**ARMOUR'S FIRST OUTDOOR INVITATIONAL TRACK MEET SATURDAY AT STAGG FIELD**

Twenty-Six Nearby Colleges Aided to Compete in Annual Event

**MID-WEST TRACKMEN THREATEN RECORDS**

The first annual Armour Outdoor Invitational Track Meet will be held next Saturday at Stagg Field at 3 p.m. This will be the largest outdoor meet of the season for the colleges within a radius of hundreds of miles.

Fifteen to 20 schools are expected to contest the meet, which will represent the past invitational meets and the annual conference.

**News Smoker at S.K.D. House Tomorrow Night**

An Armour Tech News smoker will be held at 7:30 tonight, Wednesday, April 30 at the Sigma Kappa Delta House, 564 South Michigan.

Sixty members of the present staff are expected to attend, and in addition, several prominent alumni will be present. The net proceeds from the event will go to the News, expected to be there.

Card playing, smoking, and refreshments will be served.

**CONGRESS HOTEL SCENE OF FORMAL, MAY 16**

Seats for the Junior Prom are now on sale at the hotel. Tickets are available for any group of four students.

The ticket price is $1.50 per person, and includes a dance, music, entertainment, and refreshments.

**Baseball Squad Plays in Michigan**

The Tech baseball squad will journey to Michigan this week end for the Michigan State Invitational, where they will compete against some of the best teams in the state.

**Honorary Dance Set for Friday**

The annual Junior-Honor-Finance dinner dance is to be held at the Armour Junior Hotel on Friday, May 2. The proceeds from the event will go to the Chicago Junior Hotel, and the ticket price of $1.00 per couple will be charged.

JUST LIKE A WOMAN
She looks about the same size as in the last time you saw her... Well with eyes not quite as bright. And to describe her as beautiful... isn't quite the right word. She was neat, in fact she was almost elegant. And that is as far as we'll go.

The Slipstick

VANDALISM
Twice a year, each and every man in attendance at Armour pledges himself to live up to the requirements of the school. The enrollment curve shows startlingly that such applications are not always obeyed... the written rules of courtesy, manliness, and honor; this is the only bond that this school offers to its men.

However, it seems that there are certain men in the school to whom either this has no meaning or he is too much given to the word honor. As for long as history has recorded, the phrase "on my honor" has stood for its face value. These men have been more or less considered as the biggest speck possible... without honor there is no civilization. Therefore, when a man agrees to live under the university rules of honor, it is impossible for any more binding agreements to be made; this implies all that anything more explicit could imply, and is the highest kind of bond between men.

Armour seems to have been most unfortunate in having within its walls some men to whom the honor demanded cannot be applied. This group of men have wilfully slain objects that are so manifold and integral part of the school... that is, these men have decreed their right to do this by a 24 hour liberry for whatever pleased their fancy to take... it would have been a real set of men if the honor had been lost; the actual fact of the case are that the thiefs are of an unbelievable kind.

The most flagrant of all the misdrebления was the mutilation of the new English building, that has been put on the main library of this library this year, and which comprises one of the most lovely and up-to-date references available. Some boys from the building had it torn to pieces by out a series of pages from one book, raising the cost, for one thing, the cost of replacing it... will be until the edition is out of print. That means that the men in the future will be deprived of the use of the information contained on those pages; it is a loss that will be felt by those who are studying that topic, many men will be the future.

During the past year the library has by sundry gifts, class donations, and a careful budget, managed to purchase and acquire, roughly, two hundred of modern fiction. These volumes were carefully chosen to afford the best of reading matter to the men, and their early popularly proved their good qualities. However, there are still some that are lingering instants of some men, whom we regret to know that so much can of Armour, there remain but less than thirty of these for circulation. This recent inventory of the fiction remaining seems to point that our library... but we no longer keep such a group of college men, but a group husbanded by the faculty, that the type of material is sufficient.

To date, the librarian has not been able to check the books on the technical works, but the general indications are that the books will likely be... are perhaps probably better than a direct blow... the fiction was but entertainment, but those books are the importance of the work. A great portion of engrossing work con- cept of reference to the experimental and theoretical observations of the man to the top of the profession, and it is for that reason that the work is an integral part of any school of this nature. It seems that we are doomed to have a book read to only those which have a longer chance to leave, while they, at will, pick the best, and depart.

It is impossible to make one realize how deadly serious this situation is unless you are confronted with the problem of actually utilizing some of the books. But the truth will be driven home more easily when you ask for a certain book and are told that it is "out" for another and find that it, too, is "out," and in the midst of all the material you need for no longer possible because the men of Armour are no longer human.

As far as we are concerned, the problem can be solved by the university. However, the men have been more than willing but there is a bond between them and the men of the school.

