Kiva to Hear Dr. Hayakawa

Dr. S. B. Hayakawa will be guest speaker at the Kiva meeting in the Auditorium, Thursday, March 2, at 8:00 p.m. All students are invited to attend. Dr. Hayakawa's subject will be "The History of Modern Art," a lecture recently presented before several large audiences. Emil will later illustrate the meaning of modern art and what may be learned from it.

The program which is the first of a two-part series is sponsored by Emil's "Munsor" Club. The second program will be held on April 6th, and will feature J. K. Zitek, who will be the speaker. The second program will be sponsored by the "Munsor" Club and the "Munsor" Club of Illinois.

Senior Juries to Order Graduation Announcements

All A.A. seniors are urged by H. W. I. L. and H. W. C. S. to order their graduation announcements. A rush has been arranged for the announcements, which will be delivered to the graduating seniors on May 26th.

Dr. D. P. Boder to Report on Displaced People in Europe at Assembly Friday

Letters Praise IIT Expedition

Wire Recorder Holds Data of 13 Week Trip

Junior Week Jamboree to be World's Fair of Technical Students

Signs all over the campus have been proclaiming that "Junior Week is coming"! Starting at 10 a.m., April 23, the "comings and goings" will be "here" and for three days IIT will be in its prime, with the students and faculty in attendance.

Bob Guthrie and Pat Votole, co-chairmen of the Junior Week Committee, have announced a schedule for the week that will give the visitor the student an entertainment and comprehensive view of all of the school's activities. Departmental displays - what they do and how they do it - interactivity competitions - sports, drama, dance, comedy, information - the high-flying baseball marathon, senior skit-athon, and many others will all the three days will be held.

Junior Week Jamboree will feature the numerous instrumental and vocal groups, as well as the various athletic organizations, which will continue all week at the Downtown Center.

SAM AHS hears War Incentives Talk

In the absence of John A. Pastey, two representatives of his consulting firm, Harry G. Amsden, a tax incentive expert, and Ted Monke, director of the Accounting Department, IIT, attended a special group of SAM members and their guests on April 6th last.

The large group assembled to hear the lecture on wage incentives by Mr. Clayton, who outlined the firm's problems and potentialities of tax incentives.

"Prizes cause wages for incentive failure," said Clayton, the lack of skill on the part of the employee, and improvement in the procedure.

To offset the liability of the company, there is a prorated benefit for the layer of management, and improved instruction procedure.

Graduate Record Exam

All graduate and professional graduate students must meet the Graduate Record Examination on May 7 and May 8 by 4:30 p.m. The examinations will take place at the Downtown Center. The Graduate Record Examination may be taken at any time during the spring semester, but students are urged to take it before May 8, 1947.

Three Tech Students To Speak On Radio Program

"Should there be more YAWs" will be the topic of discussion this Friday, when the Tech students appear on the radio program, "Plymouth Plaques."

Students appearing are Jerry Kright, radio manager, John Spence, associate editor, and William Reynolds, editor-in-chief. Professor Member of the Administration, Mr. E. K. E. Smith, is to be on as moderator.

This will be the third time that students from IIT have appeared on the radio program. Previous topics discussed by IIT students have been Atomic Energy Careers and Development of the I. L.

Judge AIEE Papers At Meeting Friday

The American Institute of Electrical Engineers' technical paper contest will be conducted by a meeting this Friday, May 19. At that time, the ten entries will be presented for judging and the papers will be judged by five judges. The judges are as follows: W. R. Miller, head of the department of Electrical Engineering; W. A. Lewis, dean of the graduate school; and W. E. Williams of the L. D. department.

The committee will select one graduate and one undergraduate paper to be presented at the meeting. Authors of the three papers will be notified by the committee on May 3. The winner will be presented at the meeting on May 3.

Press and Radio copies of the I.T. News will be available for the papers.

Dr. David P. Boder, professor of psychology and director of the psychological laboratory at the Illinois Institute of Technology, will speak at the all school assembly at 11 a.m. on Friday, April 16, 1947, in the auditorium. He will give a temporary report on a psychological and anthropological study of displaced people of Europe.

