Distinguished Citizens Get Honorary Degrees

A special ceremony on May 1 will confer Seventeen honorary degrees to distinguished individuals in all fields. The degrees are being awarded by IIT in commemoration of its 75th anniversary, according to President John T. Rettig. The recipients will be honored for their accomplishments in fields ranging from music and poetry to government, science, engineering, industry and education.

The convocation on May 1 will be held in the HUB auditorium in the afternoon. All students are invited to attend the ceremony.

The recipients to be honored are:

- Esther Adler, actor—Lewis alumni
- Groendyke Brooks — Pullitzer Prize winner and Poet Laureate of Illinois
- Marilyn Carpenter, Pioneer of magnetic tape recording—Armour alumni
- Mildred Cohen, IIT emeritus associate professor of English—Lewis alumni
- Richard Courant, emeritus professor of New York University and retired director of the Institute of Mathematical Sciences.
- Lloyd H. Donnell, IIT emeritus (Continued on page 5)

Excellence in Teaching: Nominations Due Soon

Nominations for the "Excellence in Teaching Award" are now being accepted by the office of Academic Vice President Dr. James I. Brophy Deadline for nominations is Wednesday, April 20.

Nominations may be made by any individual of organization at the discretion of the faculty. They should be based on the premise that the nominee is uniquely qualified to teach. Such a recommendation will be made by a committee of faculty members and other interested persons.

All nominations will be reviewed by a screening committee consisting of the Academic Vice President, three faculty members, and three students. These recommendations will be presented to the Faculty Senate, IIT Council of Architecture and Planning, and the President. Committee members include:

- Roger L. Fendick, associate professor in mathematics. Roger L. Fendick, Office of the Academic Vice President
- Robert G. Owens, dean of the College of Engineering and Physical Sciences.
- Student representatives

ITSA Elects New Officers

The elections for officers of ITSA are due on Monday, April 8, and the candidates are:

- Rogers (Chairman)
- Samuel J. Tschudin (Vice Chairman)
- Douglas R. Humes (Secretary)
- Patricia A. Gentry (Treasurer)
- Richard D. Swenson (Student Affairs)
- David A. Madsen (Public Relations)

The meetings of the next year will be held on the second Thursday of each month.

Spring Spectacular Set For April 26

ITSA's Spring Spectacular will be held on Friday, April 26, from 7:30 to 11:30 p.m. in the IIT Auditorium. The main attraction of the evening will be the "American Breed," one of the most popular Chicago area rock groups. Their first hit record, which Tecnobugs played when they played here last April, was "New York City" which made the top five nationally. They followed it with "Hendrix," which made the number one spot in Chicago. Their current record, "Green Line," is now going strong on the Top Forty charts.

The other band which will play at the event is the "Blackbeard Ensemble." They are from Ann Arbor, Michigan, and previously called themselves the "Five Bucks." Recently, they have been working with Bob Truet, the producer who discovered and developed the American Breed.

The other entertainment for the event includes the Tech Dance Band playing slow music in the ballroom, two folk and jazz bands in the Bag, the traditional polka variety show staged by SWE, and a variety of music, from the auditorium, and free bowling and billiards in the Recreation Room. No charge, no drink, no cover, and no smoking.

Send us your picks for the Chicago Music Awards and we will forward them to you for free.

New ITSA Crime-Stop Telephone Number In Use; Report Incidents by Dialing RA 6-3193 and Ask For ITSA
Security, Community Relations
Being Deterred By Heckling

Perhaps one of the biggest trends on
campus these days is the important role that students now
assume in shaping campus policies. Often problems
confronting the students are not solved by
the students themselves. How the administration
handles complaints about security is not
decided by the administration.

Although immediate measures
toward improving campus security are not the
most favorable solutions, discussions are currently
being conducted to present concrete,
long-range proposals.

Past Technology News editorials have
indicated that a reasonable amount of
time is necessary to properly solve
problems relating to campus security. These
problems must be approached with
patience and careful planning to produce
the most desirable results.

Two long-range approaches can be
carried out: (1) a bolstering of
campus security forces to confront the
increasing incident rate, or (2) to develop and
foster a reputation of safety with the
surrounding community.

To report an incident: Dial RA at 3-1933 and ask for ITSA. ITSA is on
24-hour call.

