Jim Brophy Selected New Editor-in-Chief

Managing Board Chosen
Bill Burkhart to Hold Managing Editor Post

Jim Brophy, senior electrical, was recently elected editor-in-chief of the Technology News and will head the new managing board of the student newspaper. This position had been held by Alain Graf, retiring editor. Serving on the managing board this term will be Bill Burkhart, junior chem eng, as managing editor; Robert Helfer, sophomore BEE as business manager; Howie Berman, junior civl, as news editor; Alain Kralik, senior civl, as feature editor; and Church Harder, junior, as sports editor.

Brophy was the most active of the junior students on the campus as attested by the many organizations of which he is a member. He is now co-editor of the Intelligencer, student yearbook, member of Pi Kappa Phi, Sigma Chi, Alpha Sigma Nu and Phi Eta Sigma. Bill recently was elected to the Tau Beta Pi, high-technology engineering honorary society.

A returning veteran, who served on Technology News during last year, Jim Burkhart is managing editor for the first time in his second year in the college. A former feature editor and is a junior business man at the University, he is a leader in the professional papers.

Heal, starting this second semester in the capacity of business manager, is also a junior business man. Joe is vice-chairman of the University Senate, a member of the Bursar Committee, and a leader in the professional papers.

Kralik has served as the student editor of the paper for five terms, holding four editorial positions and will be editor of this term, the fourth term for the second term under our system. Al is president of Tau Omega, president of the ACM and holds offices in Tau Beta Pi and Phi Omega Pi. Howie is a member of the Alpha Sigma Nu. Al also is a member of the Associated Students of the College of Arts and Sciences, and was a member of the Associated Students of the College of Engineering.

Chief of Staff looks over the top of the active students on the campus. He is starting his third term as sports editor, editor, Harder is a member of the Associated Students of the College of Engineering, and is an editor of the Associated Students of the College of Engineering.

The election fee for this term is $1.50. Monthly dues are $1.50 per month.

Journalism Classes Offered Students Interested in Writing for Newspaper

The new class in journalism is open to those students who are interested in writing. "Get to the heart of the matter and the news -" this is the policy of the new class scheduled for next Wednesday night at 7:30 p.m. in tech room 107. A senior in the article, who is a member of the Associated Students of the College of Engineering, and is an editor of the Associated Students of the College of Engineering.

The class is open to all students interested in writing. The class will meet weekly and will be conducted by the instructor according to the new period established for the class. It is imperative that all interested students submit their class information to the instructor on time.

The credit received in class is acceptable as English elective toward any degree. The completion of both journalism classes is $125 and $18 is the only requirement to receive credit.

Alumni Memorial Hall

The anniversary of the Alumni Memorial Hall was the first day of classes of the first year of the new campus. The room is located on the second floor and is used as a meeting place for all alumni of Illinois Tech. Anyone is eligible to take part in the dedication ceremony, which will take place on October 20 at 2 p.m. The dedication will be followed by a reception in the hall.

ITSA Elections For Officers is This Friday

Chairman Johnson asks that nominations for New Officers Be Made

The call for nominations for the new administration of the Technology Student Association was released this week. The nominations will be held on Friday, October 20 at 7:30 p.m. in Memorial Hall. The call for nominations is open to all students of the college.

Congratulations

Congratulations, Mr. Kelly and cohorts, from the entire student body at Illinois Tech.
The class registration which is currently completed by
the registrar's office is undoubtedly the most ef-
fective ever conducted at Illinois Tech. An over-
whelming majority of students asked desired
classes, and the fact that few students required
registration actually was a pleasure.

Civilian registration, which was con-
ducted in the Student Union, was a disas-
ter over former registrations. The Student
Union eliminated travelling between build-
ings to pay bills, get class cards, department
approval, etc. The numbering system, es-
cially developed, also proved invaluable, in
deleted confusion and saving time. Navy regist-
ration was equally well executed. Instead of numbers,
manyuses were reported for registration al-
phabetically.

Dean Jack White and Ed Arends are also to
be congratulated on the efficient and well or-
culated registration of veterans, freshmen, and
transfer students. The adviser system, under
the direction of Dean White and Arends, em-
abled the new students to become familiar with
Illinois Tech in all phases-scholastic, athletic,
and social.

