875 students enrolled in Night School had last Friday night, and many more are expected to register this month according to Dr. V. Perry. Last year only 879 enrolled in the first week, but this was more than doubled in the next week.

As the limit of present capacity allows only 1200 Night School students, the Dean Perry stated that he expects to see numbers of interest continue to grow and expects to extend the night school program completely filled this fall.

FRESHMEN ADVISED AT FIRST ASSEMBLY BY SCHOOL HEADS

President hransformer Informal Challenge to New Members

The first assembly of the year for the Class of 1938 was held last Thursday to the Armour Manned when Doctor Raymond and Dean Prize and Palmer made the welcome address to the incoming freshmen.

Dean Raymond stated the fact that the year's work is the school to help the students in helping themselves. He also initiated an informal challenge to the new students, urging them to belong to the class by their last fall.

Armour Tech News

Miss Jane L. Forrest

It is with deep regret that we announce the untimely death of Miss Jane L. Forrest, the thirty-year secretary of the Armour Institute of Technology. Miss Forrest was beloved by all who knew her. She was always kind and helpful, and her presence will be greatly missed.

The family requests that all donations be made to the Jane L. Forrest Scholarship Fund at the Armour Institute of Technology.

Carl H. Johnson

A brief biography of Carl H. Johnson, an instructor in Fire Protection Engineering at the Armour Institute of Technology, is provided below.

Johnson was a graduate of the University of Illinois, where he received his Bachelor of Science degree in Engineering. He then went on to work at several major firms in the fire protection industry, eventually founding his own company. Johnson was known for his expertise in fire prevention and his ability to communicate complex ideas in a clear and understandable manner.

The family requests that all donations be made to the Carl H. Johnson Scholarship Fund at the Armour Institute of Technology.
NEW FELLOWSHIPS FOR ARCHITECTS TO BE OFFERED

SIGMA ALPHA MU

To keep in step with the present trend, the Sigma Alpha Mu fraternity has moved into their new quarters at 1000 S. Michigan Ave.

Armour Grad Flies Pontoon

We clip the following from the "Pilots" magazine:

A tale of clipping by B.E.C. Robinson reveals one of the dramatic aviation incidents of the day. A celebrated aviator, after a successful flight, returned to the landing field. The pilot, who had been a hero of many a romantic story, was wrapped up in a blanket and was sitting in the cockpit. He was talking to his wife about the perils of aviation and the dangers of flying. "When the Turbulence Is High," she said, "it is a collection of short stories that are a bit truer than the average."

Armour takes flying instruction with continuing air services

"At the Municipal Airport where the air trails of the city and the state meet, Continental will train you on new planes with air conditioned cockpits, instructors that know how to instruct, and a minimum of ground work.

For full details write or phone: CONTINENTAL AIR SERVICES, INC., 229 SOUTH PARK WAY, CHICAGO, ILL. (A. L. S.)

Three button suits—barred or rolled to the second button are favored in both Eastern and Western Universities. Many men will wear two button peaked lapel suits.

CORONA BROWN will be the outstanding color (in five shades of the tobacco leaf). Grenadier blue, Prussian grey and Bechus (wheat) shades will also be popular.

WORSTEDs or CHEVIOTS are the popular fabrics and the preference is also decidedly for solid colors or subdued stripes and patterns.

TECH PRODUCES CHAMP BASEBALL TEAM LAST SPRING

Sport Seminary Recalls Record of '29

When it comes to baseball, Armour men are not averse to the record of '29. Unavoidably, Techites are naturally enthusiastic about the triumph of the most formidable ball team in the history of the Seminary, and well deservedly so. During the season, Techites had an opportunity to witness the valor and skill of the players. Many good games were played, and the Techites were able to appreciate the value of victory, as well as the thrill of defeat.

The season started with a bang, as the Techites took on the defending champions of last year. The game was a close one, and the Techites had to dig deep to come out on top. The next game was against Willard School, and it was a thriller. The Techites emerged victorious, and the season was off to a great start.

As the season progressed, the Techites faced several tough teams, but they were able to hold their own. The game against the University of Chicago was particularly memorable, as the Techites were able to edge out the visitors with a comeback in the bottom of the 9th. The game against Willard School was another close one, as the Techites were able to come out on top in extra innings. The game against the University of Michigan was a heartbreaker, as the Techites were unable to hold onto their lead and lost by a single run.

The Techites finished the season with a record of 12-6, and were ranked among the top teams in the country. The season was a testament to the skills and determination of the Techites, and they were able to bring home a victory that will be remembered for years to come.
