Every since Alexander Graham Bell invented the telephone, the telephone has been an important part of modern life. With the advent of the mobile phone, the once-dominant telephone has been relegated to a secondary role in many households.

Graduate School Enrollment is
Predominantly Composed of EEs

Within IIT's ever-growing campus, the Graduate School is a significant component, particularly in the field of electronic engineering, with a student body composed of a diverse group of students from various backgrounds. The majority of students are electrical engineering majors, but there are also a significant number of students pursuing degrees in other fields such as computer science and mechanical engineering.

Eighteenthman Again

Do you remember the recent

 Eighteenthman editorial entitled "Eighteenthman?" Well, this year's Eighteenthman edition has been released, and it continues to be a popular read among students.

Jazz Festival

A great deal of publicity was generated for the annual Jazz Festival, which is considered one of the highlights of the academic year.
Main of the Week
Ed Lindahl, Track Team Star, Is Senior Social Chairman
by Jack Widay

The casual acquaintance of Ed Lindahl would never suspect him of being a native New Yorker, since Ed can say "hi" in Italian. He is the only one who can talk with the members of his family. Ed has been in Italy only on occasional visits in the last four years, yet he firmly retains the one distinction that would make him get through the test of patience.

Ed has no definite plan regarding his future. He is certain, however, that before considering graduate school, he will determine the field to which his abilities are best suited by working in industry for a while after graduation. "So far, through his own efforts, he has not been dissuaded with others."

CAMPUS COMMENTS

"I haven't been to a varsity track event since the last one at U.D. and I have heard that Ed has been very successful."

Ed, captain of last year's soccer team, has been involved with getting around Ogden Field during the meet. He has been involved with the track team since the beginning of his freshman year.

Ed, a member of the soccer team and a varsity athlete, is looking forward to the next meet.

Ed has no argument with the coach, Mr. H. P. Driggs, since he has been involved with the team for two years.

Ed is happy to see a revival of student interest in track and field activities and is looking forward to the next meet.

Ed has no definite plans for the future, but he is considering a career in sports equipment and facilities at U.D. He has no argument with the coach, Mr. H. P. Driggs, since he has been involved with the team for two years.

Ed is happy to see a revival of student interest in track and field activities and is looking forward to the next meet.
Maroons Beat Techhawks 4-2
Tech Netmen Defeat Bradley, 7 to 2; Meet Chicago Today

Scoring their fifth victory in six starts this season, the Tech Netmen defeated Bradley, 7 to 2, at the University of Chicago in the Midwest. Chicago refused to let Bradley's superior batting force take control of the game, scoring four runs in the first inning and adding three more in the fourth. Bradley's only scoring attempt came in the second inning when John Gregory hit a two-run home run, but the Maroon outfielder was able to get out the final two batters to end the inning.

Bradley University Crushes Thincalds
An outstanding Bradley university team scored twenty runs, the highest total in Chicago history, in a 20-2 victory over the Techhawks. The game was played before a crowd of over 10,000 fans at the University of Chicago's field.

Sports Personality of the Week
Warren Malgaard
Catching for Illinois Tech's baseball team is Warren Malgaard, a powerful hitter and a key figure in the team's success. He is known for his speed and agility on the field and his strong arm in the outfield.

Daedalians Win In Greek Pin Tourney
The Daedalians crossed a total of 344 pins, an average of 4.98 pins per ball, to win the Greek Pin Tourney. They had a lead of 49 pins over the nearest team and finished 13 pins ahead of the second-place team.

Soph Mecha Top Senior Champs; Civils Beat FFE's
Soph Mecha defeated the senior champions, 5-2, to win the Civils Beat FFE's. The game was played in the afternoon, and the victors were awarded the championship trophy.

$500 in Prizes to Be Given in TD Contest

A contest is being held to determine the best design for a new type of mechanical device. The contest is open to all students, and prizes totaling $500 will be awarded to the winners.

VAN DYKE HIGH-DENSITY LEADS FOR GREATER OPACITY

The use of high-density leads in electrical engineering is increasing, and Van Dyke leads are at the forefront of this trend. The leads are known for their superior performance and durability.

How a city's voice was restored!

Early on December 14, 1946, a sudden power failure caused the loss of all communication in the city of River Grove. The city's communications system was out of service for several hours.

In a matter of just 11 days, a new system was installed. The new system not only restored communication but also added new features, making the system more efficient and reliable.

ANSWER TO PROBLEM:

CORNER: 2-3-4-5

This problem involves a series of geometric shapes and requires careful analysis and logical thinking to solve.

BELL TELEPHONE SYSTEM
Form 1950A Allows Vets Additional $25.

Since the $800 per year allowed by the government for each man does not cover the cost of tuition and books, veterans are allowed to apply the additional funds to the expenses of their eligibility time. The 1950A, now signed by veterans, at the beginning of the semester allows them to spend only $80 more than the $200 allowed for the semester. If more than this amount is needed a revised 1950A form may be signed to claim additional credits.

Math Club in Peer Festival

Mr. H. Pianka, assistant mathematics instructor at the University of Chicago, will address the Mathematics Club at their meeting on Friday, May 9 at 3:30. "Vectors and Fields" will be the subject of the talk.
