Centre Stage’s “Lullaby” Begins in HUB Tonight

Techwill have an opportunity to see Don Appleby’s two-act comedy, “Lullaby,” this Friday and Saturday. The play will be presented by Centre Stage in the HUB auditorium and tickets may be obtained at the HUB news stand and in the theatre. The play deals with a romance between a brassy variety actress, played by Mary, and a heroic momma’s boy named Johnny. Let’s not forget, that Harry, played by Ira King, has won three days after meeting each other the couple, despite the damages of Johnny’s mother, performed by Dianne Gibbons.

After a desperate search, she discovers that their relationship is only temporary, but upbreaks their marriage with the help of a cooperative before the crowd can know of their
tem. She then threatens to have a heart attack, commit suicide, and go on an old ladies’ tour.

Klercks have received their share of toughies too, there may be one more season to get some birth with them, both taken on the独角兽 game and the 1963-64 season bowlers will go to St. Joseph’s, the team that beat them in the MEBC tourney.

The next and consecutive intercollegiate tournament will be on Monday. The two games are from noon through 4:00 p.m. in the Division. The third day of each division will be on hand to head compete the 1963-64 season champion.

Display Sommer's Photography

In Czech Art Institute Exhibit

by Michael Bovo

“Altar all things should be lost away and I have borrowed very freely. Let all those who have
restoration rest their sleep be more disturbed than useful.” These
are the words of Frederick Sommer in the beginning of an article devoted entirely to his
photographs.

Sommer is a well known photographer who recently concluded a five week teaching course in
photography at the Art Institute of Chicago until April 7. The exhibit opened

Borrowers From Others

With the above quoted statement Sommer wishes to remind others that, through his work he has
picked up the basic elements of photography by himself, he has borrowed freely from other photographers.
He does not advance these sources thus establishing a link
age and passing on of traditions.

Upon first seeing his photographs at the Art Institute one is struck by the weird looking things—decaying dead dogs, ar-
 rangement of clogging. Following
this first look one should then

Co-ed Reveals Wiles of Women at IIT
by Louis Wills

We men are sometimes very hard on the opposite sex. We may criticize women in a kind way, but we can't find anything better to do, or maybe we do so hoping to mollify the ideal image we have of them.

I decided that this week, in order to get a better look at them, I would visit the women at the IIT campus.

"The majority of co-eds come here, whether they admit it or not, to look for a husband," she said at the beginning of the interview.

She sees this vying for husbands as a kind of war and indicated that the rest of the co-eds probably do too. A co-ed is victorious if she leaves the campus (erudite) engaged or married.

America is a country of status symbols. What is the status symbol of the co-eds at IIT? Well, according to the young lady interviewed, it is the number of boys a girl has around her.

"What does she think of all this? She is just living a normal life," she asked. "This husband hunting is ridiculous."

"According to my interviewee, there are three types of co-eds on the campus. First, there is the social type, who is always surrounded by admirers. Then there is the innocent. She has no hope of getting a husband through her own efforts, but hopes one will come to her. Finally there is the ugly type. Her hopes are all but fulfilled, but she thinks she may get a husband at IIT, where there is a scarcity of women, her chances are not completely nil."

How does the young lady interviewed feel in a class in which she is the only one of her sex?

"I feel like I am on the defensive all the time, that I am the protector of womanhood."

She also said that she thought one reason why more women do not come to IIT is the lack of femininity and romantic atmosphere.

Her final word on women was: "I don't understand women."

UB Film Offerings for Week

Tomorrow Central Cinema will present a double feature of "Once More With Feeling" on Friday and "Dr. June" on Saturday afternoon at 3 p.m. A special attraction will be the showing of "The Tender Part II" which is a continuation of the life and deeds of that great humanitarian, Dr. June."

The showing of this film will consist of a single showing at 8 p.m. on Sunday, and a double feature showing at 8 p.m. on Saturday and Sunday.