Last fall, Dr. Boder returned from his 13 week survey of DP camps in Europe, during which he made a series of oral and written reports at meetings in Italy, Switzerland, France, and the American zone of Germany.

These recordings are being used in a scientific analysis of the mental and emotional condition of the displaced people, which are now being studied in the United States. Letters from everywhere are being received daily regarding the necessity to use these recordings in sponsoring such an expedition.

The usefulness of the material is directed to the study of the displaced people, both in the American and the European countries. The study of the psychological and anthropological characteristics of the displaced persons is of great importance to the American zone of Germany, where many displaced people are living.

Together with the scientific interest in these recordings, Dr. Boder has now a special significance for IIT. In his recent article in the Illinois Techian, Dr. Boder said, "If the displaced persons have any special significance for the mental health of the future, it is this: that the displaced persons have been able to keep their minds and spirits alive, and to keep their lives going.

Dr. Boder and the Peace Corps are organizing the "Junior I.T. News," a special section of the Junior I.T. News which will be published every Friday.

The "Junior I.T. News" is a new section of the I.T. News which will be published every Friday. The "Junior I.T. News" will feature the latest news and events at IIT, as well as the latest news and events in the world of technology.

What's Your Opinion?

An interesting investigation has been in progress for the past several weeks on the campus of the University. Recently the Student Council appointed a committee of five to investigate the campus newspaper, The University Bobcat, after numerous charges have been brought against it by both faculty and students.

Some of those charges seem to be all inclusive:

"The work of the editor of the Bobcat is poor and lazy work... the editor displays a lack of journalistic knowledge, editorial ignorance and no concept of journalistic work... the Bobcat resembles, more than anything else, a political bureau—it tells the University what to do."

A good many more claims and counter-charges have been made by the Student Council as the investigation rages on campus.

Although Technology News is not in a position to obtain enough facts to form a basis of a qualified opinion, after reading some of the testimony several things become evident:

The charges brought up at this investigation must have certainly been cumulative in nature. It seems that all editorial matters touched off the investigation but it could not solely be responsible for the outburst of accusations that followed. The accusations are indicative of a pent-up feeling of animosity toward the Bobcat that has been harbored by some students and faculty members for a long period of time. Whether or not this attitude is justified is not apparent but it does appear that not enough genuine interest and constructive articles were forthcoming from the Bobcat readers.

If a college newspaper is to be the pulse of student opinion, to be a truly responsible publication and gain what the readers want, then the same definite needs exist on the campus, it must have cooperation.

For a number of weeks now Technology News has received a minimum of campus comments. Other than one or two stray comments in style, nothing is in accord with our editorial policy; many of you are not so enthusiastic as you will let our student council know. Probably there is even a small percentage of the student body that feels for other than the Steambath. Whether you agree or disagree, let us have your opinion about it.

Contributions to Campus Comments can be made by depositing signed letters into Bobcat in the Student Council office. Names will be withheld upon request.
No Blue-sky claims...

just down-to-earth satisfaction

from Old Golds!

Let other cigarettes offer you the sun, moon and movie stars.

We're content with what Old Golds actually deliver — just a fragrant deliciousness that leaves you happily anticipating your next smoke.

Frankly, that's all we put into Old Golds. No monastery.
Capt. McGregor Releases NROTC Cruise Schedules

Capt. D. McGregor, professor of naval science and tactics, has released for publication the itinerary of cruises to be taken by NROTC students. The cruises for Juniors and Seniors will be from the D.N. Navy Academy on July 7, 1957, and will be the regular Navy Academy cruises and will be taken on board the battleships, the New York and Wisconsin, two carriers and four destroyers. During the cruise, the group will make port at New York, Europe, England, and Canada. The cruise will end on Jun 30, 1957, at Norfolk, Va.

The NROTC cruise will be independent of the regular Navy cruise and will depart from the Navy Academy June 30 on the ocean going Oregon City and Alabany. This will be a Commissioning Cruise. These groups will be made up: Cobin, Geo. C. Ford, Smiley, T. Stedman, J. Mass, J. Davis, C. Goodman, C. Hamilton, B. Barkland, and New York. The cruise will end at Norfolk August 13.

