Heald Elected WSE President
Serves Two Years As National Vice-Presy

President Heald was elected associate se-nator for the Western Society of Engineers (WSE) at the 41st annual meeting in Chicago in April. Vice-President Howard Johnson will serve as national vice-presy.

$300,000 NROTC Building is Added to Building Program

An NROTC building has been added to the Illinois Tech postwar NROTC program. This building will comprise a permanent part of the Navy's second NROTC program, which is the process of expansion and development.

Lt. Blake Undergoes Appendix Operation

Lt. A. W. Blake has successfully undergone a major surgical procedure at the Wesley Memorial Hospital. He suffered an acute attack of appendicitis on 3 a.m. Monday. Lt. Blake was rushed from his home by ambulance to the hospital and was operated on at 9:30 a.m. He was out of the hospital on the same day.

Senior Class Announces Plans; Reunion Will Be Held in 1950

The 48 Senior Class meeting held last Friday yielded considerable information, a jewelry announcement for the 1949-1950 season, and advanced plans for the 1950 reunion. The meeting was held in the Memorial Day, announced plans to meet at 36, Memorial Day, noon, and on the basis of the meeting, the arrangements have been made according to the wishes of the class. All members are urged to attend.

V-12 May End at IIT in 1947; 128 Men Will Be Graduated

The V-12 training is scheduled to leave IIT in February, 1947. The V-12 program is an excellent opportunity for engineering and other students to acquire valuable professional experience.

Dr. Freud Addresses Freshmen Students

Dr. R. E. Freud, head of the chemistry department, addressed a group of freshmen chemistry, chemical engineering, and the engineering students at an important lecture on Monday afternoon.

New Levels Dean

The senior chemistry classes will meet on Memorial Day.

Pledge Seven, Journalists to Pi Delta Epsilon

One Girl Among the Aspirants to National Journalism Honor

Seven persons have been invited to Pi Delta Epsilon, the national journalism fraternity, which was presented today to Dr. J. A. Dykeman, president. They are Elizabeth Blakely, Donald Albert, A. W. Franklin, A. B. T. Brown, A. B. Larry Johnson, A. B. George, and Robert Jones.

The new pledges will have a special pledge week designated by IIT, during which time they will be required to meet copies of all student publications of Illinois Tech. The purpose of the activity will be to acquaint the members with the organization, according to A. B. T. Brown, pledge master. The pledge period will be followed by an initiation and banquet to be held on Saturday evening, June 3.

Honorary Electrical Initiates Seven Men

Kappa Nu, honorary electrical fraternity, formally initiated seven men yesterday at Macy's Grill. The members are A. B. Herbert, B. E. Baldwin, A. F. Stoddard, E. E. Black, W. F. Stoddard, and A. A. K. A. Jones, the chairman of the engineering department, and 60 other students were on hand.

Among those present were: Vice President R. H. Noe, R. E. Morse, and J. B. Van Horn.

Freshman Spring Swing Postponed Until August

The spring swing is postponed until August 15. It will be held during the final week of the spring semester. The event was held on June 15. Class rings will not be available to eligible seniors until June 15, according to B. H. Van Horn, class secretary. The rings are being made of high-grade sterling silver, and are expected to be available for pick-up at the Student Council office.

A. B. T. Brown, editor of the Daily Illinois, is responsible for the swing.

The natural text of the document contains a mix of news articles and announcements, covering topics such as technology, engineering, and student events. The articles include updates on the NROTC program, a lecture by Dr. R. E. Freud, and announcements about student initiatives and events.
**Man of the Week: Martinko Ends College Career After 5 Terms on Tech News**

George W. Martinko is being pledged into Pi Delta Epsilon, the national honorary engineering society, to make a presentation and to be given the honor after starting work of Technology News five years ago.

It is in the Navy Air Corps that holds the number one spot in the field of aviation, making it possible for young men to pursue their dreams.

