Vote Wednesday, Thursday

TN Gets All-American Rating Under Mueller

“All American,” the highest possible rating, was awarded last semester's Technology News by the Associated Collegiate Press, recognizing the weekly newspaper's quality. The honor, unprecendented in Illinois Tech student newspaper history, was based on a comprehensive review of the newspaper's content, design, and overall quality. The rating is a reflection of the newspaper's dedication to providing high-quality journalism and media coverage to the campus community.

Dancert Attracts 300 People, Stars Band and Vocal Groups

The annual Dancert event, a beloved tradition at Illinois Tech, drew a record-breaking crowd of 300 attendees last Saturday. The event featured a combined musical recital by the Michelle Reese Student Nurses' Chorus, the Illinois Tech Choral Union, and the Dancert Dance Band, providing a unique and exciting musical experience for the audience. The event was hosted in the SIU Auditorium, with attendees enjoying a night filled with music, laughter, and camaraderie.

Parents' Day Events Show Tech's Campus to Visitors

Tech's annual Parents' Day event took place last Saturday. The event provided an opportunity for parents and family members to experience the campus and discuss academic and student life. The event featured guided tours, a campus open house, and a special performance by the Dancert Dance Band. The event was well-attended, with a total of 300 people in attendance.

Dean Announces Scholarship Aid Forms Deadline

The Office of the Dean of Students has announced that the deadline for scholarship applications for the 1985-86 academic year is May 15. Applications are due by May 15. The scholarship committee recommends that students apply early to maximize their chances of receiving financial assistance. Applicants are encouraged to submit their applications as soon as possible.

Home Economics Department Ends Curriculum Soon

The Home Economics Department is phasing out its curriculum soon. This decision was made in consultation with the department's faculty and was based on a comprehensive review of the department's offerings and the changing needs of the student body. The department will continue to offer courses in the Home Economics field until the program is phased out.

Willie Techawk

Willie Techawk, a popular figure on campus, will be attending Tech's annual Parents' Day event. Techawk is known for his exceptional athletic abilities and is expected to make a special appearance during the event. The event is open to the public, and attendance is encouraged.

Fill 7 ITSA Posts

Campaigning begins today for ITSA and class offices, with May 13 and 14 designated as Election Days. Running for ITSA president is Bill Hardy, unopposed; for ITSA secretary, Shirlene Stark; and for ITSA treasurer, Roger Peterson, Wayne Stewart, and Lee Legate. Competing for senior class offices are: president, Charles Solbrig, Don DeLoren, and Jim Combes; for vice-president, Tim Paper; for treasurer, Bob Zollet; for secretary, Arnie Youngblut; and for junior class offices are: president, Helen Schuber; vice-president, John Olm; and secretary, Ronnie Lipp. Competing for freshman class offices are: president, Randy Worthington; vice-president, Robert Marion; and treasurer, Allen Fox.

Fraternities Perform Skits

In Student Union Tonight

The annual Fraternity Row will display its acting ability when Illinois Tech's fraternities compete in the annual Interfraternity Pageant tonight at 8 p.m. in the SIU Auditorium. The IF Pageant is a series of skits put on by the fraternities on campus as a social event. The Pageant is open to the public, and admission is free.

Schedule Senior Yearbook Photos For Next Week

Senior portraits for the 1985-86 yearbook will be taken on May 11-15 in the SIU Auditorium. Students who are in their senior or seventh semester should make an appointment to have their portraits taken before the end of the semester. The cost of the sitting is $1, payable when photographed.

Listeners seek more manuscripts for spring issue

Listeners magazine is eagerly seeking copy for this semester's issue which will be published soon. According to the editors, several manuscripts have been approved for publication, but they are much shorter than those usually printed in the magazine. The editors are seeking more contributions. Listeners publishes short stories, essays, and poems.

3.0 GPA Preferred

Forms may be obtained from the Office of the Dean of Students. The scholarship committee recommends that students apply early and provide all necessary documentation. The deadline for applications is May 15.
Letters to the Editor

Lackaff Explains Philosophy Of Proposed Honor System

Dear Bob,

If and when an Honor System and Code is adopted at Tech, it will only be done with student approval. In this sense, an Honor System would not and should not be compulsory. However, once an Honor System and a code of honest dealing is adopted and approved by a majority of the students, all students are compelled to abide by it.