Class "A" Gliders Meet This Friday

The IIT Model Airplane Club has announced that it will hold a glider contest this Friday on an open field starting at 11 a.m. All model airplane clubs are invited to participate. Entries are limited to Class A gliders—models with less than 30 square inches of projected wing area.

This is the second event to be held this season by the Model Airplane Club. The first event drew a capacity to the field, and it is expected that this will be the same. The contest will be held in the airport's adjacent field, and all interested groups are invited to participate.

Survey of Vets Summer Session Plans to Be Held in SU This Week

A preliminary survey of the summer session plans for the University of Illinois will be held this Friday at noon in the auditorium. The survey will be based on the recommendations of the committee on the proposed summer session plans.

To avoid confusion and scheduling conflicts, the committee will meet at 11 a.m. to discuss the summer session plans. The committee will then present their recommendations to the University Administration.

Mr. Hand also noted that he is not aware of any problems with the proposed summer session plans, but that the committee should be given the opportunity to review the plans.

The Flavor of Yours... when you smoke PHILIP MORRIS!

Smoke as much as you like—the flavor's all yours. When you smoke PHILIP MORRIS, you get more smoke, more full flavor. PHILIP MORRIS is America's finest blend. Try PHILIP MORRIS. You'll agree it's America's finest blend.
Research Problems in the Manufacture of Nylon

Last month in this space the development of nylon was traced from the inception of systematic research on linear polymers to the discovery and production of the nylon polymer. It was pointed out that the nylon polymer is made from the adipic acid and hexamethylene diamine and it was shown, with carbon atoms such as:

Although adipic acid and hexamethylene diamine are simple, they are so complex that the production of nylon is a complex operation. In fact, it is so complex that a number of factors must be considered in the manufacture of nylon. These factors are:

1. The conditions under which the polymer is formed.
2. The amount of heat and pressure applied to the polymer.
3. The amount of water and air present in the polymer.
4. The temperature at which the polymer is formed.

These factors are all interrelated and must be carefully controlled in order to produce a high-quality product.
Baseball Team Chosen; 16 Men Get Uniforms

Six Others Carried: Cancel Opening Game; To Play G.W. Thursday

Sixteen baseball players including eight outfielders were selected by Coach Bernard "Fuzzy" Walsman to make up the 1947 Tech baseball team.

Six others are to be carried along during the week and some of them may be added to the squad at the end of the week.

The scheduled opening game last Sunday with Valparaiso was called off due to wet ground, so the first game of the season will be played against George Williams.

It will be played on Ogle Field at 5:30 p.m. Coach Walsman has not named a starting lineup yet.

Included on the squad are: Dennis O'Leary, centerfielder; Bob Anderson, left field; George Engels, shortstop; Bob Klemke, catcher; and J. L. Alcorn at third base.

Three pitchers have been named: Bert Anabel, who played baseball at Yale Park High; Bob Foster, a three sport letterman at Oak Park High; and Bob Klemke, sophomore at IT.

All of the catchers are returning letter winners. They are: Charles Bishop, Warren Keipert, and Bibe Kehoe.

Among the outfielders are three lettermen: Roy Schmeelkopf, Jim Evenson, and Bruce Kramer.

George Engels and Bob Klemke were also lettered. Several of the outfielders can be shifted around to fill in at other positions.

The Tech freshmen are: John Alvis, John Lucas, Stanley Alberts, Charles Fain, Gene Olen, and Robert dome.

Golf Team to Play Alumni Saturday

Led by two city Junior champions, the Illinois Tech Golf team will inaugurate their 1947 match play season with a visit to the Alumnae and Faculty. The first match will be played at the Westgate Valley Country Club, Gurnee, Ill. and Hinsdale.

"We have 15 men signed up for that meet already, but now we are trying to get in as many as possible," said Harry Smith, "Tech's golf coach. "You don't have to have a handicap to come and make up foursomes. Anybody who feels they can get up there and work on their game of golf is more than welcome to come out.

Bloomer Girls to Play Winner of Faculty-Senior Class Game

Illinois Tech's "Bloomer Girls," alias the White Collar Girls, will play the winner of the Senior-Faculty game at 11:00 a.m. Wednesday, April 28.