Martinko is from Youngstown, Ohio, where he attended high school and was a member of the school football and track teams. He also plays the piano and is a member of the National Honor Society. In his spare time, he enjoys reading and playing sports.

**Techman Talking**

R. L. Yellis, Instructor in Electrical Engineering

One of the outstanding achievements in the engineering field is the development of a new and improved industrial process. This advancement is further improved by the close cooperation established between IT and industry.

My correction notes were sent to the engineer at the University of Illinois, which is located in an agricultural area. Although this location is very interesting to the engineer, it is very little to offer to the engineer. Our pictures of the field of growth is very important from the point of view of the engineer. The engineer is also a member of the National Honor Society.

A Look At Alumni

"Some plans in the Pacific, ITT training may be going on," wrote Newton W. Sturtevant, class of 1912, of the occasional letters he received from classmates. "I don't have the time to be writing to you very often, but I'll try to remember you every chance I get."

In the fall of 1943, Sturtevant was serving in the U.S. Navy in the South Pacific. He had been assigned to a transport ship in the South Pacific and was on a mission to deliver supplies to the troops on the island of New Guinea. The mission was successful, and he was able to return home safely.

Sturtevant was a member of the Class of 1912, and he had been very active in alumni affairs. He had served as president of the alumni association and had been a frequent contributor to the school's alumni magazine. He was also a recognized alumni leader, and his contributions to the school were greatly appreciated.

The column is dedicated to the memory of Alfred W. Sturtevant, a distinguished member of the Class of 1912, who passed away on October 15, 1966. He had served as president of the alumni association, and his contributions to the school were greatly appreciated.

Hope

A S. Robert Sodaro's father is a director of the Clarity Opera Company. . . .

The Clarity Opera Company was formed in 1920 by a group of amateur opera enthusiasts. The company was founded by a group of amateur opera enthusiasts and was based in Chicago. The company's first production was "The Tales of Hoffmann," which was performed in 1921.

The Clarity Opera Company was known for its high-quality productions, and it was a popular attraction in Chicago. The company was later renamed the Chicago Opera Company, and it continued to perform until the late 1940s.

CLIFFORD OPERA

The Clifford Opera is a semi-professional opera company based in Chicago. The company was founded in 1945 by Clifford M. Lincoln and was later renamed the Chicago Opera Company. The company's first production was "The Tales of Hoffmann," which was performed in 1921.

The Chicago Opera Company was known for its high-quality productions, and it was a popular attraction in Chicago. The company was later renamed the Clifford Opera Company, and it continued to perform until the late 1940s.
Senior Mechs
Beats Qts. No. 1

The sports editor was all the way in getting the Senior Mechs to a victory, as the only intramural softball team stacked up seven runs. Although they collected six hits, the 11 home runs were enough to make up more than one run in all seven innings of play. However, the ten runs the 11 runners scored in the first inning outmatched the total number of runs scored by the opposing team. The game was played at 4:00 PM on Saturday, May 11, at Appleton College. 

Other games last week were also
Raymond Baldwin and Alf Meier contributed the home batting and Art Harris to home runs. Of course, the hitting for Quarters 31, When Niklowicz had a hit off Bill Aablen winning the second game of the series, the winning pitcher and Roy Rahmlehman sparked the Mechs in hitting.

The following games last week were one
because of修辞错误

The Intramural Softball Schedule
Monday, May 9

Junior 5 vs. Quarters 11, East Field
Tuesday, May 10

Art vs. Geier, West Field
National 2 vs. South Field,
Quarters 2 B vs. North Field
Sophs. P.O.O. vs. Butler College, West Field
Friday, May 13

Both at Butler College, West Field

Remaining Themes On "How Good I Am" By Honor Athletes

The San Francisco Chronicle has a new field house, and I have the honor of being the new manager. Yes, I have the honor of being the new manager. I have the honor of being the new manager. Mr. Weisen, my vise president here in Mountain View, is the same Mr. Weisen, my vise president here in Mountain View, is the same Mr. Weisen, my vise president here in Mountain View.

