'Homecomers Hop' slated tonight

Homecoming—will it be a night to mark an era of renewed athletic interest at ITT? Such is the hope of spirited
Techians.

Tonight's festivities will be colorful activities at ITT. In addition to "the" big game, a variety of other athletic
events will be featured, including basketball games where ITT roosters will clash the AHS Pioneers at 8 p.m.
and the 3:30 p.m. game. Of course, "the" big game will be the feature
of the night. The ITT student body will have the opportunity to
cheer their team on as they take on the hated AHS.

SAM plans schedule for movies

Round-up films on winter sports, 10-minute films on
the legal implications of the Vietnam War, and a
free movie in the Student Union will be featured in today's
free movie program in 620 auditorium from 9 to 11 p.m.

Yule keynotes concert

The concert, which will feature the choirs and orchestra of the ITT student body, is scheduled for
8 p.m. in the Student Union auditorium. The program will feature the choirs and orchestra
performing a variety of festive music. The concert will
feature: The ITT Student Union Band, the ITT Symphonic Band, the ITT Choral Union, and the ITT
Choral Society. The concert will conclude with the lighting of the Christmas tree by the choral
union. The concert will be broadcast live over local radio stations.

Four-point system postponed

The four-point grade system, which was scheduled to be
implemented in January, has been postponed until the
next semester. The reasons for the postponement are due
to concerns regarding the fairness of the system.

Amory to speak before BE's

Derek Hoadcroft Amory, former member of parliament and
counselor to the government, will speak at the BE's meeting on
February 10th. Amory will discuss the current political
situation in the United Kingdom and its implications for
the United States.

HELL NO!!

Voters flex political muscles

Illinois Tech's student body will throw its political weight
Wednesday and Thursday when a record number of
candidates for class offices hope to win a total of 1,200
votes in this year's election. The election will be held in
the East Dining Room in the Union, where the polls will
be open from 8:30 a.m. to 9:00 p.m. on Wednesday, and from
8:30 a.m. to 3:30 p.m. on Thursday.

There will be definitely no walking at the polls. The
security system is set up so that a short and comfortable
walk may be enjoyed between classes or for those who
wish to vote during the noon hour, as well as for those
who wish to vote after the noon hour in the late afternoon.

Working at a fast pace Thursday after the polls are closed, the
election commission will tally the votes. Results will be
made public Friday, March 1, for the students and official
results will be released immediately following the tally.

The week preceding the election has been an unprecedented
campaign period, with the 76 candidates vying for the positions
as the poll time approaches.

Alumni in theirivalent, the
sorely needed campaign will
be
reduced Thursday, the day before election, when the four
organizations of the alumni will meet to discuss
strategy for the first all-school election assembly of the type.
Candidates will have an opportunity to discuss their
platforms.

Names lead to prejudice, college survey reveals

By cushions Furlong

What's a name? Prejudice, according to a study released by a psychology professor at the University of Miami.

Pictures of 30 beautiful girls were rated by 150 subjects... on general likability, beauty, intelligence, character, and attractiveness," he said.

When the pictures, previously unlabeled, were assigned Jewish, Italian and Irish names indiscriminately and rated by the same subjects, significant variations in rating occurred, depending on the nationality of the name placed on the picture, were noted.

The greatest areas of prejudice, according to the study, were among those whose parents make between $3,000 and $6,199 a year, fraternity members, and people with strong convictions as reflected religions.

Men were found to be more prejudiced against women; college seniors rated less prejudiced than freshmen, and Republicans were more prejudiced than Democrats, the professor revealed.

A news note in the Chicago Tribune announced that the cherry-red banner that hung daily in the quarter of Kelly Hall, a medical dormitory at 806 S. Michigan Ave., had been torn down.

Sorority leaders attempted to remove the banner, which had been officially notified by Ku Klux Klan, it was said. The banner had been repeatedly refused to explain their reasons for removal at the request.

Any time going up on you? Get 50 years that you don't know what to do with? A writer to The Campus Chatter, "I came up with an idea of following along with half a century without accomplishing anything more than a sequel in a case.

While the writing pencil works a marvel, North Texas State writer emerges from weeks of intensive composition to report that the new issue of the IT catalog-cum-newsletter would take a total of 50 years, about 50 years to complete.

(And that if you can't repeat any.)

Flit on the list of subjects especially recommended by the late Elizabeth Blakely's "Blade" is Criminology 101, which covers everything from the sneaker, nuisance and variety of crime to police prevention and more.

