Circus Day, Junior Informal Climax Many Events of Annual Junior Week

FRATERNITIES AND CLASSES HOLD ANNUAL CHEST CONTESTS

The President's Relay team composed of J. O'Neal, B. McCallum, J. I. Mather, E. S. Strode, and A. Chill, Jr., started off the aggie's on Circuit Day and Friday by capturing the intestine. The system was an easy one, as the members with the most skill and speed were the ones to receive the honors. The contest was held in perfect weather with a total of about 4000 persons in attendance. It took second and third place respectively. Gold, silver, and bronze medals were awarded for the winners. The medallions were made by the firm of Blankenship and Son of Long Beach. The events were as follows: one-man and two-man chest, one-hundred yard hurdles, broad jump, and running. The honors in the contest went to the following:

SPECIAL FRATERNITY AND CLASS EVENTS

- Glee Club: A glee club concert was held in the auditorium on Friday evening under the direction of the music professor. The concert was well attended and the music was enjoyed by all.
- Drama Club: A drama production was held in the auditorium on Saturday evening. The play was a comedy and was well received by the audience.
- Chess Club: A chess tournament was held in the library on Sunday afternoon. The tournament was well attended and the players were challenged.

At the meeting of the Interfraternity Council, Monday, May 14, the following officers were elected for the coming year:
- Witherspoon Tower, Inc.: J. S. Jordan, president; J. L. McCracken, secretary.

The election of the officers was a great success and the new officers have the best wishes of the entire fraternity for a most successful year.

FRATERNITY COUNCIL ELECRIFS OF OFFICIALS

At the meeting of the Interfraternity Council, Monday, May 14, the following officers were elected for the coming year:
- Witherspoon Tower, Inc.: J. S. Jordan, president; J. L. McCracken, secretary.
- Delta Chi: R. E. Fall, president; J. L. McCracken, secretary.

The election of the officers was a great success and the new officers have the best wishes of the entire fraternity for a most successful year.

SENIOR RECEPTION TO BE HELD ON JUNE 5

The annual Senior Reception will be held at the Chicago Club on June 5. All seniors and their guests are invited to attend. The reception will be held from 5:00 p.m. to 7:00 p.m.

The Illinois Steel Co. was the host for the reception, and the guests were divided into groups of six to facilitate conversation. The guests were treated to a variety of hors d'oeuvres and a buffet dinner.

The Illinois Steel Co. is one of the largest steel companies in the United States, and their generosity and hospitality were greatly appreciated by all.

Firestone Society Elects Heads Wild

The officers for next year were seated at the back of the meeting of the Firestone Society, May 14. The new officers elected were:
- W. L. Waid, president; W. M. Mote, secretary.

This meeting closed the term of office for E. J. Redford as president. His term of service was marked by a number of important achievements, including the growth of the society and the strengthening of its ties with the university. The new officers have the best wishes of the entire society for a successful year.

Fire Alarm Stores Open House Visitors

All was quiet in the building on the Fourth Floor of Merchandise Hall on Monday, Open House Night, except for the commotion for a hot schedule for 2:00. But when the signal was given, an extraordinary scene unfolded before the eyes of those who gathered in the lobby. A throng of students, boys, and girls, crowded into the lobby from the chimneys of the college and gathered to see the fire. Some of the spectators were admitted into the building and others gathered outside to watch the commotion. The fire alarm was brought up to the fourth floor, and the fire department was notified. The fire engine was brought to the lobby and the firemen proceeded to the fire alarm. Some of the students were turned by the fire alarm, and others continued to enjoy the show.

Mr. Larsen states that this is an annual tradition at the college, and it is turned on by someone probably at a distance from the building.

SUNSHINE, BOTTLES, AND BOWLS

The Sunlight and Business Club held a meeting on Friday evening to discuss the plans for the annual social event. The meeting was well attended and the plans for the event were discussed.

Gymnastics

Several new members were added to the gymnastics team this year. The team is now composed of the best gymnasts in the college, and it is expected to perform well in the upcoming competition.

Ballet Class

A ballet class was held in the auditorium on Saturday afternoon. The class was well attended and the students were well received.

RADIO SHOCK IN CHARLOTTE

About one hundredionaires were attending the annual Senior Banquet, which was held at the Medinah Athletic Club, the world’s largest hotel club. This event is held in the spring for the students and for the athletic fraternity. It is one of the grandest events of the year.

