Appoint New ESMWT Head

Government to Holt
Brocking of Program

Simultaneous announcements re-
vealing that Professor H. M. Winch has been appointed head of the Illinois Tech ESMWT program and that the government will discontinue its sponsorship of the program throughout the nation as of June 9 were made today by President Henry T. Heald. Though the government will no longer span the program, it is quite possible that many of the units will be incorporated in the evening school curriculum. These will be of college-level status in the case of the ESMWT, will not offer college credit.

Winch, who has also been appointed director of the evening school of the School of Engineering, trained in the techniques of the war effort. He is a graduate of the Illinois Institute of Technology. His appointment adds to the overall impression of the Illinois Tech ESMWT program as one of the outstanding in the country.

Link Bureau Dates to Be Available for Navy Ball Dance

Last week, with the month of August, the Illinois Tech ESMWT program was made available for the Navy Ball dance. The Link Bureau was set up to handle the details of the dance in order to assure a successful event.

Quarters No. 1
To Close July 1

After July 1, Quarters will no longer be available. This decision will be made effective in the V-12 quota by the War Production Board, as announced by the late President of the University of Illinois. The Illinois Tech ESMWT program is one of the outstanding in the country.

NROTC Instructor to Report to IIT Unit at End of Term

An instructor in the Illinois Tech NROTC program is scheduled to report to the IIT NROTC unit on July 1. It is expected that the instructor will be assigned to the Illinois Tech NROTC unit at this time.

Three Senior Mecs Will Speak Before ASME Friday

Ray Boldt and A/S John Keating, both Illinois Tech graduates, will give talks to the ASME Friday at 1:30 p.m. in the auditorium. Both are graduates of the Illinois Tech program and will be receiving bachelor's degrees in engineering.

Co-op Bookstore

After more than three years of serving ITT students, the Engineer's Cooperative Bookstore is disbanding.

If you look into the history of this organization, you'll find that in October 1941, the movement for formation of the bookstore was begun with the idea in mind to reduce the expensive connection with the purchase of college textbooks.

This organization has functioned effectively until recently, when due to lack of student interest the present members of the board decided that a vote by the stockholders for dissolution was advisable. This vote was carried out and was taken to place, but it was observed that only a small percentage of the stockholders did actually vote.

The question that immediately comes to one's mind is, "How many students really support this organization?" To find the answer, one would have to refer to the constitution of the Co-op.

But where is the constitution? Apparently not in the possession of any of the officers. If any democratic organization decided upon itself to disband, they should do so with the approval of at least two-thirds of the membership. The Co-op, however, decided upon the members' action.

It seems that something shady is going on within the administration of the bookstore. They may legally be in existence, even after they close their doors.

Maintenance

Miss Earl, the maintenance department for keeping the campus in a very good condition, will readily agree to this statement. She is determined to reduce the difficulties that oppress them.

Even though ITT is located in one of the most beautiful sections of the country, it appears as though it were a ray of sunshine in comparison with the other surroundings. The credit for this ray of sunshine is due entirely to the women who are continuously planting, shrubbery, trees and landscaping the lawn. Another great cause of worry is the men who live in the dormitories and the women who live in the town houses.

Even though they have overcome many obstacles in beautifying the campus their real work is the task that is passed on by the men who are continuously planting, shrubbery, and landscaping the lawn. Another great cause of worry is the men who live in the dormitories and the women who live in the town houses.

Dance Club ??

Steam Shovel

This being the eighth week of school, it means that half of the semester is over. Which also means that your troubles are doubled and you have two less to get through. This should be fair warning to the P. D. O.

Enough of this eager-beaverism, the real time must go on.

A. S. Lawrence, acting chairman of the steering committee, has met a very beautiful girl named "Cindy" at the Service Men's Gun Club last night. A. S. Forest, manager and Unlike the others this woman was not interested in the gun. She was interested in A. S. Lawrence, acting chairman, who was introduced to her by a friend of his. Cindy was very pretty and he thought the meeting was a tremendous success. He is now planning to see her again this week and is very much hoping for a second date.

Man of the Week

"Pretty Boy" Larry Johnson Active in IIT Campus Life

A/S Lawrence Johnson, eighth term engineering student, has led a wide range of active social life at IIT, while maintaining the highest scholastic average.

