The election was well received by the students, with many expressing their appreciation for the talent and creativity of the performers. The election was also well received by the faculty, with many expressing their excitement for the potential applications of the theorem.
ON THE LAKES
Victor Ribbons

The steam shovel

When the show came around after rumors began instead of the author, perhaps the idea of a three-hour show weights play. The trick is to get the show started on time. The show last time was opened on to the stage, and that's when the curtains began to open. The show last time was opened on time, but it didn't work. The show this season was opened on time, and it didn't work. The show last season was opened on time, and it didn't work.

The southern shows have been completely successful. It has been advertised as the following: "3 shows at 200 dollars in Kansas, 200 dollars in Nebraska, and 200 dollars in Missouri." People are very much interested in it. W. K. tells us that something new has been worth trying in the world of the southern shows, because they have a lot of interest in it. They had an audience of several hundred people. The temperature of the stage was 85 degrees F.

Rex Dunham, a former professor, has come out with an offer of 500 dollars for 3000 people who sold tickets at the show. The lecture is a great success. The lecture is so entertaining that it even causes the audience to laugh. The lecture is so entertaining that the audience can't help but laugh. The lecture is so entertaining that the audience can't help but laugh. The lecture is so entertaining that the audience can't help but laugh.
Frosh and Sophs Show Great Class
Rivalry In Rush Demonstrations

Most spirit was shown by the freshmen and sophomore students during Junior Week this year, as has been shown in all previous Frosh and Soph years. All the white-clad, coffee-house-frequenting Froshs and Sophs were a greater surprise to those in charge. Action started on Monday morning, when the classes of 23 and 24 found them in the room of the junior class, playing tricks and singing for the amusement of the junior class. By the end of Friday, the Sophs and Froshs had become so friendly that they met and played a game of foot ball.

Although there were rumors that there would be a meeting on the 22nd, nothing of the sort took place. The Frosh class put together a stock of jokes and tricksters and made the rounds of the junior class, making up parades.

First a scare-chase was held on Michigan avenue in which students were supposed to be killed and chased by a gang of ghosts from the Frosh class.

At the end of the hall and the junior class room, the Froshs and Sophs were sorted out and made up into these classes. The Froshs went to the junior class room and the Sophs went to the hall.

To sum up the entire week, there were a few jokes and tricks played by the Froshs and Sophs, which were enjoyed by the junior class. The Froshs and Sophs were all happy and contented over the results of the day.

Fraternity Notes

PHI KAPPA SIGMA

HOW DO YOU DO!

This is NORMAN BROKENSHIRE, who's been selling Chesterfield Cigarettes for over 10 years. I sold my first Chesterfield when I was 21 years old. I'm glad you've chosen Chesterfield. It's the cigarette that satisfies. It's the one they all ask for.
TECH BASEBALL TEAM TAKES FOURTH LEAGUE VICTORY BY DEFEATING LAKE FOREST 6-2

To Play Three League Games This Week; Mr. Morris to Make Whiteout

Armour Loses Game to Michigan Normal.

TECH GOLF TEAM Defeats Toledo

In one of the most exciting matches of the season, the Tech golf team defeated Toledo 3-1 at the Eugene Tomlinson Golf Course last Friday. The matches were held on the course of the University of Michigan, and the score was 3-1 in favor of the Tech team. This victory was much needed after their loss to Michigan State last week.

TECH SHORTS

Armour Tennis Team Loses to Notre Dame

The Armour tennis team lost their first match of the season to Notre Dame last Friday. The match was held at the Notre Dame campus, and the score was 7-0. The Armour team was unable to make a single point in any of the six singles matches.

Do YOU INHALE?

Certainly... 7 out of 10 smokers inhale knowingly... the other 3 inhale unknowingly.

Do you inhale? Seven out of ten smokers are unconscious of the fact that they are inhaling the smoke from their cigarettes. The smoke is drawn into the lungs without realizing it. Every smoker is exposed to the same risk.

Think, then, how important it is to be certain that your cigarette smoke is safe to breathe. Lucky Strike is the cigarette that's safe to light and safe to smoke. Lucky Strike uses a special filter system to remove harmful chemicals from the smoke. It's a better way to enjoy your cigarettes.

“IT’S TOASTED”

Lucky Strike. toasted to your health.