This follows from the principles of democracy and majority rule, and to this extent an honor system would be compulsory. To quote Reverend Faulkner in the article he wrote for last week's Tech News, "Every violator of the Code" undermines the rights of each student to receive honest dealing. Each student, therefore, must accept responsibility for his 'right' or accept the chains (derogation of his rights) offered him by every violator." A code of the student body should obviously be administered primarily by the students. It is their responsibility to report violators and try them.

Sincerely,
Edward Lackaff

First Principles V

Quizzes Require Careful Planning

It is the custom and policy at this Institute for instructors to administer several hourly quizzes throughout the semester. It is our purpose here to determine the way in which, after taking such a quiz, a student feels that he has been treated fairly.

The general purpose of any quiz seems to be to provide the instructor with some relevant data in order to grade the student at a later date. If this grade is to be a fair approximation of the student's knowledge, he must be given a chance to show what he knows.

This means that quizzes must always be written to be as comprehensive as possible. Comprehensive in this sense means that the material asked for on the quiz should be a balanced sample of the material heavily emphasized in the lecture.

In this way, a student will be questioned on points which both he and the instructor know to be important to the course as a whole. In writing quizzes, then, instructors should not attempt to elicit little known specifics but rather they should attempt to tailor the questions to bring out what they honestly consider basic.

Tech News Offers Views On Major Election Issues

On the pages which follow, the reader will find the slogans, statements, and/or sentiments of most of the candidates whose political future at Tech rests, at least temporarily, on the outcome of next week's election. Buried amidst the numerous promises and predictions and conveniently tabulated on page 3, the reader will also discover each candidate's attitudes on the various issues which have arisen over the past semester.

Technology News' stand on these matters of controversy has, for the most part, been covered thoroughly in past issues of the paper. We will not, therefore, proceed with involved debate concerning our position, but will only summarize previously presented positions.

We are opposed to the plan to provide ITT students with a compulsory activities book. If the energy used in promoting such a book, both now and in the future, were directed toward publicizing and working on school activities, the increased attendance desired for these events would be realized. Besides, there have been strong indications (the Oscar Brand concert, for example) that students will display an active interest in school-supported events if they are wisely chosen, planned, and publicized.

The idea of a test for candidates to ITSA offices was first presented in the editorial pages of Tech News and certainly carries our approval. The test will become a thing of reality in next semester's election, having been granted ITSA's approval.

Tech News does not favor the incorporation of a compulsory honor system at Tech nor do we support the provision for a student trial of violators. We do, however, feel that this matter merits greater consideration and discussion than has so far been afforded it.

Each vote is regarded as a consideration of the issues carefully and choose his candidate accordingly. Only in this way can a majority opinion prevail.

as I see IT

It's a Long Way to Tipperary — And All-American Ratings

by Bob Zeidler

Technology News editors may have a democratic viewpoint in the belief that no journalist should have the seal of approval of the Associated Collegiate Press. The latter's "All American" honor of interest accrued on the investment of almost 4000 man-hours of work by last semester's editor, Jean Mueller, in her four years at ITT.

In accumulating 5980 points out of a possible 7700 plus bonus, the newspaper was rated "excellent" or superior on almost all facets. Editors were rated only "very good" due to lack of national scope issues. Sports coverage and photography were also "very good", the former due to the over-emphasis on past events and the latter for occasional lack of "sharpness".

Dale McDaniel's sports page layout received a "well done" and "a good boom" superior" rating. The editor-in-chief's page rated "among best seen" by the judge.

The evolution of an All-American

Dale McDaniel's sport page layout received a "well done" and "a good boom" superior" rating. The editor-in-chief's page rated "among best seen" by the judge.

The evolution of an All-American...
Tech News Polls Politicians

(The following are the questions comprising the Technology News survey of the views candidates in the forthcoming election held on the basic issues confronting ITSA.)

