Doctor H. M. Raymond

President Raymond was present at the impressive ceremony on May 18, when a new flag was consecrated, which was inaugurated at the beginning of the year.

Crawford from the University of Chicago is the official of the flag, which has been presented to the school by the Armour Tow Athletic Association.

Dean Penn Speaks to Calumet High School Students

Dean Penn spoke to the students of Calumet High School on the opening of the school year. The principal of the school, Mr. John Penn, addressed the students on the subject of "The Importance of Good Citizenship." He urged the students to strive for excellence in their studies, to be good citizens, and to contribute to their community. He also spoke about the importance of good health and the benefits of physical education. The students were enthusiastic and attentive, and many had questions to ask. Dean Penn's speech was well received, and the students were inspired to work hard and achieve their goals.

Mr. Ormsby Explains Automatic Sprinkler

ARCH NEWS
Where's the Honeymoon finishing in the week of the F. E. S. School

Open House Night To Be Held Monday

Dear Mr.

I thought that the statement in the previous issue about the number of freshmen at the school was a little misleading.

Over the years, we have had a steady increase in the number of freshmen at our school, and it has been a source of great pride for the administration.

Mr. Ormsby explained the automatic sprinkler system.

The system is designed to protect the campus from fires, and it has been installed in all dormitory buildings.

The installation was completed in time for the start of the academic year, and we are very pleased with the results.

The system consists of a network of pipes and sprinklers, which are connected to a central control panel.

The panel monitors the temperature and pressure in each section of the building, and it activates the sprinklers automatically when a fire is detected.

We are very pleased with the efficiency and effectiveness of the system, and it has helped to ensure the safety of our students.

Thank you for your interest in the automatic sprinkler system.

Mr. Ormsby

F. P. E. S. Smoker Will Be At Phi Kap House

The Phi Kap House will be hosting the F. P. E. S. smoker this week.

The event will take place on Thursday night, and it will be a great opportunity for the students to socialize and have a good time.

The Phi Kap House is located on the corner of Main Street and Oak Avenue, and it is open to all students.

We hope to see you there.

The Phi Kap House Committee

ROY V. WRIGHT
Addresses Men
On Opportunity

"The Engineer's Opportunity" was the title of an address given to Armour students by Roy V. Wright, chief engineer of the Armour and Western Railroad and its sister company, the Missouri, Kansas and Texas Railroad. He was born May 22, 1888, in Franklin County, Indiana, and has been associated with the railroad industry for 46 years. Mr. Wright was a graduate of the University of Illinois and has been the recipient of many awards for his contributions to the field of engineering.

Mr. Wright mentioned several factors that contribute to success in engineering.

1. Technical skills: It is essential to have a strong foundation in the principles of engineering. This includes knowledge of mathematics, physics, and mechanics.

2. Communication skills: Engineers must be able to effectively communicate their ideas and solutions to others. This includes writing technical reports and presenting findings at conferences.

3. Leadership skills: Engineering leaders must be able to inspire and motivate their teams to achieve common goals.

4. Continuous learning: Engineering is a field that is constantly evolving. It is important for engineers to stay current with the latest developments in their field.

Mr. Wright concluded his address by encouraging students to take advantage of the opportunities available to them and to work diligently to achieve their goals.
TECH PLAYS ELEVEN INNING GAME TO DEFEAT WHEATON COLLEGE BY SCORE OF 5-4

Looser to Play Return Game Here Tomorrow; Kraus Flies to Michigan State Next Friday

ARMOUR HOLD HITLESS UNTIL FIFTH INNING

In another overtime game, Armour defended Wheaton and footballed for eleven innings in order to win the game by a score of 5-4 on May 5 after putting the ball in play for the first time when Wheaton got the ball off the bat of a fielder. In the first inning, Wheaton reached first with a single but was immediately called out. They did not score in the inning. In the fifth inning, Wheaton reached first with a single but again was called out. They did not score in the inning. In the fifth inning, Wheaton reached first with a single but was immediately called out. They did not score in the inning. In the fifth inning, Wheaton reached first with a single but was immediately called out. They did not score in the inning. In the fifth inning, Wheaton reached first with a single but was immediately called out. They did not score in the inning. In the fifth inning, Wheaton reached first with a single but was immediately called out. They did not score in the inning.

In the final inning, Wheaton hit two singles on a single play in Peplow's single.

Golf Tournament

On the morning of May 15, the Armour Golf Tournament was held at the Armour Golf Club. The tournament consisted of two rounds, with the best score from the first round determining the winner. The tournament attracted a large number of participants, and the Armour Golf Club provided a challenging course that was enjoyed by all. The event was well-organized, with clear and concise rules ensuring a fair competition. The Armour Golf Club's brightly colored flags marked the course, providing a picturesque backdrop for the golfers. The warm weather and clear skies added to the overall enjoyment of the event. The tournament ended with a ceremony to award the winners, who were congratulated for their outstanding performances. Overall, the event was a great success, showcasing the skills and determination of the golfers who participated.
