Elections Take Place Tomorrow

New Technology News Managing Board

Paul Thompson Appointed Technology News Editor

VA Cautions Veterans Against “Extra” Benefits

Student veterans receiving educational assistance are ineligible for AAPE, according to Annen L. C. Barrera, Illinois Department of Compensation. Veterans applying for unemployment compensation must have stopped their education, paid and were working at the time they were laid off or were discharged. Barrera advised that refund assistance is not included in annual training pay and penalties for retraining may be assessed if a veteran fails to complete all assistance received through training. Students attending the summer term who have not filled out the VA Form 10-94 will not receive assistance.

New Gym Increases Athletic Facilities: Installations for Both Men and Women

The new athletic facilities available at the new gymnasium, now being constructed on the corner of 33rd and Halsted streets, is completed, according to Gil Bailey, a force in a statement to Technology News.

48 Class Can Still Order Rings, Keys

Members of the class will have an opportunity to order jewelry for the remainder of this term and next term if they contact by phone or by letter. The jewelry will be sent to the address of the owner.

Student Body to Choose ITSA, Class Officers Voting Will Be Held From 9 to 4 In SU Lobby

The election of next semester’s student and ITSA officers will be held tomorrow in the Student Union lobby from 9 a.m. to 4 p.m. It is the last chance to vote for the elections. The student will be held for the entire fall semester, and the elections will be held every fall semester. The student will be held for the entire fall semester, and the elections will be held every fall semester.

VA Cautions Veterans Against “Extra” Benefits

Student veterans receiving educational assistance are ineligible for any and all benefits they have been approved for. The student is not eligible for any educational benefits unless he has been approved for them.

Reallocation of Space In Main

The completion of construction of the new Chemistry and Chemical Engineering buildings, several new temporary buildings, and the expansion of the building will necessitate a rearrangement of the departments in the Main Building. The majority of the departments in the Main Building will be moved to the new temporary buildings and the remaining departments will be moved to Temporary Building No. 1, located at the corner of 33rd and Halsted streets. Students will be contacted by the administration to inform them of the new arrangements.

Class of June '47

As it must to all good engineering students with averages above 3.0, graduation will come to 250 Technicians in two weeks.

The 4A class has left an indelible mark in I.T.A.'s book. Few classes have worked together as successfully while representing such excellent credentials in sports and work. Under the leadership of an ambitious group of officers, men who had left high school in 1940, men who had come to the Technicians during the war, with the V-12 unit and younger civilians who had gone through school during the latter part of the war were molded into one hard-working unit.

The social events and projects undertaken by this group will long be a mark for other classes to shoot at.

The list of outstanding men and women graduating is too long to say the least, king-sized. One has only to glance through the "Integrator," Who's Who Among Students, and Technology News, to realize that this class is the backbone of I.T.A. and campus life. To this must be added the working class members.

In saying farewell, we do not say that the school won't be able to get along without you. That has been said and proven too many times. Graduates where we know that the I.T.A. class and their work will be remembered in Tech's annals.

And as you prepare to enter the never-ending battle, we here keep you who remain outside your best wishes for a successful and happy business, social and civic life.

Senior Farewell

Luttrell is the Senior Editor, Article 24.

Luttrell had this letter which a number of classmates have already told me:

Department Editor

Greetings: I am very pleased to see the recent ITSRA dinner. How well I remember the days when the various classes would come together and share their experiences. Although the days are numbered, the memories will remain. I have enjoyed working with you and wish you all the best in the future.

Luttrell

Campus Comments

two

The current issue of the campus of the University of Houston is unknown by many, but it has been reborn for some time in recent. This heavily furred reformation to a campus in which the students of the University are being welcomed by a snail and unable to displace the vole who has been in the library with his regular monotonous, to the rear, and in the ensuing struggle with the vole in the legs. It has been drinking, but in all probability the student who has been drinking, but not in such a manner that the student could not taste the以内 詳細は不明です。

It is curiously to know how the U.T. orchestra is always serving some kind of food for human consumption like the liver on May 6th.

Information for Free

"Wild" Bill Pardoe

Pardoe has finally been located and we've got a 50-50 chance to pass the final exam. He's had a lot of trouble with his mechanical engineering class and he's been working hard to pass. He's been working on his project for the last month and it's coming along nicely.

The library at Shavano High School has received a number of requests from students for books. The library has received many requests for books and it is taking a lot of time to fill them. The library is open from 9 AM to 9 PM and is closed on Saturdays.

