Over One Thousand Attend Ninth Annual Parent’s Day

Over one thousand people were in attendance at ITT’s ninth annual Parent’s Day open house last Sunday. This was almost as large as the attendance at open house last year.

“One of the larger successes of the open house was the dormitory and fraternity open house. Many parents showed a strong interest in residence on campus and the student activities surrounding campus life,” Hogan stated.

Anyone who showed interest in either the dormitories or the fraternities was referred to the residence halls to see them. Many of these families stayed for lunch at various places on the quadrangle and dormitories and showed a larger interest than last year in campus life.

Hogan also commented on the Program for Viet Teach-in.

An all-day forum to articulate discussion on Vietnam is being held today from 11 a.m. to midnight in rooms 301-302 of the HUB. The program for the forum is now known.

Dr. Bernard Rosenblath and Octave Levang will begin the program at 11 a.m. by giving the historical background to the situation and a statement of the alternatives will be given by Dr. Maxwell Priska.

Professor Manning Nish of the University of Chicago Department of Anthropology will give a description of the people of Vietnam from 12:30 to 2 p.m.

An eyewitness report on Vietnam will be given by Sidney Lens, former member of the United Service Employees Local 230.

Individual statements by ITT employees can be heard between 3:30 and 5 p.m. From 5 to 6 p.m. Dr. John Proctor of the University of Illinois Department of Physics will report on interstellar activities concerning Vietnam.

Hull House Film Festival

To be at ITT May 12-16

The “Hull House Film Festival” will be held at ITT in Herman Hall from May 12 to 16. Beginning the program will be the reception of Miss Gloria Swanson, honorary chairman of the Festival, at 5 p.m. The film will be a film showing and panel discussion on contemporary films. Panel members include Joel Cronwell, Charles Gugenheim, and Kenji Nakatsuka.

The Cabinet of Dr. Caligari, a classic German silent film (1919) with the original score by Richard Rayall, will be shown one day at 5 p.m. Also, films by Kenneth Anger, a contemporary experimental filmmaker, will be shown.

Censorship will be the topic of films at a panel discussion. On Saturday, Mr. Helmer, Rev. Ronald Holloway, Phillip T. Will be on hand at the HUB.

Madness Reigns on Quad as Greek Week Games Prevail

A dragon race, water fight, song-bout, derby and sprint, tug-of-war, bridge tournaments, and canoe races were among the eleven major competitions engaged in by the nine fraternities during Greek Week, which ended last Friday.

The week consisted of inter-fraternity competitions in events normally not found on varsity schedules.

The relay, a four-lap marathon which began the week, was won by Alpha Sigma Phi, with Phi Kappa Sigma in second. Bridge, which was run as a seven-round, team-of-four tournament, was won by Tau Epsilon Phi. Alpha Sigma Phi was second.

The dragon race, the serious side of the week, saw the nine houses collecting money for charity in assigned areas of the city. The greatest amount of money was collected by Tri Omega.

The tug-of-war competition was won by Sigma Phi Epsilon with Alpha Xi Delta in second.

The bike race was won by Phi Kappa Sigma with Phi Delta Theta in second.

Two soap box derbies had a collection of homemade wood and metal conglomerations with wheels using a clock around the quadrangle. The winner of the soap box derby will be announced on page 6.

Announcements

Applications for scholarships and loans are now available in the Dean of Student’s Office. These applications are due by May 17.

Petitions for ITT class officers are due at 5 p.m. today in the Dean of Student’s Office.

Applications for business manager of the Tech Directory should be submitted to the Dean of Students office by 5 p.m. May 17.

Applications for participation in the Student Board of Trustees are due the same day.

The Chicago high school drafting student assembly will be held Monday at 3 p.m. in the HUB cafeteria. The student assembly will be Dr. Martin Elliott, Dr. Benjamin Will, and Mr. William Meckins.

The freshmen class is having a combination skittles, dance and swimming party at Michael George’s Restaurant tonight at 7 p.m.

Any organization desiring an event at a weekend concert must notify the student affairs office so that proper arrangements can be made for the event.

Any questions regarding registration at the APF-NAS 120 on the HUB lower level. Middle keys may be obtained but require a $1 deposit.
BON Gets Recognition: The Mighty Have Fallen

A few semesters ago, an editor (I don’t remember his name) who ran the student newspaper mentioned the sentiments expressed in his final editorial. He commented that since he was a student, society had made his life a jumble of problems. Thus, he summarized this year’s activities in the following terms:

BON, for those of you who aren’t familiar with it, is an Interfraternity Society, whose purpose is to promote and encourage interfraternity and "baccalaureate" activities on campus.

Our campus was controlled by the fraternal political machine, and BON contributed to this political machine. At each election, BON placed its list of candidates in the Technological News and the fraternity. As a result, at least one fraternal candidate invariably had the largest voting block, and BON did well.

One of the kings was in BON when the voting started. After the voting was over, there was a lot of hot air from the BON members. As usual, the outcome was that BON was voted out and everyone went back to their regular activities.