1. Are you in favor of a compulsory honor system?
2. Are you in favor of a compulsory honor system?
3. Are you in favor of in-person punishment for student trial of violence?
4. Are you in favor of a voluntary activity book?
5. Are you in favor of a compulsory activity book?
6. Do you approve of the test for candidates for ITSA Office?

Greek Week Concludes With IF Ball Tomorrow

As a finale to the Greek Week activities at Tech, the Interfraternity Ball will be held at 9 p.m. on Saturday, May 9. For this annual event, which will be held in the M & M Club of the Merchandise Mart, the IF Council has engaged Lou Brownie and his orchestra.

The highlight of the evening will be the selection of a queen. The fraternity men will be represented by the following candidates and their escorts: Iris Mechev with Norm Berger of Alpha Epsilon Pi; Alice Zavatski with Conrad Roman of Alpha Sigma Phi; Roberta Stalin with Martin Nelson of Delta Lambda Xi; Sonja Doh with Dave Gibb of Delta Tau Delta; Roslyn Driemethis with Dave Motts of Phi Kappa Sigma; Helen Stendahl with Ron Wein and Philip Zavatski with Phi Kappa Phi; Diane Carlson with Dick Huntington of Sigma Phi Epsilon; Sheila Newman with Steve Klem of Tau Epsilon Pi; Judy Hays with Don Wanstle of Theta Xi; and Patti Buscher with Bob Thompson of Triangle.

Administer Shots In Union Tuesday

Polio shots will be given on Tuesday, May 19, from 1 to 3 p.m. in the Student Union Auditorium. The shots were previously scheduled for May 12.

Elect Jim Combes

For Senior Class President

Do You Think for Yourself? (This Quiz is the Tip Off!)?

1. Do you think that men who look you straight in the eye when they talk are (A) to be trusted? (B) misrepresented? (C) watching your reaction?

2. Of three men who have asked her for a date, should a girl pick (A) the one with a big ear and money? (B) the one she really likes? (C) the one who helped her study for an exam?

3. Men's answers vary when a mountain "becomes his" (A) in F3J? (B) indicative of an inferiority complex? (C) a symbol of man's drive to conquer nature?

4. If you were offered a million dollars to be the first man to fly to the moon, would you (A) look at the chance? (B) take the money and hire someone else to go? (C) find out why the job paid so much?

5. When you think for yourself — you depend on judgment, not chance, in your choice of cigarettes. That is why those who think for themselves usually smoke VICEROY! They know that only VICEROY has a thinking man's filter — a smoking man's taste.

CLASS OF '62 ELECTIONS ARE COMING!

44 Candidates Vie for Votes

ITSA President
Bill Hardt.
Chairperson 2.34
Pat Kippa Signs
Vice-president, IPC social chairman, ITSA publications board; business manager, WHY; BON Midasman Club; fraternity advisor. When a member of the ITSA board of control fails to shoulder his responsibilities and do the job that is expected of him, the president must take charge of the situation. This year the board suffered a lack of this kind of leadership.
The board's shortcomings this year have been in the field of improper control of finances and poor handling of opportunities. Failure to provide a suggestion box for students to communicate with the board, and failure to present a final report at the expiration of their term of office.
If I am elected to the office of president, I will do my utmost to rectify these failures and continue good work they have done.

ITSA Treasurer
Wayne Stewart
KE 6 2.39
Alpha Sigma Phi — Paddle chairman, and student co-chairman for "Tama Tawk" assistant public chairman of BUR, vice-president and historian of APO senior counselor; Integral board member; NROTC drill team.
My platform may be summed up in one word — "Leadership." This is one of the things that have been lacking in the present treasurer. He has been lax in his duties and has allowed the financial organization of ITSA to fall into disarray. I plan to correct this by reorganizing the financial committee from an unwieldy eleven-man group to an effective four-man committee. Once this committee has been established, the members can carry out their assigned duties, which include checking the books of all organizations dependent on ITSA for funds.
I am confident that I can bring

Chancellor Sollberg

Phi Taus Sigma pledge past president, APRTOY local council and co-editor of the Western, swimming team intramural sports.