Admission to the school is free. The school is open from 9 AM to 9 PM and is closed on Saturdays.

(signed) James Allen Jr.
Man of the Week
Roy Norrlander, Senior ME, Active in Music and Triangle

The first man to which Roy Norrlander can remember applying was that of a janitor. As he came to grip with the cold hard facts of life, however, his boyhood dreams were shattered, and he now considers himself with the lot of an ME.

At Northeast Entrance higher school, Roy's activities included the part of a clarinet in the band, which he found out was the worst. President, at Northeast, was president, and he met many people there. He also was a member of the Interfraternity Council and Pi Tau Sigma, and he was a member of the Delta Delta Pi and AIAE.

The draft interrupted Roy's U.S. studies in November, 1944. He was assigned to the Engineer Board at Camp Roberts, Virginia, where he worked on engineering construction equipment, designing modifications for military use. He returned to I.T.W. after his service last fall.

Roy, a music enthusiast since his grammar school days, is a member of both the glee club and the drums band, in which he plays the tenor tuba. He is president of Triangle, the Interfraternity Council, president of the Interfraternity Council, and a member of Pi Tau Sigma. He was also a member of the Delta Delta Pi and AIAE.

Beware of Phit

"Phit is really no more than the heart's impatience to be rid as quickly as possible of the painful emotion, aroused by the sight of another's unhappiness, an instinctive desire to fortify one's own self against the suffering of another."

The curious people who search for pleasure rapidly glanced away from the old, last woman with the recoiled, frowning head. The last at the Unhappy woman was interesting and she refused to delay her conscience. The effort to reach for a stage was overwhelmed by the wish to forget the unspeakable scene and exchange the emotion of phit for a pleasant one. There could be found back into the darkness and push forward into the make-believe world.

And to the individual in focus, as are the millions of illusion, ill-fed, ill-tended people whose plight is hidden behind the wall of indifference and a "what's the use attitude."

Let's Get Together

PHILIP MORRIS is so much better to smoke!

"It's always fair weather when good fellows get together"—with PHILIP MORRIS!

It's true...if every smoker knew what PHILIP MORRIS smokers know...they'd ALL choose PHILIP MORRIS.

Yes, the PHILIP MORRIS smoker gets what other smokers only hope to get...PERFECT SMOKING PLEASURE.

So for perfect smoking pleasure...try a pack today!
ASME Spends Two Days Visiting U of Minnesota, Ford Motor Co.

The University of Minnesota, in connection with the annual ASME paper program, arranged an excellent house tour for the two days. Two tours and several luncheons were arranged for the benefit of over 2,000 students from various universities and from the ASME. The tour included a tour of the phonics department and a field trip to the Ford Motor Company.

Pi Tau Sigma Honors Advisor H. Nachman

Late Thursday at the banquet of Pi Tau Sigma held at the Ambassador Hotel, President Honors Waddell presented Professor Henry L. Nachman with a set of bronze books and a plaque inscribed, "In appreciation of your teaching and work, you have been awarded the title of "Pi Tau Sigma"." Professor Nachman, who has been associated with the Institute since 1923, was honored for his contributions to the field of education.

Oshun Elected Head of Reorganized Radio Club

Chappell, former president of the newly reorganized radio club, was elected president of the club. The club meets on Mondays at 7:00 p.m. in the ECE building. The members have been working on several projects, including a radio receiver and a transmitter.

Ten Beta Pi Initiates 16 in Joint NU-IIT Ceremony

Sixteen students were initiated into Ten Beta Pi last Sunday at the NU-IIT. The ceremony was held at the Technological Institute in Evanston. The initiates were selected from the freshman and sophomore classes.

A visit to the campus is always a pleasant experience. The campus is surrounded by beautiful green lawns, and the buildings are neatly arranged. The dormitories are comfortable, and the classrooms are well-equipped.

Production of the Daily is completed in good time. The editors are working hard to bring you the best possible edition. Thank you for your support.

a hot tip on your graduation gift!

Capitol Luxury Portable Phonograph is completely different...because it plays ANYWHERE! No electricity. Runs on battery power. Great surprise gift for the graduate. Available at your local retailer.

No mumbo jumbo about tobacco... just Smoking Quality you can taste!

You've heard 'em... going yappity-yappity about miracle-cigarettes that'll make you a tobacco expert if you smoke 'em.