The program was scheduled to begin at 6:00 p.m., and it was expected to be a night of fine dining and entertainment. The banquet is held in the Richmond Ballroom and is known as the “Black and White Ball.”

A.T.A. BANQUET HONORS MEMBERS OF ARMY TEAMs

Invite 125 Athletes to Information Thursday

HUNTY TO PRESIDE

Army’s first Athletic Banquet will be held at the Adams room of the Lake Shore Athletic Club on Thursday, May 23, in recognition of the efforts put forth by the men for army athletics.

President Huntley, chairman of the Board of Athletic Control, will preside over the event. The Army will be represented by the members of the Army Athletic Association, the officers of the Army Athletic Association, and the members of the army. In addition to the members, the guests will consist of army sportsmen and other representatives on the staff of the Army Athletic Association.

The Army will be honored with special recognition for the work done for the army athletics.

The purpose of this dinner to honor every man who has made an effort to be of service to the institutional athletes. As the banquet begins, "A Public Charge," will be members of the squads, managers, coaches, and officials on the staff of the Board of Athletic Control.

Senior Mechanics Inspect Two Plants

The Illinois Steel Co. was the scene of the inspection trip made by the senior mechanics of the College of Engineering on Thursday, May 16. At the time, the mechanics were on a trip to Seattle, and they were attending the Annual Meeting of the American Society of Mechanical Engineers. The College of Engineering has a long-standing tradition of sending its senior mechanics on trips to inspect plants and facilities.

The mechanics were accompanied by a group of students and faculty members, and they had the opportunity to see the plants and facilities firsthand.

Throughout the tour, the mechanics were able to see the latest technology and innovations being used in the plants.

Rifle Club Elects Presidents

The rifle club held its annual meeting on Friday evening. The outgoing president, A. H. B. Braen, was re-elected for another term.

Mr. B. A. B. Braen, president, said that the club had achieved a number of important milestones during the past year.

"The Slipstick"

When the sun set in a beautiful spring day, a group of students gathered to enjoy the outdoor activities.

The Horse That Failed

We shall meet and we shall win,
And our girls shall sing and our horses gallop gallop.

The Wound Turned Several Adjourns

Once upon a time there was a horse, and it was known for its strength and speed. When it fell ill, it was taken to the veterinarian. The vet explained the condition and advised rest and care.

Well I'll be darned, the vet seemed surprised and asked, "What was the problem?"

"I don't know" replied the owner, "it just started acting up in the middle of the night."

The vet then directed his attention to the horse and said, "Well, let's take a closer look."

While checking the horse thoroughly, the vet concluded, "I don't think it's a major issue, just a little strain."

"That's good" said the owner, "I'm relieved."}

Harmony in Looms

Judge: "Tell me your name is Mr. Magneto.
Applicant: "No, your honor.
Judge: "And you want the court to change it to Magneto?
Applicant: "Yes, your honor, in order to correct the fact that my name was mispronounced at the last hearing.
Judge: "I see."
Applicant: "My name is Mr. Magneto."

"Where are you going to race?"
"Oh, we'll see the field as we go.

"Any kind of a car can take the wheel and you will have to choose the kind that you will first choose for your trip.

A Future Armourite

The teacher (girl) was walking with her pastor to a church service. She asked him what a theologian was.

"A theologian," the pastor replied, "is a person who studies the nature of God and his relationship to the world."

Street of Diamonds

If you see three kings, that's a sign: if you see three queens, that's another sign. If you see three aces, that's a sign.

The Call of Spring

The following spring, the college gave a grant to the science department for the purchase of new equipment.

Professor Samuel Fletcher Bibb

Samuel Fletcher Bibb, Assistant Professor of Mathematics, was born near St. Louis, Missouri, on June 8, 1860. He graduated from the College of the City of New York in 1882 and received his Ph.D. from the University of Chicago in 1887. His research interests include number theory and algebraic geometry.

Fraternal Notes

Beta Phi

Beta Chapter is one of the oldest active chapters in the country. It was founded in 1850 and has a long history of academic and social activities.

Sigma Alpha Mu

A dinner dance is being planned for the next weekend. The venue will be the Sigma Alpha Mu fraternity house.

Kappa Delta Tau

Plans are complete for the annual spring formal. The dance will be held in the Sigma Alpha Mu fraternity house.