The girls are getting together to practice this Wednesday at 8 a.m. Fuzzy Walsman will act as the secretary. Officials for the game will be Harry Bishop and Ken Thompson.

The interfraternity track meet will be held at 3:30 p.m. Thursday of the same week. The meet will consist of a 100, 220, 440, 880 yard runs, a two-lap relay, the shot put, high jump and broad jump. Alpha Sigma Phi will be held present to relay possession of the cup they won last year by the looks of the competitors.

The Tech girls are practicing on Ogle Field and can be seen at the track.

PLAYSBOYS, NAVY FROSH, CONS WIN IN INTRAMURAL BASKETBALL

Wolves, 48ers, bucketants, Archers Enter Losers Bracket; Grad House Seniors Win

Five more games were played in the intramural basketball tournament through the week.

The Wolves, Frosch and Bucketants suffered their initial losses, but they will not be eliminated from the tourney. Coach Fred Walker of the Navy continued as the men's top scorer with an average of 19 points a game. Other scoring leaders are: Tom Xambers and Arne McPherson of the Wolves, Fred Bejarano of the MGK Radiants and hitch Frahm of the 48ers.

Playboys Win Two

Closing the opening round, the Playboys took an early lead and maintained their position to win by a 48-44 margin over the Buckeyes. Bill McNeil and Ralph Rogers paced the outfit with seven points each.

Bejarano of the Wolves had four baskets and one charity strip.

Coming to life in the second half, the Playboys battled back with a winning streak of eight points, capping the victory off with their winning ways through the second round by upsetting the Wolves 44-43 in a closely contested struggle. The Wolves held a four point halftime lead only to lose their edge at the start of the second period and drop well behind.

Led by sharp shooting HS Jennings with seven baskets and Tom Murphy's eight points, the Wolves' left tucked safely in the book at the top of the table.

Coach Oldenberg, and WHallman dropped in seven and six points, respectively for the Wolves. Coach Bejarano ran unscathed by finishing the Archers 40-41. Pelkey Moore made 12 of the losers' 21 points.

In the first losers' bracket game the Grad House Seniors led by Joe Hovington's eight points, eliminated the Civil Engineers by a score of 35 to 28. Jack Vukas bracketed half of the remaining twenty points.

Track Team in Meet Saturday

Meet Loyola, Elmhurst; More Runners Needed

For last two years of the season, the 1947 Tech Track team will meet Loyola and Elmhurst in a Triangular Meet. Betterers at the stadium at 11:00 a.m. and 2:30 p.m.

A total of six meets are scheduled for the season.

Coach Ray McNally is in need of men in all events, and anyone desiring to run for it is requested to come out this week or as soon as possible. Practice held daily on Ogle Field.

Returning from the indoor campaign, which a year ago was made possible through the lack of practice facilities, will be bringing in some new talent. Among the new talent are: Sam Anderson in the shot put, Arne Hanson in the broad jump and javelin, and Dick Lindahl in the half mile and mile runs. Also carrying the records and glory for the Tech runners will be the boys who were on the Illinois Intercollegiate track team and played football last season.

Martin and McCormick are in the 400 and 600 yard races, and Scott and Prince in the 880 yard races.

Kernan will run in the 880 and 440 yard races, and Playboy and Miller in the two mile run.

Season's Track Schedule

April 12-17, Meet Loyola; Elmhurst High School; April 19-24, Meet University of Chicago; April 25-30, Illinois Central College; May 9-14, Meet Bradley U. at Peoria; May 15-20, Meet University of Chicago; May 21-26, Meet Depaul U. at St. Louis, and Texas Tech; May 27-32, Kentucky at Belltech, Wisconsin.

VARIETY SPORTS TEAM TABLE

April 12-17, Meet Loyola; Elmhurst High School; April 19-24, Meet University of Chicago; April 25-30, Illinois Central College; May 9-14, Meet Bradley U. at Peoria; May 15-20, Meet University of Chicago; May 21-26, Meet Depaul U. at St. Louis, and Texas Tech; May 27-32, Kentucky at Belltech, Wisconsin.
Netters Win Opener, 7 to 1; Meet Lake Forest Here Today

A well-balanced Illinois Tech tennis squad opened its 1947 campaign last Saturday with a sweeping 7 to 1 victory over Valparaiso's Bob Schilling, Eddie Rimbach, a Techhawk lieutenant of 1946 vintage, beat John Mauroc, 6-1, 6-3.