Announcements

PS Lecture
The Inequalities of the Draft will be the subject of a public lecture by Dr. Richard Boardman, American Friends
Service Committee. The lecture will be held
in the Math U3, April 9 at 1 pm in the
HUB.

Inter-faith Service
An inter-faith Ecumenical service will be
celebrated by “The Three Chaps,” the three Christian campus chaplains,
Sunday, April 7 at 3:30 pm. The service
will be held at the Trinity Episcopal Church, 26th and Michigan. Everyone
is welcome. Support and entertainment will follow for $1.25.

Orthodox Jewish Church
This Sunday, April 7, three campus
Jewish organizations, Experimental
Foundation, Lutheran Association, and
Newman Club, will hold an Ecumenical
Service at Trinity Episcopal Church, 26th and Michigan, at 3:30
pm. The service will be followed by entertainment and
informal discussions.

AIP
The American Institute of Physics
will hold a general meeting on April 9
at 1 pm, in room 319 SH. At this meet-
ing, nominations for next year’s of-
cers will be taken and two movies, en-
titled “Neutron Diffraction” and “Neut-
ron Image Detector,” will be shown.

PUB Board and EIC
Appointments
Letters of application for the positions
of EIC and Business Manager of
Technology News and Islander, and for
Station Manager and Business Manager of
KWIT are due to the Dean of Student
Affairs Office by April 11, at 5 pm.

The appointment meeting will be held
on Monday, April 29 at 6 pm.

SAM
The Society for the Advancement of
Management will hold a group dis-
cussion forum meeting on Tuesday, April 9 at 4:00 pm in room 178 LS. All
interested students are invited to come
and participate in the discussion.

Soccer Team
The formerly formed ITSA soccer team
will hold a practice on Sunday at
Soccer’s Acres.

“Senior Night”
Senior Night will be held on
Wednesday, May 1 at Sauer’s, 33rd and
Prairie, from 9-12 pm. All seniors and
faculty members are welcome.

ITSA Elections
Positions for class officers, ITSA officers and “Man and Woman of the
Year” will be available in the Dean of Students Office on Monday,
April 9.

Technology News
April 6, 1968
Page 2
Choice '68 Campus Primary Voting Planned for April 24

All Tech students are requested to participate in the mock presidential election, Choose 68, on April 24. Both full-time, and night students are eligible to vote. Over 1000 colleges and universities with enrollments totaling five million students and representing 75% of the total student electorate, will participate in the nationwide "Choice." Results of the election will be published in Time Magazine on Tuesday, May 5, and will be the vote of the student body of the nation. APO Sponsors UMC Contest

Alpha Phi Omega will hold an annual UMC (Ugly Man on Campus) competition this year during the week of April 22-28. Voting for candidates will be done by posters (to ensure equivalent representation of all groups). The person collecting the most money during the week will be declared the winner. Proceeds will be given to Charity Chest for distribution.

The new '68 Norelco Tripleblade 35F gives you a shave so close, we dare any blade to match it. And it won't nick or scrape either. Let this be your test: -in independant laboratory tests this Norelco Tripleblade (Speed剃须刀) with Floating Micronizer heads, rotary blades and pop-up shaver—shaves an average of a razor-trimmed stainless steel blade 2 out of every 3 times. What more could you want? Maybe the new Norelco Rechargeable Tripleblade 45CT Satin grey is a Shave and Features Norelco with or without a cord. And this Powerbar delivers nearly twice as many shaves per charge as any other rechargeable. Features: head dishing a 115/230v voltage selector so you can really shave anywhere. Let that be another lesson. Give your face an education in closeness. Without making it smart.
Surf's up. Fare's down.

What better reasons could there be for a Spring vacation in California this year? Anyone 12-21 years of age and with a youth fare card can fly to Los Angeles, San Francisco or San Diego, coach, for half fare on a stand-by basis. Just call our Youth Fare Desk. We'll do everything we can to get you to where the surf's up.

Dance Mashed Again.

success to some astute maneuvering by the Welsh-Scottish-Irish band, "The Black Adder," who recently won Mayor Weekly's "attending rate" award. The group is known for its lively, upbeat music.

The band's success can be attributed to their ability to entertain a wide range of audiences, from young listeners to more mature fans. Their blend of traditional and contemporary music has made them a popular choice for events and gatherings.

