ANNIVERSARY ISSUE

ARMOUR TECH NEWS
PUBLISHERS SECOND ANNUAL ISSUE

Firmly Established With Two Year Record

ANSWERS DEMAND

This is the second anniversary issue of the Armour Tech News, and we hope that you have enjoyed this year as much as we have enjoyed the past one. We have worked hard to improve the paper and make it more interesting for you, our readers. We are grateful for your support and hope to continue to serve you well in the future.

The next issue will be published on April 25th, 1939, and will feature the latest news and developments in the field of engineering and technology.

Western Electric Donates Machine

A donation in the form of a Bevan and Bevan Milling Machine was received by the machine shop last week, March 1st, from the Western Electric Company.

This donation is of great importance to the Armour Tech News, and we are very grateful for the support of the Western Electric Company.

E. D. Lord, Speaker at W. E. Meeting

The Armour Tech News is pleased to announce that E. D. Lord, a long-time supporter of the paper, will be speaking at the W. E. Meeting this week.

The meeting will be held on April 25th, 1939, at 7:00 p.m.

Alumni News

An announcement of marriage of William E. Thomas, head of the Thomas Mortgage Bank at Oak Park, was reported at the meeting. The marriage was held on April 15, at the Hotel Sherman, in the presence of many of his friends and relatives.

OGDEN PLANS TO RESUME CITY REGULATIONS

By Dr. Ogden C. junior, Chicago, Ill., the city planning regulations for the resumption of the city of Ogden, Utah, are being carried out. The city planning board has been in session for several months, and the regulations are now ready to be published.

Juniior Chemistry Lab Lined Up Oil Process

A new process for the production of oil has been developed by a junior chemist at the University of Illinois. The process involves the use of a new solvent which is capable of dissolving oil at low temperatures. The process is expected to be of great value in the production of oil.

Mr. Whitney, a graduate engineer, has been appointed to a post in the newly established environmental laboratory in the United States. He will be in charge of the laboratory and will supervise the work of the junior chemists.

At the last informal meeting of the club, Mr. W. Davies was elected chairman of the meeting. The meeting was held in Mr. Davies' office at 10 a.m.

The freshman engineers' team from the University of Illinois have won the state championship in the recent football game.

Architecture is the art which is directly related to the satisfaction of man's needs. It is the art of planning the spaces in which man lives. The architect is the person who designs and builds these spaces.

We hope that the readers of this magazine will enjoy the articles and will appreciate the effort that has been made to provide them with interesting and thought-provoking material.
TECH NINE WINS DECISIVE VICTORY OVER MORTON IN FIRST DIAMOND ENCOUNTER

Armour Tech and Morton Junior High's first baseball game, the first of Armour's season, ended in a 9-2 victory for Tech yesterday afternoon. When the final of the ball came away, Tech was on the long end of the count by 1-0. Perhaps the most outstanding part of the game was the condition of the two teams. King Simpson, Armour's Coach, and Chief Coach, Morton's own, showed good control when moving during the opposition.

As this was the initial game of the season, it seems to be a natural that at least those schools including old, are sensibly leading on us. We have the support of over 400 more years of playing, having never been defeated by any team in the past. This year, however, we played a team that was fresh and enthusiastic.

The game was played on the high school field of Tech and was an exciting affair. The score was 9-2 for Tech. The offense was led by the outstanding performance of the Tech batsmen. The defense was strong and led by the outstanding performance of the Tech pitchers. The game was indeed a pleasant one for fans of both teams.

Simpson and Stehno, Armour Hurlers, Show Great Form in Opener

Boxers, Basketeers to Receive Awards

The Armour Tech Athletic Association, at a recent meeting, made the following decisions which members of the baseball and basketball teams should receive:

The men who are to receive marks from players chosen by W. W. Simpson, captain; H. C. Hulin, coach; A. E. Smith, secretary; and E. E. Botsford, chief, are:

1. Missouri 31 6 5 2 1 2
2. Columbia 28 5 7 2 1 2
3. Tech 26 5 2 2 1 2
4. Illinois 24 5 4 2 1 2
5. Kentucky 22 6 7 2 1 2
6. Ohio 21 6 6 2 1 2
7. Indiana 20 6 6 2 1 2
8. Iowa 19 6 6 2 1 2
9. Penn. 19 6 6 2 1 2
10. Michigan 18 6 6 2 1 2
11. Purdue 17 6 6 2 1 2

Tennis Courts Are Now Open for Play

The four Armour tennis courts are now ready for use. The artificial lights, installed on the courts, will enable matches to be played on after dark. The courts are in excellent condition and should provide a fine setting for tennis.

Track Team Joins Successful Season

The Armour Tech track team has experienced a most successful season this year. Not only has the team gone through the season undefeated, but the individuals have set new school records in several events. This year's season will be remembered as an era of great excitement and success for the team.

Tennis Teams Take on Shrewsbury

The tennis team will take on Shrewsbury today. The match will be held on Tech's courts, and the outcome is uncertain. Both teams are well-matched, and it will be a close contest.

Track Meets Scheduled for April 21

April 21: Opening Day for Track

The university will hold an opening day meet for track on April 21. The meet will feature several of the top teams in the region, and will provide a great opportunity for the athletes to showcase their talents.

INDOOR TRACK MEET

A blustery 30 in the shade. A short, brisk breeze was blowing as the sun rose. Several inches of snow had fallen the day before, and the ground was covered with a layer of white. The air was cold and the sun was beginning to warm it up.

Track was held in the gymnasium, with the scorekeeper positioned at the back of the track. The weather was not ideal, but the athletes were determined to put on a good show.

Coach Kriewaldt, chief of the Tech track team, led the selection of the meet. He picked for his team the best runners and distance men, and the results were impressive. The Tech team dominated the meet, finishing first in every event.

The meet was a success, and the athletes were pleased with their performance. The next meet is scheduled for April 28, and the team is looking forward to another great day of racing.

TECH TRACKSTARS

The final outdoor schedule of the Tech Track team has been released. The team will be participating in several meets this season, and will have the opportunity to showcase their talents.

The first meet will be held on Saturday, and will feature several of the top teams in the region. The meet will be held in the Tech track fields, and is open to the public.

Track and Field Make a Great Comeback

The Tech track and field team has made a great comeback this season. After a difficult year, the team has shown remarkable improvement, and is now competitive with the top teams in the region.

The team will be participating in several meets this season, and will have the opportunity to showcase their talents. The first meet will be held on Saturday, and is open to the public.

Sunlight Effects on the Field

Meditation may have noticed that the grass track of the stadium is often used. This is not just a matter of convenience, but represents a deliberate effort to bring the effect of sunlight on the track. The grass track has been designed to enhance the natural profile of the sun's rays and to reduce the glare. This has been found to be particularly beneficial for the athletes, as it provides a more even and consistent supply of light to the track.

Other interesting observations on the effects of sunlight in the glass of sunshades are also included in the second season's curriculum at Bexta.

GOLF TO END SEASON

At a meeting held last Wednesday, Interfraternity Manager Whitehead, together with representatives of the various fraternities, worked out a schedule for the spring sports. The season will close with golf tournaments, with the cloister championship to be played on April 21. The golf tournaments will be conducted during the fraternity intercollegiate season. A lot of the games will end when the ball tournaments begin. The golf tournaments will be played in the cloister championship. Tennis tournaments will be held between the 16th and May 1st.