Jim Ferguson and Carl Bergstrom, both major lesser winners last season, turned in near wins, Ferguson defeating Chuck Fisher, 6-4, 6-2, and Bergstrom winning over Max Smith, 6-4, 6-2. Irv Bukhalter, the only newcomer in the singles line-up, gave up only one game to Ed Schott in winning, 6-1, 6-0.

Coach Red Herron used one of his regular doubles combinations, Ralph Decker and the number two tandem, moved up to number one double, and was defeated by Ed DePeters and Charles Mentzer in three sets, 6-3, 6-7, 6-0. Bob Betsis and Billy Abbott, mains from Illinois Tech, lost 6-2, 6-4 to Feather-Smith, but Bob Davis and Manager Tom Marshwick pooled to beat Schott-Foul Zahn, 6-3, 6-4.

The Techhawks, who have lost only one match on their home court during the past two seasons, will play three straight matches here before facing the major hurdles of the season, a two-day trip into Wisconsin where the winnies will face Marquette University and the University of Wisconsin on consecutive days.

SREovable Personality of the Week

ANE HARRISON

If you think fans are wondering who is taking the place of Illinois Tech's tops, meet Arnold Harrison, "principal man" of the track team. Harrison is a 300-pound man with a few pesky points accumulated in five meets.

A fifth semester junior, Arnold came to the Tech in February of 1942 from a Youth Hostel High School in Europe. When he was a senior, he could throw letters in track and one in basketball. Track coaches like to have some all-around track men, and so they do. In Harrison, they may have both. He is outstanding in the triangle meet this year scoring first in the broad jump, third in the high and low hurdles, and the shot put, and ran with the firstplace J.T. relay team.

At Lewis he won the broad jump and placed second in the broad jump in the AAU meet. This is an enviable record.

During the war Harrison went to Corpus Christi with the Marine Section and, later, went to Tulane, China, and was a third-year student.

Harrison is pledged to Skinner A, and hopes to win his second letter for track after this season. He loves track, but would like to see more help make-jump the squad.

Sports Totals

IM Softball Tournament Entries Begin

Rosters Due April 23; Teams to Be from Same Year and Dept.

Entries for the coming intramural softball tournament will be accepted up to 12 noon next Wednesday, April 14. Anyone desiring to enter a team should list the full names, year and department of each player.

An open period during the day when the teams can play must also be listed and the rental must be named. The team must be carried, along with two referees to help with the tourney.

Teams are to be in the intramural bulletin board in the lobby of the Student Union.

Teams must be composed of men who are all in the same year and the same department. An exception to this rule will be made for freshman squads which may have members of any department. Each team is limited to 16 players.

The second round of the tournament has not yet been decided but will appear on the intramural bulletin board in the Student Union and in the next edition of Technick News.

The type of play either round robin or double elimination, will be decided as all entries have been received, and will depend on the number of teams and the time allotted for running the event, stated Larry Shropshire, intramural manager.

Interfraternity Softball Tournament

Thurs., April 15—Delta Tau Delta vs. Phi Kappa Sigma; Theta Xi vs. Beta Zeta.

Wed., April 16—Theta Xi vs. Beta Sig; Phi Kappa Sig vs. Phi Sigma;

Thurs., April 17—Triangle vs. Phi Sigma;

Fri., April 17—Phi Sigma vs. Tau Beta.

More Men Are Smoking

Chime, Team Ever Before

It's never been a better time to be a Chime, and it's never been necessary to smoke so much tobacco. Chime makes a full-bodied, satisfying brand of cigarettes that smokes well and is good to the health.

Chime is the new brand of cigarettes that makes you feel better and helps you to live longer. Chime is the only brand that gives you a real taste of烟草... for a real man.

If you don't know about Chime, ask your friends. They'll tell you all about it.