The resolution of the school's Office Urges Early Applications Students who have friends in Armour must urge Armour students to make application to Armour at an early date as possible, according to student leaders. "It is important to Armour because the entire student body in Armour is made up of 24 to 200 students." Students are encouraged to take advantage of the opportunity to apply early, as a show of support for the school's students.

CLOISTERS Visit Soil and Cement Plants Last Friday, April 15, the junior and senior civil engineers made an all-day field trip to the Portland Cement Company at Mattoon, Illinois. Under the sponsorship of Professor R. M. Goforth and F. D. Stover, the group visited the plant, saw the stages of the manufacture processes, from the grinding to the finishing processes. The company furnished a tour on the various steps in the manufacture of cement.

The Portland cement plant has been selected as a field trip site for the junior and senior civil engineers. The trip was organized to provide hands-on experience and a deeper understanding of the cement manufacturing process.

Golf Tournament Played Saturday A joint band between the alumni and the Armour junior band was preceded by the Armour students. "They do not answer," in the absence of the conductor, the device takes over the program.

This was a small sale of a series of albums under the direction of Louis Rabiner in recording and reproducing sound. We produced two Victrola records, are entirely composed of commercial music, and will play the ordinary concert. The carillon is intended for the season of fishing, and will be enjoyed by the fishermen.

Telephone Device Records Greetings A device recently invented in England eliminates the nuisance of the telephone operator's "They do not answer." In the absence of the operator, the device takes over the program.

This has caused a series of criticisms by Louis Rabiner in recording and reproducing sound. We have produced two Victrola records, are entirely composed of commercial music, and will play the ordinary concert. The carillon is intended for the season of fishing, and will be enjoyed by the fishermen.

DEAR Mr. STAFF

I can tell you something that will turn your head. "Your neck." What? I was laughing. A popular song is one that becomes a hogwash most quickly. Wait. Signature: Ayn R. Justice, President

AINT IT THE TRUTH
Two things that never return—youth and the best shoes you send to the laundress.

Manager: "Don't be too fastidious ever step here!" User: "Yes, he had a week here once."

FAREWELL
With our rewriting time allowing us to express our thanks to our contributors, and introduce them (those we know) to our readers, we wish to acknowledge the invaluable help of Mr. John Chin, Mr. Ralph B. Bonnigton (George Manville), Mr. Charles Ramsey, Mr. W. W. Walker (Mr. J. B. Smith, C. E. Ruth), Mr. (Emil) Maxime E. (Anthony Faes), Mr. N. P. (Rutland) E. (Mr. M. J. M. Sheehan, Mr. J. S. M. (Evan) Mc) The idea and the interest of the laundress made it possible for us to complete our manuscript. As improvement, our editors have suggested that we should consider the following:

A recent bulletin issued by the C. R. T. (Chicago Rapid Transit), stated that there were about 300,000 people who, we don't know why, but it is on the train we went home on that first night.

There is always one conclusion about a flock in the second section. You can make it up in six weeks of summer school.

A few very critical critics raised particular cases because they are more apparent than those in the column below. Well, think nothing of it. If two groups give us the same story, they both get a nose. That's fair. (This is)

B. C. T. suggests that you be sure and see Lou Clark in "GROULIO" This column might be as far as near full of humor. This week is as original as a bathroom, which is to say that it is not original. But on this occasion, we are going to make another crack about giving little Armour a support. This week we are making exactly one week. Don't forget the box on the first floor.

Just received that the ideal dunce is the man who wears panta-buins because he has water on his head.

A CLOSE SHAVE
We know a fellow who went to the barber college and took a course in shaving. The barber college, you understand.

FRED: What is your idea of running away?
STAP: A bad headache.

We kill fellows. We tried to. You see against the wall.

FOUR AERONAUTICS SCHOLARSHIPS ARE PRIZES IN CONTEST

Boeing School Offers Free Tours and Essays

COLLEGE MEN ELIGIBLE

Four scholarships, with a total lifetime value of $2,500, have been recently established by the Boeing School of Aeronautics, Oakland, Calif., for regular students majoring in aeronautics or other closely related Bachelor's degree in Arts or Sciences.

The amount of the scholarship is determined by the needs of the essay contest, in which each candidate is required to write not more than 1,000 words, to be sent to Boeing School of Aeronautics before June 3, on any of the following subjects: Free tours and contributions to aeronautics; second, the development of an airport transportation system; third, the development of better features on batched air transport systems; fourth, the development of better educational facilities for aeronautics; and fifth, the development of better educational facilities for aeronautics.

The names of the winners will be announced in the fall, and the contest will be open to all regular students majoring in aeronautics.

The requirement of the scholarship is that the essay must be written in English, and must not exceed 1,000 words. The essay must be typewritten, double-spaced, and submitted to the Boeing School of Aeronautics by June 3.

The scholarship will be awarded to the student whose essay is judged the best by a panel of judges, consisting of Boeing School faculty and staff.