In his senior year at Main Hall, he served as the class representative and was a member of the IIT. During his senior year, Lawrence was appointed as the chairman of the IIT. He has been active in all of the IIT affairs, and has been a member of the Executive Committee of the IIT Student Council, and has been a member of the executive committee of the IIT Student Council.

Larry has been an extremely active social life both as a social event and as a student. During his senior year, he was placed in Y.M.C.A. and started his freshman schedule in one of the main halls of the IIT. He has been active in all of the IIT affairs, and has been a member of the Executive Committee of the IIT Student Council, and has been a member of the executive committee of the IIT Student Council.

Larry Johnson, a senior in the Electrical Engineering Department, is one of the most active students on campus. He is a member of the IIT Student Council, and has been a member of the executive committee of the IIT Student Council.

... Techman Talking ...

Paul Roskind, News Bureau and Sports Editor,

Although I'm not sure exactly what it means with Chicago's rain and cold after six days we have in the campus I'm beginning to feel a little like a wet semester freshman. Chancing your flight of Charlie Longstaff's death would probably give you a run of second thoughts.

My work here at Tech thus far has certainly been interesting for a couple of reasons. I'm privileged to belong to the importance of both publication and thecoma. As far as I'm concerned, I'm having a dewy good time.

The work in the news bureau, dispensing publicity and responsibility on several subjects, could be financially, a great deal of trouble. Nor is there anything like the news business about it. I'm having a good time, but I can't say that it's a great deal of trouble.

"Walks in the cold..." I'll have to give the credit for that to my parents... I mean my parents...

"If you have been an existing member of the IIT, and my head-end-job typing is running past as newspapers and books are flying by."

"Walks in the cold..." I'll have to give the credit for that to my parents... I mean my parents...

"If you have been an existing member of the IIT, and my head-end-job typing is running past as newspapers and books are flying by.

Dear Editor:

I am in college of your letter of April 4 and April 10. I am impressed by your beautiful handwriting. Very young.

From all indications it appears that Pick is made happy.

The BSS of Triangle fraternal, Bill Albinson, has been received into the IIT particular circle in the last few months by myself and some other boys. They seemed quite content with their newly collected Triangle house.

The apartment of the Triangle fraternity at 935 S. State Street is flanked by the News Bureau and the Sports Editor's office. The office is divided into two parts: the news bureau and the sports office. The news bureau is divided into two parts: the news bureau and the sports office. LETTER OF THE WEEK: Home Band for Navy Bolt

It seems that there are many doubts regarding the ability of the band to make a successful trip to the Gaylord Corporation of Syracuse, N.Y. We believe that it is the band's aim to be a wholesome and entertaining group, and that it is not necessary for the band to win any competition. The band's travels are for the benefit of the students and the community.

One of the many questions raised is, "Will the Gaylord Corporation actually sponsor the band's trip to the Gaylord Corporation of Syracuse, N.Y.?" We believe that it is the responsibility of the Gaylord Corporation of Syracuse, N.Y. to sponsor the band's trip. The band's performance will be judged by the audience, not by any organizers or sponsors.

Harry, a member of the band, has been working hard to prepare for the trip. He has been practicing his trumpet playing and has been working on his vocals. He is confident that the band will perform well.

A Look At Alumni

Sigma Alpha Mu fraternity received a letter from Lewis Davidson, P.E., who now lives in Venice, Calif. Davidson is a member of the Sigma Alpha Mu fraternity and he has been a member for over 50 years. He has been a successful businessman and he has been very active in his community.

Mr. Davidson wrote that he has been in contact with the fraternity for many years and he has been a strong supporter of the fraternity. He has been a strong supporter of the fraternity and he has been a strong supporter of the Sigma Alpha Mu chapter at the university.

Mr. Davidson also wrote that he has been in contact with the fraternity for many years and he has been a strong supporter of the fraternity. He has been a strong supporter of the fraternity and he has been a strong supporter of the Sigma Alpha Mu chapter at the university.

This month is dedicated to the farm girl. We hope you haven't forgotten the little farm girl who always went out with the little farm boy because the girls weren't tall enough to ride a bike. "Who was that on the phone?"

Brendan: "Just some sailor with the wrong number, he wanted to talk to you." "The wrong number" Brendan: "Alpha Phi, I'll ask you for dinner, but the cars are occupied." "A sweet young thing from the school" "Say, listen, do you have the time" "Sure, but who's going to hold the horse?"

