of the week, Junior Chen, son of Junior Chen, defeated Siberian Fruit and Nut, scoring 8 points in the league.

In the longer events, Siberian Fruit and Nut, Siberian Fruit and Nut, Siberian Fruit and Nut, Siberian Fruit and Nut, and Siberian Fruit and Nut won.

The three teams remaining in the tournament are the Siberian Fruit and Nut, Siberian Fruit and Nut, and Siberian Fruit and Nut.

The three teams will remain in action this Wednesday morning and afternoon as scheduled.

Lab for Mechanics Research Organized

The organization of a mechanics and automation research laboratory is now in being at the University of Illinois, and the first week of the research has been spent in planning.

The laboratory will be in charge of D. H. Holdsworth, head of the department of mechanical engineering, and the research will be under the direction of J. H. L. LeClair.

Dr. J. H. L. LeClair has developed a number of new ideas in the field of mechanics, and the laboratory will be a center for the advancement of the science.

Elevator Operator

At Lewis Leave After Three Years

Joseph McClellan, known to all as the Lewis elevator, has left for a three month trip overseas. He will be away from August 15 to November 15. During this time, the elevator will be supervised by Mr. John Smith.

Senior Biographies

Slow In Returning

The return of the biographies forms from the graduating seniors, especially those in engineering, is lagging. According to A. F. McCleary, senior officer of the Lewis Engineering society, the biographies will be returned to the engineering society by the end of the month.

Home Economics Class

Displays First Project

An evening clothing class, Miss M. B. Miller, assistant professor of home economics, has displayed a new fashion project in the Home Economics building. The project is a modern and fashionable design and is aimed at meeting the current fashion trends.

Urgent Need of Infantile Paralysis Fund

Stressed by Tom Seilheimer of Lewis

The fact that the Infantile Paralysis Fund pays for all hospitalization, sanatorium, and nursing care for any sufferer under this program, makes it possible for John Seilheimer to solicit funds for the benefit of others.

Senior Campus News

October 15 is the deadline for the submission of senior biographies. Biographies should be submitted to the Department of Engineering.

Whale Speaks to Vets on Problems

John White, director of Vets, spoke to the veterans of the University on the problems of the veteran today.

Original Integral Prints

To Be Sold to Students

The Department of Mathematics is printing original integral pages which will be sold to students.

Junior Winterland Stag

Shows Inter-class Spirit

The Junior Winterland Stag, held at the Union Building, was a great success. The attendance was over 500, and the room was filled with people.

Acompanimos... Have a Coke

(John 18)

...or how to be had in Puerto Rico

In Puerto Rico, yes, for Puerto Rico or Coca-Cola is a necessity. The drink is a favorite among the locals and is sold at a reasonable price.

Robert Smith

Chairman of Coca-Cola Company

Coca-Cola Bottling Co. of Chicago, Inc.
Many Scholarships Open to Students

Several scholarships are available to students. The Philomathic Society has contributed funds for a scholarship, and the National Society of the University of Pennsylvania has established a scholarship in honor of the late Dr. J. A. Biddle. The Phi Kappa Psi fraternity has also established a scholarship in memory of its late president, Dr. E. T. Walker. The Alpha Phi Omega fraternity has established a scholarship in honor of its late president, Dr. E. T. Walker. The Phi Alpha Theta fraternity has also established a scholarship in honor of its late president, Dr. E. T. Walker.
