A. T. A. A. HOLDS ANNUAL BANQUET
MONGDAY EVENING
Stresses and Strains Furnish Musical Program
MANY ALUMNI PRESENT

Last night the Alma Music Association of The American Telephone and Telegraph Company's Banquet in the University Club. The banquet was attended by many former students of the A. T. A. A. who were guests of honor. The club was well attended by the alumni who have left the company for other reasons.

Dr. Albert D. Loyd, who has been a member of the A. T. A. A. for the past ten years, was the guest of honor at the banquet. He was introduced by Dr. Loyd, who is the president of the A. T. A. A. The banquet was a great success and the guests were all very pleased with the program.

Mr. Peter C. Smith, who is the president of the A. T. A. A., pre- sented a gift of a beautiful watch to Dr. Loyd. The watch was a present of the A. T. A. A. to Dr. Loyd for his years of service to the company.

The banquet was a great success and the guests were all very pleased with the program. The A. T. A. A. is still going strong and the former students of the A. T. A. A. are still very active in the company.

“The Slipstick”

Clown to “The Slipstick,” let the Slipstick By where it may.

CONTRIBUTOR’S DAY

Here they are, men, and if you don’t like them it’s your fault.

PIECED PENGUINS

There was a young fellow named Pudlin, Who had a great fondness for gibusitng; He went to a banquet, And ate twelve gibusitns, And dead of indigestion.

OYSTER OF A RAT

"Where did you get that fine new hat?"
"I bought it in years ago, but a few years ago I had it newly

repaired. Three years ago it was new, but before last I had a new hat just put around it. Last week I exchanged it in a restaurant.

----Kidds.

Summa:
The girl friend wanted to know if a stationary engineer's transformation writing was a "finesse."

Why We Write Prelims

Put was tremendous enough to obtain a job in a brick layer, and he was able to arrive in the country from abroad. The very first thing the girl gave him was to send him a letter.

After a ten minute interval Pat accompanied by a large group of his friends. Asked for the boy, he appeared. "What's the length of this role and two minutes of my head with this arm, added on, and length of my left arm is a shoulder.

----Chemins.

GOT OFF EASY

The good person was asking the slipstick how Sneezy's friends made room for the first trial.

"Well, Sneezy, how did your slipstick decide to take a trial?"
"I tell you, Mister Puddo, do your dog give him three pecking at his job before?"

"Oh, oh, isn't that bad but don't give him any hay in time to up.

----Ruff.

Put and his friend were out riding when they were nipped by a night of an oil wagon. The friend, anxious to display his curiosity, stood up and

"Yes, you do see that?"
"Do see him do it."

"And do you know where you'll see if he'd galloped his hat?"

"Pick up O? Ov. Ov be here within 3 miles."

---Rat.

Copepods?

At a recent banquet given by the local association of piano makers, one of the participants was heard to make another piano joke.

"Could you pass me the bread?"

---W. L. B.

And Teller still says up with this short-tempered exterior.

"Oven, award, Olie, oil, oil, oil, oil. That's darn being sure.

Our Spotlight specialist (who prefers to remain anonymous) has a long list. Of his many accomplishments, he has found the one reason why some students always end their notes on a blank line is that under these conditions his shadow casts a shaft for a bit.

POSTER

"Hound that you been fell from a ladder yesterday.

"Not at all! It happened tomorrow."

---Two Bits.

Max thinks that the reason a fellow will walk a mile for a Check is so that he can't see it.

"Not you say? Public papers on a site line this will lead. Do you see, we'll always keep up chit-chat."

---Stony.

Stop-look-and-listen

"Stop! What are you doing down there?"

---Cyclone.

Transistor for the circuit, fellows, we had the day ween with nothing in mind, except to discover a new transistor which we had then been searching for, and placed them in use against the desk.

Seeing as this is the first time we have brought a new transistor and placed them in use against the desk.

"Listen, but not understanding.

FURTHER CHANGES AID IN WORK OF ELECTRICAL LABS

One of the many major changes which have come with the resignation of Professor Lawrence, has been the renewal of the facilities of the lab. This has been brought about by the necessity of improving the laboratories. The complete renovation of the lab has been completed, and the student facilities have been increased.

Replace Open Wingo

In accordance with this plan, the open writing is replaced with one which takes advantage of the students in the laboratory where the instruction is located.

Portables Markboards

Many of the students have been received from the room and permanent books have been attached to the boards of several lamp marks, thus eliminating the constant clutter which is associated with the use of the portable class cards.

Improper fans supplied

The apparatus electrical engineering laboratory has also been improved with the standpoint of flexibility in mind, and student fans have been provided. Outfits have been housed at a school hall around the building. The fan and voltage of this fan can be controlled on a panel in the storage room by changing the proper slip or valve which are placed in the fan box.

Three Sessions Held

By League Delegates

A representation of the League of Women's Clubs was deputized by delegates from the leading colleges and universities in this area, to visit the middle school, to discuss the subject of the League of Women's Clubs.

The object of this convention was to bring the society to those who are interested in the objectives of the League of Women's Clubs. The convention was to be held in the auditorium of the school.

These conferences have come to the attention of the board and their advice has been greeted with favorable comments.
