Publication will be resumed as usual the next work with distribution of copies on Tuesday morning, December 25. Also, there will be no issue of the Armour Tech News until January 7, because of the Christmas Holiday.

Father of Armour Student Killed

The father of Robert Corbett, E. 93 '35 of Delaware, Iowa, was immediately told his son's death last Tuesday. Robert left for his home immediately.

According to the DePauw Telegraph-Register, "the accident occurred while Mr. Corbett was returning home in his automobile. Traffic was the proximate cause, the car having had an accident apparently due to too fast speed on the road, just west of the Trinity Church. The driver and his companion were thrown from the car and seriously wounded. The doctor at the scene of the accident said that the car had evidently been thrown from the road late in the afternoon or early in the evening last Tuesday and that the two men were not hurt seriously. The body of the deceased was sent to the hospital and he was immediately operated upon.

To anyone who has not re-

School of Nursing Information: must be placed at once upon receipt.

Peebles Writes on Heating Materials

Professor C. E. Peebles, contributing editor of "Bending, Flying, and Air Conditioning" has published an article in the January issue of the American Heating Engineer which makes a strong recommendation for the "heating code" as a means of improving the heating and ventilating systems of buildings. Peebles has been a member of the Heating Code Institute since its organization in 1926, and has been active in all phases of the development and extension of the code.

Since publishing his book on heating, ventilating, and air conditioning, Peebles has been active in the development and extension of the code. He has been a member of the Heating Code Institute since its organization in 1926, and has been active in all phases of the development and extension of the code.
Frosh Head Siren Call Near Undroso

Life is just one other extremity away from another, and there is no other way to express it. The frosh head siren, or call near undroso, is a way to keep the froshes close to the frosh head. It is a signal that the froshes are close to being ready to leave.

Daily Paper Features Armour Graduate

An article in the Daily Paper featured Armour Graduate, who has been accepted into the University of Illinois. The article highlights his achievements and experiences at Armour.

Roosevelt Road Bridge

A bridge was built over the Roosevelt Road, connecting two areas of the city. This bridge was a major engineering feat.

Mathematics Society Accepts Paper by Prof. Tack

Professor V. R. Tack, of the Mathematics Department, has accepted a paper for the Mathematics Society. The paper is titled "The Mathematics of the Roosevelt Bridge."
Gridiron Scheme Ready

Representatives of Armour's ten teams will meet this afternoon for the purpose of drawing their inter-fraternity bowl tournament schedule. The Armour Gridiron Bowl is the first inter-fraternity bowl tournament in the city.

"That's Weldon, director of the Gridiron Bowl," says Armour dormitory President, who is also chairman of the committee which arranged the tournament. "We have an interesting bowl tournament with ten teams and I hope it will be a success."

The Armour Gridiron Bowl will be held at the Field Club and the games will be played on Monday, December 16th. The games will start at 4:30 p.m.

Practice has already started for the Armour teams. The management of the tournament is the charge of C. H. Deane, Inter-Dormitory Basketball Manager.

Inter-Fraternity Schedule Ready

The Armour Gridiron Bowl is organized under the management of the Armour dormitory, and is a result of the recent successful practice of Armour dormitory basketball. The purpose of the bowl is to give the Armour teams a chance to compete against each other in a series of play-offs.

The Armour dormitory is divided into two divisions: the Armour and the Inter-Dormitory. The Armour division consists of ten teams, and the Inter-Dormitory division consists of five teams. The teams are paired off to determine the final winners of the tournament.

The games will be played at the Field Club, and the final winner will be decided by a best-of-three series. The games will be played on Monday, December 16th.

The Armour Gridiron Bowl is sponsored by the Armour dormitory and is open to all Armour students. The games will be played on Monday, December 16th at 4:30 p.m.

Syracuse Basketball

The Syracuse basketball team has completed its first meeting and is now preparing for its first game. The team consists of ten players, and is coached by Assistant Coach, who has been appointed to assist Coach in the preparation for the upcoming season.

The Syracuse basketball team will play its first game on Saturday, December 14th, against the Washington University team. The game will be played at the Field Club, and the winner will be decided by a best-of-three series.