For students who like to understand the problems of the police and the courts in the training and responsibilities of law enforcement.

Outstanding, however, among the 49 years of study available at North Texas is a new course in Slipstick.

They had been sitting in the garden together for two hours. Finally he began to appreciate her. Instantly he began to shrink.

"Stop it, please," he begged. "I'll promise never to do it again."

"You fool," she answered. "I'm cheating."

And then there's the weather which washed the Taras Danielle seriously and worked out anything special.

While: Our child is white. It isn't strange. Personal Oriental: What? I don't wear a watch. Who is an idiot? He can't be ststered.

A dumb kid is a dope. A drug is a joke. Doctors give drugs to take their place. Therefore, a dumb kid is just what he wanted at all.

Mary: I heard you were in a motorcycle accident the other day.

Helen: Yes.

Mary: How about it? Are you all right now?

The end of a beautiful romance.
Man of the week

Hamilton collects honors, offices

Natty dress, executive manner, complete composure—marks of the "man of distinction." Indeed, no battle is needed; these alone serve to indicate ITS Bob Hamilton.

Throughout eight terms as an IE, Bob has developed a talent for acquiring presidency. He is now chief officer of Phi Beta Pi.

ACSA plans charities combine

A proposal to integrate all charity collections into one drive each semester was formulated by the Advisory committee for Student Activities on November 30, and presented to the TSA meeting the following evening.

The plan will sanction the combination of charities drive to be held the last two weeks of the semester and provides for a collection book during the last week of the semester. The books will be given a chance to multiclude at the last meeting of the semester.

The only exception to this combined collection will be the selling of Christmas cards and sales for other things besides funds, such as clothes, food, or playing cards.

Phi Beta Pi holding grab party Monday

Phi Beta Pi security will hold its 1960 annual Grand Ball on the Phi Beta Pi Monday, December 6th. The Grand Ball will be held in the library and the Grand Ball tickets are 50 cents each. The only exception to this will be the selling of Christmas cards and sales for other things besides funds, such as clothes, food, or playing cards.

Admissions appoints new board

Entering its second year of existence, the Student Administrative Board listed its new members. Joseph Hamilton, Louis Krouse, Alene Edwards, Evelyn Breisch, Francie Bally, Helen Tichy, Dennis Olson, Keith Wingate, Norman Roberts, Gene Housbeck and Cliff Mattson are now on the board. These students were appointed by the Administration office for their interest in school activities.

The Y crew committee has several functions, which are to perform and to attend the Student Administrative Board meetings. This is one of the main duties of the committee.

The project of the board is the composition of an outline booklet for school guides.

Career talks start here December 28

By Alan Pech

IIT will be host to an estimated group of 6,000 high school students attending the three-day Careers conference to be held here beginning December 20. The conference, sponsored by the Chicago Technical Societies Times newspaper in the first attempt made in this country to help high school students select the subjects they would like to take while attending college.

Clauses included the Sigma Kappa, Phi Delta PhI, and Delta Zeta sisters and their dates.

Square dancing and refreshments of hallway dancing were enthusiastically participated in by all.

Impromptu Parties So Easy with Coke

Any time is a good time for a patriotic party. A great way to celebrate the Christmas season is to have a party with friends and family. Coca-Cola is the perfect drink for any occasion, and it pairs perfectly with any theme or decor. Whether it's a red and white party or a Christmas-themed gathering, Coca-Cola is the go-to drink for a festive and easy celebration.

Placement schedule posted

By Carl Webster

Assist. Director of Placement was appointed to head the office, which has been in existence since September 1949, and now has a staff of eight.

Here's a dirty story about Tech personnel

By Audrey Arena

Down at the south end of Chapin Hall's first floor lies one of the unique, unpublished laboratories of the Illinois Tech campus, the soil mechanics lab.

The lab, which was recently opened under the direction of Dr. Ernest Vavrek of the mechanical engineering department, is now using an apparatus known as a soil testing machine, a new and unique piece of equipment. This machine will test the soil, determine its strength, and be able to tell how much it will bear.

Bottles of soil samples from the test holes are then analyzed, and the results are recorded on a graph, and a chart is made of the soil's characteristics. The chart is then used to determine the strength of the soil.

The lab is located in the basement of the Mechanical Engineering Building, and is open to all students. It is supervised by Dr. Vavrek, who is available to answer any questions or concerns.

WCG sets date for 'Tussle'

By Henry Helmer

The White Collar Girls will host IIT's Christmas party on December 14 with theirIncreased "Tussle" game.