It has been my opinion that the past, the present, and the future have not been represented by ITSA members.

The question of black programming was also a major problem, and would have been instilled had it not been for the petition circulated by James Fairpaper. For instance, I promise to represent the views of my classmates on such issues as the voluntary honor system and voluntary activity system.

At this time, I am in favor, and shall endeavor to institute the periodic distribution of suggestions, opinions, and information sheets, using Technology News where possible. The few dollars spent during these sheets would be well worth the effort and the aesthetic attitude.

My only promise is to keep the promise, classes informed and represented as you want to be represented.

Vice-President, 1960

Jim Papek

Sigma Phi Epilson

President, Sigma Phi Epilson, Sophomore class, President, responsibility of the class (1960); Middelbury Classic, the football team.

Treasurer, 1960

Bob Zoller

Phi Kappa Sigma

Technology News editor, chief, associate editor, sports editor, Social Activities editor, president, ITSA, president.

Secretary, 1960

Anne Youngs

Phi Kappa Sigma

June Soc. Chmn.

Class of 1960

Ron Smith

Theta Xi

House manager, secretaries, social chairman of Friday night, Intramural rifle team, BON, Social committee, Military Ball.

Jnr. Soc. Chmn.

Class of 1960

Paul Ling

Tri Delta

Soc. chairman, freshman class, freshman class, freshman class, intramural rifle team, BON, Senior counselor, dance band, associate editor, directory.

President, 1961

MIP Schuster

Theta Xi

PTF sports manager, catcher, freshman class, intramural rifle team, Phi Delta, ASC, WITC, editor in fraternity.

The class of June, 1961, observes active representation on the part of its classes, particularly in its president. If this work is not continued in the future, the class would take steps to see that the number of members of our class would be informed as to what legislation was pending before the ITSA board of control.

I would make it my business to vote the class of '61 wishes to be represented in the voting. Ask yourself these questions: What and where are ITSA meetings held? Who can attend? How can I suggest legislation? How can I improve the legislative work? Do you know the answers to these questions? If I am elected, you will know, you will be active. Be a Schuster-Booster! Elect Milton Schuster Junior Class President.

John Olino

Delta Tau Delta

Sophomore class, captain, basketball team, core team team, golf team, Phi Delta Sigma, Honor Frat, fraternity rush chairmen, Asme.

The functions of class president are twofold: 1) be more effective in the class ITSA board of control, and 2) be most responsible student organization.

Serving for a year on the ITSA board of control as sophomore class president has been not only a rewarding experience, but an interesting one. This year I learned how to best represent the Class of 1961. I feel now, as before, that close contact between president and class is very important.

The ideas and opinions of each individual should determine how the president votes.

Jack Chapman

Physics 4

Alpha Sigma Phi

Vice-president, freshman class, Senior counselor, NAYEO, rifle team captain, Mechanical Club, freshman class, mechanical engineers, mechanical engineer, mechanical engineer, mechanical engineer, mechanical engineer, mechanical engineer, mechanical engineer. This is the position of class president is a two-fold job. First of all, it is a class office, and as such calls for responsibilities to the class represented.

Secondly, the job carries with it a position on the ITSA board of control. This responsibility must not be taken lightly. Every member of the board must feel responsible not only to the class but to the entire student body.

I will make the best campaign possible to convince, consider, and decide intelligently on any issue that comes before the class or the board of control.

Vice-President, 1961

Jerry Mandol

EE 5

Alpha Epsilon Pi

Sophomore class vice-president, election commission, Phi Delta Sigma. Technology News managing editor, ITSA class chaplain, 1960.

I have served faithfully as vice president of my class for one year. During this time, I have proved worth in the Student Senate campaign, helping me, it is my first time, my classmates, who must re-elect me so that I may continue to do so.

Don Moschell

ME 4

Tri Delta

Associate editor, director, senior counselor, social chairman, intramural rifle team, honor fraternities, BON, rush chairman, BON, rush chairman, BON, rush chairman, BON, rush chairman.

Illinois Tech is in the midst of growth and transformation. To ensure the success of the school, we need improved organization in the classes.

