**Tuition Raise Announced For September; $35 Hike For Engineering Students**

No Change In Costs Scheduled For Liberal Division Majors

Henry T. Head, president of Illinois Institute of Technology, today announced a raise in tuition, effective next fall, from $2970 to $2775 a year for full-time students in the division of engineering and science.

Major G. F. Eliot speaks tomorrow at Assembly here

Major George Fielding Eliot, noted author and lecturer on national affairs, will speak at an all-school assembly tomorrow at 11 a.m., in the North Union auditorium. The lecture, entitled “We Can Live the Peace,” is sponsored by the Assembly committee.

Pamphlet for Books

Major Eliot is the author of four books—"If War Comes" (with R. W. DeInroy, 1937); "The Reparations' War and America" (1937); "enemy Air in the Pacific" (1938); and "Honor of Triumph" (1924)—and has contributed articles and reviews to Harper's, New Republic, Life, Fortune, and Foreign Affairs.

He has served as a military and naval correspondent for the New York Herald Tribune and as an expert on international relations and military affairs for the Columbia Broadcasting System.

International Preview

Major Eliot has recently seen his predictions become true in the international scene.

He called for a national political council back in May, 1941, for a world police force in August, 1942; for a national defense in February, 1944, and for victory in October, 1944. In speaking of Major Eliot one observer remarked, "his columns are striking examples of 'honest scholarship in journalism.'"

No War

Major Eliot recently declared, "There will not sight the dimmer

**New Dormitories Ready In Fall; Fraternities To Take Graduate House**

Two Illinois Tech dormitories now under construction will be completed and occupied at the beginning of the fall quarter, according to John F. White, dean of students.

The main floor of the Graduate House will be used as a general lounge and dining area for the fraternity and as the dormitories, and all other dormitory facilities will be constructed.

The Graduate house, now used as a dormitory for 84 men, will be available for 120 men, and the new facilities are expected to be completed on time.

The new dormitories, which are to be located on the eastern edge of the campus, will include a large central section with laboratory and study rooms, and a number of smaller units.

The new dormitories will accommodate 120 students, and will be equipped with modern facilities, including central heating, air conditioning, and steel windows.

**Junior Week Plans Gain Momentum As Gala Event Nears**

The festivities associated with Junior Week, which will be held this summer, are gaining momentum, according to John F. White, dean of students.

The Junior Week Committee, under the leadership of the Junior Week chairman, is working on plans for a number of events, including a dance, a fireworks display, and a parade.

The Junior Week Committee is also considering the possibility of holding a talent show and a variety show, and is looking into the possibility of having a fireworks display.

**Gradual Increase in Tuition Rates**

The tuition rates for full-time students at Illinois Institute of Technology, effective next fall, will increase from $2970 to $3775 a year for full-time students in the division of engineering and science.

The increase in tuition rates is expected to be gradual, with the rates increasing by $50 per year for each of the next four years.

AFTER DUE CONSIDERATION THE DEPARTMENT HAS DECIDED TO DROP THE LOWER 20%  

Letters To The Editor  

Counterblast Berolzheimer; Paints Picture Of Clerk’s ‘Hard Life’  

Dear Sir,  

You wield a terrible pen, brother Berolzheimer; but please cool down long enough to hear the story of a bookstore counterman.  

Apparently you are a member of the great majority of people who have never had the privilege (1) of working behind a counter. You are indeed fortunate, because our life is a hard one, replete with the need to master a wide variety of skills in a short period of time. Please visualize, if you can, twenty or thirty students lined up behind you, busking out and requiring a faster pace. And please make at least a deathly attempt to conceive of a 12-hour workday, which is written in Chinese or Arabic.

Dear Sir,  

I am a bookstore clerk, and I can tell you that your life is much easier than mine.  

We are not only responsible for selling books, but also for dealing with customers. We handle everything from the most basic book to the most complex scientific text. And we do it all with a smile.  

Slipstick  

My motto is: “If it’s a good joke it can grow old.”  

We are sitting in the movie industry and there is a guy in front of us who must have been from the movie censor’s office, because every few minutes he’d turn to him and say, “You O.K. it? Cut it out.”  

Here’s the lesson: it’s more amusing when things are cut out.

Dear Sir,  

I was at the airport with my mother and father, and we noticed a very peculiar behavior from a security officer. He was constantly checking the luggage of people, even those who were wearing aprons. It was quite strange.

Students Escape Serious Injury

Two students, hurrying to classes at 8 a.m., Friday morning, narrowly escaped serious injury by hurrying through the smoke-filled building.

The fire, which started in the basement, was quickly extinguished, and no one was hurt. The students, who were near the fire, were able to reach safety by following the escape routes.

The building was closed for the rest of the day, and classes were rescheduled for the following day.

AIEE Hears Student Research Papers At Meeting Tonight

The Chicago section of the American Institute of Electrical Engineers will hold a meeting at 7:30 p.m. in the Chicago Auditorium, at which time a paper contest for the student branch will be held.

Five graduate and four undergraduate men have entered the contest, and will present their papers orally.

Winners will be selected in the graduate and undergraduate categories, first place being $15, and second place $10, all given by the Chicago section. The undergraduate winners will receive an additional $50, provided by the national headquarters of the AIEE.

Both first prize winners will be invited to attend the AIEE annual meeting in the Great Lakes district next week, where they will be honored.

ICYCLES HANGING DOWN from the fourth story of a building hurt four people in the student dormitory. The report is based on their report to the local police. The story was covered at about 8:30 a.m., when a report was made to the local police.

One of the four was taken to the hospital for treatment. The others were treated on the scene by the local police.

NEWS IN BRIEF

Under the Marine Corp's Marine Leaders program, students are required to take training only between school years. In order to quality for the second lieutenant's commission upon graduation, a limited number of these graduates must hold an opportunity of accepting a commission in the regular Marine Corp.