Not Old Golds. The only blessed thing they'll make you is wonderfully pleased.

You see, we've nearly 200 years' tobacco experience. We've hand-picked stocks of luxurious tobaccos. We simply put 'em together for the ultimate in pleasure-giving smoking.

Little for only rare enjoyment and deep satisfaction from a mellow, fragrant Old Gold? That would do ya? Yes, you, our man, they got onto Old Golds today!
Netmen Win Final Match; Nine Loses

Lake Forest, Indiana State Prison Beat Baseball Team

Although missing two outstanding performers from their new roster, the Lake Forest young nine competed against the Indiana State Prison baseball team on Saturday. The young nine, despite missing two key players, managed to pull off a series of victories against their opponents. The Lake Forest team ended their season with a perfect record of nine wins.

Intramural Fencing Tourney Being Held in Gym This Week

The Intramural Fencing Tourney is set to begin this week, and students are excited to participate. The tourney will take place in the gymnasium, and both male and female students are encouraged to sign up.

Sports Personality of the Week

Jac Chamberlin

Jac Chamberlin is this week's Sports Personality of the Week. Chamberlin, a senior, has been a standout athlete for the university, and his contributions have been vital to the team's success.

Netmen wind down season with 7 to 0 win

Techews shut out Valparaiso Saturday for Eighth Victory

Tibbets Tech's final game ended in a shutout victory with a score of 7 to 0. The team's defense was impenetrable, keeping the Valparaiso offense scoreless throughout the game.

Senior Mech's Win Fifth Game

Lead Intramural Softball Race

The senior mech's team has taken the lead in the intramural softball race, with a win over the junior mech's team. The victory extended their winning streak to five games, solidifying their position at the top of the league.

Herman to Leave Tech News Bureau

Past "Herm" Herman, IU's sports editor and assistant director of the news bureau, is leaving Tech to complete his college course.

We look to the future of Herman's role in IU's news bureau, and wish him well in his new endeavors.

Joe Scura

Joe Scura is a talented athlete and a valuable member of the team. His contributions have been significant, and his absence will be felt. We look forward to his contributions in the future.

Evan Foster

Evan Foster is a dedicated and hardworking student-athlete. His efforts on and off the court have been instrumental to the team's success.

Charlene Roberts

Charlene Roberts is a versatile player with a strong work ethic. Her contributions to the team have been invaluable, and she will be missed.

Clara Loven

Clara Loven is a key player for the team, with a strong work ethic and a positive attitude. Her contributions to the team have been significant, and she will be missed.

Jaece Roberts

Jaece Roberts is a talented athlete with a strong work ethic. Her contributions to the team have been significant, and she will be missed.

Alabama State Student wins 1000m

The Alabama State student, a rising star in the track and field, has won multiple titles in the 1000m, and his victories have been celebrated by the university and its fans.

Lori Watson is the new president of the honor society

Lori Watson has been elected as the new president of the honor society. Her selection was a testament to her leadership and commitment to the community.

Tech Golfers Lose Two, Two Matches Left in Season

The Golfers lost to North Central 114 to 164 last Thursday, and to Valparaiso Western Michigan 4 to 0. Next Saturday the team will have a six man match with Northern Illinois University. June 13 the team will have their final match at LaGrange Park.

Expansion of Athletics Announced by Schommer; Glancy Added to Staff

Increased enrollment requires addition; Glancy to coach baseball, basketball, intramurals; women to get more training.

An expanded athletic program for Illinois Tech beginning September was announced this week by Athletic Director John Schommer.

"Because of the rapidly increasing enrollment, additional help is required to carry on the physical education program, which involves intercollegiate competition," said Schommer.

In order to help in this policy, Edward W. Glancy, who was formerly coach of the V-M football and track at the Physical Education program, and was a well liked and able coach, has been added to the Athletic Department,生效日期为九月。他将 coaching both, basketball, and track.

The development of intramurals is one of "Uncle John" greatest dynamics and desires, and this is the way of introducing student to the spirit of athletic activity.

Plans for new gymnasium under construction will be for basketball and baseball, and training facilities for additional facilities for women students.

Tech Relays Run in Rain; Season Ends

Trackmen Lose to Defaulter Earlier at Moline; Harrison Stars

The Techawn trackmen showed their spirit in the rain at the Beloit Relays last Saturday. Their efforts were further augmented by four girls who entered events in various events.