The classes must have an opportunity to meet and talk about what they want to see before they can represent themselves intelligently. By doing this and by organizing social activities, the whole class can participate in this. It will result in a more unified group that will naturally have more interest in the school, which I feel is our main goal.

Having served one term as president of the Freshman class and a member on the board of control, I believe that I have the experience necessary to function effectively in the position of sophomore class president. I wish to make one point in this statement, and that is my position on the honor system. I made the motion on the board and anyone who has discussed it with me knows that I believe an honor system be the best measure that can be passed for the betterment of the Illinois Tech student body. One of my main objectives is to see this system become effective at IT.

Don Buckman
CH 2
Tri Sigma finance committee assistant treasurer of fraternity; director of sports; IF sports.

Many ideas have come up within the last year concerning new activities, such as the initiation of a student-driven social club.

The expansion of Tech 1, I feel we have a chance for a more activity-conscious student body. Let’s keep these ideas going. Through good organization and a little interest, we can attract more students.

Don Couvantoheen
ME 3
Alpha Sigma Phi
Basketball, baseball, public relations committee.

After going through my first year at Tech and participating in athletics, I have seen, as many of you have, that we are in dire need of school spirit. I do not believe that the present program can inspire school spirit. First of all, until Tech has a campus that resembles a college campus, it will have been hard for any such plan to work.

Secondly, the majority of the students are commuters and the novelty of wearing a beanies would soon wear off and become a daily drudgery. Last and most important, students at Tech are as interested in community intelligence than students attending “party schools.”

Beanies are inconsistent with this assumption. If I am elected, I promise to do as much as I can to promote school spirit and enthusiasm with such ridiculous devices such as beanies. I do not intend to back down on my word.

Ron Lipp
Phys 2
Phi Kappa Sigma
ITT, IIT, ITSA Public Relations Committee.

An honor system cannot be forced upon a student; in order to achieve its fullest potential, the system must be willingly accepted by the individual or be forgotten completely. According to this system, I cannot favor student trial of violators, since this affects a strictly compulsory system.

The compulsory activities book represents an unfair imposition upon the economic resources of many students. Those with insufficient funds or little desire for attending social event would be forced to pay regardless. Only a voluntary book would be fair to all.

The test for candidates for ITSA officers, if handled properly, could prove a useful device for determining candidates’ interest in ITSA and knowledge of its role in student life.

U. of C. Romps Past Tech 12-4

Navy A Tops FPE's 11-6, Takes Lead in IM American League

by Don Niemen

Navy A downed the FPE's Tuesday 11-6 to take over undisputed first place in the American League in IM softball action. At the same time, the Aempers beat the Air Force A team 17-3 to throw second place in that league into a three-way tie.

The Aempers' victory was due to Dan McNulty's heavy hitting and Sonny Wiemans' excellent pitching.

In other action the ACHBl team dropped Fair Hall 16-6. In a close battle the Freshman Chem Minors edged Fowller Hall 14-12, as the Fowler fielding faltered in the late innings.

Led by Chad Paves, the CE's won their fourth contest in a row. They are the only undefeated team in either league.

In an extra-inning battle, APO edged Navy B in a low scoring game, 6-4. Led by Kirkham, the APO team showed timely hitting and fine pitching.

Last Thursday the Kingsmen had no trouble defeating Fair Hall 10-3. Other action saw the Met Eng's defeating AIChe 7-2 and Navy A edging the Grads 7-6. Air Force A also topped the Freshman Chem Minors in a seesaw battle 15-12.

Tennis Squad Wins 1st Meet, Tops No. Park

Tech's tennis team won their first meet of the season last Friday when they romped over North Park 9-0 on the Tech courts.

Lou Andris, Tech's number one player was never in danger as he won his match in straight sets 6-0, 6-6. From this point on, it was ITT's all the way. Norm Sider, the number two man, topped his opponent 6-4 and 6-1.

Zany Zinger took the Tech string running by conquering his opponent 6-4. The players playing in the four, five, and six positions were forced to carry their matches to three sets but they still emerged victorious. Tim Ramsey won 9-7, 2-6, and 7-5. Pete McManus won 6-8, 6-0 and 6-3. Fred Francis Bernard Meyer made the day complete in the singles department by winning 8-6, 7-5, and 7-5.