The winners will be notified by mail, and will be required to submit a short biography and a statement of their plans for the scholarship funds.

THE UNIVERSITY OF CHICAGO

The University of Chicago has established a new scholarship program for undergraduate students majoring in aeronautics. The scholarship, known as the "Boeing Aeronautics Scholarship," will provide $5,000 per year for each of four years to students who meet the following criteria: (1) have a grade point average of at least 3.5 on a scale of 4.0, (2) have demonstrated financial need, (3) are citizens of the United States, and (4) are enrolled full-time at the University of Chicago.

The scholarship will be awarded to the student whose essay is judged the best by a panel of judges, consisting of Boeing School faculty and staff.

The winners will be notified by mail, and will be required to submit a short biography and a statement of their plans for the scholarship funds.

THE AERONAUTICS LABORATORY

The Aeronautics Laboratory, a research organization sponsored by the National Aeronautics and Space Administration, has established a new scholarship program for undergraduate students majoring in aeronautics. The scholarship, known as the "Aeronautics Laboratory Scholarship," will provide $10,000 per year for each of four years to students who meet the following criteria: (1) have a grade point average of at least 3.5 on a scale of 4.0, (2) have demonstrated financial need, (3) are citizens of the United States, and (4) are enrolled full-time at a university or college in the United States.

The scholarship will be awarded to the student whose essay is judged the best by a panel of judges, consisting of Boeing School faculty and staff.

The winners will be notified by mail, and will be required to submit a short biography and a statement of their plans for the scholarship funds.

THE AERONAUTICS FOUNDATION

The Aeronautics Foundation, a nonprofit organization dedicated to the advancement of aeronautics education, has established a new scholarship program for undergraduate students majoring in aeronautics. The scholarship, known as the "Aeronautics Foundation Scholarship," will provide $15,000 per year for each of four years to students who meet the following criteria: (1) have a grade point average of at least 3.5 on a scale of 4.0, (2) have demonstrated financial need, (3) are citizens of the United States, and (4) are enrolled full-time at a university or college in the United States.

The scholarship will be awarded to the student whose essay is judged the best by a panel of judges, consisting of Boeing School faculty and staff.

The winners will be notified by mail, and will be required to submit a short biography and a statement of their plans for the scholarship funds.

THE S. H. BOEING COMPANY

The S. H. Boeing Company, a leading manufacturer of aircraft and aerospace products, has established a new scholarship program for undergraduate students majoring in aeronautics. The scholarship, known as the "S. H. Boeing Company Scholarship," will provide $20,000 per year for each of four years to students who meet the following criteria: (1) have a grade point average of at least 3.5 on a scale of 4.0, (2) have demonstrated financial need, (3) are citizens of the United States, and (4) are enrolled full-time at a university or college in the United States.

The scholarship will be awarded to the student whose essay is judged the best by a panel of judges, consisting of Boeing School faculty and staff.

The winners will be notified by mail, and will be required to submit a short biography and a statement of their plans for the scholarship funds.

THREE NINE SCORES FOR RUNS; BEATS DE KALB TEACHERS

SEVERAL ERRORS MADE

DeKalb Teachers College with Tom Thompson, their powerful merchant marine, in their baseball team, 4-2, in the game played Tuesday at Opie Field.

Thompson's unique brand of baseball lured Armour to four hits. The team struck out eleven men and hit all but two of the league leaders out of harm's way with the bat.

The effectiveness of Thompson's batting hurt DeKalb. Thompson was forced to accept the losing end of the fourth inning. Thompson's team was simply dominated by DeKalb's first baseman. Paul Johnson and John Smith, who were on base, were able to sweep all but a few of the runners off the bases. The result was that Thompson ended up with no base runners and DeKalb ended up with one.

In the eighth inning DeKalb batted opposite of three hits in two runs. The two runs that DeKalb scored were due to errors and the third run was scored by John Johnson, who made a great catch in the outfield. The two runs were scored by the DeKalb team. The DeKalb team scored runs in the fifth, sixth, and seventh innings.

FRATERNITIES INITIAL ROUND OF BASEBALL GAMES

Omega Alpha Nu, Phi Kappa Alpha win Tuesday Games

VICTORIES DECISIVE

The Phi Kappa Sigma and Sigma Nu fraternities, the two strongholds of inter-fraternity baseball season at Armour, hit the pay dirt in their respective games played Tuesday night at Armour Field. The two games were quite the showpiece of the day, with Sigma Nu winning by a score of 6-0 and Phi Kappa Sigma winning by a score of 8-2.

The Sigma Nu team scored the first four runs of the game in the first inning. They did this by hitting three straight singles, one double, and a home run. In the second inning, they added four more runs to their total. The Phi Kappa Sigma team scored the first four runs of the game in the first inning. They did this by hitting three straight singles, one double, and a home run. In the second inning, they added four more runs to their total.