AMONG MY KINFOLK

My favorite cousin, Mandalin Globe, a sweet, unspoiled country girl, has just started college. Today I got a letter from her in which she will report here because I know Mandalin's problems are so much like my own. Mandalin writes:

Dear Mandalin (she thinks my name is Mandalin too),

I have never regretted joining the fraternity, because it is a great social club to be a part of. You are in a crowd, but you can see that it is not chaotic. It wouldn't be so if I slept at the frat house, but you must agree that I can't sleep at the frat house if I don't know where the house is.

The frat house is not only quite expensively expensive, but it is not at all the kind of event I was looking for. I wanted something reasonably priced, clean, and comfortable, and within easy walking distance of campus, the student dining halls, and San Francisco and New York. What I found was a bedroom in a house of a local university which is cheap, comfortable, and uncomplicated—and I don't even get to use the bed till I'm, when my handout goes out to my house."

Anyway, I got settled and the next thing I did, naturally, was to look for a girl. And I found her. Harriet, her name is, a beautiful creature standing just under seven feet tall and weighing 180 pounds. I first met her during a basketball game and she told the Fraternity, listening almost to her for hours at night. By the time I mentioned dinner, she was all over me, suddenly feeling lightheaded. When I slipped her a dinner, she turned into a drip French restaurant called Chez Clignote where she consumed, according to my calculations, her own weight in chateaubriand.

After dinner she liquored up into a tone from which I could not move her, no matter how I tried. I begged my glass with a fork, I picked her great pendulum jaws, I raised the logs of my redundancy pound together, but nothing worked, and finally I slung her over my shoulder and carried her to the dance, slipping several times in the process.

Fortunately, medical care for students is provided free at the college infirmary. All I had to pay for was a few extra X-rays, anesthetic, fortune, hemorrhage, scalpels, extract, iron, tonsil, colds, sterility, and smiles. They would not, however, let me keep the bone.

So, her mouth, it is to blame, not lack of enthusiasm, that is keeping me from Brad's cigarettes—and their price, besides, is a little soft pink and they don't slip too far."

I must close now. My pencil is worn out and I can't afford another. Keep 'em flying.

Your Mandalin Globe

The hearts of the makers of Marlboro go out to poor Mandolin—and to poor anyone else who is missing out on our cigarettes—available in all of these United States.
Delts Take IF Championship; Beat PKS in Final Seconds

Hitting a free throw with eight seconds remaining in the game, Bernie Boyle put the winning touch on a hard-fought Delta win over PKS in IF basketball. The 53-50 decision over the PKS gave the Delta the IF Basketball championship.

The Skulls had a chance for a last second shot but their hopes went astray when a count-long pass fell into the arms of a victory hole. The Delta victory. The 35-34 decision over the PKS gave the Delta the IF Basketball championship.

Keith Miller, came back to the 19-17 lead at halftime. The first half saw the Delta with a balanced scoring attack, while Carter Eckert led the Skulls with 10 points.

The second half was closed on the way as each team employed a pressing defense. Both teams were hurt when fouls began to take their toll. Miller of the Delta and Bacon of the Skulls both fouled out with five minutes left in the game. In the second half the teams scored a total of only six field goals.

Eckert scored only one point in the last half, but his total for the night tied the Delta's Bailey for scoring honors. Miller threw in seven for the winning cause, while Wayne Davis, playing with a severe cold, kept the runners-up in the game with six free throws.

Honor I Beer Blast Termed As a Success

Honor I, the athletic honoree, sponsored its first all-athlete beer blast on Thursday, March 31. The blast was a tribute to the school athletes who sacrifice time and energy to support the school. Held at the Club Tilly, the blast was featured by a movie of the 1962 Illinois All-Star vs. Fitcher football game.

According to Honor I President, Dan Bennerich, about 45 of the "jocks" attended the event and those who remembered what they did claimed that they had a good time. Bennerich stated that he hoped the event would be made an annual one.
