SIGMA ALPHAS MU

The Sigma Alphas Mu fraternity will hold a dinner-dance at the Shreveport Hotel on Friday evening to celebrate the 60th anniversary of the chapter from the Sigma Alphas Mu fraternity. This event in the past has been one of the most unusual of the evening's events, and there are many indications that the dinner-dance this year will be no exception.

The fraternity is planning a midnight supper party for the benefit of those whose names may suffer from the terrific drought produced by a preceding storm. The idea was suggested by Mr. Palmer, who is one of the most active members of the fraternity.

**TRIANGLE**

The range of Triangle has recently been transferred to the west of the state of Kansas, and the branch is now under the care of the Triangle fraternity.

In the Armour Bulletin appears the announcement of Philip B. Huntley, M.D., of Armour, who has joined the Armour fraternity of the University of Chicago.

McKINLOCK DROPS SECOND GAME TO ARMOUR CAGEMEN
Tech Wins Close Contest in Last Quarter; 26-24

HOSPITAL IS EASILY

Tech was defeated by McKINLOCK of the southern for the first time in its history at the 8th Regiment Armoury. A Tech squad which had remained unscathed throughout the season, was bested in the final period.

The second Tech loss of the season was not unexpected, however. Between the hospital line and the Tech line, McKINLOCK enjoyed a decided advantage in both line and backfield.

The Tech team was held to six points in the first half, which was the total Tech could manage against the hospital line. Tech line was held to 16 points in the last quarter, which was the total Tech could manage against the hospital line.