Mr. Nuttere, a U.S. Marine Corps officer serving currently in the Corps in the Marine Corps Reserve, will hold office hours in the Marine Hall. Students may call between April 1, 8:30 a.m. to 11:30 a.m. to interview students interested in enrolling in the program.

The trip is scheduled for March 31. Reservations on the flight to the Nippon can be made through the Student Activities Department of the Marine Corps Reserve.

A recent election of CAMOE officers put into office: B. D. S. Nuttere, president; W. B. B. Nutter, vice president; D. D. C. G. Talbot, secretary; E. R. N. Talbot, treasurer.

What a Record! It's ART MOONEY'S hot arrangement of "I'm Looking Over a Four Leaf Clover" (An 1868 classic)

"Four leaf clover" has turned into a real hot seller for Art Mooney. It keeps jiving in clowns.

An experienced hand in the music biz—Art follows that famous experience rule in the choice of a cigarette, too. "I've smothered many different brands and compared," says Art, "and Camel's suit me best."

Try Camel! Discover for yourself why, with smokers who have tried and compared, Camel's are the "choice of experience".

CAMEL IS MY CIGARETTE!

And here's another great record—

MORE PEOPLE ARE SMOKING CAMELS THAN EVER BEFORE!

Illinois And Michigan Normal Top Relays
Defending Champions In Both Divisions Succeed In Their Title Defense

The nineteenth annual Illinois Tech Relays, featuring the University's indostrack team, came to a successful close Saturday night. A crowd of 6,000 and 350 contestants, representing 40 colleges and universities, were there to watch the 70-year-old tradition of the University of Chicago.

When the final scores had been tabulated, it was with 82 points, headed by the winner's column in the University division, Michigan Normal with 52 points, followed by Indiana with 45. The University and Michigan Normal are the only teams to have won the title since it was established.

Carlman And Erickson Lead Swimmers; Team Finishes Third In Quadrangular

The Tech swimming team ended the four meet with Loyola university, University of Chicago, and the University of Illinois Haynie Pool. Tech showed well in the preliminary rounds with men qualifying for the finals in every event except the 600 yard freestyle. However, the meet culminated Chicago 44, Loyola 31, Illinois 26, and Illinois 16. Ray Elkin took third in the 200 yard freestyle event, while John Haggerty of Loyola was second with 30 points. Ted Kiel and John Peters placed second and third in the 440 yard freestyle event. Tech was able to take third and fifth respectively in the 200 yard breaststroke. Ted and John sought in the 300 yard freestyle and took fifth in the 100. Bill Mullen came in fifth in the 100. Tech 600 yard freestyle relay consisted of Jim, John, and Bill.

Calver Cadets Fail Techawk Swimmers

The fencing team battled for four hours against Calver Military Academy. The contest resulted with a score of 10-7 in favor of the cadets. Mario Ballou proved his ability to handle a full by getting a perfect score of 5. No other Techawk scored against the cadets with this weapon.

Hockey Players Wanted

If you are interested in joining the Tech hockey team, contact Jack by phone. Or if you are interested in joining a Tech hockey team, contact Jack.

What's back of that name for YOU?

Back of the name Western Electric are 30,000 men and women who help make your Bell Telephone service the world's best—at the lowest possible cost.

Where are they? What do they do?

They're in factories in 18 cities, making millions of telephone equipment designed by their engineers at Bell Telephone Laboratories.

They're all over the map, buying all kinds of Bell System supplies from other manufacturers.

They're at 29 distributing houses, filing orders from Bell Telephone companies for apparatus and supplies.

More than 31,000 men are in mobile crews installing intricate central office switchboards and equipment.

In doing this huge job—one of the most complex in industry—Western Electric people are contributing daily to the efficiency and economy of your Bell Telephone service.

BE WITH US EVERY SUNDAY NIGHT OVER NBC... UNTIL THEN
Senior Poll Shows 65 Per Cent Prefer Informal Farewell

Three graduating seniors have completed a survey among their classmates on the question of the Senior Farewell's mode of dress, formal or informal.

Results of the survey indicate that 65 per cent of those students prefer an informal Farewell. A majority of this percentage definitely will not attend the affair if it is formal, according to the untimed results.

Ivy Kraft, Louis Fisher, and Herne Breuner, the initiators of the survey, stated that their action followed "dissatisfaction with the results of the vote taken."

A total of 197 statements were obtained by these seniors. Some graduates did not sign, explaining that they would not attend the Farewell in either case. Kraft, Fisher and Breuner stated that, "Because of the results of the survey, we believe that plans for the dance should be reconsidered."

Wolfe Appointed Make-up Editor

Jack Wolfe, feature editor of Techno News, has been transferred to the newly created position of Make-up editor.

The new editor was revealed to replace the position of Managing Editor, which was abolished upon the recommendation of Jack Wolfe of Sheetwood Benson, Editor-in-chief, at the meeting of the Publications Board Wednesday.

Among the other business the board discussed was the budget for Techno News handbook for new students. It was noted that it be passed back to the publications' editorial board for further consideration.

Christianity Lone Force To Solve Problems - Burns

Claiming that communism is "fundamentally continuous," Robert Burns, professor of the Elliott School of Religious Studies, has just declared that Christianity is the lone force radical enough to solve the problems of the present capitalist system.

Burns presented his observations before the Newman Club Wednesday in the Chemistry building auditorium. He held his claims that communism is revolutionary on the basis that capitalism theory is "contaminated with the things that are new in the world; it just wants many of them."

He will deliver the second in his series of two lectures before the Newman Club March 21. In addition to his address here, Burns will deliver some two to three questions and discussion.