Tech won all of the doubles matches in two sets. Norm Sider and Zany Zinger scored a point in the number one doubles to win 6-4 and 7-5. Zinger and Zany Sider won their match 6-1 and 6-2. In the final match of the day, McManus and Fred Francis Bernard Meyer topped their opponents 6-0 and 6-1.

Tote Board

Spring's Sprung is Sprang

Well, it looks as if spring (actually it seems more like summer) has finally rolled into Chicago. You can tell that spring is here by the way the usually sheet-white students suddenly turn into a brilliant fire engine red. Speaking of spring, isn't that the time of year when:

The Federal street wind tunnel swings into full operation?

Another victim is captured and sworn to death by the brilliant Tech News staff for a semester. During which time his garage point drops a phenomenal three points.

You Missed the Test because...

The more conscientious students are found spending their afternoons at the beach, thus avoiding the danger of getting into the list of attending classes.

Chicken Charlie begins his summer-long "no dinner, no show" operations.

The semester's end rolls around once again, bringing with it the anxiously awaited finals.

Tech students make their annual appeal to the administration to extend the left hand of the baseball diamond so that it will be ready for next spring (at which time the students will again make the same appeal).

President Retallick announces that he is again raising the semestary tuition another twenty-five dollars or so.

Campaigns begin for positions on the glorious ITSBA board of control.

Defies Squad's Victory Hopes

by Norm Berger

Lock of timely hitting was the Tech football team's downfall Tuesday as they lost to the U. of C. by a score of 12-4. At Williams chaffed up his second victory over Tech.

Tech used three pitchers as compared to Chicago's one. But except for runs scored, the statistics were approximately the same for both teams. The difference was that Williams was able to strike out men when it counted the most. Four times he struck out the third out with men on bases.

As he did in the last ITT-Chicago game, the Maroon's first sacker, George Moore, jammed them with the winning punch. He slugged a homer and drove in four runs.

Tech's offensive punch centered around Casey Hilburn, Herb Wall, and newcomer Clark Krusinski. Wall supplied the long ball with a leadoff triple in the eighth.

So far this year Hilburn is leading the team in hitting with a .524 average. Wall is second with an even .400 average.

Tech's next foe, they'll meet at Concordia on Saturday, May 9. Tech 0101001 14 8 2 Chicago 102 204 210 12 10 2

Alpha Sigs and Pi Kaps Win, Still Undefeated

Pi Kappa Phi won two games in IF softball competition Sunday to remain the only unbeaten team in League II. At the same time in League I, the Alpha Sigs rolled to an easy victory to remain unbeaten.

The Pi Kaps edged Triangle in the first game by the score of 2-0. In the second contest they outslugged the Phi Kaps to win 18-7.

Delta Who Two

In other League II competition, Delta Tau Delta also chalked up two victories. The Deltas won over the D's by forfeit and then went on to squash past Delta Lambda Xi 19-18 in the last inning. Phi Kappa Sigma edged Lambda Xi 18-14 and Triangle beat the D's by forfeit.

Theta Xi Splits

Alpha Sigma Phi's hitting proved too much for Theta Xi as they chalked up an easy 30-7 win. Theta Xi avenged the loss by beating Alpha Epsilon Pi 12-6.

Alpha Epsilon Pi gained a solid lead for the day by tripping Sigma Phi Epsilon 14-11. "Big Egi" gets their revenge by beating Tau Epsilon Phi 7-4.

IF Track Meet Begins May 19

Competition for the interfraternity track crown will begin at 4 p.m. Tuesday, May 19, on the track surrounding Queen Bagg according to IF sports Manager, Milt Schostet. The events that are not scheduled for the Tuesday running will be completed on Thursday.

Schatter announced that the meet will consist of eight events: 100 yard dash, 220 yard dash, 440 yard run, 880 yard run, four lap relay, shot put, broad jump, high jump. The day on which the events will be run will be announced later.

Defending champions of the event is Delta Tau Delta, who turned last year's meet into a near rout.