And yet, in all this, there is a vigilance to be maintained. BON makes a serious attempt at recognition, the effort of an organization trying to remain alive.

In their days of strength, recognition was unnecessary.

Well, BON has finally done it. ITSAA has acted. Yes, BON you exist. You are an official part of the IIT student community, an official part of our student association. You can drink and sing in full light of your campus life, instead of in the shadows.

Congratulations, BON.

Union Board Presents Report: Future Activities Outlined

PART I: A SUMMARY

Recently the Executive Committee on Cultural Activities of the Union Board presented a report to the student body. This report includes the present position of the student body with regard to cultural activities and provides an outline of future activities.

The report begins by outlining the position of the Union Board with regard to cultural activities on campus. Currently, the Union Board is the only body responsible for the presentation of cultural events on campus. However, the report indicates that the Union Board is in the process of developing a new, more comprehensive approach to cultural activities.

The report also outlines the future activities of the Union Board. The Union Board plans to expand its cultural activities to include a wider range of events, such as musical performances, lectures, and films. The report concludes by emphasizing the importance of cultural activities in the development of the student body.
UB Planning Fall Trip To World’s Fair

The Union Board Recreation Area is planning to sponsor a trip to New York and the World’s Fair for IIT students. The 4 or 5 day trip will take place a weekend shortly before the beginning of the fall semester. Activities will include tours of the World’s Fair (with priority treatment that will eliminate waiting in lines), sightseeing in New York City, and perhaps a Broadway play.

Transportation from Chicago to New York will be arranged for those starting in Chicago, but others may join the group in New York. Inexpensive accommodations will be provided in dormitories of a college in the New York area.

Anyone desiring further information may contact Tony Schneid in A-448, South Down, at VI-2-9039, or leave their name at the HUB Director’s office.

Publications applications for fall, 1965: Technology News: Howard Elmer, Business Manager; John Haines, WITC, Station Manager; Harry Whuber; Business Manager, John Haines.

---

Letters to the Editor

Dear EIC,

Greek Week, as an interfraternity activity, has met the success of this year. This success is, in large measure, due to the cooperation of faculty and student personnel. Many of the events involved the use of school equipment and property. The Greek Week committee, the people involved, worked more than willing to help. As commonly acknowledged, the entire Greek Week personnel have a great deal of credit to offer.

My thanks go to the Greek Week chairman, Mr. John Grif. The cooperation of the faculty and student personnel involved in the week’s activities has been indispensable. The week has been a success, and it is due to the efforts of all the faculty and student personnel involved.

Sincerely,

[Signature]

Tech Band Holds Dance this Evening

“Like Spring,” a presentation of the 1965 spring concept, has been scheduled for tonight by the Illinois Tech Band and the Student Union of Mundelein College.

The entertainment will start at 8 p.m. at 363 North Sheridan road in the Student Union building at Mundelein college.

Among the entertainments will be the Tech Band and the Tech Man. There will also be folk dancing groups present, including the Alpha Sigma Sorority and the Alpha Sigma Sorority, both of which will be participating in the Alpha Sigma Sorority, both of which will be participating in the Alpha Sigma Sorority, both of which will be participating in the Alpha Sigma Sorority, both of which will be participating in the Alpha Sigma Sorority.

Health-Related Study of New Computer

IIT will have a new IBM 1620 computer, due to a $5,000 grant by the National Institute of Health. The new computer, which is expected to replace the older IBM 650, will enable IIT to support health-related research being pursued by IIT professors, predominantly in the chemistry department. The older computer formed the basis of the IIT computer center, but it was released for specialized research by the addition of the IBM 7040/1410 system last fall.

Dr. Lyka, director of the computer center, stated that the new computer will be available to all IIT faculty members whose research is supported by the National Institute of Health.

Parks anywhere

You can stand on your head to park on most campuses. And you can squeeze in a little closer to that 8 o’clock class than your 4-wheel competition.

A Honda helps keep you solvent as well as sane. Prices start at $215.25. You’ll get up to 200 mpg, depending on the model. And practically never need service. The star performer above is the CD-160. Just one of the 15 Honda models. With its 4-stroke, twin cylinder engine and 16.5 HP, this shorthorn does better than 80 mph. Look into a Honda soon. No more headaches.

See the Honda representative on your campus or write American Honda Motor Co., Inc., Department CS, 100 West Alondra Blvd., Gardena, California 90247.
Are They Trying To Tell Us Something?

CONFLICT INFORMATION

In courses where there is more than one section, rooms provided will be assigned by the departments involved.

(a) Internal departmental conflicts—The department is responsible for appropriate arrangements.

(b) Cross departmental conflicts—The student or major department examination takes precedence.

(c) Cross departmental conflicts in service departments—Lower number courses take precedence.

(d) Cross departmental conflicts in service department with both courses of the same number in the alphabetical order takes precedence.

CRAZY DIET, RIDICULOUS HOURS AND SHAVING.

Your skin doesn’t stand much of a chance against them.

CHICAGO'S OXFORD ON THE ROCKS:

A new break for city youngsters

Navy Pier—the makeshift college 'doss' in Lake Michigan—was both an adventure and a nightmare. Now, after a decade of battles with politicians and legislators, a great university has finally opened its doors.