For several sessions Technology News has
been fighting for more efficient registration.
The recent registration far surpassed the ex-
pectations of the staff. In view of the large
number of students registered, Mr. Kelly, his
staff, and their assistance in the matter register-
ing the students are to be heartily congratulated for
a job well done.

College World

A small black smoke served quite a stir at the
opening session of the Texas Academy of Science at
the Baylor campus at Waco, Texas.

The majority of the 300 delegates took streets
in [illegible] to show their opposition to the
[illegible] and in favor of the new scientific society.

One of the members of the society, in an appeal
for support, stated that the society would do its
best to keep the scientific spirit alive.

In answer, the smoke rose higher and higher
until it reached the clouds. The smoke finally dis-
appeared, to the delight of the scientific members
who had gathered to watch the event.

At the end of the meeting, the society
announced that they would continue to
work towards the betterment of science.

The next session of the Texas Academy of Science
will be held in Austin, where the society
hopes to attract more members and increase
its influence.

A special committee has been appointed to
plan the future direction of the society.

Tau Beta Pi is the Highest Honorary Fraternity on Campus

Although everyone invited to Tau Beta Pi must
be highly qualified, Tau Beta Pi is more than a
merely scholastic fraternity. The founders of Tau
Beta Pi Association wished to honor those who have
passed other qualities which will enable them to
be successful in life and engineering.

The eligibility rules specify integrity, unselfish
admirer, and breadth of interest as qualities which
a Tau Beta Pi member should have.

The minimum requirements stipulate that he
must be in the upper-thirteenth of his class at
school, and the upper-twenty-eighth of the class
at the university. No members are chosen by the undergraduates
of the university.

The IIT chapter has always maintained its eligibility standards
much higher than those set by other chapters. It is an
incredible honor to be chosen for membership.

Tech Thinclads Overwhelmed by Notre Dame; 98-8, at U of C

Irons Enjoy Breathe as Garritson Ramps To Three Firsts; Leonard Ties Mile Mark

Notre Dame romped over Coach Roy McCutchen’s Tech Hawk track squad last night in the 32nd annual meet at the University of Chicago Fieldhouse. Succeeding only one second place tie and six third place finishes, the Irish literally poured the day’s first second place finisher before the Purdy Bells at Lafayette Circle.

Bill Leonard turned in the outstanding individual performance of the evening with a 4:26 in the 1,500 meter run, setting the fastest mark recorded in collegiate competition which he set two weeks ago. But Garritson, sophomore from Evanston, III., and Farland, Illinois, nearly double the Techmen’s team total.

Only Harris MacAdam, who went for 800 in the second event of this high-level meet, was able to break the Notre Dame monopoly on first and second place finishes. Nath, Smith, Gelbluth, V ogel, E. Jenkins and W. Jenkins each won a third and well rounded out the Illinois track team.

**Summary**

MILE—Leonard (first), Tracey (second), Jenkins (third), Tracey (first), Jenkins (third), Jenkins (second), Jenkins (third).

40 YARD DASH—Gartiser (first), Tracey (second), Leonard (third), Jenkins (fourth), Jenkins (second), Jenkins (third), Jenkins (third).

SHOT PUT—Summons (first), Jenkins (second), Jenkins (third), Jenkins (third), Jenkins (third), Jenkins (third), Jenkins (third).

JUMP—Bartell (first), Jenkins (second), Jenkins (third), Jenkins (third), Jenkins (third), Jenkins (third), Jenkins (third).

440 YARD RELAY—MacAdam (first), Jenkins (second), Jenkins (third), Jenkins (fourth). (Jenkins, MacAdam, Jenkins, Jenkins).

POLY VAULT—Hagg (first), Jenkins (second), Jenkins (third), Jenkins (third), Jenkins (third), Jenkins (third), Jenkins (third).

THERMO—D. Jenkins (first), Jenkins (second), Jenkins (third), Jenkins (third), Jenkins (third), Jenkins (third), Jenkins (third).

**Lake Nominated to All Opponent Team By Loyola Players**

Frank L. A. v. record-breaking Techback, said the Loyola basketball campaign, received more bases last month with his selection by Loyola basketball players as an All American. 

