Lifted Curfew
Aids Navy Ball: 300 Bids Sold
Change Starting Time To 9:30; Probable End Is 1 A.M., Says Wright

Perry Hall, May 14, 1965

The Navy has lifted the curfew early this evening so that the 300 bids for tickets to the Navy Ball, which were due to be in at 8:30 p.m. today, will be cut down to 9:30 p.m. instead of 8:30 p.m. and will not until 1:30 a.m. when the ball has started. It will be possible that the dance will be extended to 1:30 a.m., and F. Wright, chairman.

The lifting of the curfew, early this evening by F. W. Penn, Director of the Office of the Police, was announced to the student body, there have collected a list of students who have been unable to attend the dances. This action was taken by F. W. Penn, Director of the Office of the Police, after seeing the crowd outside until the crowd appeared to be too large.

Many Mothers Entertained at IIT's Annual Spring Concert

Approximately 330 people of students enrolled at Illinois Institute of Technology were feted Friday evening at the annual spring concert of the campus music club.

A/8 Trent Kamper decided the theme of the concert by signing the introductory musical number, "Mother O'Mine," after Dean John E. Groth had welcomed the audience to the IIT concert.

Carbon Tests Near Capping

The physics department is nearing the completion of its study of carbon-14, which is being conducted by Dr. Albert E. Groth and Dr. Albert E. Groth, both of the IIT physics faculty. The study is being conducted to determine the amount of carbon-14 present in the earth's atmosphere.

Preparatory work on the study has been under way since 1959 by Dr. Albert E. Groth and Dr. Albert E. Groth, both of the IIT physics faculty. The study is being conducted to determine the amount of carbon-14 present in the earth's atmosphere.

Dr. Lundy to Discuss Noise and Its Effects

Dr. H. O. Lundy, chairman of the physics research at Illinois Institute of Technology, will discuss "Noise and Its Effects" in his lecture at the ceremony, which will be held at 9:30 a.m.

"The physics department is nearing the completion of its study of carbon-14, which is being conducted by Dr. Albert E. Groth and Dr. Albert E. Groth, both of the IIT physics faculty. The study is being conducted to determine the amount of carbon-14 present in the earth's atmosphere."

Professor Thomas J. To Replace Dr. Reed During Coming Year

Prof. M. A. Thomas, of North Carolina State College, will take over Dr. Myers B. Reed's position as department chairman for the coming year.

Hornbeak's Jazz History Ready for Distribution

The demand for Dr. H. L. Hornbeak's book, "Jazz History," has been very heavy because of Dr. Myers B. Reed's position as department chairman for the coming year.

In recent years, the book has been in demand because of Dr. Myers B. Reed's position as department chairman for the coming year.
No School Spirit

Last week's issue, January 24 issue, who is now in the army, visited the campus and the upperclassman's question in his mind was to find out the burning place of the old school spirit. He wanted to know his last respect. The only answer we could offer was that there has been any of it around the campus in a long while. No one seemed to know what had happened to it.

In the first place, with the influx of V-12 students and the Army's call, any histories or traditions, school spirit has become virtually extinct.

The V-12 fellows, aside from those who attend IT as an elective course, don't seem to be very interested in their education. They wouldn't much rather have been sent to some of the larger colleges or universities in the country because of the wonderful surroundings and so on. They were sent here for a definite purpose, and that was to get a top flight education, and in so doing, be able to serve their country in a greater capacity later on. If things don't go to suit themselves, they gripe to one another instead of bringing their complaints to some one or group of people who might be able to help them. If every student's duty is to find out why things are as they are.

The civilian student, mainly the freshmen and sophomores, fail to take an interest in school affairs because they feel the draft board breathing heavily on their necks and in perhaps a month or two, they will be gone.

Typical example of the point we've been trying to drive home is the current intramural program. Norm Schmitt has done his best to make it a success by placing notices around the school and the response has been terrific. A total of thirteen teams, four senior, and three junior, entered. Games and times were given郎 the already crowded sports page, and other one or the other team showed up ready to play but not both simultaneously. The result was a complete failure, one of the biggest in the history of the school, and an extreme lack of interest on the part of the student body.

The freshmen failed to show any interest in class elections and much time was spent in persuading them to run. Several weeks ago the baseball syndicate played Coonrod on Green Field. Student spectators numbered more than in the turns were all V-12 students.

Some will say that the only valid reason for not keeping sports alive at all is to benefit the part of the student body which is enrolled in school organization, and students who are unable to compete in these various sports should take pride in their accomplishment.

The name of the game is to get rid of the old school spirit and replace it with a new one that is more in keeping with the times. The only solution is to schedule games that are off of the "I don't care" attitude.
Illinois Tech Baseball Squad Loses to Western Michigan, 8-0
Krupa Drives Homer Over Left Field Fence; IIT To Meet Shore Patrol Here Saturday

Illinois Tech's baseball team lost its third game in a row to the powerful Western Michigan nine, 8-0, Saturday.

Soph FO's Rout Beavers 14 to 10

Baby weather and a lack of enthusiasm part of the team resulted in the playing of the baseball tournament.

Running up a basketball score, the Illinois Tech team pushed the Beaver's score to 14-10, winning the game 14-10.

The Techs scored five runs in the first inning and added nine more in the second and one in the third.

The game was played on the Illinois Tech campus and was watched by a crowd of several hundred.

Three IM Tournies To Commence Soon

Nora Schultz, Intramural man ages, announced the beginning of the three IM tournies.

The tournies will be held on the Tech Campus and will be open to all students.

3. Plugs Best Sammies in Inter-Frat Game, 14-4

In the first of the three IM tournies, the Techs defeated the Plugs, 14-4.

The Techs scored five runs in the first inning and added nine more in the second and one in the third.