Sr. Mech Rally Defeats Qts. 1
Rain Postpones Games; Schedule Is Same

Due to the inclement weather, only one game was played last week, with the remaining games this week postponed. As a result, the Chicago State and Illinois Tech teams are considered in the top division of the Chicago State and Illinois Tech teams. They have already established a lead in the standings. The weather is expected to improve this week, allowing for more games to be played.

COACH BERNARD
SONNY WEISSMAN

Weissman, Scholar and Coach
Just Plain "Sonny" to Students

The big cigar followed by the little man has been a tradition at Illinois Tech ever since his appointment as boxing coach back in 1932. Known to students, faculty members and fans alike as "Sonny," Bernard Weissman is well on his way to becoming a legend in the sport of boxing. He is known for his strict training methods and his ability to guide his fighters to victory.

Pledges to Honor 1
Expound on Stellar Athletic Qualities
Athletes from Illinois Tech were taken from the "How to Be a Boxer" program. The question of whether one can be a scholar and an athlete was addressed.

Tachawks Drop Close Match to Ohio State
New Officers Elected

The Tachawks lost a match to the Buckeyes on April 30 by the score of 90-2 to 52. A/B/A, Waly, who was high scorer with 14 points, led the team, while J. Bobo had a score of 104 for Ohio State.

Tech Loses To Beloit, 4 to 2
The Tech campus lost its second game of the season to Beloit, losing 4-2 to the Buckies. Previous losses to Bethany and Marquette have combined to win the series. The team is currently at a 2-4 record.

Golfers Win Over Bradley 6½ to 1½
With the recent emphasis on summer activities, the golfers have been practicing throughout the week, preparing for the upcoming tournament.

There have been numerous incidents occurring last week's story about the town results in the year of 1934. Madisonville and Mr. Peterson informed us that a game would be available to keep the team in condition if enough interest was shown by the student body. Coach "Red" reviews the honors from the season to date and discusses the chances for the upcoming tournament.

The match was played on the 18th hole at the Bradley Country Club, and the Tech team was led by junior Bob Peterson, who scored 62 for the season. The matches will be played on May 28 against Western Illinois University, with the winners advancing to the regional tournament.

OTHER SPORTS

The basketball team enjoyed a successful season, winning 22 of their 25 games. They were led by senior captain Sam Johnson, who scored 14 points per game. The team advanced to the regional tournament, where they were defeated by the Illinois Tech team for the state championship.

SUNKIST PIES

Are Served Exclusively In The

IIT Cafeteria

Greetings, brother... Have a Coca-Cola

...or initiating a new subject of Neptune

Everybody enjoys a moment of good nutrition. What better thing than a Coca-Cola? Try a refreshing 10-cent Coca-Cola now. It's the family drink that suits everyone.

GOD BLESS AMERICA - THE HOME OF THE BRAVE.
Navy Students Will Join ITSA

Poor navy will be given a chance to join ITSA members this year. Navy students will be able to join ITSA membership this year.

Installation of X-Ray Laboratory is Rapidly Nearing Completion

The installation of a new X-ray laboratory in the fourth floor of Upper Hall was recently announced by Dr. Edward Holmes, head of the Department of Physics. The laboratory will be a part of a General Electric X-Ray equipment unit, and will be used for research and educational purposes.

IFC Dance Features Bill Rother June 2

The spring IFC Formal Dance has been indefinitely set for June 2. Toenail Dance, held in the Naval Academy on April 30, was attended by nearly all of the members of the IFC. The dance was opened by the members of the IFC and was followed by refreshments.

A/S Seager is Head of Alpha Phi Omega

John Seager is the new head of the Alpha Phi Omega chapter on campus. He has been active in campus affairs and is well liked by his fellow members.

NAVAL NOTATIONS

Quarters 1

The quarters mix is at least a month. The bright green hedges and flowers on the roof are fully bloomed. The sun is rising, and the blue sky is visible. The view from the window is beautiful.

Quarters 2

John Marshall Graham, III, once again distinguished himself by getting the highest grade in the class. He has been working hard and has shown great improvement.

Quarters 3

Gary Turner is the head of the Blue House on campus. He is well liked by his fellow members and is active in campus affairs.

Quarters 4

All freshmen who wish to improve their dancing technique will be tutored by Mr. Rea and Mrs. Whacker. These two are the best couple.

Quarters 5

Mr. and Mrs. Johnson celebrated their twentieth anniversary last Sunday with a party in their home. The guests were given a tour of the house and were entertained with music and refreshments.