Class to See Escape

O'Hare, May 25, Professor Hendrickson's class in Modern Drama will present the classic Greek play "Bacchae" as a new setting on this campus. The play, which was initially produced in ancient Rome, will also feature a new cast of characters.

Charter House Clothes

Charter House Clothes are supplied by University hawkers from Coast to Coast. The two-button suit, which is featured, is available in the exact degree of conservative and style preference. It is presented in light-tinted shades of tan and gray that allow the consumer to choose the best of both worlds.

Ultra Violet Ray Used by New Burglar Alarm

An invisible or ultra-violet ray for the protection of valuable for a burglar or thief in transit or in his science's latest contribution to the home protection authorities. A demonstration of this ray was recently conducted by James L. McCoy, a noted engineer of the Westinghouse Electric Company, before a meeting held in New York recently. It was said that it works on the principle of having a ray of ultra-violet light that can be directed to the object being protected, and falling on the burglar's eyes so that he cannot see it.

Ordinary light may be used, but the burglar must turn his face to the sun to see it. The same is true of infrared rays, which are invisible in daylight. The invisible rays pass through the burglar's eyes and cause him to lose his balance, thus giving the owners an opportunity to capture him.

The harmony between Columbia and the electronics industry has not yet been decisively.

FRATERNITIES Stage Novel Pageant

ANECDOTES

Francois M. Belletti, Art, was elected president of the Architectural Athletic Club of the annual meeting of the organization.

Mr. Ralph Adams Cram of Boston, distinguished architect, and eighteen students in the Burnham Library were guests of honor at the annual meeting of the Architectural Athletic Club.

Mr. Cram introduced Mr. Cram, who talked on the "architecture of revolution". He explained that the basic principles of the American revolution were a matter of civil liberties. The ugly things are those that are in the government. This principle is applicable to many things other than architectural revolution, he once. Mr. Cram defined art as expressing the total of man from the inside out.

The expression of beauty was to be the work of the individual rather than the community. It is therefore a matter of art expression.

Mr. Cram's own work was the first one toured by Mr. Cram to his inspection review. His solution was that the work of these people was the first example of a "man in art". This was the form of well-impressed Mr. Cram. After them came a period of discussion in which the form of well-impressed Mr. Cram's was received by all admirers of Mr. Cram. Mr. Cram was present at the meeting.

The meeting was held in the AIA's headquarters in the immediate vicinity of the American Art Institute at 100% Wabash Avenue. A special train was run from the AIA at 7:30, and arrived at the Chicago Athletic Association at 8:00 for the report before 7:30 on the eighth floor of the AIA Building which is located just across the street from the Chicago Athletic Association. The AIA Building was built under the immediate presidency of Mr. Cram.

The program to be given will consist of the following: The meeting will be held. The American Art Institute at a special train will be run from the AIA at 7:30, and arrived at the Chicago Athletic Association at 8:00 for the report before 7:30 on the eighth floor of the AIA Building which is located just across the street from the Chicago Athletic Association. The AIA Building was built under the immediate presidency of Mr. Cram.

STELLAR PITCHING FEATURED IN THIRTEEN INNINGS DEADLOCK AGAINST LAKE FOREST COLLEGE

King Simpson Holds Visitors Hitless for Last Seven Innings of 1-1 Game

ALUMNI WIN ANNUAL BATTLE, 7-5

Last Monday afternoon the Alumni baseball team, composed of a number of players who played for the University of Illinois, entered the annual 7-5 intramural contest. The game was close, and the visitors showed a lot more spirit while playing. The Alumni team, however, managed to hold the lead until the last inning. The game ended in a tie, but it was a close one.

Kostic's five-man lineup was composed of: Jack L. Wuest, the team's captain; Joe D. Kostic, first baseman; Bill Kostic, second baseman; Al Kostic, shortstop; and Jack Kostic, center fielder. The visitors had a strong lineup, but the Alumni managed to hold the lead until the last inning.

The Alumni's pitcher, Joe D. Kostic, was outstanding. He held the visitors to a single hit in seven innings, while striking out seven batters. The visitors' pitcher, Al Kostic, was not as effective, allowing nine hits and striking out two batters.

The game ended in a 7-5 victory for the Alumni. The umpires were: Jim A. A., umpire; Jim B. A., umpire; and Jim C. A., umpire. The score was: Alumni 7, Visitors 5.