As ana result of the rain, the jumps were hobbled and not up to their normal height. The rain continued to experience difficulty in the final rounds.

The Techawn trackmen were handled swimming and field, Indoor basketball, and football was done by Larry Shapley. John Drennan handled bowling, and Bob and Blair handled both those events as they came up. All of the games did a good job, though a few were not.

Paul Hermann, who has charge of sports publicity for the Institute, was always willing to help, regardless of how busy he was. He certainly helped to see us through the games.

In the varsity sports picture for the next season, things look pretty bright. The team will be back intact, and Paul Hermann will be prepared to coach the team. The athletes will only lose one or two men from the entire squad. The others should have a good share of returning letterman.

The star of the new season is being put on, athletics should be up to the task. However, there are not a lot of conditions in the athletic situation that need decided improvement.

Intramurals are in need of more registration, not only in the basketball and football, but in the other sports such as volleyball, basketball, tennis, to mention only a few. Along with such a program should be the opportunity for the beginners to get in practice. The intramurals begin in October, can be carried on throughout the year as a constant source of recreation.

Varsity sports also need more stimulation and encouragement. The Athletic Conference of a similar type as mentioned in this column should be established. I hope the idea can be kept before the school year ends as a valuable competition can be founded or started.

Field is another sore spot among both varsity and intramural participants. The field is not big enough to accommodate any kind of increased outdoor athletic programs. As far as I have been able to determine, the only place in the city of Aurora where it is possible to build a track is in the baseball park. Reports are that the city council is interested in the development of a new athletic field to be used for the next season."

Tech Golfers Lose Two, Two Matches Left in Season

The Golfers lost to North Central 114 to 164 last Thursday, and to Valparaiso Western Michigan 4 to 0. Next Saturday the team will have a six man match with Northern Illinois University. June 13 the team will have their final match at LaGrange Park.

Save Time with VAN Dyke Chisel Point Lead

EBERNARD FABER

The manufacturer said there is considerable talent on the second team, and he believes boys will be ready competition among them for positions on the first team. The golfers played a successful season in 1962.

Alpha Sigma Phi Wins Interfraternity Swim Trophy

Alpha Sigma Phi received a total of 60 points at its 1962 swim meet, but last Wednesday to take the over 22 point margin.

This was the same time that the interfraternity meet was held. Only five teams entered—three were Alpha Sigma Phi, Phi Sigma Nu, and Phi Eta Sigma. Alpha Sigma Phi won 115 points, while Phi Sigma Nu was in second place with 82 points, and Phi Eta Sigma was in third place with 73 points. Alpha Sigma Phi was the only team to win in a meet, while Phi Sigma Nu and Phi Eta Sigma were the only teams to win in a meet, while Phi Sigma Nu and Phi Eta Sigma were the only teams to win in a meet.
Reverend Raupe to Address Graduates at Commencement Exercises on June 13

The Reverend W. Raupe, former minister of the Central Church and former chaplain of the Illinois Institute of Technology, will give the commencement address at the Illinois Institute of Technology. The invocatory prayer will be given by the Reverend P. R. Matthews, now minister of the Central Church and chaplain of the Institute.

All the commencement exercises, including those of the junior, senior, and graduate degree candidates, will be held in the auditorium of the Institute. All student organizations will be represented.

Fred Travis Appointed Admissions Counselor

The appointment of Fred B. Travis as director of admissions for the Institute was announced today by Dean Whalen.

Travis, who will begin work September 1, will serve as representative of the Institute in high schools and prospective students outside the Chicago area. His appointment is the result of a search by the Institute's admissions committee to recruit students from outside the Chicago area. Travis received the R.R. degree in mechanical engineering last January and will continue his study at this Institute.

Helen Dellick to Wed Henry Boada

Mrs. and Mrs. Peter Dellick have announced the forthcoming marriage of their daughter Helen Dellick to Henry Boada. The marriage was celebrated by the families and friends of the couple.

AICHE Elects Officers

At the meeting of the American Institute of Chemical Engineers held last Friday, the new officers for the coming year were elected. They are: President, John J. D. Van Horn; Secretary, Lester T. O'Brien; Treasurer, John Smyth; and assistant treasurer, Ralph Ruffin.

The Institute will have its annual meeting at the University Club on Friday, May 15, at 8 p.m. The meeting will be followed by a dinner under the auspices of the University Club. The program will include a talk by the president, Dr. B. F. Johnson, and a discussion of the Institute's activities.
