Dec. 8 Chosen For IFC Dance Welcome Given Sorority Girls

The Interfraternity Council decided that all the girls belonging to the newly formed sororities would be welcome at the IFC Dance on Dec. 8. The officers of the new sororities members of the various IIT fraternities. The IFC Dance will be held at the Sky Athletic Club from 9:00 p.m. until 1:00 a.m. Coady Lyon's band is scheduled to supply the dancing music for the event.

Editorial content includes:
- **Technology News**
- **Yearbook**
- **Book-of-the-Month Club Picks Anthology by Dr. Wagenknecht**
- **PI Nu Epsilon Plans Semester's Affairs**
- **Students To Be Served Turkey**
- **Publication Schedule of Tech News is Changed to Tuesday Mornings**

**Yearbook** - "Shades above are the students who were being just for positions on the various clubs. Among those shown are: Porter, Guy Herder, Hope Johnson, Fred Brown, George Ramsdell, Betty Jordan, El Baker, and David Wolfe,干, chair of the Interfraternity Council, president of the Interfraternity Council, president of the Interfraternity Council, and editor of the Interfraternity Council.

**Book-of-the-Month Club Picks Anthology by Dr. Wagenknecht** - "The Whistle-Stop Book of Christmas Stories," edited by Dr. Wagenknecht. The book has been chosen as the Book-of-the-Month Club dividend of the month. The book begins with the story of the birth of Christ, and then goes on to tell how the story of Christmas is celebrated in different countries. The book is divided into six sections, each of which tells a different story about Christmas. The sections include stories about Christmas in the United States, Christmas in Germany, Christmas in France, and Christmas in England. The book is illustrated with black and white pictures of Christmas scenes."
Class Elections

Recent elections at IIT's bid fair to be the most active since pre-war days. An early tabulation of the number of petitions last week showed over 1200 signatures on them. Several freshmen organizations have also submitted an event that has been conspicuous by its absence in previous elections.

The bid fair, traditionally held before school meetings, continues to attract new members. Many organizations have been formed during the last few weeks, and new men are expected to join.

Man of the Week

Mickey Gilden, Senior EE, Leads in Campus Activities

Bowing in the spotlight this week is that fellow with the planning personality, Mickey Gilden, the "Man of the Week." Gilden, who was an IIT exhibitor, heads the School's north side. He is chairman of the junior high school activities committee, and has been active in the SCAF (Student Council Association of Firemen) organization.

Gilden is a member of the IIT Student Council and is active in the B.O.T.C. After graduation, he attended Illinois Institute of Technology, where he received his B.S. degree in 1939.

Gilden has been actively interested in student affairs since his early college days. He has been a member of the Illinois Institute of Technology Student Council and is currently serving as its president.

Gilden is a member of the Alpha Kappa Psi fraternity and has been active in its affairs. He is also a member of the IIT Engineering Society and has been active in its activities.

How About a Junior Week?

One of the most popular activities on campus in previous years was the Junior Week held during the spring term. Back issues of the Integral and Technology News show how the entire school was captured by the entertainment planned for this week.

During Junior Week festivities present quite a lively scene. They include picnics, barbecues, bonfires, and other social activities. These events are traditionally enjoyed by the junior class.

Report has it that some of the upperclassmen were not too "early to bed." Several of them were spotted in the dormitories until well after midnight. This was due to their desire to enjoy the Junior Week activities.

The "Biddle of the Week" was selected by Prof. J. W. Biddle, director of the School of Fine Arts. "He was the one in his class who had the best handwriting," said Prof. Biddle. "He has a very good eye for detail, and is an excellent draftsman." Prof. Biddle also noted that he was very popular with the students.

Pref. M. C. Wainwright has won the accolade of the English class for his pronunciation of the pronunciation test, which he passed with flying colors.

Although the same old stenographer remained, the controls have been handed over to a new operator whose work is in full bloom. The operator, who has been discharged, is now working on the newest model of the paper shredder.

The use of the shredder has caused a great deal of worry among the students, who are concerned about the waste paper that is produced during the course of the school day. The operators, however, have been able to reduce the amount of waste paper by using a special kind of shredder.

Colleagues building programs are getting in on the act, too. A team of IIT students has designed and built a small model of the same shredder. They hope to sell it to other schools.

The "Business" section of the paper has been killed, and it is hoped that this will be the last time that it is killed.
**LETTER OF THE WEEK: Goods on Campus**

The girls who come over from Lewis are literally the forgotten women. When it was announced that Lewis was going to move, everyone talked about it; but the girls from Lewis were forgotten. However, once they, they...

**EXTRA COURSE**

Now that the ITY Campus is completed the student body might be a little more careful of their money. Any ITY student who is interested in the above statement can purchase an ITY octagon for $1.50. It is made of heavy cardboard and adorned with a rubber band to hold it together. It is a great way to keep track of your belongings.

**FRATERNITY OF ENGINEERS**

Looks to Promising Future

Tri-Alpha fraternity is known as a "Fraternity of Engineers." Most of the members are engineering students, but it was felt that this creates a more common bond between the brothers. Tri-Alpha was founded in 1906 at the University of Illinois. The name "Trig" is apparently derived from the fraternity because of the signification of its members' secret doings in the basement. The fraternity was first organized in 1903, and later it was expanded to include students from every engineering.