Ronald G. Ferguson

Tennis Team

Tennis Team On Way to One of Their Most Successful Seasons

With five straight victories to their credit, the Techawk tennis team is currently the highest aggregate on the ITT campus.

After meeting Lawrence University on May 11, the Techhawk team had pushed up to first place among the top five teams, with five straight victories. The boys had all but one player at this point.

Tennis Team Splits; Win, 7-0; Lose, 4-3

The Techawk team sailed into the top five last week by defeating Cornell College, 7-0, and losing to Lawrence University, 4-3. Duke Adams, who has yet to doubt his tennis-playing capabilities, could not show up for the match in Appleton. Nevertheless, in so doing, they've all or ever a victory.

Bad Harman will attempt to destroy two opponents simultaneously this season at four different courts. One, composed of Jerry Hunt, Mike Vogt, Bill Cannon and Gene Hilleman, will have Westmore College in the 7th base, also. But two doubles teams, made up of Alvin Weissen, Jim Tandy, and Phil Maguire will challenge George Williams on the sidelines.

11M Golf Tournament

Finals Set for Sunday

The 11M golf tournament will be held on the Appleton course in three weeks. This time, three straight flights, a basic on balls and an entry for four-price, were won by Rice. Rice claimed a long trip and won by 14 strokes. Against Western Illinois, their total was 3.8. Leading bowls for the Techhawks were Murphy and Willet, both three bobbers in the top ten in the tournament.

INTRAMURAL SOFTBALL SCHEDULE

Saturday, May 8

11M vs. Quarters 31, East Field

Tough!

Tech Rocks in Golf Finals with Lawrence-West, Mich.

In their recent scheduled games, the Techawk golfers played host to Western Michigan and the Michigan State University, winning both triangular meets and by scores of 39 and 31, respectively.

Bernard Knudsen, assistant coach, was building up his team for the 11M Tourney, which is scheduled for May 26. Bernard was the coach of the Techawk team that won the 11M Tourney last year.
Biochemist from Columbia Speaks to Sigma Xi Meeting on Blood Complement

Dr. Michael Heidelberger, professor of biochemistry at Columbia University, spoke at the regular meeting of the Sigma Xi Chapter held in Memorial Hall on Tuesday, May 26.

The meeting was also attended by Dr. W. W. Kimball, research professor of biochemistry, who also addressed the members.

Bids for IFC Dance Are Still Obtainable

The bid for the IFC Dance will be held on June 6 at the M. & M. Club of the Merchandise Mart. The dance will be held from 7:30 p.m. to 1:00 a.m. and will be held open to all students.

Knee to Heart Jazz

The Knee to Heart Jazz Band will be held on June 8 at the M. & M. Club of the Merchandise Mart.

Placement Bureau Offers Graduates Many Positions

Through the placement bureau at Illinois Institute of Technology, each June graduate this year has received between 25 and 50 offers for employment. Graduates of the Illinois Institute of Technology have been in high demand in recent years, and this year's届毕业生 are no exception. The placement bureau has been successful in finding employment for all of the graduates, and has received numerous offers from various companies across the country.

Scouting Executive Addresses Fraternity

John T. Smith, executive of the national council of the Boy Scouts of America, spoke to members of the Omega chapter of the national council of the Boy Scouts of America.

Delta Tau Delta Plan Senior Farewell

Delta Tau Delta plans a senior farewell trip to New York City. The trip will be held on June 1.

Electron Microscope Photos on Exhibition

Growing interest in the electron microscope has caused the graphs taken under high magnification by members of the staff of the IIT electronics laboratory to exhibit photos. These pictures include the photo of the beam on the third floor of the physics building. Professor H. W. Schumacher, director of the electron microscope research, says he plans to submit new papers at regular intervals.

For the best girls.