If you're planning on attending, make sure to arrive early to secure your spot. The games will begin at 9:00 p.m. sharp. It's a great opportunity to meet new people and have a fun time! Wishing everyone a wonderful holiday season!
Tech cagers set for Homecoming
Expect spirited crowd as Hawks face Maroons

By Ed Jennings

Tommy the silent Action agent is the watchword at the Tech campus this week. There was a lot of Basketball fever in the air for the final home game of the season and the Maroons were the visitors of the season.

The Tech cagers will be in action at 2:30 p.m. on Saturday as the Maroons come to town.

The Maroons have been playing well recently and are a tough team to beat. They have a good all-around team and are capable of scoring a lot of points.

The Tech cagers are also playing well and are a tough team to beat. They have a good all-around team and are capable of scoring a lot of points.

Both teams are playing well and are a tough team to beat. They have a good all-around team and are capable of scoring a lot of points.

The game is expected to be a close one and should be a good one to watch.
IF, IM champs in "Slide Rule" Bowl

Newspaper shows way to combine by Jim Womengrab

In order to show further that the proposed inter-fraternity intrasoror combination is a move which will result in direction, Technology News would like to publicize the first step. On Tuesday, December 14 at 2:30 p.m., the first annual Technology News "Slide Rule Bowl" will officially be inaugurated. The plans will be Oxford Field, corner 31st and Federal Streets.

An all-school trophy to be retained for a year will be awarded to the winning teams. The Fraternity will retire the trophy to their Fraternity, while the independent teams will keep it in the gym. Individual awards will also be awarded to the winners.

This year's contest between the Theta Chi and Engineering Delta Tau Tau will be separated by a "Slide Rule" bowl. The Theta Chi, under the leadership of Jim Gremlins, champion of the IM conference, and the engineering Delta Tau Tau champion of the IM conference, will compete.

Fencers lose to Tri State, 18-9

Tri-State's fencers took the leading Technology News, 18-9, in the first meet held at the Technology News gymnasium on Tuesday, December 14 at 2:30 p.m.

Swimmers drop opener to Chi; face UW tonight

The Tech Swims will take on the University of Wisconsin (Milwaukee Division) at 7:30 tonight at the Valders Boys' Club, 3400 South Emerick. The teams hope to make a comeback after losing their first meet to the University of Illinois Chicago.

Tech riflemen score victory in first match

The Tech riflemen opened their season by scoring a victory over Indiana Tech, 134 to 138. The match, played during the week ending December 8, consisted of three productions, aiming, kneeling and standing.

Demand outstrips directory supply

At 7:06 a.m., Monday, one minute after the Illinois Institute of Technology student directory hit the stands in the North and South Unions, the first copy was sold. Sales continued rapidly, and exhausted by 8:45 a.m. Students waited a half hour for the balance of the day's quota which was sold out 10 minutes later.

Receiving why there was not a directory for every student, Editor Sherwood Berman said, "Now it is impossible for our staff to tell exactly how many directories would be sold before the actual sale, we had to make an estimate of student demand. Sales this year should give a good indication of next year's staff."

Kiva sponsors hobby show

Kiva has made plans to sponsor a student hobby fair on the campus. All students interested are requested by Greer Bessman, president of the Business and Literature Department office. "Any work," she said, "which shows creative ability will be welcome."

AIEE hears license act discussion

Fifteen students attended the National Engineering Act discussion at Illinois Institute of Technology on Tuesday. Mr. LeClair, president of the AIEE, was assisted by electrical engineers at the Commonwealth Edison company.

With the aid of a great many engineering disciplines, it was the opinion of all present, and with the hope of engineering unions, it has become more difficult for the employers to find what they want," stated Mr. LeClair. "It is just as important for an engineer to have a license as a medical doctor, and no man who has graduated from a four-year college should have any trouble getting the necessary license."

Peebles home after six transfusions

Dean Emeritus James Peebles is convalescing at home after an operation and six-week stay in the Englewood hospital. Dean Peebles required six transfusions from the hospital. To replace this supply, two IIT students and friends of the late dean donated blood.

Need committeemen for JW

Jack Dwyer, chairman of Junior Women's Association, has asked that all students interested in working on any of the various Junior Women's Association events contact him at once at 300. He may be reached through her 31 in the NU post office or in his office in the NU house.

Asst. Dwyer will be E. Edward Smith, who will conduct student activities, and Lee Jacobson, who will head the activities phase.