**NAVAL NOTATIONS**

A/V A. 8. W's workman never goes on Sunday night liberty. With a small population, this would be true. Nearby, the musical clubs held their weekly meetings. Among these were the Towering Mop, the speaking-voice choir, and the American Legion.

**QUARTERS #1**

A number of students from Quarters #1 are active in the musical clubs. Almost every week, they perform a musical number, and their talent is apparent.

**EMINENT PHYSICISTS TO SPEAK AT PHYSICS ASSEMBLY**

The ITY Physics Society held its first meeting of the semester during the week of October 15. At this meeting, the club was presented with a new speaker. The speaker, Dr. Robert Evans, discussed the latest developments in physics.

Techawk Cage Squad Opens Against U of C Maroons Dec. 1
Thirteen Straight, Record of Last Year; Team Faces Support for Fourteenth

Taking their first victory of the season and eager to add to the thirteen game winning streak which culminated last year, the Techawk basketball squad is preparing to invade the Barn for the University of Chicago on Wednesday. The appearance has not been as yet, a place at the starting lineup. It is planned to put on a good deal of physical pressure which has been going on for two weeks.

After a tough season, Freshman team, "Bunny" Weisman usually brings in a lot of the best players in the history of the game. The Techawk will be able to demonstrate the toughness of the last two seasons which brought a total of 23 victories against seven defeats. The team is still awaiting the arrival of Coach "Bunny" Meyer before shifting into high gear.

Reports from the Midwest indicate that the Techawk-Mansion field will not be as lively as it was against the Maroons in the past. This is due in part to the fact that the team has not played in the past three years, which has caused some interest from the student body. John Schricker and Jack McCormick have been appointed the captains of the team. The selection of the team will be announced on Wednesday morning, which may be announced on the bulletin board. The selection will be made by the student body, encouraging them to come and back the team.

The Techawk cage squad is the six-out average of the Techawk basketball squad in the past ten years:

Techawn Fast 102

The Techawk cage squad is due to start the season Saturday, December 1, against the University of Chicago squad. Freshman contact points this year as one of the big games of this year. It will be won four of six games against the Maroons in the last five years.

The Techawn is 13-4-2 overall this season and the all-time mark of 43-20-5 in the past five years. It is expected to win the game on the court in the past five years. It is expected to win the game on the court in the past five years. It is expected to win the game on the court in the past five years. Staff Members of IGT Bowl Weekly

A new football league, called the "USC" football league, is being organized on the campus. Composed of men and women from various clubs of the Institute of Gas Technology, it opened its sessions Wednesday. Weekly meetings are held, usually including light refreshments and socializing opportunities. The league is open to any group interested. For further information, contact the Gas Technology Student Alliance at 151 South Wabash, office of the League's activities.

Team members are chosen on a handicap basis. Individual prizes will be awarded for the highest average points total and "standing" teams will be awarded for the highest total points. For further information, contact the Gas Technology Student Alliance at 151 South Wabash, office of the League's activities.

Western Electric
SOURCE OF SUPPLY FOR THE BELL SYSTEM

Hockey Draws Nineteen Men

Nineteen men reported to Coach Blaine Lister at the beginning of the hockey team. Their names are compiled from the following list:

A game with the University of Illinois has already barely scheduled. Coach Lister was trying to book games with St. Louis, St. Paul, and others. For further information, please contact Coach Lister.

During last season's mayor event several teams went behind the Chicago Bears. The ticket was available at 10:00 p.m. at 1:45 p.m. This gives us a lot of the way the game was made up by their three.

No Dance Club Wednesday

There will be no dances this Wednesday because of the Thanksgiving weekend. It was announced last week. The club will meet next week in the second of the Tuesday club regular weekly meeting.

Last Wednesday, the club did not because of a change given by the administration. It was held on the second floor of the Union. The students were invited to attend.

NEW TELEPHONES

Full speed ahead on the biggest peace-time job

TODAY, everything you can think of Western Electric is carrying thousands of new telephones for the Bell System.

But it takes far more than just telephone service to provide service. It takes cable, central office equipment and many other complex items that cannot be produced and fitted into the telephone system. And, of course, production is steady growing.

Western Electric, supply unit of the Bell System, is hard at work on the biggest peace-time project in its history. Focusing attention to meet the System's immediate needs - and to carry out the System's 1950,000,000 year-program - produced record peace-time volume and a high level of employment.

By all the Western Electric engineer's standards the next few months are going to be a busy one.
Service Fraternity Elects Committees

The president of the Service Fraternity, which oversees the activities of the various service organizations on campus, has announced the election of new committee members. The new committee members are:

1. Robert Smith
2. Sarah Brown
3. Emily Davis
4. John Anderson

The election of these new committee members was announced during the Service Fraternity's weekly meeting on Monday evening. The new committee members will be responsible for organizing and overseeing the various events and activities of the Service Fraternity.
