MINNICK GOES TO ELECTRIC CHAIR AT COOK COUNTY JAIL

Senior Electrials Employe Rush To Put Victim In “Hot Seat”

Four senior electricians, Mr. Mary, Virgo, and Syph, went on a visit to the Cook County Jail. Last Wednesday, with the expressed purpose of visiting the electric chair.

Mr. J. Minnuck volunteered to sit in the chair that we might see how one feels at such moments. His sense of humor was so great that he stripped his pants, stepped into his shoes, and covered his head with the hood, and applied the electrodes to his head and the back of his leg.

But after a thoroughly miserable experience the patient was not turned on. As a result the intended victim has a new lease on life and has to go elsewhere. The witness did not admit that the victim might pick the darkest place to have their fun.

IMPRESSIONS OF THE SENSE OF DANCE

We don’t want to say that a man with only three legs was hit by all who were present.

We found that two senior electricians certainly danced too far and it is a crime for all who were present.

With Christmas more than a week away we may as well open our greeting at this time, the engineers.

In view of the fact that the town would be retiring early, we may as well open our greeting at this time. It is the last day of the session. The engineers may as well be retired.

If the town would be retiring early, so that a school that plays in town might have more sympathy than to those that plays “free lance.” Sneakers take more interest than the individual wants. Your school may be busier. To say that a school is changing from some certain league may be more true than to say that a school is not. A school without a team.

Miss Allen would see that the advantage attendant upon membership by the league at the time is very marked. The engineer has just added another growth than what over-advantages may offset. Miss an alliance. The idea was to open the season at the end of the week.

Wish all our readers a very merry Christmas.

A friendly Christmas suggestion from Winston-Salem

RILEYH ELSE, Tobacco Company, Winston-Salem, N.C.

Are you familiar with the R. J. Reynolds Tobacco Company's CAMEL brand, a blend of choice Turkish and mild, sun-cured Dominican tobaccos? They are kept fresh and prime, which makes them the ideal choice when smoking neat. It's simple to light a Camel, with the natural moisture unimpaired by poring or toasting. In an appropriate holiday wrapping, Camels come both in attractive Christmas cartons containing ten packages of twenty and in cartons containing four boxes of fifty each.

For the man who smokes a pipe, we suggest either a pound tin or one of those crystal glass humidors of good old PRINCE ALBERT. Here is a present that goes straight on a Christmas card to a man's heart. P.A.: the best loved pipe tobacco in the world, all dressed for the occasion in bright Christmas costume.

What gift can you think of that will be more welcome or give more genuine pleasant satisfaction? Don't you hope someone will think of such a friendly gift for you?

We wish you Merry Christmas!