The band's recent performance at the Cheetah was met with enthusiastic support from the crowd, with many dancing and singing along to their upbeat tunes. The band's charismatic presence and engaging stage presence kept the audience engaged and entertained throughout the performance.

The band's success is not only a testament to their musical talent, but also to their ability to connect with their audience. Their dedication to providing a memorable performance has earned them a loyal following and a reputation as a must-see act for music lovers.

Spring IFC Calendar Includes Pageant and Greek Week Events

Tomorrow night at 8 pm, the 1968 Interfraternity Pageant will be presented in the HUB auditorium. Eight of the nine fraternity chapters on campus will be represented and each will be given ten minutes on stage to perform, as they please. The houses have been practicing many hours over the past few months in hopes of capturing the top prize, so the administration-free event seems well worth attending.

The week immediately following Easter vacation will find the fraternities engaged in their annual Greek Week activities. The events, which will be held from April 22-26, have already been announced and are similar to those of last year.

Headlining the list of events is the Charity Drive for the American Cancer Society, on Wednesday, April 24. The crusade was set up to include competition between the dorms and fraternities, but a very small turnout from the dorms combined with a good representation from the fraternities has almost eliminated hopes for a fair contest. Anyone who is not signed up now, but would like to participate in the drive, should contact Dennis Schneider at the TEP house.

WANTED IMMEDIATELY

Arrow Junior, senior, or graduate student to arrange interviews for representative. For further information, please call Mr. Barringer, 225-2229.

ENGINEERS AND PHYSICS MAJORS

WHEN YOU GET YOUR DEGREE YOU'RE ALMOST THERE

(BUT NOT QUITE)

Getting your degree is great. But then comes the problem of getting started — of getting your knowledge to work in the most practical — and rewarding — way. That’s where LEED & NORTHRUP’s Training Program comes in. A program designed to help you grow by helping you grow. We have positions for SALES ENGINEERING TRAINEES.

If you have a B.S. in Engineering or Physics — and a desire for the creative challenges and opportunities of technical sales — THIS IS FOR YOU. You’ll receive several months of intensive training, both formal and practical, in advanced Engineering, Product Application and Sales Techniques. You’ll be assigned preferably to one of the Sales Offices shown below for the first part of your training.

Philadelphia, Pennsylvania, office:

ATLANTA — 187-6264
BOSTON — 326-8818
BUFFALO — 836-9489
CHICAGO — 824-6420
CINCINNATI — 791-2274
DAVENPORT — 395-6439
WINSTON-SALEM — 723-1087

Openings will also be available in over 30 other cities in the U.S.A.

Excellent starting salaries and full company benefits are just the beginning.

THE REST IS UP TO YOU

Leeds and Northrup offers a long, rewarding, interesting and challenging career with one of the America’s leaders in the development and manufacture of electronic conversion equipment, industrial controls, and control systems. Utilizing analog and digital controls, process computers, precision electrical measuring instruments. As one of the fastest growing companies in the instrumentation and control field, we need people who are eager to grow. This is for YOU! Call the Sales Manager in your area.

ACT NOW by calling the Sales Manager in your area or write to us.

research professor of mechanical engineering.

Lee A. Dubbridge, president of California Institute of Technology.

James Fink, president of Bell Telephone Laboratories.

Max Froehle, IIT emeritus re- search professor of mechanical engineering.

Benny Goodman, musician.

Spring IFC Calendar Includes Pageant and Greek Week Events

Immediately after the Cancer Drive, IFC, IODC, and the American Cancer society will sponsor a dance at the HUB. Three bands, including “The Hidden Boy Company” and the “Tongue” will perform. WCTF’s Barney Pip has engaged in an event to sell out the show. Everyone who works in collecting for the Cancer Drive will be admitted to the dance free of charge.

Old Bomb.

New Honda.

Same Price.

It’s true this sleek new Honda Scrambler 125 would cost you the same money as the old used bomb, but the low price isn’t the whole Honda story. Far from it.

When you ride any of Honda’s 23 models, you can forget high insurance, upkeep, and maintenance costs. Forget parking problems too.

