ARMS NEWS

Students of the Naval Academy are aware of the armistice that was signed on November 11, 1918, after four years of war. The armistice was signed in the name of the United States by President Wilson and the Allies by Marshal Foch.

The signing of the armistice marked the end of the First World War. It was a turning point in history, ending a conflict that had claimed millions of lives and caused tremendous destruction. The armistice brought about a new era of peace and changed the course of the world. Today, we remember the sacrifices made by those who fought and fought in the war, and the lessons that were learned from it.