Andrew Schiller reviews the tragic story of the University of Illinois at Chicago Circle in the big May issue of Harper's.

Pay a bit more and get the cordless REMINGTON LEKTRONIC II.

The LEKTRONIC II puts a different complexion on shaving.

• Tiny rollers on top of the big shaver head protect like bumpers. Make sure you get in close, but not too close for comfort.

Once you’re there, 340 cutting edges take over. They’re honed from surgical high-carbon steel, so things never get dull.

Behind the scenes, there’s the most powerful motor in electric shaving. Works on rechargeable energy cells without a cord (also works with a cord, if you forget to recharge). Free you to shave when you want, where you want.

And there’s no slowdown around tricky neck or chin area.

Get yourself the cordless REMINGTON LEKTRONIC II Shaver. It’ll give you more skin fighting chance.
Technology Sports

Tech Loses Third and Fourth As Baseball Season Continues

Illinois Tech's varsity baseball team suffered its third defeat of the season on April 29, at Chicago Teachers College, in a 5-1 victory over the Techs. Tech's first baseman, Mathewson, was the only pitcher for Tech.

It is worth to note that the offense is still getting the needed hits. However, Tech have yet to come home at an opportune time. Pat Schrockel and Bob Bennett both had two hits, while Dave Warner had four hits to help the batting cause.

The next game was a heartbreaker for Tech as they dropped a 5-3 game to St. Francis on Tuesday, May 4. Tom Cielski pitched six innings, with Stu finishing off the last three.

There is something to note, however. This is both pitchers did a great job. All five of St. Francis's runs were unearned. Tom and Stu gave up only five hits between them.

Rich Hanus came up with two big hits for Tech, while Pat Schrockel had his four game hitting streak alive. Pat's batting average this year is a fantastic .375.

IIT Golfer Split Tuesday Match with U of I, DePaul

The Tech golfer split a match this past Tuesday, losing 21-3 to the University of Illinois (Chicago) and beating DePaul 20-4. Individual scores for IIT were as follows: Henry Meyers-78, Wayne Koster-79, Bryan Laslau-85, Ron Davis-87, Bill Lavicka-91, and John Collins-91.

The victory over DePaul was helped out slightly when DePaul was forced to concede two matches because of a lack of manpower. U of I, however, looked very strong. From the opinions expressed, U of I has the best chance of winning the league this year.

Roosevelt, U of C Win; Take Toll on Tennis Team

The tennis team played its best match of the season, as the team of high winds and low temperature, and some tough breaks lost the first three matches. The first match was by the scores of 4-5 to Roosevelt University.

The second was a 9-0 whitewash by the University of Chicago.

A large part of the loss to Roosevelt can be attributed to several key men not being able to attend the meet because of conflicts with classes. An encouraging note in the Roosevelt meet was that the doubles teams continued doing well, winning two out of three matches.

The University of Chicago meet was a disaster for Tech as they swept all nine matches. Only Steve Koster was able to return his opponent by playing the maximum three sets before losing. Tom Jarisch finally finished his perfect record by dropping his first match of the season in singles competition.

This weekend, the team plays in the Chicagoland Tennis Tournament at U of C, and is hoping for better fortunes then they have thus far experienced this season.

Greek Softball Season Starts With 2 Games

The fraternities re-committed their sporting program this past week after a brief interruption due to Greek Week. The watch-word of the week is "fun".

The first two slow-pitch softball games were played on Tuesday, May 4. Al De LaRue led it with the IGS downs the Phi Kappas 12-8. At the same time, TX was smashing its way to a 21-13 rout over the SIG Eps.

According to IP Sports Manager, Bruce Kelting, the regular season will be finished this Sunday and Monday. The games will all be played at Grant Park. Sunday's games will begin at 1:30 pm, while Monday's will be held at 5:15 pm.

Photos Show Spirited Greeks

- Greek Week

Continued from page 1

Sprints were a big hit at the pep rally, Alpha Sigma Phi won the two-lap event.

Bowling, with the object being to hit as few pins as possible while still hitting at least one pin per ball, was won by Alpha Epsilon Pi. Phi Kappa Sigma was second.

Flags made in honor of Greek Week were the subject of the final competition. Using interfraternity as a theme and the house colors and styles of tools, each house made a flag which was hung on Wednesday of the week. Judging on Friday found Theta Xi the winner, with Phi Kappa Sigma second.

The events were scored with ten points for first, eight for second, six for third, four for fourth, and two for fifth. Each participating house received one point.

Final standings at this time are:
- Alpha Epsilon Pi—50
- Alpha Sigma Phi—45
- Delta Tau Delta—35
- Phi Kappa Sigma—30
- Phi Kappa Phi—12
- Sigma Phi Epsilon—41
- Tau Epsilon Phi—33
- Theta Xi—27
- Triangle—23

The week was marred by a protest by Alpha Sigma Phi against Phi Kappa Sigma. Because of this the above results are not official. After a decision is made, they will be finalized.