And look at the Scrambler 125 styling: new candy colors, chrome fenders, trim new forks, upswept pipes. And performance: the 125’s dependable 4-stroke parallel twin OHC engine delivers an impressive 13 hp at 10,000 rpm; up to 153 mpg.

The hot new Scrambler 125. Can you think of a better reason to ban the bomb?

HONDA

There are seven Honda Scramblers—from $990 to $4900. See them at your Honda dealer today. For free color brochure and safety pamphlet, write: American Honda Motor Co., Inc., Dept. D-12, Box 60, Gardena, Calif. 90247
Gym Boys, Farr Rebels And Newman Cubs Win

The semi-finals of the Intramural Volleyball Tournament have begun, with only 3 teams left. The Farr Hall Yankas and the Gym Boys survived rugged tests to meet in the semi-finals last Tuesday.

In that match the Gym Boys barely managed to win the first game 15-14, but easily won the second game 15-5.

Last week the Gym Boys outlasted Triangle A in the first game 18-16, but then lost the second contest 15-13. But they needed two wins to win the last game with a score of 15-3.

Also last week the Farr Yankas got past the ARIOTC by taking the final game 15-8, losing the second game 15-4 and coming back with a 15-10 victory in the final game.

The Farr Rebels advanced to the semi-finals, sending the Newman Cubs in two closely contested games, 15-13 and 16-14. They now meet the North Fourth in the semi-finals. The winner of which will meet the Gym Boys in the finals.

Open Campus Planned For Parents Day Event April 28

The annual Parents Day will be held on Sunday, April 28. Parents of present and prospective students will be able to meet with faculty representatives in their respective buildings.

In addition, representatives will be present in the halls and lounges of Grover M. Herman Hall to answer questions regarding Admissions, Financial Aid, Cooperative Education, Placement, Housing, the Institute for Psychological Services, and Student Government and Activities.

The John Greer Library, all academic buildings, dormitories, fraternities, and the computation center in Commons will be open for inspection.

Registration will begin at 11:30 in the lobby of Grover M. Her.

Self Defense

The second class of the evening self-defense program will be conducted by Mr. Sonsy Weiman Tuesday, April 9 at 8 p.m. in Arthur Keating Hall.

Triangola Plays First In Bowling; Sigs Win Second

The IF Bowling Tournament, held on March 14 and March 21, ended in victory for Triangle Fraternity.

Three houses, Triangle, Alpha Sigma Phi, and Pi Kappa Phi were all in the running up to the end of the tournament semi-finals. The Sigs placed second with the Pi Kaps close behind in third place.

In the eight game series, the five Triangle bowlers had a total pinfall of 6620. The Sigs were credited with 6490 and the Pi Kaps were right behind with 6428.

Summer Employment for ENGINEERS

CHARMIN PAPER PRODUCTS COMPANY
A subsidiary of Procter & Gamble

will interview engineers one year from their final degree, either BS or MS in Engineering, Paper Technology, or MBA with technical BS.

TUESDAY, APRIL 9

Here's an opportunity to evaluate your technical skills and interests with one of the nation's largest manufacturers in the field of consumer paper products. You will be given an orientation tour of the manufacturing process, and will have an opportunity to discuss your interest in the field with our engineering staff. You will be asked to submit your resume in advance, so that we can schedule the interviews during the week of April 9.

The interviews will be held in the Career Development Office of the College of Engineering, on the second floor of the Engineering Building.

Choice of three locations: Green Bay, Wisconsin; Cleveland, Ohio; or Pittsburgh, Pennsylvania (near Scanton).

You are encouraged to attend the interview to learn more about this opportunity. If you have any questions, please contact Mr. James M. Gilmore, Employment Coordinator, at 715-365-5200.

The Davis Foundation Fellowship for Engineering Students will provide a stipend of $2,500 for each year of the fellowship.

At the conclusion of the fellowship, you will be required to work for a company that is engaged in the field of engineering. The fellowship is intended to support your education and career development in the field of engineering.

You are encouraged to apply for this fellowship by submitting your application and resume to the Davis Foundation Fellowship Committee at the Engineering Building, Room 203, by April 15.

The Davis Foundation Fellowship Committee will review the applications and make a selection of the fellowship recipients. The fellowship recipients will be notified by May 1.

For more information, please contact Mr. James M. Gilmore, Employment Coordinator, at 715-365-5200.
