Students Urged to Register in Classes Early

Plan Tried Last Year to Be Used Again

Confusion Eliminated

Although the regular registration day has been changed from February 8th to February 15th, students will be given the opportunity of registering early. This plan of early registration was tried last year and was very well received. The principal objections to the plan were that the faculty was not ready by November 15th and that there were not enough copies of the registration blanks.

Tuesday and Friday of next week will be set aside for the purpose of registering early. On Tuesday, November 15th, students will be given the opportunity of registering for the fall term. On Friday, November 18th, students will be given the opportunity of registering for the spring term.

F. E. Smith Showed to A. I. E. E. Men

Last Friday, January 5th, the A. I. E. E. held a meeting in Science Hall at 8:00 p.m. in the snack room. The meeting was devoted to the discussion of some of the latest developments in electrical engineering. The subject was taken from the pages of the A. I. E. E. Journal and was discussed in detail by a group of engineers who were familiar with the latest developments in the field.

Play Presented at Yule Concert

The Yule Concert was held in the Yule Hall on Wednesday, January 11th. The program consisted of a variety of musical numbers, including songs and dances from different parts of the world. The concert was well attended and was enjoyed by all who attended.

Social News of Staff is Held Tonight

The members of the Staff held a meeting at 8:00 p.m. on Wednesday, January 11th, in the Yule Hall. The purpose of the meeting was to discuss the future plans of the Staff and to make plans for the coming year. The meeting was attended by all the members of the Staff and was very productive.

Cycle Pictures Taken Wednesday

Group pictures for the 1932 Cyclist are being taken this week. They will be taken on Wednesday, January 11th, at the North Court. The pictures will be taken in the early morning hours and will be of the Cyclist members. The pictures will be taken in a group setting and will be of the Cyclist members.

Students Advised to Register Early

Dean Penn has requested that students take out their program to register their classes for the spring term. It is strongly urged that students register early so that they may avoid the confusion that may arise from a late registration.

Chemicals Visit Lead Refineries in Indiana

The members of the Chemical Society visited the lead refineries in Indiana. They visited the Lead Refining Company, the Galena Chemical Company, and the East Chicago Refining Company. The tour was very informative and the members were impressed with the efficiency and precision of the lead refining process.

Aurora-Armour Club Meets

The meeting of the Aurora-Armour Club was held on Monday, January 11th, at 8:00 p.m. in the Yule Hall. The meeting was attended by all the members of the Club and was very productive. The agenda for the meeting included the discussion of the Club's future plans and the election of officers for the following year. The Club has decided to continue in favor of the old plan.

Junior Chemicals to Visit Glass Company

Due to a change in the program, the junior chemicals in the department of chemistry will make an inspection trip to the Indiana Glass Company on Wednesday, January 11th. The trip will be led by Prof. C. W. L. Taylor, and will include a visit to the laboratories and the manufacturing departments of the company.

Lunches Must Not Be Eaten in Classrooms

During the past few months many students have been eating their lunches on the benches in the hallways, in the laboratories, and in other places where they should not be. This has caused a great deal of inconvenience to the faculty and to the students themselves. The administration has decided to prohibit the eating of lunches in the classrooms.

First Jewelry Order

For Sedan Clubs

The order for the first jewelry order has been delivered, and all of the members of the Sedan Club have received their necklaces and rings. The jewelry was made by the local jewelers and was very well received by all of the members.

Rifle Team Busy in Practice for Coming Matches

To Compete with Big Ten, Western Electric, and Illinois State Rifle Clubs: The rifle team will have the next few weeks prove their skills against many of the best teams in the midwest.

Beat Austin Gun Club

A new match will be held on the Illinois State Rifle Range the first week of March. The match will be open to all students and will be open to the public.

CAUTION:

Students are warned to be careful when handling firearms. The administration has warned students to be careful when handling firearms and to be sure to follow all safety precautions.

C. L. Wimsatt, M. E. ’37
Allyn D. Hackett, M. E. ’38

SIGMA ALPHA MU

A highly successful get-together of both fencers and thrifters was held at the Alpha House Friday evening the evening of Dec. 24, 1932. The party was attended by a large group.

PHI KAPPA SIGMA

At the meeting of Dec. 14, 1932, the following officers were elected: E. E. Davis—Vice President; C. H. Stearns—President; and F. B. Heisey—Treasurer.

TRIANGLE

The election of Alpha officers held before the holidays. The following officers were elected: E. R. Jones—President; H. L. Russell—Vice-President; H. W. Kinney—Secretary; and C. F. Nangle—Treasurer.

FESTIVITIES

The annual Winter Ball was held after the driving of schools. There were a great number despite the fact that its attendance was sparse.

Palace Theatre Host To Junior Electronics

Tuesday, December 19, the Junior electronics class held their first movie function, a theatre party at the Palace Theatre. Boys will be boys and college students are no exception. These boys like to have fun, and they enjoy parties. They love to socialize with each other. And what better way to socialize than at a movie party? The boys had a great time, and everyone enjoyed themselves. It was a fun night for everyone involved.

Inquiring Reporter

Question—What did you think of the performance of the Armour Players?

B. D. Armbruster, Ch. E. ’33—Well, I thought it was very good. The play was well acted and the plot was very interesting.

W. Krueger, E. E. ’34—What I thought of the play was that it was very well acted.

W. A. Green, E. E. ’33—The play was quite enjoyable, and it was well acted.

C. A. Cunningham, P. E. ’34—The play was a little slow, but it was well acted.

H. Krenau, E. E. ’34—The play was very well acted.

B. M. K. E. ’34—The play was very well acted.

A. A. Vels, Ch. E. ’32—The play was very well acted.

The cast of a Diesel engine is quite large, but it is well acted.

The cost of a Diesel engine is about $3. It is best to compare it with an engine and a third with a gas engine. The universal use of Diesel engines in automobiles will be of great benefit to the automobile industry, as they are more reliable and economical.

The use of Diesel engines in automobiles is beneficial, as they can be used to power various applications because the fuel cost of Diesel engines is lower than that of gasoline engines. Diesel engines are more efficient and produce less pollution than gasoline engines.

The use of Diesel engines in automobiles is a big step forward for the automobile industry, as they are more reliable and economical. They are also better for the environment, as they produce less pollution than gasoline engines.
