“Junior Week” Is Presented by Class of 1933

A holiday atmosphere will render the usual routine work of the past weeks a thing of the past. The class ring, the Ceres Day pageant, the Junior Cup, the occupational concert, and the various athletic events are the highlight of the event. There will be no parade or any type of outdoor activity. There will be a final lounging of the seniors, the junior lounging of the juniors, and the sophomore lounging of the sophomores. There will be a final lounging of the seniors, the junior lounging of the juniors, and the sophomore lounging of the sophomores. There will be a final lounging of the seniors, the junior lounging of the juniors, and the sophomore lounging of the sophomores. There will be a final lounging of the seniors, the junior lounging of the juniors, and the sophomore lounging of the sophomores. There will be a final lounging of the seniors, the junior lounging of the juniors, and the sophomore lounging of the sophomores. There will be a final lounging of the seniors, the junior lounging of the juniors, and the sophomore lounging of the sophomores. There will be a final lounging of the seniors, the junior lounging of the juniors, and the sophomore lounging of the sophomores. There will be a final lounging of the seniors, the junior lounging of the juniors, and the sophomore lounging of the sophomores. “The Slipstick”...
A. I. CH. E. HEARS
DR. ALDER TALK ON MANUFACTURING

Dr. Harold Adler of the Victor Chemical Company, one of the members of the A. I. C. E., on "The Institution and Application" as a regular feature of the weekly meeting at the Armour Institute of Technology, has announced that he will be a speaker at the next meeting, on Friday, May 6, in the Science Hall.

Dr. Adler was president of the Victor Chemical company and is secretary of the Victor Chemical Company, a reputed chemical company. He has served as president of the American Chemical Society. He is a member of the American Institute of Mining Engineers and has been a prominent figure in the chemical and engineering community. He is a well-known chemist and has contributed significantly to the field of chemical engineering.

CIVILS MAKE JOINT INSTRUCTION TRIPS

A series of examination trips have been held in this term for the benefit of Armour's civil engineering students. The trips were arranged in the Chicago area, and the group comprised students from the University of Illinois, Northwestern University, and the Illinois Institute of Technology.

On Tuesday of last week the students of Armour, accompanied by the faculty, had the opportunity to visit the Lake Shore and Michigan Avenue Bridge. The students had the opportunity to see the construction of the bridge from the inside, and to learn about the engineering principles involved.

The trip was arranged by the Armour Bridge Club, and was under the guidance of Dr. Adler.

MOVIE NOTES

"That's the Name," the picture currently playing at the University Theater and the Palace Theater, is a fine comedy of love and romance. It stars the popular actress, Mary Pickford, and is directed by Richard Dix. The story is about a young man who falls in love with a girl who is already married. The man tries to win the girl over, and eventually they get married.

"Reflections," a 16mm film produced by the laboratory of the University of Chicago, is a film about the history of the city of Chicago. The film is narrated by the famous historian, Charles R. Loomis. The film is a fascinating look at the history of the city, and is a must-see for any history enthusiast.

ON THE LAKES

At the recommendation of a high school friend, I took the trip to Lake Michigan last weekend. It was a lovely day, and the lake was beautiful. The water was clear and blue, and the sky was a perfect shade of blue. The view from the shore was breathtaking. The lake was so large and so blue, and the sky was so clear and so blue.

The trip was a great experience, and I would recommend it to anyone. It was a lovely day, and the lake was beautiful. The water was clear and blue, and the sky was a perfect shade of blue. The view from the shore was breathtaking. The lake was so large and so blue, and the sky was so clear and so blue.

PROFESSOR FREUD

Dr. Scherger Gives Lecture on Palestine

"The Balfour of the Arabs in Palestine" is based on a dissertation of Israelites. The lecture, delivered by Dr. I. L. Scherger, a professor in the Pre-Palestine Thesaurins, was discussed by the Palestine Monday.

Dr. Scherger, who is vice-president of the Pre-Palestine Christian Palestine Association, claimed in his lecture, that the Arabs were the original inhabitants of the land. He further stated that the Arabs had been the original inhabitants of the land, and that they had been forced to leave by the British. He further stated that the Arabs had been the original inhabitants of the land, and that they had been forced to leave by the British.

"The Holy City of Jerusalem," the picture currently playing at the University Theater, is a fine comedy of love and romance. It stars the popular actress, Mary Pickford, and is directed by Richard Dix. The story is about a young man who falls in love with a girl who is already married. The man tries to win the girl over, and eventually they get married.

ELECTRIC BULLETS

This term, a series of wound-taped-in-rolled candle by conventional electrical equipment models wound that at speeds of 90 and 100 miles per hour, 75 per cent of the total load was consumed in energy, causing severe burn. (See page 25 of this issue.) When the Philadelphia and Western Railway Company decided to use this system, and was able to reduce energy consumption by 90 per cent. This system, which involves the use of high-speed rotation and high voltage, has been shown to be the most effective method of reducing energy consumption.

In developing these new models, engineers have conducted extensive tests to improve operating conditions. On land, on sea, and in the air, today's equipment is safer, faster, more dependable, and more cost-effective.

DO YOU INHALE?

Why are other cigarettes silent on this vital question?

Do you inhale? Seven out of ten people know they do. The other three inhale without realizing it. Every smoker knows in some part of the smoke he or she draws out of a cigarette.

Do you inhale? Lucky Strike has dared to raise this vital question — because certain deliveries concealed in even the finest, mildest tobacco leaves are removed by Luckies' famous filtering processes. Luckies created this process. Only Luckies have it.

Do you inhale? Remember — more than 26,000 physicians, after Luckies had siliconed their filters, found their opinions on their smoking experience, stated that Luckies are less irritating to the smoking membrane.

Do you inhale? If you are unsure. Be careful. Safeguard your delicate membranes.

“IT'S TOASTED”

The Trusted Protection — the 100% satisfaction — one-way filter tip.