Defeated by Loyola in two games, the Techmen found their offense against the Ramblers, who gave their highly regarded opponents a bad score in the first game at Chicago’s old stadium, early in January. The score was knotted at 10 all at the end of the regulation playtime and the first five minutes overtimes in a 1-84 tie when they dropped in the closing seconds. Loyola pulled the lead up to 16-8 in the second overtime to win 27-11. Nineteen minutes and forty seconds later, Loyola scored on place to place second in the Tech scoring column. Bill Hart collected the 60 yards, Jenkins (third), Jenkins (third), Jenkins (third), Jenkins (third), Jenkins (third), Jenkins (third), Jenkins (third).

The second clash lacked the glow of the Trojan’s game. The Rambler played only 16 points and tied Tech’s total of 56 to put at the top of the third.

The Ramblers were 21-27 games in the campaign against Big Ten, service and basketball opponents.

The team as selected by the Loyola scholars:

**Fraternities & Sororities**

The Fraternity—A combination plebe, hot-dog vendor, and dance this Saturday on the Fraternity floor.

The Fraternity, which was formed in 1932, is still in the running to become the first “franchising” fraternity on campus.

The chairman of the pledging committee stated that men of different fraternities would be invited to pledge, not merely from the same fraternity groups, but because they believe in this same policy of fraternityization.

**THETA XI**

The Theta Xi for the new season were recently elected. They are: Edward McDowell, president; George Eiffler, vice-president; Howard Smith, treasurer; Pasquale Mileta, secretary; John Schaefer, corresponding secretary.

The Theta Xi held its running meeting on Monday, March 16, at 7:00 p.m.
ASME Sponsors Annual Contest

There will be a meeting of the Illinois Tech students branch of the ASME this Friday. Start President J. R. Woodling. The meeting will be held in 1108 Main at 11:10 a.m.

Feeding ASME business will be brought up, and there will be a discussion of activities for the term. Plans are being made to give members a variety of programs on trips. Several faculty members will be present to speak on the advantages of passing membership to the ASME.

All seventh and eighth term men must join the ASME this semester in order to be eligible for junior membership. Last year, President J. R. Woodling, Freshman and Sophomore, were specially urged to attend.

Three students who have some acquaintance with any technique of the branch are urged to write a paper in the annual ASME contest. The winner from Illinois Tech will be announced at Notre Dame University during the last of April.

As I See It

(Continued from Page 3)

After class work, I would like to take this opportunity to congratulate Alan Watch and Robert Reznick, who received their members' commissions in the Navy. They are: Norbert Voigt, Bill Strebkovitz, and Bill Bithol.

The officers' clubs meeting was held last night. They discussed the problems of the new officers and made plans for the future. They are: Henry Weist, President; Joe Lang, Vice-President; and Bill Bithol, Secretary.

The meeting was held in the new officers' club room. The officers discussed the problems of the new officers and made plans for the future. They are: Henry Weist, President; Joe Lang, Vice-President; and Bill Bithol, Secretary.

Arthur E. Wright is Appointed Coordinator For Tech Veterans

The appointment of Arthur E. Wright, former executive secretary of the Illinois Institute of Technology alumni association, as coordinator of veterans' affairs at the Institute was announced recently by Dr. Henry T. Head, president. Wright, who recently received a discharge from the Navy after two years of service and training for the Philippine service on the USS New York, has been in charge of the training of veterans for the past year.

His appointment is in addition to the position of director of veterans affairs at the Institute. The new position will be filled by a full-time employee who will work closely with the Veterans' Administration.

Wright will also serve as assistant dean of students, in charge of veterans' affairs.

Tom Burt Elected President of AIEE

An election of officers for the next term was held at a recent AIEE meeting. Tom Burt, senior EEE, was elected president. Other officers elected are: Vice-President, Sheldon Levy; Treasurer, Jay Hoffman; and Secretary, Walter Gerber.

Mr. Brown is Elected President of Vets' Club

Officers of the Vets' Club for the next term were elected at a meeting last night. Tom Burt, senior EEE, was elected president. Other officers elected are: Vice-President, Mr. Brown; Treasurer, Mr. Brown; and Secretary, Mr. Brown.

There will be a meeting of all veterans every Friday at 11 a.m. to discuss the problems of the veterans. They will meet at the office of the Vets' Club.

Reunion

A reunion of all veterans will be held at 2 p.m. on Saturday, May 17, in the Alumni Memorial Hall. All veterans are invited to attend.
